Sex at Dawn Jul 26 2022 The 10th-anniversary edition of the book that radical re-evaluates the origins and nature of human sexuality. Since Darwin's day, we've been told that sexual monogamy comes naturally to our species. Mainstream science — as well as religious and cultural institutions — has maintained that men and women evolved in families in which a man's possessions and protection were exchanged for a woman's fertility and fidelity. In this groundbreaking book, however, Christopher Ryan and Cacilda Jethá argue that human beings evolved in egalitarian groups that shared food, child care, and, often, sexual partners. Weaving together evidence from anthropology, archaeology, primatology, anatomy, and psychosexuality, the authors show how far from human nature monogamy really is. With intelligence and humour, Ryan and Jethá explain how our promiscuous past haunts our contemporary struggles. They explore why many people find long-term fidelity so difficult; why sexual passion tends to fade even as love deepens; why homosexuality persists in the face of standard evolutionary logic; and what the human body reveals about the prehistoric origins of modern sexuality. Shocking, enlightening, and ultimately inspiring, Sex at Dawn offers a revolutionary understanding of why we live and love as we do.

I Am Malala Aug 15 2021 A MEMOIR BY THE YOUNGEST RECIPIENT OF THE NOBEL PEACE PRIZE As seen on Netflix with David Letterman "I come from a country that was created at midnight. When I almost died it was just after midday." When the Taliban took control of the Swat Valley in Pakistan, one girl spoke out. Malala Yousafzai refused to be silenced and fought for her right to an education. On Tuesday, October 9, 2012, when she was fifteen, she almost paid the ultimate price. She was shot in the head at point-blank range while riding the bus home from school, and few expected her to survive. Instead, Malala's miraculous recovery has taken her on an extraordinary journey from a remote valley in northern Pakistan to the halls of the United Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. I AM MALALA is the remarkable tale of a family uprooted by global terrorism, of the fight for girls' education, of a father who, himself a school owner, championed and encouraged his daughter to write and attend school, and of brave parents who have a fierce love for their daughter in a society that prizes sons. I AM MALALA will make you believe in the power of one person's voice to inspire change in the world.

Kapoor's Apr 30 2020 "We are like the Corleones in *The Godfather*!"—Randhir Kapoor There is no film family quite like the Kapoors. A family of professional actors and directors, they span almost eighty years of film-making in India, from the 1920s to the present. Each decade in the history of Hindi films has had at least one Kapoor—if not more—playing a large part in defining it. Never before have four generations of this family—or five, if you include Bhasheshwar Kapoor, Prithviraj Kapoor's father, who played the judge in *Awaraz*—been brought together in one book. The Kapoors details the professional careers and personal lives of each generation—box-office successes and failures, the ideologies that informed their work, the larger-than-life Kapoor weddings and Holi celebrations, their extraordinary romantic liaisons and family relationships, their love for food and their dark passages with alcohol. Based on extensive personal interviews conducted over seven years with family members and friends, Madhu Jain goes behind the façade of each member of the Kapoor clan to reveal what makes them tick. The Kapoors resembles the films that the great showman Raj Kapoor made: grand and sweeping, with moments of high drama and touching emotion. "Few books on Indian cinema have been written with such wit, clarity and sparkle!"—*Outlook* 'Jain writes in a language that is simple and pithy... it will keep alive public interest in the Kapoors who refuse to call it a day'—*Telegraph* 'Immensely readable...will surely find a place in the Indian cineaste's library'—*Biblio*

