This is likewise one of the factors by obtaining the soft documents of this Freedom From Religion Terrorism Of Int And Local Control 2nd by online. You might not require more time to spend to go to the ebook inauguration as well as search for them. In some cases, you likewise attain not discover the revelation Freedom From Religion Terrorism Of Int And Local Control 2nd that you are looking for. It will entirely squander the time.

However below, gone you visit this web page, it will be appropriately completely simple to acquire as competently as download lead Freedom From Religion Terrorism Of Int And Local Control 2nd

It will not agree to many mature as we notify before. You can reach it while behave something else at home and even in your workplace. fittingly easy! So, are you question? Just exercise just what we have the funds for below as skillfully as review Freedom From Religion Terrorism Of Int And Local Control 2nd what you similar to to read!

Investigating Terrorism Mar 14 2021 Investigating Terrorism takes a look behind the closed doors of terrorist cases. Major players from the world of counter-terrorism, including politicians, lawyers, psychologists and police, offer analyses of recent terror attacks and share their knowledge of terrorist behaviour Deals with legal, psychological and practical issues surrounding how to deal with a real life 'ticking bomb' scenario Provides an insight into the most recent police model for interviewing witnesses, victims and suspects Contains the latest analyses of recent terrorist attacks including the recent Norwegian tragedy carried out by terrorist Anders Breivik Contains the views of major players in the world of counter-terrorism, including Lord Carlile, the former HMG's Independent Reviewer of Terrorist legislation, and Peter Clarke, the recently retired Head of Terrorist Investigations for the UK Incorporates recently-released findings from studies commissioned by New Scotland Yard to study the effectiveness of police interviews with terrorist suspects Includes chapters discussing the context in which people become suicide bombers

Handbook Of Terrorism In The Asia-Pacific Feb 10 2021 The Handbook of Terrorism in the Asia-Pacific provides a historical overview of terrorism in the Asia-Pacific, the evolution of threat, and the present threat faced by countries with the rise of the Islamic State (IS). This is a concise and readable handbook which examines the origins of the current wave of terrorism across countries in Southeast Asia, South Asia, Northeast Asia and the Pacific, and identifies emerging trends and new forms of terror that have altered the landscape and rendered the region increasingly vulnerable to asymmetric attacks. Comprising of more than 20 chapters, this handbook will be a useful source of reference for undergraduate and graduate students focused on understanding the causes of terrorism and insurgency in the Asia-Pacific.

The Terrorism Reader Mar 02 2020 "Whittaker explores all aspects of terrorism, from its definition, psychological and sociological effects. and legal and ethical issues to counter-terrorism. ..."--Back cover.

What Is Terrorism? Dec 11 2020 Describes the history of terrorism, tracing its origins and discussing the development of terrorist methods up to the modern day.

A History of Terrorism Jun 16 2021 Assassinations, bombings, hijackings, diplomatic kidnappings--terrorism is the most publicized form of political violence. The history of terrorism goes back a very long time, but the very fact that there is such a history has frequently been ignored, even suppressed. This may be because terrorism has not appeared with equal intensity at all times. When terrorism reappeared in the late twentieth century after a period of relative calm, there was the tendency to regard it as a new phenomenon, without precedent. The psychological study of terrorism has never been much in fashion. But this neglect has left a number of crucial questions unanswered. Among these are why some people who share the same convictions turn to terrorism and others do not. What is terrorism's true impact on international politics? What influence might it exert in the future? A History of Terrorism completes Walter Laqueur's pioneering and authoritative study of guerilla warfare and terrorist activity. He charts the history of political terror from nineteenth-century Europe, through the anarchists of the 1880s and 1890s, the left- and right-wing clashes during the twentieth century, and the multinational operations of Arab and other groups today. Laqueur examines the sociology of terrorism: funding, intelligence gathering, weapons and tactics, informers and countermeasures, and the crucial role of the media. He probes the "terrorist personality" and how terrorists have been depicted in literature and films. The doctrine of systematic terrorism and current interpretations of terrorism, its common patterns, motives, and aims, are unflinchingly faced and clearly explicated. Finally, Laqueur considers the effectiveness of terrorism and examines the ominous possibility of nuclear blackmail. Challenging accepted assumptions, forecasting the changes in terrorist activity that will affect tomorrow's headlines, Walter Laqueur demystifies terrorism without belittling its importance. Together with its companion volume, Guerrilla Warfare, also available from Transaction, A History of Terrorism is an essential tool for assessing and understanding this all-too-often sensationalized modern expression of extreme political action.

