He includes full documentation of the ancient sources, maps, and genealogical tables. It is illustrated throughout with numerous photographs and line drawings, also including summaries of the original Introduction to Greek Mythology for Kids 05 2023 Discover the exciting and fascinating world of Greek and Roman gods, goddesses, monsters, and heroes, from Zeus and Athena to Hercules, Medusa, and more! Take a journey through Mount Olympus, Ancient Greece, and Ancient Rome with this collection of the greatest tales found in Greek and Roman mythology. From origin stories to family drama, you'll learn about the most powerful Olympic god including Zeus, Hera, Poseidon, Athena, Apollo, Artemis, Aphrodite, Hades, and more. But this book has more than just gods and goddesses! You'll also discover the dangerous and intriguing world of ancient monsters, fantastic creatures, and mortal heroes that populate some of the most awesome stories from the time, including: Atlas, who carries the weight of the world on his shoulders Kronos, a Titan who swallows his newborn children Persephone, kidnapped goddess who becomes queen of the Underworld Minotaur, a half-bull, half-man imprisoned in a labyrinth Hydra, a poisonous serpent who grows two heads when one is severed Sirens, sea nymphs whose irresistible lures sailors to their doom All of these tales and more are written in a fun, kid-friendly manner, perfect for children interested in history or for fans of the Percy Jackson series. Interpretations of Greek Mythology (Routledge Revue) 17 2021 Interpretations of Greek Mythology, first published in 1987, builds on the innovative work of Walter Burkert and the 'Paris school' of Jean-Pierre Vernant, and represents a renewal of interpretation of Greek mythology. The contributors to this volume present a variety of approaches to the Greek myths, all of which eschew a monolithic or exclusively structuralist hermeneutic method. Specifically, the notion that mythology can simply be read as a primitive mode of narrative history is rejected, with emphasis instead being placed on the relationships between mythology and history, ritual and political genealogy. Essays concentrate on some of the best known characters and themes – Oedipus, Orpheus, Narcissus – reflecting the complexity and fascination of the Greek imagination. The volume will long remain an indispensable tool for the study of Greek mythology, and it is of great interest to anyone interested in the development of Greek culture and civilisation and the nature of myth.

Greek Mythology Aug 08 2020 The author, in addition to narrating familiar and lesser-known stories, traces the development of particular myths from the most primitive times to the sophisticated civilization that formed the core of Greece.

A Handbook of Greek Mythology 03 2020 In this new and substantially revised edition of H. J. Rose's classic survey and analysis of the evolution and tradition of Greek myth, Robin Hard adds various features which bring the text up-to-date with contemporary scholarship and address the needs of students. * a new preface analysing and contextualising H. J. Rose's attitude to myth * a new chapter devoted to the epic and other poetic sources of the myth * a new chapter on the prose mythography and the various forms of rationalisation * a new chapter examining the relationship between the different myths of Gods and heroes, with genealogical tables. Robin Hard shows how the myths of individual gods and distinct locations hold together to form a coherent pseudo-historical pattern * extensively revises and simplifies notes * a new annotated bibliography. A Handbook of Greek Mythology presents a invaluable and user-friendly introduction to the myths and legends of ancient Greece - their genesis, sources, development and significance.

Greek Myths Aug 20 2021 A brilliantly original, landmark retelling of Greek myths, recounted as if they were actual scenes being woven into textiles by the women who feature prominently in them—including Athena, Helen, Cleopatra, Penelope “Greek myths were full of powerful witches, unpredictable gods and sword-wielding slayers. They were also extreme: about families who turn murderously on each other: impossible tasks set by cruel kings: love that went wrong: wars and journeys and terrible loss. There was magic, there was shape-shifting, there were monsters, there were descents to the land of the dead. Humans and immortals inhabited the same world, which was sometimes terrifying, sometimes exciting. “The stories were obviously fantastical. All the same, brothers really do war with each other. People tell the truth but aren't believed. Wars destroy the innocent. Lovers are parted. Parents endure the grief of their children. Women suffer violence at the hands of men. The cleverest of people can be blind to what is really going on. The law of the land can contradict what you know to be just. Mysterious diseases devastate cities. Floods wipe out lives apart. “For the Greeks, the word muthos simply meant a traditional tale. In the twenty-first century, we have long left behind the political and religious framework in which these stories first circulated—but their power remains. Greek myths remain true for us because they excavate the very extremes of human experience: sudden, inexplicable catastrophe; radical reversals of fortune; and seemingly arbitrary events that transform lives. They deal, in a way that is hard, basic facts of the human condition.” —from the Introduction

