Revisiting Museums of Influence Feb 26 2022 *Revisiting Museums of Influence* presents 50 portraits of a range of European museums that have made striking innovations in public quality over the past 40 years. In so doing, the book demonstrates that excellence can be found in museums no matter their subject matter, scale, or source of funding. Written by leading professionals in the field of museology, who have acted as judges for the European Museum of the Year Award, the portraits describe museums that had, or should have had, an influence on other museums around the world. The portraits aim to capture the moment when this potential was identified, and the introduction will locate the institutions in the wider history of museums in Europe over the period, as well as drawing out common themes of change and innovation that unite the portraits. Providing many very diverse portraits, *Revisiting Museums of Influence* captures the immense capacity of the museum to respond to changing societal needs. As a result, the book will be essential reading for students of museology and museum professionals around the world in shaping the museums they wish to create. Scholars and students of art history, archaeology, ethnography, anthropology, cultural and visual studies, architecture, memory studies and history will also find much to interest them.

The Fourth Industrial Revolution Aug 03 2022 The founder and executive chairman of the World Economic Forum on how the impending technological revolution will change our lives. We are on the brink of the Fourth Industrial Revolution. And this one will be unlike any other in human history. Characterized by new technologies fusing the physical, digital and biological worlds, the Fourth Industrial Revolution will impact all disciplines, economies and industries - and it will do so at an unprecedented rate. World Economic Forum data predicts that by 2025 we will see: commercial use of nanomaterials 200 times stronger than steel and a million times thinner than human hair; the first transplant of a 3D-printed liver; 10% of all cars on US roads being driverless; and much more besides. In *The Fourth Industrial Revolution*, Schwab outlines the key technologies driving this revolution, discusses the major impacts on governments, businesses, civil society and individuals, and offers bold ideas for what can be done to shape a better future for all.

Four Decades in the Dental Profession Jan 28 2022 This book is a memoir that documents the experiences of Dr. Adejoke Fatunde following her graduation from the University of Ibadan Dental School in Nigeria in 1980. In the introduction, we get a glimpse of her educational foundation and the role that her family and upbringing played in preparing her for the future. Afterward, it tells of her experiences as a member of the pioneer dental class at the University of Ibadan in Ibadan, Nigeria and the different challenges that accompanied being one of the first in the field of dentistry at that institution. Furthermore, being a pioneer at Ibadan provided her with opportunities for graduate dental education at the University of Michigan where she trained as an orthodontist with the Staff Development Scholarship from her alma mater. In return, the diverse experiences she has had as an orthodontist have presented her with a myriad of memorable opportunities. Indeed, capturing the memories of forty years after dental school has been a release of the intriguing maze, the diverse and ranging experiences she has navigated in the 40 years after dental school. On another note, her venture into dental public health appeared to have been born out of the uncertainty she faced during part of her orthodontic journey. However, it has proven to be non-accidental but, part of her mission to help increase access to dental care for those who cannot afford it. Primarily, the purpose of this memoir is to share her life with her progeny, other people who have influenced her professional development, and those who may wish to know a little more about her. Ultimately, it is a testimony to the goodness of God to her.

Chasing the Chinese Dream Nov 25 2021 This open access book explores the historical, cultural and philosophical contexts that have made anti-poverty the core of Chinese society since Liberation in 1949, and why poverty alleviation measures evolved from the simplistic aid of the 1950s to Xi Jinping's precision poverty alleviation and its goal of eliminating absolute poverty by 2020. The book also addresses the implications of China's experience for other developing nations tackling not only poverty but such issues as pandemics, rampant urbanization and desertification exacerbated by global warming. The first of three parts draws upon interviews of rural and urban Chinese from diverse backgrounds and local and national leaders. These interviews, conducted in even the remotest areas of the country, offer candid insights into the challenges that have forced China to continually evolve its programs to resolve even the most intractable cases of poverty. The second part explores the historic, cultural and philosophical roots of old China's meritocratic government and how its ancient Chinese ethics have led to modern Chinese socialism's stance that "poverty amidst plenty is immoral". Dr. Huang Chengwei, one of China's foremost anti-poverty experts, explains the challenges faced at each stage as China's anti-poverty measures evolved over 70 years to emphasize "enablement" over "aid" and to foster bottom-up initiative and entrepreneurialism, culminating in Xi Jinping's precision poverty

alleviation. The book also addresses why national economic development alone cannot reduce poverty; poverty alleviation programs must be people-centered, with measurable and accountable practices that reach even to household level, which China has done with its "First Secretary" program. The third part explores the potential for adopting China's practices in other nations, including the potential for replicating China's successes in developing countries through such measures as the Belt and Road Initiative. This book also addresses prevalent misperceptions about China's growing global presence and why other developing nations must address historic, systemic causes of poverty and inequity before they can undertake sustainable poverty alleviation measures of their own.

