Yoga has started to take over the Western world ever since the many advantages started to be realized. About the Author: Darren Williams has his sister to credit for the current knowledge that he has about yoga. He used to sit and watch her going through the paces and he used to wonder what exactly she got from the process. To him it looked like body contortion with no apparent cause. He then sought to share what he had learned with others and

that is how his book came into being.

And Never Stop Dancing Oct 31 2019 In Dr. Gordon Livingston's follow-up to his national bestseller *Too Soon Old, Too Late Smart*, he offers thirty more true things we need to know now. Among the fresh truths he identifies and explores in this book, which has sold more than 50,000 copies in hardcover, are: Paradox governs our lives. Forgiveness is a gift we give ourselves. Marriage ruins a lot of good relationships. We are defined by what we fear. We all live downstream. One of life's most difficult tasks is to see ourselves as others see us. As we grow old, the beauty steals inward. Most people die with their music still inside of them. Dr. Livingston's sterling qualities are in evidence again: a clear and deep understanding of the hidden hypocrisies, desires, evasions, and emotional tumult that course through our lives; an unerring sense of what is important; and his own ability to persevere—to hope—in a world he knows is capable of inflicting unjustifiable and lifelong suffering.