The History of Terrorism Dec 31 2019 This authoritative work provides an essential perspective on terrorism by offering a rare opportunity for analysis and reflection at a time of ongoing violence, threats, and reprisals. Some of the best international specialists on the subject examine terrorism's complex history from antiquity to the present day and find that terror, long the weapon of the weak against the strong, is a tactic as old as warfare itself. Beginning with the Zealots of the first century CE, contributors go on to discuss the Assassins of the Middle Ages, the 1789 Terror movement in Europe, Bolshevik terrorism during the Russian Revolution, Stalinism, "resistance" terrorism during World War II, and Latin American revolutionary movements of the late 1960s. Finally, they consider the emergence of modern transnational terrorism, focusing on the roots of Islamic terrorism, al Qaeda, and the contemporary suicide martyr. Along the way, they provide a groundbreaking analysis of how terrorism has been perceived throughout history. What becomes powerfully clear is that only through deeper understanding can we fully grasp the present dangers of a phenomenon whose repercussions are far from over. This updated edition includes a new chapter analyzing the rise of ISIS and key events such as the 2015 Paris attacks.

International Terrorism Nov 29 2019 Bringing together practitioners and academic experts, this volume analyses the international context, threat perceptions and multi-dimensional nature of EU counter-terrorism measures. These cover legislative and operational measures, internal and international action and cut across all areas of EU responsibility and activity.

The Roots of Terrorism Aug 31 2022 The Roots of Terrorism is the first volume in the new Democracy and Terrorism series, a three volume project intended to explore one of the most pressing issues of our time: how to reconcile the need to fight terrorism with our desire to protect and enhance democratic values.

The Cambridge History of Terrorism Aug 07 2020 An accessible, authoritative history of terrorism, offering systematic analyses of key themes, problems and case studies from terrorism's long past.

Disciplining Terror Jan 30 2020 Since 9/11, we have been told that terrorists are pathological evildoers. Yet before the 1970s, hijackings, assassinations, and other acts now called 'terrorism' were considered the work of rational actors. Disciplining Terror explains how political violence became 'terrorism', and how this transformation ultimately led to the current 'war on terror'.

What's Wrong With Terrorism? Jul 30 2022 This book discusses the possibility that terrorism is a deliberate tactic of frightening people for socio-political gain. The author contends that terror is not only the weapon of organizations like Al-Qaeda but it also benefits democratic politicians who profit from the climate of insecurity induced by terrorist threats and violence.

[What Makes a Terrorist](#) Jan 12 2021 "Krueger proves...that terrorists are not desperately poor killers but well-educated politicians using violence to draw attention to their 'market'--violent change."--Hernando de Soto, author of The Mystery of Capital. Features a new Introduction by the author.he author.

[Terrorism and Insurgency in Asia: A Contemporary Examination of Terrorist and Separatist Movements](#) Oct 21 2021 The rise of the Islamic

State since 2014 has led to the re-emergence of terrorism as a serious security threat in Asia. Coupled with the ongoing terrorism and insurgency challenges from both radical religious extremists and also ethno-nationalist insurgencies, it is clear that some parts of Asia remain mired in armed rebellion despite decades of nation-building. While the situation in Afghanistan and Pakistan has obviously deteriorated, there is also a growing terrorist challenge, on top of armed insurgencies, in other parts of Asia. A common theme in armed rebellions in the region has been the lack of legitimacy of the state and the presence of fundamental causes stemming from political, economic or social grievances. Addressing rebellion in the region thus requires a comprehensive approach involving transnational co-operation, addressing fundamental grievances, and also the use of more innovative approaches, such as religious rehabilitation and reconciliation programmes.

**Terrorism Jun 24 2019** "An extensive collection of significant documents covering all major and minor issues and events regarding terrorism. Government reports, executive orders, speeches, court proceedings, and position papers are presented in full text reprint"--Oceana Website.

