Summary of Chase Hill's Toxic People Survival Guide Aug 25 2022 Please note: This is a companion version & not the original book. Sample Book Insights: #1 We all have a spectrum of toxicity that we can look at. At one end of the spectrum are people who are constantly complaining, yet they never value your advice. They are energy vampires. At the other end of the spectrum are people who are abusive, violent, or worse. #2 There are a multitude of reasons why people can be difficult. It could just be that they are simply nasty and enjoy seeing you suffer, or there might be underlying conditions behind their behavior. #3 It is important to not judge people too quickly, as personality types and disorders all have root causes. It is important to determine if the difficult people in your life are making an effort to improve, like you are now. #4 We must start seeing people for who they really are, rather than who we want them to be. We tend to create a set of expectations and beliefs about the people in our lives, and this leads us to know only half of who they really are.

Holman Illustrated Guide To Biblical Geography Mar 28 2020 Reading the land enables us to read the Bible with greater insight. Though the truths of the Bible transcend time and place, they are rooted in them. Geographical data inform our understanding of activity in the land of the Bible, while the Bible's own description of these events, embedded deeply in the realia of the land itself, helps us better understand the living context in which these events took place. When we develop a skill set that allows us to read the land of the Bible as fluently as we might read the text, we stand not only to gain a better appreciation of the divine-human events of Scripture, we also gain an understanding of how these events become relevant to us in our own particular living contexts. Chapters include: Exploring the World of the Bible Building Blocks of Biblical Geography The Land of Ancient Israel: The Southern Regions (Judah/Judea) The Land of Ancient Israel: The Central Regions (Israel/Samaria) The Land of Ancient Israel: The Northern Regions (Galilee) Transjordan Afterword: Geography of the Heart Biblical geography has great apologetic value. The biblical writers had to be accurate when presenting geographical material. Unlike some matters of history and doctrine, their assertions about the realities of land forms and climate, or about the relation of one city to another, or about the use of strategic routes could easily be verified both by their first readers as well as by contemporary readers. Verifiable geographic information provides a solid foundation on which to place and evaluate the veracity of other truth claims in the biblical text.

Little House in the Hollywood Hills: A Bad Girl's Guide to Becoming Miss Beadle, Mary X, and M@v 16 2021 Charlotte Stewart is known by millions of fans worldwide for her role as the beloved schoolteacher, Miss Beadle, on the iconic TV show, Little House on the Prairie, currently broadcast in syndication in more than 100 countries around the world. Here for the first time an adult cast member writes about the experience of making the show—the challenges, the joys, and the sometimes-turbulent behind-the-scenes relationships. Charlotte, with Andy Demsky, reveal a no-holds-barred, heart-breaking, and ultimately joyful account of fifty years in film and television offers a backstage pass to Hollywood's cocaine-fueled glory years in the 1970s, and includes Charlotte's celebrated work as Mary X in David Lynch's cult classic film, Eraserhead, as well as her later work as Betty Briggs in the highly-rated television series, Twin Peaks. Charlotte recalls working with leading men, from Jimmy Stewart, Elvis Presley, Kevin Bacon, and Kyle MacLachlan. She also details off-stage friendships with Neil Young and Joni Mitchell, as well as with relationships and flings with some of TV, film, and music's biggest names, including Jon Voight, Richard Dreyfuss, Victor French, Tim Considine, Bill Murray, and Jim Morrison. Ultimately, Charlotte's story is that of a survivor. Six years after her career-making role on Little House on the Prairie, she lost everything and was living on vodka and hotdogs. Yet through the darkest periods of her life—divorce, drug-use, cancer, financial ruin, the death of a spouse, and alcoholism—she never lost her humanity or sense of humor. David Lynch writes, "Charlotte Stewart is my kind of girl—a talented, courageous actress—a loyal friend and one who brings happiness to work." Charlotte's story is far from over. She is set to reprise her role of Betty Briggs in the new Twin Peaks series to be seen on Showtime in 2017. Throughout the year, she is a featured celebrity in fan events and festivals for Little House on the Prairie and Twin Peaks both in the U.S. and abroad. Co-author Andy Demsky is a writer and journalist, whose work has been published in the San Francisco Chronicle, Los Angeles Times magazine and Better Homes & Gardens, and he co-wrote Doug Shafer's critically acclaimed memoir, A Vineyard in Napa. "An inspiring story of survival -- through recovery from alcoholism, breast cancer, and the death of her beloved husband to how she rediscovered life, love, and the thrill of meeting her legions of prairie fans. Moving, yet hilarious, with a healthy dose of celebrity name dropping -- and enough sex to burn down the prairie!" -- Alison Arngrim, who starred alongside Charlotte in Little House on the Prairie, playing Nellie Oleson "I never knew Miss Beadle knew so much about sex, drugs, and rock-n-roll." -- Neil Young, who directed Charlotte in the classic film Human Highway "Her personal life is a movingly told story of survival. She candidly wrestles with who she was—beloved schoolteacher Miss Beadle on TV while in real life dealing with alcoholism, sex, drugs, rock 'n' roll, breast cancer and the death of one of her husbands. How she survived her own mental and moral lapses, stupidity and mistakes makes her bio absolutely one of the most honest, compelling, well written bios I've ever read." - Western Clippings

The Well-Trained Mind: A Guide to Classical Education at Home (Third Edition) Jun 11 2021 "If you're a parent who has decided to educate your children yourself, this book is the first you should buy." --Washington Times The Well-Trained Mind will instruct you, step by step, on how to give your child an academically rigorous, comprehensive education from preschool through high school—one that will train him or her to read, to think, to understand, to be well-rounded and curious about learning. Veteran home educators Jessie Wise and Susan Wise Bauer outline the classical pattern of education called the trivium, which organizes learning around the maturing capacity of the child's mind and comprises three stages: the elementary school "grammar stage," the middle school "logic stage," and the high school "rhetoric stage." Using this theory as your model, you'll be able to instruct your child in all levels of reading, writing, history, geography, mathematics, science, foreign languages, rhetoric, logic, art, and music, regardless of your own aptitude in those subjects. This newly revised edition contains completely updated ordering information for all curricula and books, new and expanded curricula recommendations, new material on using computers and distance-learning resources, answers to common questions about home education, information about educational support groups, and advice on practical matters such as working with your local school board, preparing a high school transcript, and applying to colleges.
