At the Dragon's Gate Jun 17 2021 In the early days of World War II, a young Marine named Charles

Fenn was recruited by the Office of Strategic Services (OSS) for undercover operations in the China-Burma-India theatre. Fenn knew exactly what it took to get the job done. His wartime exploits are the stuff of legend, but not even his OSS compatriots knew the full extent of his espionage activities. Fenn's skill as a spy is matched by his talent as a storyteller, and this witty, elegantly written account of his OSS days not only adds to the historical record, it makes for a compelling read.

The Dragon Gate Oct 10 2020 When a teenage girl's imagination becomes a gateway to another world, the lost tales of the ancient past are brought to life...The oldest known surviving tales in Welsh storytelling tradition, 'The Mabinogion', have been retold and reimagined time and time again but then there are the forgotten tales: 'The Lost Mabinogion'. The creative gifts and talents of eighteen-year-old Ceri Buckley offer her refuge from her abusive brother Marc, but she won't accept the help of her best friend Dante or local restaurant owner Gabe Martelli. When Dante takes her to an extraordinary night club that has sprung up in the middle of their rundown town in the Welsh valleys, Ceri meets a remarkable man called Rhain who promises to rescue her from her miserable life and take her to his world, the Otherworld. When Rhain takes her through the Dragon Gate into the Otherworld, the lost stories of the Island of Britain are revived with the breath of her imagination and restored to life in the most unexpected and dramatic way. Ceri experiences her deepest desires and darkest nightmares on the journey that follows, and the true power of her imagination has consequences for the Otherworld that she and no-one else could ever have predicted...This is the story of a young woman discovering how love, friendship and imagination can build bridges across the vast oceans of time and space. It is a story of worlds and a world of stories. It is a story told like no other.

Bright Swallow Sep 28 2019 Bright Swallow, a young girl labelled as of 'bad origins' in Mao's Cultural Revolution, becomes motherless at fifteen in 1972. Determined to live a full life like her mother had known, she seizes every chance, creates choices where there appear to be none and finally has the world open up to her. The memoir distinguishes itself from other accounts of this period in being a story of hope. It celebrates resilience, the power of literature, music and the imagination; and pays tribute to the people who retained the fundamental decency that can easily disappear in adverse circumstances. Mao's China is now history, but similar dark regimes and mad ideologies still exist. There is much suffering from discrimination, humiliation and injustice at this moment. This is why this memoir has been written.

Leaping the Dragon Gate Aug 27 2019 This book celebrates the most important collection of 17th-century Chinese porcelain in the world, assembled by the distinguished British diplomat Sir Michael

Butler. His passion for porcelain is clearly reflected in the over eight hundred pieces he collected and lived with at his home and private museum in Dorset. The pots (as Sir Michael called them), many of extreme rarity or exquisite quality, give testimony to the incredible depth of knowledge he acquired over five decades and his outstanding contribution to research and education in this previously neglected field of study. This lavish and comprehensive collection covers most types of porcelain produced at Jingdezhen, in Jiangxi province, during the 17th century. The variety of the pieces carefully acquired by Sir Michael reflects the great innovative spirit of the highly skilled Jingdezhen potters and painters at a time when they were released from the controls of Imperial patronage, between the end of the reign of the Ming Emperor Wanli in 1620 and the re-establishment of the Imperial kilns by the Qing Emperor Kangxi in 1683. It is a study collection of porcelain unrivalled in its breadth and rarity that demonstrates the stylistic and qualitative evolution which occurred in Chinese porcelain production during the 17th century. An introduction written by Katharine Butler tells the fascinating story of the circumstances that encouraged her father to acquire, collect and passionately study Chinese porcelain of the 17th century; how he found rare pieces with dates, interesting inscriptions, seal marks or narrative scenes; and how the collection and his scholarly publications came to be internationally renowned. The core of the book is composed of nine sections presenting the main categories of porcelains in the collection: Late Ming, High Transitional, Shunzhi, Early Kangxi, Mid-Late Kangxi, Monochromes and Famille Verte, as well as disputed pieces. Some of the highlights are the extremely rare High Transitional pieces painted only in overglaze enamels dating to the Chongzhen reign, c.1640-43; the first piece acquired by Sir Michael, a green enamel winepot, dating to the early Kangxi reign, c.1665-70; a group of rare dated Zhonghe Tang pieces painted in underglaze blue and red, and an early Kangxi basin finely painted in underglaze blue and red with a Master of the Rocks

landscape, dating to c.1670-75. Leaping the Dragon Gate refers to the symbolic metamorphosis from a humble carp to a mighty dragon - the most powerful of the Four Divine Creatures - that a student would undergo on succeeding in the Jinshi or Imperial civil service examinations. Passing these examinations required years, sometimes decades, of enormous effort to acquire the requisite educational merit and success was very rare. It is a worthy metaphor for Sir Michael's scholarly achievement. This 384-page book with over 600 colour illustrations is a catalogue raisonné of almost his entire 17th century porcelain collection, including many previously unpublished pieces. In the spirit of keeping the family legacy of acquisition and scholarship alive, the authors have included a few important, recently purchased pieces and also have revised and expanded the list of all known dated pieces of 17th Century Chinese porcelain in the world that Sir Michael compiled in his 1992 USA exhibition catalogue.