**Terrorism and Counterterrorism Oct 09 2020** Focusing on the phenomenon of terrorism in the age of ISIS/ISIL, Terrorism and Counterterrorism investigates this form of political violence in an international and American context and in light of new and historical trends. In this comprehensive and highly readable text, renowned expert Brigitte Nacos clearly defines terrorism's diverse causes, actors, and strategies; outlines anti- and counterterrorist responses; and highlights terrorism's relationship with the public and media. Terrorism and Counterterrorism introduces students to the field's main debates and helps them critically assess our understanding of, and our strategies for, addressing this complex and enduring issue. New to the Sixth Edition: Additions to terrorist developments since 2016, including the rise and decline of ISIS in Iraq and Syria. A significant expansion of the analysis of intelligence gathering and the growth of the U.S. intelligence community in the post-9/11 era. Discussion of increasing activities of extremist groups in the so-called alt-right and the ANTIIFA movement in the U.S. and abroad. More explanations for the making of terrorists, including rational choice theory and new research revealing childhood trauma as a risk factor. An enlarged chapter on women and children in terrorism to include suicide missions as family projects. A new section on human rights violations in counterterrorism. Athering and the growth of the U.S. intelligence community in the post-9/11 era. Discussion of increasing activities of extremist groups in the so-called alt-right and the ANTIIFA movement in the U.S. and abroad. More explanations for the making of terrorists, including rational choice theory and new research revealing childhood trauma as a risk factor. An enlarged chapter on women and children in terrorism to include suicide missions as family projects. A new section on human rights violations in counterterrorism.

**Terrorism May 16 2021** This book is the culmination of over 15 years of research on terrorism, secession, and related concepts such as the obligation to obey the law, pacifism, civil disobedience, non-violent direct action, political violence, revolution, and assassination. It is sincerely hoped that the content of this book is construed as an ethical and philosophical attempt to advance human understanding of some of life's most intractable problems, namely, terrorism and more generally, political violence. This book is proffered as a propaedeutic to further study of these issues and is not to be interpreted as the author's final word on them. For the pursuit of truth and avoidance of error is never wholly complete, but at best a life-long process of continual reflection, analysis and argument. And it will please the author of this book if it brings even a modicum of knowledge to the difficulties it investigates. Some of the chapters of this book have been published or have otherwise experienced the critical assistance of various public academic forums, and I am sincerely grateful to those who have shaped my thinking about terrorism and its related concepts. Among those who have provided critical and helpful insights concerning various sections of the contents of this book are: David Copp, Richard Falk, Joel Feinberg, Richard W. Miller, and Thomas Pogge.

**Terrorism Dec 23 2021** This innovative text provides a much-needed critical introduction to terrorism. Cutting-edge research on contemporary issues is combined with new insights into long-debated issues such as the definition of terrorism, the nature of the terrorist threat and counter-terrorism strategies. Showing that the methods we adopt as well as the material we study are vital for a clear understanding of the subject, this text goes beyond traditional IR approaches to rethink popular beliefs and assumptions about terrorism. Taking a genuinely global and integrated approach, this book is an ideal entry into the study of terrorism. In the years since 9/11, terrorism has been transformed into an issue of global significance. Terrorism and the war on terror has affected virtually every aspect of modern life, and a precise understanding of terrorism is now more important - and contentious - than ever. This text examines the origins, perceptions of, and responses to, terrorism and counter-terrorism in the contemporary world. It takes into account recent developments on the world stage as well as within - and in response to - critical terrorism studies. This text is the ultimate companion for students studying terrorism as part of an undergraduate or postgraduate degree. It guides students step-by-step to have a deeper understanding of terrorism and a more nuanced approach to their studies. New to this Edition: - Fully revised second edition of a leading text on an increasingly popular topic - New sections on 'the war on terror' - New discussion questions, further reading and web links

**Understanding the Law of Terrorism Sep 07 2020**

**The Psychology of Terrorism Jun 28 2022** What is terrorism? Can anyone be radicalized? How can we respond to terrorist acts? The Psychology of Terrorism seeks to explain why some acts of violence are considered terrorism, and others are not, and why some individuals may be more susceptible to engaging in radical terrorist behaviour. Debunking myths and lazy stereotypes, the book delves into some of the most shocking atrocities of our times to discuss the complex and varied psychological characteristics of individual terrorists, organised groups, and their acts. Whilst there is no simple solution, The Psychology of Terrorism shows us that a growing reverse radicalization movement and modern interventionist techniques can give us hope for the future.

