Loose-Leaf Version for Fundamentals of Abnormal Psychology Apr 16 2021 The #1 bestselling author of introductory textbooks in abnormal psychology, Ron Comer is remarkably skillful at communicating the scientific foundations, the clinical realities, and the human cost of psychological dysfunction. In this new edition of his brief text, Comer again draws on his experience as an educator, researcher, and practicing therapist to cover the basic concepts of psychopathology in a way that is scientifically sound, widely accessible, and extraordinarily empathetic. The new edition features Comer's signature integration of theory, diagnosis, and treatment, as well as his broadly inclusive cross-cultural perspective. In addition to updated coverage throughout, it offers a number of features created under Comer's supervision that bring fresh, effective new teaching approaches to the text and accompanying media, including infographics (large-scale step by step illustrations of complex concepts), video case studies and activities, and the new online feature, Clinical Choices, which puts students in the role of clinical psychologist.

Killers of the King Dec 25 2021 January, 1649. After seven years of fighting in the bloodiest war in Britain's history, Parliament had overpowered King Charles I and now faced a problem: what to do with a defeated king, a king who refused to surrender? Parliamentarians resolved to do the unthinkable, to disregard the Divine Right of Kings and hold Charles I to account for the appalling suffering and slaughter endured by his people. A tribunal of 135 men was hastily gathered in London, and although Charles refused to acknowledge the power of his subjects to try him, the death sentence was unanimously passed. On an icy winter's day on a scaffold outside Whitehall, in an event unique in English history, the King of England was executed. When the dead king's son, Charles II, was restored to the throne, he set about enacting a deadly wave of retribution against all those - the lawyers, the judges, the officers on the scaffold - responsible for his father's death. Some of the 'regicides' - the killers of the king - pleaded for mercy, while others stoically awaited their sentence. Many went into hiding in England, or fled to Europe or America. Those who were caught and condemned suffered agonising and degrading ends, while others saw out their days in hellish captivity. Bestselling historian Charles Spencer explores this violent clash of ideals through the individuals whose fates were determined by that one, momentous decision. A powerful tale of revenge from the dark heart of royal history and a fascinating insight into the dangers of political and religious allegiance in Stuart England, these are the shocking stories of the men who dared to kill a king.

Math Expressions Feb 12 2021 Research is clear: communication is an essential mathematical process. Labour and Employment Compliance in Australia Nov 11 2020 Detailed attention to compliance with labour and employment laws is crucial for success in setting up business in a foreign country. This book-one of a series derived from Kluwer's matchless publication International Labour and Employment Compliance Handbook-focuses on the relevant laws and regulations in Australia. It is thoroughly practical in orientation. Employers and their counsel can be assured that it fulfills the need for accurate and detailed knowledge of laws in Australia on all aspects of employment, from recruiting to termination, working conditions, compensation and benefits to collective bargaining. The volume proceeds in a logical sequence through such topics as the following: written and oral contracts interviewing and screening evaluations and warnings severance pay reductions in force temporary workers trade union rights wage and hour laws employee benefits workers' compensation safety and environmental regulations immigration law compliance restrictive covenants anti-discrimination laws employee privacy rights dispute resolution recordkeeping requirements A wealth of practical features such as checklists of do's and don'ts, step-by-step compliance measures, applicable fines and penalties, and much more contribute to the book's day-to-day usefulness. Easy to understand for lawyers and non-lawyers alike, this book is sure to be welcomed by business executives and human resources professionals, as well as by corporate counsel and business lawyers.

Dissertations on the Foederal Transactions Between God and His Church Nov 23 2021

A Texan's Story Oct 03 2022 Walter Prescott Webb (1888-1963), a towering figure in Texas and western history and letters, published an abundance of books—but for decades the autobiography he'd written late in life sat largely undisturbed among his papers. Webb's remarkable story appears here in print for the first time, edited and annotated by Michael Collins, an authority on Texas history. This firsthand account offers readers a window on the life, the work, and the world of one of the most interesting thinkers in the history, and historiography, of Texas. Webb's narrative carries us from the drought-scarred rim of West Texas known as the Cross Timbers, to the hardscrabble farm life that formed him, to the bright lights of Austin and the University of Texas, where he truly came of age. Fascinating for the picture it summons of the Texas of his youth and the intellectual landscape of his career, Webb's autobiography also offers intriguing insights into the way his epic work, The Great Plains, evolved. He also describes the struggle behind his groundbreaking history of that storied frontier fighting force the Texas Rangers. Along the way, Webb reflects on the nature of historical research, the role that Texas and the West have played in American history, the importance of education, and the place of universities in our national culture. More than a rare encounter with a true American character's life and thought, A Texan's Story is also a uniquely enlightening look into the understanding, writing, and teaching of western American history in its formative years.

The Making of Pakistan Aug 21 2021

Euripides: Electra. Orestes. Iphigeneia in Taurica. Andromache. Cyclops Apr 04 2020

Kyle's Little Sister May 06 2020 My name is Grace, not "Kyle's little sister!" Having a good-looking, friendly, outgoing older brother sucks--especially when you're the total opposite, someone who likes staying home and playing video games. Your parents like him better (even if they deny it!), and everyone calls you "Kyle's little sister" while looking disappointed that you're not more like him. I was really hoping I'd get to go to a different middle school, but no such luck. At least I have my friends...until he finds a way to ruin that, too...! Argh! What do I have to do to get out of his shadow?!

Student Teams That Get Results Mar 28 2022 Integrating effective grouping strategies with research-based practices, this resource provides more than tools that help diverse students work cooperatively and learn together in differentiated classrooms.