Four Years of Trump Dec 27 2021 Unprecedented and unpredictable: this is how US President Donald Trump's administration has repeatedly been labelled during its first term. Beyond the frequent tweets and bombastic rhetoric, however, lie a more conventional four years, as the United States navigated an ever-evolving international reality, compounded by a global pandemic and one of the deepest economic recessions in over a century. This Report analyses the continuity and changes that occurred during Trump's first term. Domestically, it investigates the growing political polarization, the country's pre-pandemic economic performance, Trump's approach towards regular and irregular migration, and the US' response to a healthcare emergency. At the international level, this volume looks at how the US stance has changed vis-à-vis China, the Middle East, and Europe. Which long-term trends has President Trump had to ride through? What was his trademark, and what might be his lasting legacy?

Radiocarbon After Four Decades Nov 01 2019 Radiocarbon After Four Decades: An Interdisciplinary Perspective commemorates the 40th anniversary of radiocarbon dating. The volume presents discussions of every aspect of this dating technique, as well as chronicles of its development and views of future advancements and applications. All of the 64 authors played major roles in establishment, development or application of this revolutionary scientific tool. The 35 chapters provide a solid foundation in the essential topics of radiocarbon dating: Historical Perspectives; The Natural Carbon Cycle; Instrumentation and Sample Preparation; Hydrology; Old World Archaeology; New World Archaeology; Earth Sciences; and Biomedical Applications.

Toward a Better Future Apr 06 2020 'Toward a Better Future' provides a comprehensive analysis of education development in Singapore since 1965, giving particular attention to the strategic management that has enabled Singapore to transform its education and training system from one similar to that of many Sub-Saharan African countries four decades ago into one of the world's best-performing systems. It is one of a pair of concurrently-published books presenting materials originally developed for a 2006 study tour to Singapore and Vietnam for senior education officials from Cameroon, Ethiopia, Ghana, Lesotho, Madagascar, and Mozambique. The second book, 'An African Exploration of the East Asian Education Experience', presents five country studies, as well as regional, comparative analyses highlighting insights gained during the study tour and putting them in the context of Sub-Saharan Africa. Together, the two books aim to foster knowledge exchange between Sub-Saharan African and East Asian countries on good practices in the design and implementation of education policies and programs. By facilitating the cross-country fertilization of ideas between two regions with relatively limited contact in the past, these books fill a clear gap in the current literature on development practice in education.

Age of Cage Oct 25 2021 "Age of Cage might be the closest we will get to understanding the singular beauty of each of Nic Cage's always electric performances. You are holding the Rosetta Stone for Cage. Enjoy it." -Paul Scheer, actor, writer and host of the How Did This Get Made? and Unspooled podcasts Icon. Celebrity. Artist. Madman. Genius. Nicolas Cage is many things, but love him, or laugh at him, there's no denying two things: you've seen one of his many films, and you certainly know his name. But who is he, really, and why has his career endured for over forty years, with more than a hundred films, and birthed a million memes? Age of Cage is a smart, beguiling book about the films of Nicolas Cage and the actor himself, as well as a sharp-eyed examination of the changes that have taken place in Hollywood over the course of his career. Critic and journalist Keith Phipps draws a portrait of the enigmatic icon by looking at--what else?--Cage's expansive filmography. As Phipps delights in charting Cage's films, Age of Cage also chronicles the transformation of film, as Cage's journey takes him through the world of 1980s comedies (Valley Girl, Peggy Sue Got Married, Moonstruck), to the indie films and blockbuster juggernauts of the 1990s (Wild at Heart, Leaving Las Vegas, Face/Off, Con Air), through the wild and unpredictable video-on-demand world of today. Sweeping in scope and intimate in its profile of a fiercely passionate artist, Age of Cage is, like the man himself, surprising, insightful, funny, and one of a kind. So, snap out of it, and enjoy this appreciation of Nicolas Cage, national treasure.

