Infantry Small Arms of the 21st Century Oct 29 2022 The author of *Guns of the Special Forces 2001-2015* presents a comprehensive overview of 21st century military guns used by small armies around the world. Soldiers in today's modern armies have access to ever more advanced infantry weapons; lighter, more compact and more accurate than anything seen in the last century. These include combat pistols, personal assault rifles, submachine guns, sniper rifles, shotguns, light machine guns and squad automatic weapons. *Infantry Small Arms of the 21st Century* features all these weapons and more, examining each in exhaustive detail. The author draws on the operational combat experience of the users in war zones such as Iraq, Afghanistan and Ukraine. As well as assessing and comparing the potency of different nations weapon systems, the book looks to the future demands of the infantry man.

The Last Confession Jul 14 2021 The Vatican, 1978: a little-known Cardinal from Venice is elected to succeed Pope Paul VI. A compromise candidate, he takes the name Pope John Paul I, and quickly shows himself to be the liberal the reactionaries within the Catholic Church most feared. Thirty-three days later he is dead. No official investigation is conducted, no autopsy is performed, and the Vatican's press release about the cause of death is found to be largely false. Premiered at the Chichester Festival in April 2007 starring David Suchet, this gripping thriller goes behind the scenes at the Vatican, uncovering the bitter rivalries, the political manoeuvres and the unspoken crises of faith that surrounded the death of 'the Smiling Pope'.

The Writer's Guide to Weapons Aug 15 2021 When it comes to writing weapons, most authors shoot from the hip--and miss. The *Writer's Guide to Weapons* will help you hit your target every time. Firearms and knives have starring roles in a wide range of genres--crime, thriller, war, mystery, Western, and more. Unfortunately, many depictions of weapons in novels and film are pure fiction. Knowing the difference between a shotshell and a slug, a pistol and a revolver, or a switchblade and a butterfly knife is essential for imbuing your story with authenticity--and gaining popularity with discerning readers. Inside you'll find: • An in-depth look at the basics of firearms and knives: how they work, why they work, what they look like, and how to depict them accurately in your stories. • The biggest weapons myths in fiction, TV, and film. • A surefire guide for choosing the correct weapon for your characters, no matter their skill level, strength, or background. • A review of major gun and knife laws, weapons safety tips, and common police tactics. • "The Hit List," showcasing the most popular weapons for spies, detectives, gunslingers, gangsters, military characters, and more. • Examples highlighting inaccurate vs. accurate weapons depictions. • An insightful foreword by David Morrell, the award-winning creator of Rambo. Equal parts accessible, humorous, and practical, *The Writer's Guide to Weapons* is the one resource you need to incorporate firearms and knives into your fiction like a seasoned professional.

US Combat Shotguns Mar 10 2021 When a soldier must face multiple opponents at close quarters, few weapons can match the effectiveness of the shotgun. From World War I to the War on Terror, the shotgun has been a devastating weapon in the hands of US troops. For urban combat, prisoner control and shipboard operations, it remains as deadly today as it was a century ago. This book examines various types, from the early combat shotguns through to the riot gun and trench gun versions used in World War I. So effective was the trench shotgun, the Germans complained it violated the "Rules of War" as an inhumane weapon, and threatened to execute troops captured carrying one. More recently during the War on Terror, shotguns have been used to clear cave complexes in Afghanistan and buildings in Iraq, but especially to blow doors open during entries and searches. Featuring specially commissioned full-color artwork, this is the story of the origins, development and the use of the combat shotgun in US service, from the trenches of World War I, to the Korean and Vietnamese Wars and lately the cave complexes of Afghanistan.

Vyasa and Vighneshwara Mar 22 2022 Vyasa and Vighneshwara is a fine example of storytelling at its best. A complete piece of work, it leaves the reader to discover and explore stories within stories, past within the future, memory within myth. In course, the reader gets involved in a curious, dynamic process, along with the writer, of tying and untying knots. Amazingly, it rebuilds and reestablishes the concept of story.