Heroines Feb 06 2021 The idea of heroism in women is not easily defined. In men the notion is often associated with physical strength and extravagant bravery. Women's heroism has tended to be of a very different nature, less easily categorized. All the women portrayed—Draupadi, Radha, Ambapali, Raziya Sultan, Meerabai, Jahanara, Laxmibai and Hazrat Mahal—share an unassailable belief in a cause, for which they are willing to fight to the death if need be. In every case this belief leads them to confrontation with a horrified patriarchy. In the book we meet lotus-eyed, dark-skinned Draupadi, dharna queen, whose story emerges almost three millennia ago; the goddess Radha who sacrificed societal respectability for a love that transgressed convention; Ambapali, a courtesan, who stepped out of the luxurious trappings of Vaishali to follow the Buddha and wrote a single, haunting poem on the evanescence of beauty and youth. Raziya, the battle-scarred warrior, who proudly claimed the title of Sultan, refusing its fragile feminine counterpart, Sultana; the courageous Meerabai who repudiated her patriarchal destiny as cloistered daughter-in-law of a Rajput clan; the gentle Mughal princess Jahanara; who claims the blessings of both Allah and the Prophet Muhammad and wishes 'never to be forgotten'; Laxmibai, widow, patriot and martyr, who rides into legend and immortality fighting for her adopted son's birthright; and Hazrat Mahal, courtesan, begum and rebel queen, resolute till the very end in defying British attempts to seize her ex-husband's kingdom. In these engrossing portraits, mythological characters from thousands of years ago walk companionably besides historical figures from more recent times. They rise to reclaim their rightful place in history. Daughters, wives, courtesans, mothers, queens, goddesses, warriors—heroines.

Asha Parekh The Hit Girl Dec 07 2020 Asha Parekh was to the movies born. Ever since she was knee-high, she faced the camera as a child artiste, while performing simultaneously at dance fetes. An alumnus of Bombay's The J. B. Petit Girls' High School, she devoted after-school hours to learning classical dance from exacting gurus. Given a break as a leading lady by Filmalaya Studio's Sashadhar Mukherjee, she debuted opposite Shammi Kapoor in the romantic entertainer *Dil Deke Dekho*. Instantaneously, the audience and the critics agreed: "A star is born." Followed a concatenation of silver and golden jubilee hits, which established her as the quintessential Hit Girl. Possessed of all the requisites of the cinema of the 1960s and the '70s – felicity at instinctive acting, intricate dance skills and the ability to invest conviction into the roles of zesty, glamour-exuding film heroines – she made an impact, too, with parts demanding gravitas. Apart from films in Hindi, she has also acted in films in Gujarati, Punjabi and a film in Kannada. The Mumbai film trade, to date, acknowledges her as one of the heroines with the highest number of successes. Her innumerable dance ballets on stage have earned her untold acclaim, at home and overseas. Among her other facets, she has been involved since decades in running a charitable hospital. She was Chairperson of the Central Board of Film Certification (1998-2001) and has been associated with the Cine and TV Artists' Associations and other organisations dedicated to the welfare of film industry workers, technicians and actors. She turned producer and director with several top TRP-rated TV serials like 'Kora Kagaz' and 'Palash ke Phool' and programmes like 'Baahe Paayal'. Currently she has chosen to retire from acting, but adds, "Never say never." She lives by the famed Juhu shoreline in Mumbai.

Our Moon Has Blood Clots Aug 22 2019 "Rahul Pandita was fourteen years old when he was forced to leave his home in Srinagar along with his family, who were Kashmiri Pandits: the Hindu minority within a Muslim-majority Kashmir that was by 1990 becoming increasingly agitated with the cries of 'Azaadi' [freedom] from India. The heartbreaking story of Kashmir has so far been told mainly through the prism of the brutality of the Indian security forces, the pro-independence demands of Muslim separatists or India and Pakistan's rivalry. But there is another part of the story that has remained unrecorded and buried. Our Moon Has Blood Clots is the untold chapter in the story of Kashmir, in which hundreds of thousands of Kashmiri Pandits were tortured, killed and forced to leave their homes by Islamist militants, and to spend the rest of their lives in exile in their own country. Rahul Pandita has written a deeply personal, powerful and unforgettable story of history, home and loss."--Page 4 of cover.

Cyber Sexy Jun 24 2022 In 1946, American judge Potter Stewart famously said, 'I can't define pornography, but I know it when I see it.' Over seventy years later, the reverberations of this sentence are still felt across the world. From proposed porn bans to religious morality to women's rights, the assumption is that porn has a single, knowable definition. But if one man's pornography is another woman's erotica is another person's sex tape, what really counts as porn? And who gets to do the counting? In this alternative conversation around digital sexual expression in India, Richa Kaul Padte takes readers on an intimate tour of the sexy internet. From camgirls to fanfiction writers, homemade videos to consent violations, Cyber Sexy is an unflinching deep dive into the messy terrain of what it means to seek out pleasure online. The question of whether or not something counts as porn is, ultimately, left up to the reader. After all, you'll know it when you see it, right?

