Darbyshire on the English Legal System Apr 21 2022 This edition of an established text provides a concise and up-to-date introduction to the English legal system. Both law students and students on vocational courses will welcome it as a highly readable and stimulating overview of the subject.

The Foundations of International Investment Law Aug 21 2019 Bringing together conceptual theories of international investment law with the practical application of the law in treaty arbitration, this book investigates the key controversies in the field. It provides a detailed examination of how a different theoretical approach would have led to a different outcome in a number of important arbitral awards.

Arbitration: A Very Short Introduction Mar 20 2022 Very Short Introductions: Brilliant, Sharp, Inspiring Arbitration is a legal dispute resolution mechanism, alternative to courts. It provides binding decisions, enforceable around the world. It is where parties take their disputes when they have agreed that courts, for one reason or another, do not suit them - which happens more often than one might think. Some of the most politically sensitive disputes on the largest scale go to arbitration. Countries which need to settle their boundaries in areas of the oceans rich in oil, gas and other resources sometimes arbitrate, and much of the war in Sudan was eventually tied up with an arbitration. Investors who have staked billions of dollars in unstable developing countries rely on arbitration clauses to protect their investments. But also much smaller, everyday cases are routinely dealt with by arbitration - millions of consumers, whether they know it or not, enter into arbitration contracts when they conclude routine transactions. Even athletes get involved in arbitration cases of great notoriety, for instance when these relate to doping offences during the Olympic Games. This Very Short Introduction explains what arbitration is, how it works, what parties who have agreed to go to arbitration should expect, the relationship between arbitration and the law, and the politics of arbitration. It also considers where the global system of arbitration is headed. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Mediation in a Nutshell Aug 25 2022 This title provides a comprehensive, yet concise examination of the primary aspects of mediation practice. In doing so, the book considers the legal, philosophical, policy and practical

issues surrounding mediation use. Matters include issues such as levels of participation in mediation, enforceability of mediated agreements, regulation of practice including ethical concerns, and a survey of the specialized applications of mediation. The extent and limits of confidentiality are examined with consideration of the Uniform Mediation Act. Each chapter also contains an extensive bibliography and listing of leading cases on each subject area.

Rules of Contract Law, 2015-2016 Statutory Supplement Mar 08 2021 Rules of Contract Law, 2015-2016 Statutory Supplement

Real property in a nutshell Sep 21 2019

Professional Catering Jan 26 2020 PROFESSIONAL CATERING equips readers with the knowledge and tools to start and position a competitive catering business. It addresses industry best practices and emerging trends while taking a practical approach to resources that can be used in implementing business plan. Beautifully illustrated with four-color photography, this easy-to-read resource is packed with Tips from the Trade, Ingredients for Success, standard operating procedures, checklists, forms, and hands-on applications designed to develop critical thinking skills. Comprehensive information is provided on each functional catering management task--planning, organizing, influencing, and controlling--helping readers strategically craft a long-term strategy to create a profitable catering operation. PROFESSIONAL CATERING is the ideal resource for managing catering profitability. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Federal Law of Employment Discrimination in a Nutshell Sep 26 2022 Reliable guide to the federal law of employment discrimination. Authoritative summary covers common law; labor relations; public employees and the Constitution; statutes; the Equal Employment Opportunity Commission (EEOC); express use of proscribed classifications and justifications; disparative impact; conditions of employment; harassment; race and color; national origin; religion; disabilities; Age Discrimination Act; retaliation; remedies; and procedures.

Labor Law in a Nutshell May 22 2022 Leslie's Labor Law reviews the early regulations set up to guide employee-employer relations and provides a snapshot for the structure and procedure of the modern-day National Labor Relations Board (NLRB). Expert commentary offers insight into the primary legal issues such as picketing, employer responses, and the duty to bargain.