Four Decades of Scientific Explanation Jun 20 2021 As Aristotle stated, scientific explanation is based on deductive argument--yet, Wesley C. Salmon points out, not all deductive arguments are qualified explanations. The validity of the explanation must itself be examined. Four Decades of Scientific Explanation provides a comprehensive account of the developments in scientific explanation that transpired in the last four decades of the twentieth century. It continues to stand as the most comprehensive treatment of the writings on the subject during these years. Building on the historic 1948 essay by Carl G. Hempel and Paul Oppenheim, "Studies in the Logic of Explanation," which introduced the deductive-nomological (D-N) model on which most work on scientific explanation was based for the following four decades, Salmon goes beyond this model's inherent bias of describing empirical knowledge to tell us "not only what, but also why." Salmon examines the predominant models in chronological order and describes their development, refinement, and criticism or rejection. Four Decades of Scientific Explanation underscores the need for a consensus of approach and ongoing evaluations of methodology in scientific explanation, with the goal of providing a better understanding of natural phenomena.

China's Far West Aug 23 2021 The spread of industrialization, a remarkable communications revolution, rising living standards, and increasing contacts with the rest of China and the world had catapulted the region into the modern world. Although many western areas were still among the poorest in China, the economic reforms of the 1980s were taking hold. No other contemporary study of these little-known areas of China begins to match the scope and detail of China's Far West, and no other author has the experience to analyze the book's themes with Barnett's breadth and depth of historical perspective. Although this volume concentrates on China's far west, the author discusses in both the Prologue and the final chapter the broad processes of modernization and reform that have been transforming every part of China during the past four decades

Four Years on St Helena May 08 2020 This book is a combination of a travelogue, a brief history of the island and a truncated autobiography of that part of the author's life. With over one hundred colour photographs, the book will bring back many happy memories to exiled Saints, to former ex-Pat "experts", and to those who have simply visited the island via the RMS St Helena or some passing cruise ship. For those readers who have never yet visited the island, it will give a brief insight into the people, the place itself and its colourful history - and its present and possible future!

The Private Journal of Aaron Burr, During His Residence of Four Years in Europe Sep 23 2021

Four Years Later Nov 13 2020 Bestselling author Monica Murphy winds up her sensational series with this sexy story of two college kids with nothing in common but a bunch of baggage and a burning attraction. Over. That about sums up everything in my life. Suspended from my college football team and forced to cut back my hours at The District bar because of my crappy grades, I can't keep turning to my sister, Fable, and her pro-football playing husband, Drew, to bail me out. I just can't seem to find my own way. Weed and sex are irresistible temptations--and it's messed up that I secretly hand over money to our junkie mom. A tutor is the last thing I want right now--until I get a look at her. Chelsea is not my type at all. She's smart and totally shy. I'm pretty sure she's even a virgin. But when she gives me the once over with those piercing blue eyes, I'm really over. But in a different way. I won't deny her ass is killer, but it's her brain and the way she seems to crave love--like no one's ever given her any--that make me want her more than any girl I've ever met. But what would someone as seemingly

together as her ever see in a screwed up guy like me? Praise for Four Years Later "Another great entry into the series and a perfect way to close out what started with One Week Girlfriend. As always, Monica Murphy gives us such great characters, giving them such depth and emotions that it's hard not to love them from the minute you meet them on the page."—Cocktails and Books "An engaging, heavily character-driven new adult [novel] that brings us the story of a much beloved character. Seamless writing flows effortlessly as Murphy sets up the plot elements and begins her story of love, loss, redemption, and forgiveness. . . . Four Years Later was a delight to read."—Smexy Books "Monica Murphy has created an unforgettable series. Her writing is honest, gritty, romantic and entertaining. Her characters are very real people that readers can relate to. We embrace them in our hearts. Their lives and stories will stay with [us] long after the book is finished. It is no wonder that this series is an all-time favorite. . . . The One Week Girlfriend series has been an amazing reading journey that has touched my heart."—Hesperia Loves Books "Emotional and gratifying . . . This romance was full of tension and longing! . . . Monica Murphy has another win with Four Years Later. Owen and Chelsea's story was touching and passionate, and is sure to make you sigh in contentment by the end."—Waves of Fiction "What a fantastic ending to an amazing series! . . . It took my emotions on a roller coaster ride but hey, all the good books do! . . . Four books and I still want more! I'm not quite sure I could ever get enough of these characters. They're all complex, and beautifully broken in their own ways. Combine that with Monica Murphy's fantastic writing skills and you always have a winner."—Down the Rabbit Hole "It's official! When it comes to NA romances and inner monologues, Monica Murphy is a queen! . . . I highly recommend Four Years Later! If you read the earlier books then you just have to get this one too. It was wonderful to see how the earlier couples are faring . . . but Monica Murphy had truly made this Owen's book. I love it!"—In My Room Reading