Greek Myths Nov 10 2020 A brilliantly original, landmark retelling of Greek myths, recounted as if they were actual scenes being woven into textiles by the women who feature prominently in them—including Athena, Helen, Cleopatra, Penelope “Greek myths were full of powerful witches, unpredictable gods and sword-wielding slayers. They were also extreme: about families who turn murderously on each other: impossible tasks set by cruel kings: love that went wrong: wars and journeys and terrible loss. There was magic, there was shape-shifting, there were monsters, there were descents to the land of the dead. Humans and immortals inhabited the same world, which was sometimes terrifying, sometimes exciting. “The stories were obviously fantastical. All the same, brothers really do war with each other. People tell the truth but aren't believed. Wars destroy the innocent. Lovers are parted. Parents endure the grief of their children. Women suffer violence at the hands of men. The cleverest of people can be blind to what is really going on. The law of the land can contradict what you know to be just. Mysterious diseases devastate cities. Floods wipe out lives apart. “For the Greeks, the word muthos simply meant a traditional tale. In the twenty-first century, we have long left behind the political and religious framework in which these stories first circulated—but their power remains. Greek myths remain true for us because they excavate the very extremes of human experience: sudden, inexplicable catastrophe; radical reversals of fortune; and seemingly arbitrary events that transform lives. They deal, in a way that is hard, basic facts of the human condition.” —from the Introduction

Greek Mythology May 05 2020 A juggernaut in the literary world at the apex of history, culture, politics, and art, the Greeks altered almost every facet of Western ideology and stand alone as a legend in the realm of human culture. Other culture can boast such a profound importance on the rest of the known world and the Greeks have the mythology to back it up. Out of their curiosity about the world around them, their pursuits of science and knowledge, and avarice, the rich tradition of their gods and goddesses reach out to us from across the creative divide and tell a tall tale of what the Greeks cherished, revered, feared, and believed. Now the wealth of this glorious empire is at your fingertips, filled with the triumphs and tragedies of these larger-than-life characters. From the fiery creation of the universe and to the petty jealousies of its lowliest, smallest players, the spectrum of Greek myth is vast and diverse. Explore. Discover the great conflicts that plagued both the lords of the skies as well as the leagues of men who battled against their gods and spun forth these incredible tales. Prepare to do battle with the kind of creature nightmares that the Greeks introduced into popular culture and beyond. Experience the love, loss, history, infidelity, triumph, and tradition of these ancient heroes and villains that continue to inspire the masses even thousands of years after their demise.

Greek Mythology, Gods & Goddesses Explained Nov 30 2019 The subject of Greek mythology conjures up mythical stories of glorious and wonderful Greek gods, goddesses and heroes with tales of war, love and betrayal. Since ancient Greece was the birth place of philosophy, theater and politics it is understandable that such a great civilization would be capable of creating an elaborate belief system in which to help understand the world around them. Natural phenomena such as the sun, lightning and earthquakes were explained in intriguing, engaging tales that formed the structure of ancient Greek understanding. It was this belief system that has been the fascination of many people over the centuries. Through the stories of the most prominent gods and goddesses, this book provides an insight into how Greek mythology was formed, why the Greek gods and goddesses were conceived and explores the fantastical way that link these gods and goddesses together. Learn about Titans and the Olympians, the stories of their existence and why they represented elements of the natural world Discover the most prominent Greek gods, why they were called titans or Olympians and who the demigods and heroes really were. Read enthralling stories of prominent gods are such as: Cronus Atlas Prometheus Zeus Aphrodite Hermes and more... How are all these Greek mythology stories connected? The study of these gods are both interesting and complex. In order to understand them it's necessary to understand how each story relates and the events that gave birth to further gods and their tales. This book goes deeper, highlighting the reason for the battles of the gods, the stories of their existence and their relationship to natural phenomena. Learn the answers to some of the most interesting questions Why did Uranus banish his children? How did a group of gods earn the name 'Titans'? What plan was in place to overthrow the Titans? Why did Cronus eat his own offspring? Why was Atlas punished for the war between the Titans and the Olympians? How does the myth influence us today and what relevance does this civilization have to our society? Understand how ancient Greek mythology gave birth to everyday terms used in modern day language. It is surprising just how many terms are derived from the ancient Greeks. Immerse yourself with in this wonderful ancient world with this informative Greek mythology book and educate yourself with stories that will transport you into the mindset of this fascinating civilization.