Basic Guide to the National Labor Relations Act Aug 13 2021

Carbonneau on Arbitration Feb 19 2022 A companion to Carbonneau on International Arbitration: Collected Essays, the essays in this volume represent the majority of the author's scholarly writings on the topic of U.S. arbitration law. They reflect his three decades of experience as a law professor and as the Editor-in-Chief of the World Arbitration & Mediation Report (renamed Review) and the Journal of American Arbitration. Each one tackles an aspect of the debate about the role of arbitral adjudication in contemporary American society and provides an assessment of the evolution and content of the U.S. law of arbitration. In particular, Carbonneau on Arbitration: Collected Essays examines the work of the U.S. Supreme Court in arbitration and provides a critical, but balanced, assessment of that decisional law. The chapters of this volume represent the majority of the author's scholarly writings on international commercial arbitration over thirty years. The chapters address various major issues and themes of transborder arbitration law, including (1) the importance of courts in developing and maintaining a legal culture that is hospitable to arbitration, (2) arbitration as a complete legal system, (3) the increasing use of arbitration to resolve political or mixed political and commercial disputes, and (4) the "judicialization" of arbitration. Some of the chapters are of a recent vintage, while others were written a decade or two ago. Whatever their date of production, these essays are of continuing interest to practitioners in and scholars of the field.

European Corporate Law Jun 11 2021 This fully updated new edition provides the best-known practical overview of the law regarding companies, business activities, and capital markets in Europe, at both the European Union (EU) and Member State levels. It incorporates analysis of recent developments including the impact of global initiatives in such aspects of the corporate environment as regulation of financial institutions and non-financial reporting obligations with a view to sustainability and other social responsibility concerns. The authors, all leading experts in European corporate law, describe current and emerging trends in such areas of corporate law practice as the following: - rules on cross-border mergers; - employee involvement in business activities; - the initiatives by the Organisation for Economic Co-operation and Development (OECD) and the EU to curb tax avoidance; - Member States' implementation of EU legislation; - a company's freedom to incorporate in a

jurisdiction not its own; - competition among the legal forms of different Member States; and - safeguarding of employee involvement in cross-border transactions. With respect to national law, the laws of Belgium, France, Germany, the Netherlands, Poland, Spain, and the United Kingdom are taken into account; Italy is now included in this new edition. As in earlier editions, the authors demonstrate that analysis and comparison of national corporate laws yield highly valuable general principles and observations, not least because business organizations, wherever located, tend to show a fundamentally similar set of legal characteristics. The Third Edition will continue to be of great value to practitioners and academics who wish to acquire a better understanding of European corporate law, in its supranational dimension as well as in the similarities and differences among the various national legal systems.

Employment Law in a Nutshell Oct 23 2019 This nutshell provides an overview of individual employee rights. Expert author Robert Covington focuses on the problem areas, such as physical safety, privacy and reputation, discrimination, individual rights protections in collective action statutes, termination of employment, and pensions. This edition contains new sections on restrictive covenants, trade secrets, and a short chapter on remedies.

Workers in America: A Historical Encyclopedia [2 volumes] Nov 04 2020 This encyclopedia traces the evolution of American workers and labor organizations from pre-Revolutionary America through the present day. • Suggested reading for each entry, including both print and online resources • A chronology of important labor highlights • 350 entries covering key topics

Section 1983 Litigation in a Nutshell Sep 02 2020

Arbitration in a Nutshell Nov 28 2022 The Nutshell on Arbitration Law is a concentrated summary of all the major aspects of the U.S. law of arbitration. It addresses the major facets of the law---for example, freedom of contract, federal preemption, and wide-ranging arbitrability---with a thorough sense of the relevant case law and the ultimately applicable legal rules. It identifies the various forms of arbitration---labor, commercial, employment, consumer, and securities---with a full awareness of their unifying characteristics and the features that make them unique. The volume also states the various dimensions of the current debate about arbitration within the court system and the legislature. In particular, the book highlights the instrumental role of the U.S. Supreme Court in bringing arbitration to a new day. The book is concise and complete---a must red for anyone interested in arbitration.

Labor and Employment Arbitration Jun 23 2022 The new Second Edition of Labor & Employment Arbitration is an indispensable guide to all aspects of labor & employment arbitration. Substantially revised to give greater in-depth coverage & with contributions from experts in the field, this authoritative treatise provides: Also available on Authority Employment Law Library CD-ROM.