**Terrorism Aug 19 2021** This handbook introduces the reader to the field of terrorism investigation. Describing how terrorists operate and how they differ from other criminals, it provides an outline of how terrorism investigations should be conducted. By helping investigators to develop skills and knowledge, this guide helps them to prepare prosecutable cases against terrorists. \* Not only does it provide easy-to-follow directions with respect to what to do, but also on what NOT to do in response to terrorism attacks \* Pedagogy includes key terms and concepts, chapter summaries, and "real-world" example boxes throughout the text \* Equipped with a superior ancillary package

**Psychology of Terrorism Jan 24 2022** Publisher description

**Resilience and Resolve Jul 06 2020** This book aims to provide an overview of the importance of communities to mitigate the threat of terrorism, drawing key lessons and experiences from countries adopting community-based approaches. There has been growing recognition among countries to understand the construct of radical ideology and the tools needed to counter its narrative through a more socially inclusive approach, using communities as key stakeholders that have the resolve to be resilient in the fight against terrorism. The chapters provide invaluable insights on the psychological aspects of radicalization, the centrality of counter-ideology and case studies of approaches to promoting moderation, religious harmony and community engagement in building the resilience and resolve against terrorism.

Contents: Resilience and Resolve: Community Engagement to Community Resilience (Jolene Jerard and Salim Mohamed Nasir) Significance Quest Theory as the Driver of Radicalization Towards Terrorism (Arie W Kruglanski, Michele J Gelfand, Jocelyn J Bélanger, Malkanthi Hettiarachchi, Rohan Gunaratna) An Internal Critique of Al-Qaeda (Sherman A Jackson) The Concept of Al-Wasatiyyah and the Significance of Islamic Moderation (Mohd Kamal Hassan) The Centrality of Counter-Ideology in Countering Jihadist Terrorism (Muhammad Haniff Bin Hassan) Community Engagement to Counter-Extremism: A Global Imperative (Rohan Gunaratna) Deconstruction of Radical Ideology and Detainee Reintegration (Mal Hettiarachchi) A Community Counter-Ideology Response: Reaching Out to the Youth (Thomas Koruth Samuel) Promoting Religious Harmony (Mustafa Ceric) Catalyst for Change: Communities Against Terrorism (Jolene Jerard and Salim Mohamed Nasir) Readership: Graduate students, researchers on extremism, terrorism and radicalization of religious groups, and general readers who are interested in the development of terrorism and counter-terrorism. Key Features: Addresses a framework in exploring the significant quest theory to understand the terrorist mindset Explores strategies to move from community engagement to building resilience in communities Takes communities as a catalyst for change, instead of relying on conventional tools Keywords: Al-Qaeda; Community Resilience; Community Engagement; Communities against Terrorism; Civil; Community; Counter Terrorism; Terrorist Resistant Communities; Counter Terrorism Initiatives; Extremism; Islam; Radicalism; Quran; Terrorism

**Terrorism Today May 28 2022** The new edition of this best-selling insight into terrorism today has been fully updated and revised to include what the author terms the new 'militant Moslem international.' Drawing directly on the words and ideas of terrorists themselves, this book is an examination of patterns, current trends and future threats in terrorism worldwide. It explores the ideology and psychology, the politics and policies, the strategies and operations of many active small groups and major insurgencies. The terrorist leader emerges as a calculating, innovated and often well-educated person whose use of violence against the innocent is calibrated for maximum effects. The closing chapter is a stimulating discussion of the problems of counter-terrorism, making several key recommendations. Terrorism Today will be essential reading for students of terrorism, counter-insurgency and international security.

**Countering the Financing of Terrorism Feb 22 2022** Groups committing acts of terrorism have adapted their means of financing to elude detection since the 9/11 attacks in the United States. Surveying the global community's multi-year effort to cut off terrorist funding, this volume offers a much-needed analysis of a complex, widely discussed, yet poorly understood subject. While books on terrorism have touched upon the topic, this is the first comprehensive, balanced, and scholarly overview of terrorist financing, its methods, and efforts to counter it. Bringing together leading analysts of terrorism, international relations, global finance, law, and criminology, Countering the Financing of Terrorism provides a critical assessment of the international effort to restrict terrorist financing. It evaluates the costs

and benefits and offers recommendations for more effective policies for the future.

