### **The Essentials of Contemporary Marketing**

Feb 27 2020 An essential guide to contemporary marketing that demonstrates, via case studies, the move towards marketing techniques that better reflect consumer needs. As the effectiveness of traditional marketing techniques continues to diminish, contemporary marketing increasingly becomes the most reliable method of expanding outreach and reflecting the needs of the modern consumer. When implemented, these contemporary strategies offer the greatest support for their client base, with a product range that adapts to the desires of the target market. The channels used to underpin these strategies are also radically different from traditional methods - placing emphasis upon platforms such as social media. Designed for both undergraduate and postgraduate students,

as well as those in executive education and general business, *The Essentials of Contemporary Marketing* covers a wide range of themes, including: - Consumer behaviour - The latest marketing research - Services marketing - Brand management - Global marketing, and - Ethics in marketing. Each chapter includes case studies to illustrate and contextualise the topics covered, featuring companies as diverse as Amazon, McLaren, Unilever, UBS and Virgin Money. In alignment with its subject matter, *The Essentials of Contemporary Marketing* prioritises practicality over theory-based content - providing a comprehensive and contextualised insight into how marketing is developing in the 21st century.

Management: the Essentials Jun 12 2021

Robbins *Management: The Essentials* covers the concepts essential to management in the 21st century in a fresh, lively format that's perfectly suited to a typical university semester. The second edition features new and in-depth

coverage of sustainability, ethics and corporate social responsibility and new case studies from local and international businesses.

**The Essentials of a Pleasing Personality** Jun 24 2022

**Understanding Research Methods** Mar 29 2020 A perennial bestseller since 1997, this updated tenth edition of Understanding Research Methods provides a detailed overview of all the important concepts traditionally covered in a research methods class. It covers the principles of both qualitative and quantitative research, and how to interpret statistics without computations, so is suitable for all students regardless of their math background. The book is organized so that each concept is treated independently and can be used in any order without resulting in gaps in knowledge—allowing it to be easily and precisely adapted to any course. It uses lively examples on contemporary topics to stimulate students' interest, and engages them by showing the

relevance of research methods to their everyday lives. Numerous case studies and end-of-section exercises help students master the material and encourage classroom discussion. The text is divided into short, independent topic sections, making it easy for you to adapt the material to your own teaching needs and customize assignments to the aspect of qualitative or quantitative methods under study—helping to improve students' comprehension and retention of difficult concepts. Additional online PowerPoint slides and test bank questions make this a complete resource for introducing students to research methods. New to this edition: New topic section on design decisions in research Additional material on production of knowledge and research methods Significant development of material on ethical considerations in research Fresh and contemporary examples from a wide variety of real, published research Topic-specific exercises at the end of each section now include

suggestions for further steps researchers can take as they build their research project.

### **The Essentials of Academic Writing for**

**International Students** Feb 06 2021 Most international students need to write essays and reports for exams and coursework, but writing good academic English is one of the most demanding tasks students face. The Essentials of Academic Writing for International Students has been developed to help these students succeed in their assignments—quickly! This course has a clear, easy-to-follow structure. In the first part, Process and Skills, each stage of the writing process is demonstrated and practised, from selecting suitable sources, reading, note-making and planning through to re-writing and proof-reading. Each unit contains examples, explanations and exercises, for use in the classroom or for self-study. The units are clearly organised to allow teachers and students find the help they need with writing tasks. The

second part of the book, Elements of Writing, deals with key areas for improving accuracy, such as academic vocabulary, using numbers and punctuation. This section can be linked with the first part or used for reference or self-study. All international students wanting to maximise their academic potential will find this practical and easy-to-use book an invaluable guide to writing in English for their degree courses. All elements of writing are clearly explained Full range of practice exercises, with answer key included Use of authentic academic texts and examples Fully up-to-date, with sections on finding electronic sources and evaluating internet material

Body CT The Essentials Dec 27 2019 A

PRACTICAL, CLINICALLY RELEVANT  
COMPUTED TOMOGRAPHY PRIMER Body CT:  
The Essentials delivers an up-to-date, detailed,

and practical review of CT imaging of the chest, abdomen, and pelvis. It will prove especially valuable to trainees in diagnostic radiology and practicing radiologists with an interest in body imaging. Primarily organized by organ system, *Body CT: The Essentials* also includes important technical chapters that review intravenous contrast administration, scan parameters, and radiation physics that enable you to perform quality studies with minimum patient radiation exposure. Each organ-specific chapter incorporates the latest advances in CT imaging and recommendations or guidelines for imaging, as well as follow-up findings. Tables found within the chapters include differential diagnosis, and each chapter concludes with suggested readings for a more detailed discussion of the topic. Here's why this is the perfect CT primer: Enhanced by more than 450 images Emphasizes the appropriateness and role of CT relative to other imaging modalities and protocols Includes coverage of the latest technologies such as

cardiac CT, CT colonography, and CT enterography Focuses on the most practical concepts related to generating a concise, accurate differential diagnosis and relevant report