Labour Law in the USA May 10 2021 Derived from the renowned multi-volume International Encyclopaedia of Laws, this monograph on the USA not only describes and analyses the legal aspects of labour relations, but also examines labour relations practices and developing trends. It provides a survey of the subject that is both usefully brief and sufficiently detailed to answer most questions likely to arise in any pertinent legal setting. Both individual and collective labour relations are covered in ample detail, with attention to such underlying and pervasive factors as employment contracts, suspension of the contracts, dismissal laws and covenant of non-competition, as well as international private law. The author describes all important details of the law governing hours and wages, benefits, intellectual property implications, trade union activity, employers' associations, workers' participation, collective bargaining, industrial disputes, and much more. Building on a clear overview of labour law and labour relations, the book offers practical guidance on which sound preliminary decisions may be based. It will find a ready readership among lawyers representing parties with interests in the USA, and academics and researchers will appreciate its value in the study of comparative trends in laws affecting labour and labour relations.

Administrative Law and Process in a Nutshell Feb 07 2021 This book offers a concise, knowledgeable guide to the laws governing administrative agencies. In straightforward, readable prose, the authors not only summarize the dominant statutes and case law in the area, but also discuss informal administrative processes and the background realities of the regulatory state. Students can use the book as a complement to any major casebook, and practitioners will also find it an excellent brief introduction to this often confusing subject.

Effective Altruism Apr 09 2021 This is the first collective study of the thinking behind the effective altruism movement. This movement comprises a growing global community of people who organise significant parts of their lives around the two key concepts represented in its name. Altruism is the idea that if we use a significant portion of the resources in our possession—whether money, time, or talents—with a view to helping others then we can improve the world considerably. When we do put such resources to altruistic use, it is crucial to focus on how much good this or that intervention is reasonably expected to do per unit of resource expended (as a gauge of effectiveness). We can try to rank various possible actions against each other to establish which will do the most

good with the resources expended. Thus we could aim to rank various possible kinds of action to alleviate poverty against one another, or against actions aimed at very different types of outcome, focused perhaps on animal welfare or future generations. The scale and organisation of the effective altruism movement encourage careful dialogue on questions that have perhaps long been there, throwing them into new and sharper relief, and giving rise to previously unnoticed questions. In this volume a team of internationally recognised philosophers, economists, and political theorists present refined and in-depth explorations of issues that arise once one takes seriously the twin ideas of altruistic commitment and effectiveness.

Labor Arbitration Law and Practice in a Nutshell Oct 27 2022

Principles of Employment Law Nov 16 2021 This book provides a comprehensive overview of employment law and is a useful supplement to any employment law casebook. The book is divided into six chapters. Chapter 1 examines who is an employee and who is an employer. Chapter 2 analyzes the employment-at-will doctrine and job security claims. Chapter 3 focuses on privacy, autonomy, and dignity. Chapter 4 analyzes claims that employers may have against employees. Chapter 5 discusses employment terms and benefits that are directly mandated by law, like minimum wage, or strongly encouraged or regulated by law, such as pensions. Finally, Chapter 6 examines workplace health and safety.

Labor and Employment Arbitration in a Nutshell Dec 29 2022 Labor and employment arbitration law simplified. Authoritative coverage provides a description of the origin, development, and practice of labor and employment arbitration. Text focuses on the fundamentals of the labor and employment arbitration process and explores the major arbitration law issues, their importance, and the conflicting opinions on them.

The 4 Disciplines of Execution Oct 03 2020 BUSINESS STRATEGY. "The 4 Disciplines of Execution" offers the what but also how effective execution is achieved. They share numerous examples of companies that have done just that, not once, but over and over again. This is a book that every leader should read! (Clayton Christensen, Professor, Harvard Business School, and author of "The Innovator's Dilemma.") Do you remember the last major initiative you watched die in your organization? Did it go down with a loud crash? Or was it slowly and quietly suffocated by other competing priorities? By the time it finally disappeared, it's likely no one even noticed. What happened? The whirlwind of urgent activity required to keep things running day-to-day devoured all the time and energy you needed to invest in executing your strategy for tomorrow. "The 4 Disciplines of Execution" can change all that forever.