Greek Mythology Jul 31 2022 Allegorists in ancient Greece attempted to find philosophical and physical truths in myth. Plato, who resolutely excluded myths from the sphere of truth, thought that they could express ideas in a way that could not reach with dialectical reasoning. Freud built a science around the myth of Oedipus, saying that myths were “distorted wish dreams of entire nations, the dreams of early mankind.” No body of myth has served more people or been subject to more analysis - than Greek mythology. This is a revised translation of Fritz Graf's highly acclaimed introduction to Greek mythology, Griechische Mythologie: Eine Einführung, originally published in 1985 by Artemis Verlag. Graf offers a chronological account of the principal Greek myths that appear in the surviving literary and artistic sources, and concurrently documents the history of interpretation of Greek mythology from the seventh century to the present. First surveying the various definitions of myth that have been advanced, Graf proceeds to look at the relationship between Greek myths and epic poetry; the absence of an “origin of man” myth in Greek mythology; and connection between particular myths and shrines or holy festivals; the harmony in Greek literature between myth and history; the use of myth in Greek song and tragedy; and the uses and interpretations of myth by philosophers and allegorists.

The Cambridge Companion to Greek Mythology 01 2021 Professor Roger Woodard brings together a group of the world's most authoritative scholars of classical myth to present a thorough treatment of all aspects of Greek mythology. Sixteen original articles guide the reader through all aspects of the ancient mythic tradition and its influence around the world and in later years. The articles examine the forms and uses of myth in Greek oral and written literature, from the epic poetry of 8th century BC to the mythographic catalogues of the early centuries AD. They examine the relationship between myth, art, religion and politics among the ancient Greeks and its reception in the modern world on later society from the Middle Ages to present day literature, feminism and cinema. This Companion volume's comprehensive coverage makes it ideal reading for students of Greek mythology and for anyone interested in the lives of the ancient Greeks and their impact on western tradition.

Treasury of Greek Mythology Nov 03 2022 Combines retellings of classic Greek tales with detailed illustrations in an introduction to mythology that is complemented by informative sidebars containing character profiles, historical context, and cultural facts.

Greek Mythology Oct 29 2019 Greek mythology isn't the equivalent of the Bible or the Qur'an. There is no standardized version of any myth. Myths aren't sacred. Whether you happen to be Homer, Aeschylus, Sophocles, Euripides, or any other Greek, or even you or me, every myth is yours to tell and interpret any way you like. Just to give one example. An oracle has decreed that Oedipus will kill his father and marry his mother. In Homer's version, Oedipus, on ruling in Thebes when he discovers he has fulfilled the oracle, whereas in the version that Sophocles gives us in his play Oedipus the King, Oedipus blinds himself and goes into voluntary exile. That said, certain details are universal. Oedipus has to be ignorant of the fact that the man whom he kills is his father and that the woman whom he marries is his mother, he has to fulfill the awful prophecy of the oracle, and he has to come to a realization of what he has done afterwards. But everything else is pretty much up for grabs. Greek mythology is very much alive and well in the contemporary world. There are many narrative versions of the myths currently available, but this book will do so differently: it will give the characters the chance to tell their stories in their own words. In so doing, it will give both gods and humans the opportunity to reflect upon their life stories and, in places, justify their actions. It will come across as real people, just as they are, say, in the plays of the dramatists.

Greek Myth and Western Art Dec 12 2020 This richly illustrated book examines the legacy of Greek mythology in Western art from the classical era to the present. Tracing the emergence, survival, and transformation of key mythic figures and motifs from ancient Greece through the modern era, it explores the enduring importance of such myths for artists and viewers in their own time and over the millennia that followed.

