Third to Tumble Jan 08 2021 Welcome to Rockland Creek, where pack bonds will be tested, friends will butt heads, and love will prevail...no matter the odds. * * * Rules are meant to be broken... Unless breaking them tears an entire family apart. Finn I'm the cool-headed one. The rule-follower. The non-hormonal-raging wolf. This pack needs someone like me. We've fought creatures of the night, psychotic families and dealt with magic and the unbelievable. We're all thick as thieves, and the worst thing that could happen is getting kicked out of this little family we've created. Which is why breaking rules is not my thing. So why does Elle make me want to throw it all away? And why is it my stupid, idiotic wolf does exactly that...before I've even had a taste of her lips? Now we've got more on our hands than a love story with bad timing. Cause the shite about to go down in Rockland Creek has just hit boiling point - and I'm the catalyst. Elisandra He barges in like he owns my destiny, and yeah it's hot as sin. That Irish accent, those gorgeous eyes, it'd be easy to fall for it. Only, I don't. I may look as sweet as the baked goods I sell, but there are thorns under this armor that Finn has no idea about. Things he cannot know about, or I'll end up in the looney bin like my mom. And then things get really complicated when mysterious stranger Tytus is added to the mix, telling me stories I can't believe. They're fables, myths...but before long I'm spiraling into a web so thick, I don't know which way is up. And when the one person I can trust is hunted by a demon from his past, I'm left to rely on myself to figure it out. But what if I make the wrong choice? * * * "Alexa has mastered the art of suspense, emotional turmoil, and romance all wrapped up in a nice paranormal package." - Paradise of Pages Blog "Yes, this book does have romance but it has so much more with wonderful world building and magic!" - LiteraryDust Blog "This book deserves 10 howling stars, but I can only give 5. Every Love Story Is a Ghost Story Oct 29 2022 The acclaimed New York Times-bestselling biography and "emotionally detailed portrait of the artist as a young man" (Michiko Kakutani, The New York Times) In the first biography of the iconic David Foster Wallace, D.T. Max paints the portrait of a man, self-conscious, obsessive and struggling to find meaning. If Wallace was right when he declared he was "frightfully and thoroughly conventional," it is only because over the course of his short life and stunning career, he wrestled intimately and relentlessly with the fundamental anxiety of being human. In his characteristic lucid and quick-witted style, Max untangles Wallace's anxious sense of self, his volatile and sometimes abusive connection with women, and above all, his fraught relationship with fiction as he emerges with his masterpiece Infinite Jest. Written with the cooperation of Wallace's family and friends and with access to hundreds of unpublished letters, manuscripts and journals, this captivating biography unveils the life of the profoundly complicated man who gave voice to what we thought we could not say.

In Love With A Ghost May 24 2022 What would you do if a ghost appeared in your bedroom every night? You'd probably move house as quickly as possible and hope it doesn't follow you, right? Well, not everyone thinks the same way. Some folks out there have an entirely different reaction to that situation, and believe it or not, hundreds of them claim to be in loving relationships with entities from beyond the grave. There are those who receive regular visits from their deceased husbands and wives. Many feel no need to move on or seek new partners because they are still very much in love,

and their spouse continues to hang around. Then there are those who fall for a spirit that just happens to be haunting their home. It might sound unlikely, but increasing numbers of people find themselves in this position, and some even claim to enjoy acts of physical love with their phantom boyfriends and girlfriends. It is well known that ghosts can send a shiver down a person's spine, but what is not as well known, is that some people seem to enjoy it. This book features real stories from normal people in paranormal relationships. About the author Lee Brickley is a paranormal investigator and author of many books on different aspects of the supernatural. He regularly appears on TV shows as a ghost hunting expert, and has travelled all over the world seeking out high strangeness and documenting his experiences.

Love Potions Jan 26 2020 A little magical mischief never hurt anyone until a love potion goes terribly wrong. Magic, Mischief, and Kilts! A modern-day Scottish paranormal romance by NYT Bestselling Author Michelle M. Pillow. Erik MacGregor is from a line of ancient (and mischievous) Scottish warlocks. He isn't looking for love. After centuries of bachelorhood, it's not even a consideration... until he moves in next door to Lydia Barratt. It's clear the beauty wants nothing to do with him, but he's drawn to her and determined to win her over. The last thing Lydia needs is an alpha male type meddling in her private life. Just because he's gorgeous, wealthy, and totally rocks a kilt doesn't mean she's going to fall for his seductive charms. Humans aren't supposed to know about his family's magic or the fact he's a cat shifter. It's better if mortals don't know the paranormal exists. But when a family prank goes terribly wrong, causing Erik to succumb to a love potion, Lydia becomes the target of his sudden and embarrassingly obsessive behavior. They'll have to find a way to pull Erik out of the spell fast when it becomes clear that Lydia has more than a lovesick warlock to worry about. From the Highlands of Scotland to the valleys of Wisconsin... Book One of the Warlocks MacGregor® series by NY Times and USA TODAY Bestselling Author, Michelle M. About the Warlocks MacGregor® Series

People know magic is fake--card tricks and illusions, magicians and entertainers. But there is an older magick, a powerful force hidden from modern eyes, buried in folklore and myths, remembered by the few who practice the old ways and respect the lessons of past generations. The term "warlock" is a variation on the Old English word waerloga, primarily used by the Scots. It meant traitor, monster or deceiver. This fiction-based family includes males and females of magick. The MacGregors do not agree with how history has labeled them, or other supernaturals. To them, warlock means magick, family, and immortality. This series is not a portrayal of modern-day witchcraft or those who hold such beliefs. The MacGregors are a magickal class all their own. Warning: Contains yummy, hot, mischievous MacGregors who may or may not be wielding love potion magic in an effort to prank their older brother, and who are almost certainly up to no good on their quest to find true love.