LAW OF WORK. Nov 23 2019

Equity and Trusts Oct 15 2021 This book is a revision tool for students, summarising the essential components of the law of Equity and Trusts. It is a user-friendly, accurate and concise work that will be an invaluable study aid. It has chapters on all the main examinable topics and an analysis of the important cases in each area. Designed with the busy student in mind, the Nutshell is perfect for exam preparation, with brief, clear explanations of key exam topics throughout. The first edition has been redesigned and updated to include a number of significant decisions that have been recently delivered, as well as legislative developments, such as the enactment of the Land and Conveyancing Law Reform Act 2009 and the Charities Act 2009. Author Miriam Dowling BA (Hons) works for Pearts Solicitors, Dublin.

Alternative Dispute Resolution in the Employment Arena Sep 14 2021 This volume, which reprints the proceedings of the New York University 53rd Annual Conference on Labour, features work that provides data to answer many of the questions that form the basis of many of the policy arguments. The contributors explore solutions to problems in the American workplace.

The Law of Higher Education, 2 Volumes Mar 28 2020 This fourth edition of the indispensable guide to the laws that bear on the conduct of higher education provides a revised and up-to-date reference, research source, and guide for administrators, attorneys, and researchers. The book is also widely used as a text for graduate courses on higher education law in programs preparing higher education administrators for leadership roles. This new edition includes new and expanded sections on laws related to: * religious issues * alternative dispute resolution * the college and its employees * collective bargaining at religious and private colleges * whistleblower and other employee protections * personal liability of employees * nondiscrimination and affirmative action in employment * campus technology and computer networks * disabilities * student academic freedom * freedom of speech and hate speech * student organizations' rights, responsibilities, and activities fees * athletes' rights * USA patriot act and immigration status * public institutions and zoning regulations * regulation of research * coverage of retaliatory and extraterritorial acts * federal civil rights statutes

Contract Law Jul 24 2022 Utilizing topical practical examples throughout, this volume provides a detailed account of contract law, explaining the fundamental principles and how the law operates in practice. It focuses on UK common law, but covers relevant EU law and makes comparisons with other common law jurisdictions.

Student Lawyer Feb 25 2020

Immigration, Free Movement of Persons, and Citizenship Law Dec 17 2021

The Iliad in a Nutshell Jan 18 2022 A new, illustrated study of the Iliad tablets, a group of objects inscribed in miniature with epic episodes. Like the tablets themselves, Michael Squire tackles major themes through small ones, by relating their production to macroscopic problems of signification in Graeco-Roman antiquity.

Getting to Yes Jun 30 2020 Describes a method of negotiation that isolates problems, focuses on interests, creates new options, and uses objective criteria to help two parties reach an agreement.

Principled Labor Law Jul 12 2021 The gig economy, precarious work, and nonstandard employment have forced labor law scholars to rethink their discipline. Classical remedies for unequal power, capabilities approaches, "third way" market regulation, and laissez-faire all now vie for attention - at least in English. Despite a deep history of labor activism, Latin American scholarship has had scant presence in these debates. This book introduces to an English-language audience another approach: principled labor law, based on Latin American perspectives, using a jurisprudential method focused on worker protection. The authors apply this methodology to the least likely case of labor-protective jurisprudence in the industrialized world: the United States. In doing so, Gamonal and Rosado focus on the Thirteenth Amendment as a labor-protective constitutional provision, the National Labor Relations Act, and the Fair Labor Standards Act. This book shows how principled labor law can provide a clear and simple method for consistent, labor-protective jurisprudence in the United States and beyond.

Employment Discrimination Law May 30 2020

The Law of Higher Education Jan 06 2021 Your must-have resource on the law of higher education Written by recognized experts in the field, the latest edition of *The Law of Higher Education* offers college administrators, legal counsel, and researchers with the most up-to-date, comprehensive coverage of the legal implications of administrative decision making. In the increasingly litigious environment of higher education, William A. Kaplin and Barbara A. Lee's clear, cogent, and contextualized legal guide proves more and more indispensable every year. Two new authors, Neal H. Hutchens and Jacob H. Rooksby, have joined the Kaplin and Lee team to provide additional coverage of important developments in higher education law. From hate speech to student suicide, from intellectual property developments to issues involving FERPA, this comprehensive resource helps ensure you're ready for anything that may come your way. Includes new material since publication of the previous edition Covers Title IX developments and intellectual property Explores new protections for gay and transgender students and employees Delves into free speech rights of faculty and students in public universities Expands the discussion of faculty academic freedom, student academic freedom, and institutional academic freedom If this book isn't on your shelf, it needs to be.