The Psychology of Terrorism Mar 26 2022 This new edition of John Horgan's critically acclaimed book is fully revised and expanded. The book presents a critical analysis of our existing knowledge and understanding of terrorist psychology. Despite the on-going search for a terrorist pathology, the most insightful and evidence-based research to date not only illustrates the lack of any identifiable psychopathology in terrorists, but demonstrates how frighteningly 'normal' and unremarkable in psychological terms are those who engage in terrorist activity. By producing a clearer map of the processes that impinge upon the individual terrorist, a different type of terrorist psychology emerges, one which has clearer implications for efforts at countering and disrupting violent extremism in today's world. In this 2nd edition, Horgan further develops his approach to the arc of terrorism by delving deeper into his IED model of Involvement, Engagement and Disengagement - the three phases of terrorism experienced by every single terrorist. Drawing on new and exciting research from the past decade, with new details from interviews with terrorists ranging from al-Qaeda to left-wing revolutionaries, biographies and autobiographies of former terrorists, and insights from historic and contemporary terrorist attacks since 2005, Horgan presents a fully revised and expanded edition of his signature text. This new edition of *The Psychology of Terrorism* will be essential reading for students of terrorism and political violence, and counterterrorism studies, and recommended for forensic psychology, criminology, international security and IR in general.

Terrorism Nov 21 2021 The history of terrorism stretches back nearly two thousand years and terrorism, both in the forms of terrorist groups and terror regimes, is an inherent part of the modern world: from Anarchist groups to al-Qaida; from Hitler's Germany and SS to al-Bashir's Sudan and Janjaweed militias. It is a subject of high current interest that is rarely out of the news (not least as the legacy of '9/11') and it is also of enduring interest. As a new volume in the Seminar Studies series, *Terrorism* has been brought up-to-date and now looks at both contemporary terrorism and its historical antecedents, providing a much needed introduction to the subject.

An International History of Terrorism Sep 19 2021 The aim of this book is to provide readers with the tools to understand the historical evolution of terrorism and counterterrorism over the past 150 years. In order to appreciate the contemporary challenges posed by terrorism it is necessary to look at its evolution, at the different phases it has gone through, and the transformations it has experienced. The same applies to the solutions that states have come up with to combat terrorism: the nature of terrorism changes but still it is possible to learn from past experiences even though they are not directly applicable to the present. This book provides a fresh look at the history of terrorism by providing in-depth analysis of several important terrorist crises and the reactions to them in the West and beyond. The general framework is laid out in four parts: terrorism prior to the Cold War, the Western experience with terrorism, non-Western experiences with terrorism, and contemporary terrorism and anti-terrorism. The issues covered offer a broad range of historical and current themes, many of which have been neglected in existing scholarship; it also features a chapter on the waves phenomenon of terrorism against its international background. This book will be of much interest to students of terrorism studies, political violence, international history, security studies and IR.

Contemporary State Terrorism Jun 04 2020 This volume aims to 'bring the state back into terrorism studies' and fill the notable gap that currently exists in our understanding of the ways in which states employ terrorism as a political strategy of internal governance or foreign policy. Within this broader context, the volume has a number of specific aims. First, it aims to make the argument that state terrorism is a valid and analytically useful concept which can do much to illuminate our understanding of state repression and governance, and illustrate the varieties of actors, modalities, aims, forms, and outcomes of this form of contemporary political violence. Secondly, by discussing a rich and diverse set of empirical case studies of contemporary state terrorism this volume explores and tests theoretical notions, generates new questions and provides a resource for further research. Thirdly, it contributes to a critical-normative approach to the study of terrorism more broadly and challenges dominant approaches and perspectives which assume that states, particularly Western states, are primarily victims and not perpetrators of terrorism. Given the scarceness of current and past research on state terrorism, this volume will make a genuine contribution to the wider field, particularly in terms of ongoing efforts to generate more critical approaches to the study of political terrorism. This book will be of much interest to students of critical terrorism studies, critical security studies, terrorism and political violence and political theory in general. Richard Jackson is Reader in International Politics at the University of Wales, Aberystwyth. He is the founding editor of the Routledge journal, *Critical Studies on Terrorism* and the convenor of the BISA Critical Studies on Terrorism Working Group (CSTWG). Eamon Murphy is Professor of History and International Relations at Curtin University of Technology in Western Australia. Scott Poynting is Professor in Sociology at Manchester Metropolitan University.