Fake Photos Dec 31 2022 A concise and accessible guide to techniques for detecting doctored and fake images in photographs and digital media. Stalin, Mao, Hitler, Mussolini, and other dictators routinely doctored photographs so that the images aligned with their messages. They erased people who were there, added people who were not, and manipulated backgrounds. They knew if they changed the visual record, they could change history. Once, altering images required hours in the darkroom; today, it can be done with a keyboard and mouse. Because photographs are so easily faked, fake photos are everywhere—supermarket tabloids, fashion magazines, political ads, and social media. How can we tell if an image is real or false? In this volume in the MIT Press Essential Knowledge series, Hany Farid offers a concise and accessible guide to techniques for detecting doctored and fake images in photographs and digital media. Farid, an expert in photo forensics, has spent two decades developing techniques for authenticating digital images. These techniques model the entire image-creation process in order to find the digital disruption introduced by manipulation of the image. Each section of the book describes a different technique for analyzing an image, beginning with those requiring minimal technical expertise and advancing to those at intermediate and higher levels. There are techniques for, among other things, reverse image searches, metadata analysis, finding image imperfections introduced by JPEG compression, image cloning, tracing pixel patterns, and detecting images that are computer generated. In each section, Farid describes the techniques, explains when they should be applied, and offers examples of image analysis.

Surviving Autocracy Oct 05 2020 'An indispensable voice of and for this moment' Timothy Snyder, author of On Tyranny Many of us are consumed by news cycles reporting on Trump's latest astonishing policy or declaration, and the overwhelming sense we have is one of confusion and incredulity - how could this be happening? As the 2020 US Presidential race takes shape, SURVIVING AUTOCRACY provides an indispensable overview of the calamitous trajectory of the past few years. Drawing on her Soviet childhood and two decades covering the resurgence of totalitarianism in Russia, acclaimed New Yorker journalist and prize-winning author Masha Gessen links together seemingly disparate elements of Trump's regime to offer a roadmap for understanding Trump's approach, policies and ultimate aims. Highlighting an inventory of ravages to liberal democracy, including the corrosion of the media, the justice system and cultural norms, she posits that America is in the throws of an autocratic attempt. Gessen's penetrating analysis offers a new political discourse to replace that which has been so thoroughly degraded, and with it, a clearer path to action. Manifesto-like, Surviving Autocracy is threaded with solutions to the current situation, such as developing a political language that encompasses autocratic impulses, a more agile and honest media, and a visionary moral politics to counter Trump's extraordinary on-going assault.

All the Lives I Want Jan 08 2021 "Alana Massey's prose is to brutal honesty what a mandolin is to a butter knife: she's sharper; she slices thinner; she shows the cross-section of a truth so deftly--so powerfully and cannily--it's hard to look away, and hard not to feel that something has shifted in you for having read her."--Leslie Jamison, New York Times bestselling author of The Empathy Exams From columnist and critic Alana Massey, a collection of essays examining the intersection of the personal with pop culture through the lives of pivotal female figures--from Sylvia Plath to Britney Spears--in the spirit of Chuck Klosterman, with the heart of a true fan. Mixing Didion's affected cool with moments of giddy celebrity worship, Massey examines the lives of the women who reflect our greatest aspirations and darkest fears back onto us. These essays are personal without being confessional and clever in a way that invites readers into the joke. A cultural critique and a finely wrought fan letter, interwoven with stories that are achingly personal, ALL THE LIVES I WANT is also an exploration of mental illness, the sex industry, and the dangers of loving too hard. But it is, above all, a paean to the celebrities who have shaped a generation of women--from Scarlett Johansson to Amber Rose, Lil' Kim, Anjelica Huston, Lana Del Rey, Anna Nicole Smith and many more. These reflections aim to reimagine these women's legacies, and in the process, teach us new ways of forgiving ourselves.