Guns of the American West Dec 19 2021 Dennis Adler, award-winning author and photographer, and contributing editor to Guns of the Old West magazine, has woven together enthralling tales of the guns and gunmen who made the Wild West wild. Beginning with the early western expansion and the California Gold Rush, Guns of the American West takes you through the development of America's most legendary handguns, rifles, and shotguns and the roles they played in our nation's history. As the Civil War erupts, the author follows the politics of a country divided and how North and South chose to arm their soldiers. In the aftermath of this great conflagration, Adler takes you step-by-step through the evolution of loose powder cap-and-ball revolvers, rifles, and shotguns to the conversion to self-contained metallic cartridges and the sweeping changes that resulted in firearms design. With a nation intent on its belief in Manifest Destiny, the author follows legendary lawmen, soldiers, and outlaws as America moves west in the 1870s and 1880s. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

308 Circuits Jan 26 2020 This is the ninth in the 300 series of circuit design books, again contains a wide range of circuits, tips and design ideas. The book has been divided into sections, making it easy to find related subjects in a single category. The book not only details DIY electronic circuits for home construction but also inspiring ideas for projects you may want to design from the ground up. Because software in general and microcontroller programming techniques in particular have become key aspects of modern electronics, a number of items in this book deal with these subjects only. Like its predecessors in the 300 series, "308 Circuits" covers the following disciplines and interest fields of modern electronics: test and measurement, radio and television, power supplies and battery chargers, general interest, computers and microprocessors, circuit ideas and audio and hi-fi.

a bride, but this groom is never going to make it to the altar... Theodosia Browning's dear friend Delaine Dish has asked her to be a bridesmaid for her wedding. But when the big day arrives, everything seems to be going wrong. First, a massive storm is brewing over Charleston. A bad omen? Second, Delaine's sister is late for the ceremony. And finally, the groom not only has cold feet—his whole body is cold. A murderer has crashed the wedding. As Theodosia comforts a devastated Delaine, she needs to sort out the suspects on the groom's side from the suspects on the bride's side. One thing soon becomes apparent—revenge won't be the only dish served cold at this wedding. And if Theodosia doesn't watch her step, a cold-blooded killer may have a rude reception in store for her...

The Reunion Apr 10 2021 Book 5 of The Marketplace Series by Laura Antoniou. In previous books in the Marketplace series, readers have gone behind the scenes at a slave auction, an owner's home, a trainer's house, and even the ephemeral world of the annual trainers' Academy. In -The Reunion- we visit a vacation resort for a Marketplace -family- gathering, where slaves, former slaves, trainers, and their spouses, significant others and family members can relax, let their hair down, and connect with each other. But the -reunion- that matters most is that of Robin Cassidy (the slave from -The Slave-) and her first trainer, Chris Parker (the trainer from -The Trainer-). Of course the vacation resort isn't just any resort, it's Kaleigh Castle, a centuries-old Irish castle that is now a luxury hotel and happens to be where Chris learned many of the skills and practices that have made him so sought-after in the Marketplace. And while everyone enjoys their two most favorite indoor sports--gossip and sex--trouble is afoot. A nosy tabloid reporter thinks he's onto something: a real-life international slave trading ring. Can Chris keep the world from learning the truth about The Marketplace, but accept the truth about his feelings regarding Robin, Anderson, and Jiro at the same time? About the author: Laura Antoniou is the award-winning author of The Marketplace Series, The Killer Wore Leather, The Catalyst, and other works of BDSM and alternative sexuality, as well as the editor of Leatherwomen and No Safewords: Tales from the Marketplace. In 2001 she was awarded the John Preston Short Story award, given annually by the National Leather Association for the best BDSM fiction.

The Counter Terrorist Manual Dec 31 2022 In the past thirty-five years, counter-terrorist units have been deployed to deal with airplane, ship, train, and bus hijackings. They have rescued hostages in various types of buildings and have dealt with barricaded bank robbers, prison rioters, and assorted dangerous criminals. Thousands have been rescued and millions have been safer because terrorists were aware that elite antiterrorist units were poised to take action should they take hostages. Following the September 11th attack on the World Trade Centre, the mission of many anti-terrorist units has expanded. Some units now track terrorists to their lairs in other countries and strike them there. Despite the significant and growing role of these units, little is known about the way they operate. The selection, training, structure and principles of maintaining such units, together with basic theories of asymmetric warfare are the subject of Thompson's latest work. In a practical, step-by-step guide he analyses the necessary organization of such elite teams, the arming and equipping of units, and methods for a variety of missions from hostage rescue and high-level dignitary protection to securing foreign embassies and counter-WMD strikes. Open the pages of this book and enter the world of the counter-terrorist operator.