The Gods and Goddesses of Greek Mythology May 20 2021 Describes the origins of the most important Greek myths along with the personalities and special powers of the major Greek gods and goddesses. Complete World of Greek Mythology Apr 27 2022 A full, authoritative, and wholly engaging account of these endlessly fascinating tales and of the ancient society in which they were created. Greek myths are among the most colorful and influential stories ever told. From the first millennium BC until today, the myths have been repeated in an inexhaustible series of variations and reinterpretations. They can be found in the latest movies and television shows, in software for interactive computer games. This book combines a retelling of Greek myths with a comprehensive account of the world in which they developed—their themes, their relevance to Greek religion and society, and their relationship to the landscape. "Contexts, Sources, Meanings" describes the main literary and artistic sources for Greek myths, and their contexts, such as ritual and theater. "Myths of Origin" includes stories about the beginning of the cosmos, the origins of the gods, the first humans, and the founding of communities. "The Olympians: Power, Honor, Sexuality" examines the activities of all the main divinities. "Heroic exploits" concentrates on the adventures of Perseus, Jason, Heracles, and other heroes. "Family sagas" explores the dramas and catastrophes that befall heroes and heroines. "A Landscape of Myths" sets the stories within the context of the mountains, caves, seas, and islands of Greece, Crete, Troy, and the Underworld. "Greek Myths after the Greeks" describes the rich tradition of retelling, from the Romans, through the Renaissance, to the twenty-first century. Complemented by lavish illustrations, genealogical tables, box features, and specially commissioned drawings, this will be an essential book for anyone interested in these classic tales and in the world of the ancient Greeks.

Greek Mythology Jan 25 2022 Who is Nyx? What is Gaia? Why are myths so important in our lives? Myths are a rich source of history. People use them to make sense of our world. Even before myths were written down, people retold the stories of the gods and goddesses of their homeland. Readers of Greek Mythology will learn the history of myths, as well as their deeper meaning. From the powerful Zeus to the beautiful Persephone, this book helps you understand the myths that shape and direct people's lives. Abdo & Daughters is an imprint of Abdo Publishing, a division of ABDO.

Features essays from a prestigious international team of literary experts and a comprehensive coverage of Greek myth's intersection with history, philosophy and religion Introduces readers to topics in mythology that are often inaccessible to non-specialists Addresses the Hellenistic and Roman periods as well as Archaisms in Classical Greece

Greek Mythology Oct 10 2020 Greek Mythology is the body of myths and teachings that belong to the ancient Greeks, concerning their gods and heroes, the nature of the world, and the origins and significance of their own practices. It was a part of the religion in ancient Greece. The Greeks were polytheistic in their religious beliefs. Polytheistic means they believed in and worshipped many different gods. Modern scholars refer to and study the attempt to shed light on the religious and political institutions of Ancient Greece and its civilization, and to gain understanding of the nature of myth-making itself. In Greek Mythology, the gods often represented different forces of nature. Their religion/mythology had no formal structure with the exception of various festivals held in honor of the gods. There was no sacred book or code of conduct to live by. The most powerful Greek gods were known as the Olympians. The Greeks believed the Olympians lived on the highest mountain in Greece, Mount Olympus. The Olympian gods included: Zeus, Hera, Apollo, Aphrodite, Ares, Artemis, Athena, Demeter, Hades, Hermes, Hephaestus, Poseidon and Hestia or later she was replaced in some lists by Dionysus. Greek Mythology is explicitly embodied in a large collection of narratives, and implicitly in Greek representational arts, such as vase-paintings and votive offerings. Greek myth attempts to explain the origins of the world, and details the lives and adventures of a wide variety of gods, goddesses, heroes, heroines and mythological creatures. These accounts initially were disseminated in a piecemeal fashion: today the Greek myths are known primarily from Greek literature. The oldest known Greek literary sources, Homer's epic poems Iliad and Odyssey, focus on the Trojan War and its aftermath. Scroll to the top of the page to click Add To Cart to read more about this extraordinary chapter of history.

