Path Planning for Autonomous Vehicle Jan 13 2021 Path Planning (PP) is one of the prerequisites in ensuring safe navigation and manoeuvrability control for driverless vehicles. Due to the dynamic nature of the real world, PP needs to address changing environments and how autonomous vehicles respond to them. This book explores PP in the context of road vehicles, robots, off-road scenarios, multi-robot motion, and unmanned aerial vehicles (UAVs).

Coves of Departure Aug 27 2019 In a book that has been called "a love song to nature," the author documents the latest decade of his explorations of the Baja peninsula and the Sea of Cortez. While much of the book narrates his

experience as a writing professor taking undergraduates on sea kayak expeditions to the Isla Espiritu Santo archipelago each year during spring break, the book also reflects on experiences with a condor restoration project in the Sierra San Pedro Martir, and an altogether different teaching experience based in a field station on Bahia de los Angeles. While the author's intent is to evoke Baja ecologies in fresh ways, the reader comes to realize that he's also describing how education can become a transformational experience. A retired scuba instructor who turned to academics and went on to receive his college's highest teaching award, Dr. Farnsworth believes that education should be a lifelong adventure, and that explorations of

the natural world should be animated by reverence and delight.

The Bone Orchard Jan 01 2020 In the aftermath of a family tragedy, Mike Bowditch has left the Maine Warden Service and is working as a fishing guide in the North Woods. But when his mentor Sgt. Kathy Frost is forced to kill a troubled war veteran in an apparent case of 'suicide by cop,' he begins having second thoughts about his decision. Now Kathy finds

herself the target of a government inquiry and outrage from the dead soldier's platoon mates. Soon she finds herself in the sights of a sniper, as well. When the sergeant is shot outside her farmhouse, Mike joins the hunt to find the mysterious man responsible. To do so, the ex-warden must plunge into his friend's secret past - even as a beautiful woman from Mike's own past returns, throwing into jeopardy his tentative romance with wildlife biologist Stacey Stevens. As Kathy Frost lies on the brink of death and a dangerous shooter stalks the blueberry barrens of central Maine, Bowditch is forced to confront the choices he has made and determine, once and for all, the kind of man he truly is, in *The Bone Orchard* by Paul Doiron. Praise for *The Poacher's Son*: An excellent debut - filled with murder, betrayal and a terrific sense of place. C.J. Box. A stunning debut...At its heart this is a tale of bitter betrayal, lost hopes and broken dreams. The book has a tautness that is impossible to forget and which left me close to

tears. It is also the first in a series. Its successor, *Trespasser*, also featuring Bowditch, is on the way. Grab him now. Daily Mail. Stunning vistas...eye popping scenes - The New York Times Book Review. This is a compelling, moving and utterly impressive debut - Andre Dubus III, author of *House of Sand and Fog*. The Poacher's Son is one of the best written debut novels I have read in years. This novel has it all - a great plot, a wonderful Maine woods setting and a truly remarkable and believable cast of characters. - Nelson de Mille.

Rescuing Riley, Saving Myself Mar 03 2020
Two broken souls forge a healing bond in this “extraordinary story not only of love, but of strength, perseverance, and above all, courage” (Kay Pfaltz, author of *Flash’s Song: How One Small Dog Turned Into One Big Miracle*). While hiking on a solo vacation in a remote region of Arizona, Zachary Anderegg happened upon Riley, an emaciated puppy clinging to life, at the bottom of a 350-foot canyon. In a daring act of humanity, Zak single-handedly orchestrated a delicate rescue. But Zak and Riley’s destinies were intertwined long before they improbably found each other. For much of Zak’s childhood, he was at the bottom of his own canyon—a dark canyon created by a painful childhood of relentless bullies and parents who weren’t capable of love. When Zak came upon Riley, the puppy’s condition told a story of horrible abuse—three shotgun pellets embedded beneath

his skin, teeth turned permanently black from malnutrition. The meeting was one of a man and a dog singularly suited to save each other. *Rescuing Riley, Saving Myself* is a touching story of overcoming fear, pain, and the regrets of the past with the help of a much-needed friend, in which “Anderegg served as an angel to Riley and, in turn, Riley did what dogs do best . . . Help us to heal” (Big Dogs Huge Paws, Inc.).

The Teaching: A Thrilling Suspense Novel Dec 12 2020 They had her life planned, but when a mysterious girl goes missing, the search just might end her life. Raine Harkins believes everything the Teaching tells her—forgiveness is freedom, there are no dead, and there is no

dying. She has lived her entire life in the Haven, a small religious community buried in the hills of northern Nevada, and it's been a good life. But when she discovers a frightened teenage girl hiding in the forest, everything changes. Raine offers to help the girl, but gunshots ring out, and the girl runs away, never to be seen again. A week later, Raine finds a letter pinned to her cabin door—God doesn't want you here. Leave the Haven now, before he runs you down. Raine can't bear the thought of leaving the only life she's ever known, but the threatening letters keep coming, and her search for the missing girl leads her down a twisted path, unraveling the truth behind the Teaching. It's not a good life—there are dead, and people do die. Based on

the author's true-life experience living in a cult . . .