Global Terrorism Nov 02 2022 This textbook is a comprehensive introduction to global terrorism, intended to help students understand the history, politics, ideologies & strategies of both contemporary & older terrorist groups.

Political Terrorism Jul 26 2019 The salient feature of this book is its comprehensive but concise approach to the field of terrorism - particularly its causes and effects - and the application of this information to selected case studies. *Political Terrorism: An Interdisciplinary Approach* is easy to read and designed to answer common questions asked by undergraduate and graduate students without prior exposure to the study of terrorism. This book is accessible to practitioners (those individuals working, or aspiring to work, in the fields of criminal justice and national security) and policymakers in the counterterrorism field as well as members of the mass media covering stories on terrorism. *Political Terrorism* is sensitive to the global ramifications of terrorism and the responses to it. This book maintains a balance between realism and sensationalism and offers a more comprehensive understanding of the causes and effects of terrorism than do most other texts. *Political Terrorism* integrates scholarly analysis with current events by relying on recent media accounts and information gathered by responsible news outlets. The text features end-of-chapter questions as well as «exhibit» boxes that provide background details on items of interest to students and instructors.

Inside Terrorism Apr 02 2020 Hoffman describes the changing face of terrorism, probing new adversaries, new motivations and new methods that recently surfaced with an in-depth look "Inside Terrorism" of today.

The Psychology of Strategic Terrorism Nov 09 2020 This new volume explores terrorism and strategic terror, examining how the public responds to terrorist attacks, and what authorities can do in such situations. The book uses a unique interdisciplinary approach, which combines the behavioural sciences and international relations, in order to further the understanding of the 'terror' generated by strategic terror. The work examines five contemporary case studies of the psychological and behavioural effects of strategic terror, from either terrorist attacks or aerial bombardment. It also looks at how risk-communication and public-health strategies can amplify or reduce psychological and behavioural responses, and considers whether behavioural effects translate into political effects, and what governments can do to relieve this. Ultimately, the study argues that the public is not prone to panic, but can change their behaviours to reduce their perceived risk of being exposed to a terrorist attack. This book will be of much interest to students of terrorism studies, homeland security, social psychology and politics in general.

Terrorism May 04 2020 This innovative text provides a much-needed critical introduction to terrorism. Cutting-edge research on contemporary issues is combined with new insights into long-debated issues such as the definition of terrorism, the nature of the terrorist threat and counter-terrorism strategies. Showing that the methods we adopt as well as the material we study are vital for a clear understanding of the subject, this text goes beyond traditional IR approaches to rethink popular beliefs and assumptions about terrorism. Taking a genuinely global and integrated approach, this book is an ideal entry into the study of terrorism. In the years since 9/11, terrorism has been transformed into an issue of global significance. Terrorism and the war on terror has affected virtually every aspect of modern life, and a precise understanding of terrorism is now more important - and contentious - than ever. This text examines the origins, perceptions of, and responses to, terrorism and counter-terrorism in the contemporary world. It takes into account recent developments on the world stage as well as within - and in response to - critical terrorism studies. This text is the ultimate companion for students studying terrorism as part of an undergraduate or postgraduate degree. It guides students step-by-step to have a deeper understanding of terrorism and a more nuanced approach to their studies.