Through the Dragon's Gate Jan 13 2021 Jean O'Hara is now a prominent psychiatrist in London, but she grew up in a humble tenement flat in Hong Kong in the 1960s, the daughter of an Anglo-Burmese librarian (later a senior civil servant) and his Chinese wife. As Jean grew up she developed a fascination for medicine and moved to the UK to attend medical school, eventually becoming a consultant psychiatrist. This book is her account of a childhood steeped in the culture of China, and first steps in a career in medicine. Central to the story is the character of Jean's Chinese grandmother, a charismatic matriarch who gave her a rich understanding of Chinese culture and an oriental outlook which has never left her.

The Flood Myths of Early China Nov 30 2019 Explores how the flood myths of early China provided a template for that society's major social and political institutions. Early Chinese ideas about the construction of an ordered human space received narrative form in a set of stories dealing with the rescue of the world and its inhabitants from a universal flood. This book demonstrates how early Chinese stories of the re-creation of the world from a watery chaos provided principles underlying such fundamental units as the state, lineage, the married couple, and even the human body. These

myths also supplied a charter for the major political and social institutions of Warring States (481–221 BC) and early imperial (220 BC–AD 220) China. In some versions of the tales, the flood was triggered by rebellion, while other versions linked the taming of the flood with the creation of the institution of a lineage, and still others linked the taming to the process in which the divided principles of the masculine and the feminine were joined in the married couple to produce an ordered household. While availing themselves of earlier stories and of central religious rituals of the period, these myths transformed earlier divinities or animal spirits into rulers or ministers and provided both etiologies and legitimation for the emerging political and social institutions that culminated in the creation of a unitary empire. Mark Edward Lewis is Kwoh-ting Li Professor of Chinese Culture at Stanford University and the author of *Writing and Authority in Early China* and *The Construction of Space in Early China*, both published by SUNY Press.

Inkwel, Author of *Vickie Van Helsing* The attack on Hunter's Grove High School by a Greater demon and the bully Donnie Wickles delivered a crushing blow to Charlie Sullivan, his friends, their families, and their once quiet, peaceful community. Everyone soon discovers the demon terrorizing Hunter's Grove is only the beginning of their troubles. The first team lands in Japan, at the site of one of the most embarrassing events in the country's history—Rashomon, the Dragon Gate. There, Charlie Sullivan faces the King of Demons, his vengeful lieutenant, and an army of creatures rising from the worst of nightmares. What happens next triggers a series of global cataclysmic events that some will not survive. A new breed of monsters is released to level chaos against humanity as the master plan and purpose of evil in our world is revealed. Suffering loss, exhaustion, and being tested beyond the limits of human understanding, Charlie Sullivan and the Monster Hunters face their most dangerous task as they set out to quell an ancient darkness that has now been awakened. "I picked this book up for my oldest daughter. I thought she might enjoy it and

asked her to let me know what she thought. She loved it! I ended up reading it with her and I have to say that I enjoyed the story as much, maybe more, than she did." -Amazon reviewer "The characters are real enough that I found myself cheering them on and hoping they succeed in their mission. I look forward to reading the next installment." Amazon reviewer From The Authors We began this journey together, as father and son, with the goal of writing a story that spoke to friendship, overcoming obstacles (and the ultimate evils in our world), and of the power of working together to face the biggest challenges in our lives. Yes, it's full of monsters, peril, and steeped in exciting mythology and folklore, but it centers around the powerful bonds formed between an unlikely group of friends as they face a unique set of challenges. We wanted to write a story that we would be proud to read aloud to our then newborn son/baby brother (who now, years later, has read them through twice more). It has turned into the adventure of a lifetime as we are meeting people from all over the world who are falling in love with Charlie Sullivan, Darcy Witherington, Nash Stormstepper, and the twins Lisa & Liev Vadinknov - along with a wild, often humorous, and mysterious cast of humans and monsters alike. Charlie Sullivan and the Monster Hunters: The Dragon Gate (Book 4) is the next adventure in the series, with Rise of the Ancients (Book 5) to be released soon, and a total of 6 books in the series! "In my opinion, this series deserves to be a huge hit ... I can guarantee you'll be hooked!"