### **The Essentials of Knowledge Management**

Nov 05 2020 This book reviews the field of Knowledge Management, taking a holistic approach that includes both "soft" and "hard" aspects. It provides a broad perspective on the field, rather than one based on a single viewpoints from Computer Science or Organizational Learning, offering a comprehensive and integrated conception of Knowledge Management. The chapters represent the best Knowledge Management articles published in the 21st century in Knowledge Management Research & Practice and the European Journal of Information Systems, with contributors including Ikujiro Nonaka, Frada Burstein, and David Schwartz. Most of the chapters contribute significantly to

practise as well as theory. The OR Essentials series presents a unique cross-section of high quality research work fundamental to understanding contemporary issues and research across a range of Operational Research topics. It brings together some of the best research papers from the highly respected journals of the Operational Research Society, also published by Palgrave Macmillan.

Political Writing: A Guide to the Essentials Mar 10 2021 Writing well, and persuasively, is not only a discipline that can be learned, it is one deeply rooted in the classical arts of rhetoric and polemic. This book introduces the essential skills, rules, and steps for producing effective political prose appropriate to many contexts, from the editorial, the op-ed, and the polemical essay to others both weighty and seemingly slight.

Just the Essentials Apr 10 2021 The author of Skin Cleanse returns with a comprehensive guide to the ultimate ingredient for living an all-

natural, plant-based lifestyle: essential oils. In Just the Essentials, Adina Grigore, owner and founder of the wildly popular all-natural skincare line SW Basics, presents a 21st-century guide to these ancient oils. A former essential oils skeptic, Grigore offers a fresh, fun, and authoritative overview of what they are and how they can be easily incorporated into anyone's life. From plant-based medicine to all-natural skincare to safer and cleaner household products to aromatherapy, this handy and entertaining guide provides detailed advice for a wide array of oils, safety guidelines, and a range of do-it-yourself recipes to get started. Inside you'll discover such fun facts as: Tea tree oil is a powerful antibacterial that is proven to be as effective for treating acne as benzoyl peroxide; it also kills oral bacteria and is a life-saver for tooth infections. Cinnamon oil is a circulation-booster that helps to ease everyday aches and pains as well as headaches (even migraines). Peppermint oil is brimming with antimicrobial

properties; peppermint oil can be used for everything from alleviating digestive problems to cleaning your kitchen counters. With lists of the best oils for beginners; instructions for diffusing and safe handling; and DIY recipes from dish soap to toothpaste to facial masks, Just the Essentials makes it easy and enjoyable to reap the many benefits of these pure plant extracts.

The Essentials of Project Management Jul 26 2022

**The Essentials of Materia Medica, Pharmacology and Therapeutics** Dec 07 2020  
**The Essentials of Project Management** Oct 29 2022 In recent years organizations of all kinds have learned that project working, once considered significant only for engineering and construction companies, can help to ensure that the intended benefits of business change will be realized in full and on time. This development means that more people than ever before need

to understand the basic process, language and purpose of project working. That awareness is important not only for those actually engaged in project work, in all sectors of industry and commerce, but also for senior managers, project sponsors and the other stakeholders. The fourth edition of Essentials of Project Management is the junior complement to Dennis Lock's comprehensive, successful and encyclopaedic textbook, Project Management (now in its Tenth Edition). Essentials provides a concise, straightforward account of the principles and techniques of project management, designed to meet the needs of the business manager or student. Using examples and illustrations, the author introduces the key project management procedures and explains clearly how and when to use them. The Essentials of Project Management remains the ideal first text for anyone new to project working or students studying project management as part of a wider business qualification or degree.

The Essentials of Materia Medica and Therapeutics for Nurses Aug 15 2021  
About Face May 12 2021 The essential interaction design guide, fully revised and updated for the mobile age About Face: The Essentials of Interaction Design, Fourth Edition is the latest update to the book that shaped and evolved the landscape of interaction design. This comprehensive guide takes the worldwide shift to smartphones and tablets into account. New information includes discussions on mobile apps, touch interfaces, screen size considerations, and more. The new full-color interior and unique layout better illustrate modern design concepts. The interaction design profession is blooming with the success of design-intensive companies, priming customers to expect "design" as a critical ingredient of marketplace success. Consumers have little tolerance for websites, apps, and devices that don't live up to their expectations, and the responding shift in business philosophy has become widespread.

About Face is the book that brought interaction design out of the research labs and into the everyday lexicon, and the updated Fourth Edition continues to lead the way with ideas and methods relevant to today's design practitioners and developers. Updated information includes: Contemporary interface, interaction, and product design methods Design for mobile platforms and consumer electronics State-of-the-art interface recommendations and up-to-date examples Updated Goal-Directed Design methodology Designers and developers looking to remain relevant through the current shift in consumer technology habits will find About Face to be a comprehensive, essential resource.