Contending with Terrorism Oct 28 2019 Experts explore the sources of contemporary terrorism, what terrorists want, and how the United States and other countries should respond. Since the attacks of September 11, 2001, scholars and policy analysts in national security have turned their attention to terrorism, considering not only how to prevent future attacks but also the roots of the problem. This book offers some of the latest research in terrorism studies. The contributors examine the sources of contemporary terrorism, discussing the impact of globalization, the influence of religious beliefs, and the increasing dissatisfaction felt by the world's powerless. They consider the strategies and motivations of terrorists, offering contending perspectives on whether or not terrorists can be said to achieve their goals; explore different responses to the threat of terrorism, discussing such topics as how the United States can work more effectively with its allies; and contemplate the future of al-Qaida, asking if its networked structure is an asset or a liability. The essays in *Contending with Terrorism* address some of the central topics in the analysis of contemporary terrorism. They promise to guide future policy and inspire further research into one of the most important security issues of the twenty-first century. Contributors Max Abrahms, Daniel Byman, Erica Chenoweth, Audrey Kurth Cronin, Renée de Nevers, Mette Eilstrup-Sangiovanni, Hillel Frisch, Calvert Jones, Andrew Kydd, Sean M. Lynn-Jones, Elizabeth McLellan, Nicholas Miller, Assaf Moghadam, Michael Mousseau, Rysia Murphy, William Rose, Paul Staniland, Robert Trager, Barbara Walter, Dessimslava Zagorcheva

Critical Perspectives on Counter-terrorism Sep 27 2019 This volume examines the rationale, effectiveness and consequences of counter terrorism practices from a range of perspectives and cases. The book critically interrogates contemporary counter-terrorism powers from military campaigns and repression through to the prosecution of terrorist suspects, counter-terrorism policing, counter-radicalisation programmes, and the proscription of terrorist organisations. Drawing on a range of timely and important case studies from around the world including the UK, Sri Lanka, Spain, Canada, Australia and the USA, its chapters explore the impacts of counter-terrorism on individuals, communities, and political processes. The book focuses on three questions of vital importance to any assessment of counter-terrorism. First, what do counter-terrorism strategies seek to achieve? Second, what are the consequences of different counter-terrorism campaigns, and how are these measured? And, third, how and why do changes to counter-terrorism occur? This volume will be of much interest to students of counter-terrorism, critical terrorism studies, criminology, security studies and IR in general.

The Strategy of Terrorism Aug 26 2019 This is the first book to set out a comprehensive framework by which to understand terrorism as strategy. It contends that even terrorism of the supposedly nihilist variety can be viewed as a bona fide method for distributing means to fulfil the ends of policy, that is, as a strategy. The main purpose of the work is to describe the dynamics of terrorism.

How Terrorism Ends Apr 26 2022 Annotation This work answers questions concerning the length of time that terrorist campaigns last and when targeting leadership finishes a group. It examines a wide range of historical examples to identify the ways in which almost all terrorist groups die out.

Evil, Terrorism & Psychiatry Apr 14 2021 Evil, Terrorism and Psychiatry offers a new conceptualization of terrorism within a neuroscientific domain.

Terrorism in Africa Jul 18 2021 "This volume offers a timely and necessary contribution to the scholarly research on Africa's security challenges and helps inform the global community's efforts to secure a better future for the continent."---James Forest, Combating Terrorism Center at West Point Terrorism in Africa: The Evolving Front in the War on Terror represents a research endeavor aimed at increasing scholarly discourse on the ever-expanding threat of terrorism and terrorist-related violence in the region. It offers the most wide-ranging analysis of the subnational and transnational terrorist groups that have made Africa the second most violent region in the world. Additionally, the book expands the coverage of the multiple dynamics that indicate why terrorist-related violence continues to increase in the region and closes with regional solutions to the threat of terrorism. This collection of essays offers a comprehensive analysis of the states, terrorist groups, and critical issues that have increased the specter of terrorism in Africa. The study is divided into three themes: (1) the diversity of the terrorist threat among states in the region. (2) the regional dynamics and the local response to terrorism, and (3) regional solutions to the threat of terrorism in Africa.

Terrorism: The Basics Oct 01 2022 Terrorism: The Basics is an ideal starting point for anyone interested in one of the most discussed, written about and analysed aspects of modern life. Common misconceptions are dispelled as the authors provide clear and jargon-free answers to the big questions: What does terrorism involve? Who can be classified as a terrorist? What are terrorists trying to achieve? Who are the supporters of terrorism? Can there ever be an end to terrorist activity? These questions and more are answered with reference to contemporary groups and situations allowing readers to relate theory to what they have seen on the news. Written with clarity and insight, this book is the perfect first book on terrorism for students of all levels.