Unexplored Dimensions of Discrimination Apr 28 2020 Using newly collected and existing data and modern econometric approaches, this book analyses the gender wage gap as well as less explored dimensions of discrimination such as religion, sexual orientation, and physical appearance. Part One focuses on gender. Using a newly collected database for Italy, it analyses the relevance of transition from school to work, and in particular the choice of college major, in determining the gender earning gap. It also analyses the role of family and of discrimination on the job as a potential source of this gap, using additional data from Spain and the US. Part Two analyses different forms of discrimination towards individuals in the labor market. In particular, it examines the potential for discrimination of sexual orientation, religion, and physical appearance and weight. The analysis is conducted by means of a survey of the existing literature and by an empirical analysis, using European data as well as Italian data collected through an experimental design.

Genetics and the Literary Imagination Dec 25 2019 Oxford Textual Perspectives is a series of informative and provocative studies focused upon literary texts (conceived of in the broadest sense of that term) and the technologies, cultures, and communities that produce, inform, and receive them. It provides fresh interpretations of fundamental works and of the vital and challenging issues emerging in English literary studies. By engaging with the materiality of the literary text, its production, and reception history, and frequently testing and exploring the boundaries of the notion of text itself, the volumes in the series question familiar frameworks and provide innovative interpretations of both canonical and less well-known works. This is the first book to explore the dramatic impact of genetics on literary fiction over the past four decades. After James Watson and Francis Crick's discovery of the structure of DNA in 1953 and the subsequent cracking of the genetic code, a gene-centric discourse developed which had a major impact not only on biological science but on wider culture. As figures like E. O. Wilson and Richard Dawkins popularised the neo-Darwinian view that behaviour was driven by genetic self-interest, novelists were both compelled and unnerved by such a vision of the origins and ends of life. This book maps the ways in which Doris Lessing, A.S. Byatt, Ian McEwan, and Kazuo Ishiguro wrestled with the reductionist neo-Darwinian account of human nature and with the challenge it posed to humanist beliefs about identity,

agency, and morality. It argues that these novelists were alienated to varying degrees by neo-Darwinian arguments but that the recent shift to postgenomic science has enabled a greater rapprochement between biological and (post)humanist concepts of human nature. The postgenomic view of organisms as agentic and interactive is echoed in the life-writing of Margaret Drabble and Jackie Kay, which also explores the ethical implications of this holistic biological perspective. As advances in postgenomics, especially epigenetics, provoke increasing public interest and concern, this book offers a timely analysis of debates that have fundamentally altered our understanding of what it means to be human.

Labor Arbitration Awards Aug 01 2020

The Law of Higher Education, A Comprehensive Guide to Legal Implications of Administrative Decision Making Dec 05 2020 Your must-have resource on the law of higher education Written by recognized experts in the field, the latest edition of *The Law of Higher Education, Vol. 1* offers college administrators, legal counsel, and researchers with the most up-to-date, comprehensive coverage of the legal implications of administrative decision making. In the increasingly litigious environment of higher education, William A. Kaplin and Barbara A. Lee's clear, cogent, and contextualized legal guide proves more and more indispensable every year. Two new authors, Neal H. Hutchens and Jacob H Rooksby, have joined the Kaplin and Lee team to provide additional coverage of important developments in higher education law. From hate speech to student suicide, from intellectual property developments to issues involving FERPA, this comprehensive resource helps ensure you're ready for anything that may come your way. Includes new material since publication of the previous edition Covers Title IX developments and intellectual property Explores new protections for gay and transgender students and employees Delves into free speech rights of faculty and students in public universities Expands the discussion of faculty academic freedom, student academic freedom, and institutional academic freedom Part of a 2 volume set If this book isn't on your shelf, it needs to be.