**Essentials of the Eight Traditions, The; The Candle of the Latter Dharma** Nov 17 2021

This volume includes two titles. The Essentials of the Eight Schools gives a concise account of the history and doctrines of the eight principal Buddhist schools in existence in Japan at the time of the author, i.e. the six schools which

were introduced to Japan during the Nara Period and the two schools introduced by Saichō and Kūkai during the Heian Period. This work may thus be described as an introduction to Japanese Buddhism. Fascicle 1 contains a preface and accounts of the Kusha, Jōjitsu and Discipline Schools, and Fascicle 2 deals with the Hossō, Sanron, Tendai, Kegon and Shingon Schools, followed by brief comments on the Zen and Pure Land Schools. The work takes the format of questions and answers, discussing such subjects as the name, basic scriptures, lines of transmission, and doctrines of each school. Since a brief history of the transmission of Buddhism from India via China to Japan is also included, it serves in fact as a very handy exposition of Japanese Buddhism. The Candle of the Latter Dharma is a criticism of the strict adherence by the Buddhist schools based in Nara to the rules of the Hīnayāna tradition regulating monastic ordination. There is within Buddhism the idea that following Śākyamuni's

death the practice of his true teachings will gradually be neglected, passing through the three periods of 'True Law, ' 'Imitative Law' and 'Last Law.' In the present Treatise on the Lamp for the Latter Days of the Law the author asserts that, since the latter days of the Law are fast approaching, non-observance of the monastic precepts does not necessarily result in disqualification as a monk. This way of thinking won ready favor within the new Buddhist schools of the Kamakura Period, and many religious leaders of the period quoted this work in their own writings in order to justify the state of monks in the latter days of the Law. Thus one can say that this work exerted considerable influence upon the attitude towards monastic discipline in later Japanese Buddhism. However, it is still a matter of dispute whether it was in fact composed by Saichō, and the question still awaits a conclusive answer.

Leadership Essentials Jul 02 2020 Maybe you've shied away from leadership because you don't

know what it will involve, or you feel too unsure of your own abilities. But your leadership is needed! Designed to work well on your own, with a partner or with a group, this twelve-session workbook is the essential preparation tool for those who would be led and shaped by Christ to lead others with strength and wisdom. **A Little Tea Book** Sep 03 2020 From tea guru Sebastian Beckwith and New York Times bestsellers Caroline Paul and Wendy MacNaughton comes the essential guide to exploring and enjoying the vast world of tea. Tea, the most popular beverage in the world after water, has brought nations to war, defined cultures, bankrupted coffers, and toppled kings. And yet in many ways this fragrantly comforting and storied brew remains elusive, even to its devotees. As down-to-earth yet stylishly refined as the drink itself, A Little Tea Book submerges readers into tea, exploring its varieties, subtleties, and pleasures right down to the process of selecting and brewing the perfect

cup. From orange pekoe to pu-erh, tea expert Sebastian Beckwith provides surprising tips, fun facts, and flavorful recipes to launch dabblers and connoisseurs alike on a journey of taste and appreciation. Along with writer and fellow tea-enthusiast Caroline Paul, Beckwith walks us through the cultural and political history of the elixir that has touched every corner of the world. Featuring featuring charming, colorful charts, graphs, and illustrations by bestselling illustrator Wendy MacNaughton and Beckwith's sumptuous photographs, A Little Tea Book is a friendly, handsome, and illuminating primer with a dash of sass and sophistication. Cheers!

### **Political Writing: A Guide to the Essentials**

Jan 26 2020 Writing well, and persuasively, is not only a discipline that can be learned, it is one deeply rooted in the classical arts of rhetoric and polemic. This book introduces the essential skills, rules, and steps for producing effective political prose appropriate to many contexts, from the editorial, the op-ed, and the polemical

essay to others both weighty and seemingly slight.

### **The Essentials of Social Finance** Apr 30 2020

The Essentials of Social Finance provides an interesting, accessible overview of this fascinating ecosystem, blending insights from finance and social entrepreneurship. It highlights the key challenges facing social finance, while also showcasing its vast opportunities. Topics covered include microfinance, venture philanthropy, social impact bonds, crowdfunding, and impact

measurement. Case studies are peppered throughout, and a balance of US, European, Asian, and Islamic perspectives are included. Each chapter contains learning objectives, discussion questions, and a list of key terms. There is also an appendix explaining key financial concepts for readers without a background in the subject, as well as downloadable PowerPoint slides to accompany each chapter. This will be a valuable text for students of finance, investment, social entrepreneurship, social innovation, and related areas. It will also be useful to researchers, professionals, and policy-makers interested in social finance.