D'Aulaires Book of Greek Mythology Mar 15 2021 "I doubt I would have grown up to be the writer and artist I became had I not fallen in love with D'Aulaire's Book of Greek Myths at the age of seven."—R. J. Palacio, author of Wonder Kids can lose themselves in a world of myth and magic while learning important cultural history in this beloved classic collection of Greek mythology. The Library of Greek Mythology May 29 2022 A new translation of an important text for Greek mythology used as a source book by classicists from antiquity to Robert Graves, The Library of Greek Mythology is a complete survey of early Greek myth, telling the story of each of the great families of heroic mythology, and the various adventures associated with the main heroes and heroines, from Jason and Perseus to Heracles and Helen of Troy. Using a system of detailed histories of the great families, it contains invaluable genealogical diagrams for maximum clarity.

The Routledge Handbook of Greek Mythology May 19 2021 Now in its eighth edition, this magisterial work offers a comprehensive survey of the stories of Greek myth, from the Olympian gods, through the lesser gods and deities, heroes, adventures, and foundation myths of the ancient Greek world. The Routledge Handbook of Greek Mythology sets out to provide a comprehensive history of the divine order and mythical prehistory of Greece, as systematized by the genealogical basis by Hesiod and the ancient mythographers, while also taking into account the ways in which individual myths have changed and evolved over time in different genres of literature. This new edition has been completely rewritten and reorganized to make it more accessible to readers who may have no particular knowledge of the ancient world and Greek mythology, and to ensure that information on each myth or mythical figure is easy to find. This new edition of the handbook continues to offer an essential reference resource for all students of Greek mythology, and it provides an accessible and comprehensive overview of these stories for anyone with an interest in the classical world.

The Uses of Greek Mythology May 22 2021 In an innovative sequence of topics, Ken Dowden explores the uses Greeks made of myth and the uses to which we can put myth in recovering the richness of their culture. Most aspects of Greek life and history - including war, religion and sexuality - which are discernable through myth, as well as most modern approaches, are given a context in a book which is designed to be useful, accessible and stimulating. A Child's Introduction to Greek Mythology May 22 2021 Presents an introduction to Greek mythology, discussing the roles of gods and goddesses, as well as the adventures of heroes and mythical beings.

Greek Mythology Jan 13 2021 The human race has been curious about all the surrounding phenomenon of nature, since its beginning. Based on the level of the information and intellect possess by the people of era, there have been a number of stories and descriptive, which account for the historical events and their explanation. The historical and ancient narration of these tales constitutes the body of mythology. Among all the texts and manuscripts of Greek mythology is believed to be the most ancient one. Just all other mythic beliefs, Greek mythology also holds specific beliefs about the origin of this universe and the phenomenon of evil and goodness. These myths have been passed on for hundreds of years and have sustained the blows of alterations and personal depictions. In the book, I have discussed all the basic perspectives of Greek mythology, which are crucial to be narrated to all those who are interested in knowing about Greek mythology.

The Greek Mythology Jul 07 2020 The gold standard in Greek mythology, in a dazzling Graphic Deluxe Edition featuring flaps, deckled edges, and specially commissioned cover art by Ross Macdonald and a new introduction by the author, the multimillion-copy bestselling author of the Percy Jackson and the Olympians series From the creation of the world out of Chaos and the birth of the Olympians to the Trojan War and Odysseus's return, Robert Graves's superb history of the Greek myths has long been acclaimed as the definitive edition. Graves draws on sources scattered throughout ancient literature, using a novelist's skill to weave a crisp, coherent narrative of each myth and providing context with cross-references, interpretations, and explanations based on solid scholarship. The result is a classic volume of many of the greatest stories ever told—stories of the gods, heroes, and extraordinary events that inspired Greek tragedians, and so much of subsequent European literature. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and award-winning authors, as well as up-to-date translations by award-winning translators.

Fans of Rick Riordan will find this is the ideal companion book to dive a little deeper into the incredible stories from Greek mythology. Full color.

Understand Greek Mythology Jan 01 2020 Ancient Greek myths shaped and were shaped by one of the most important cultures in the history of the world. Even today, stories such as Oedipus, Narcissus, Odysseus and the Golden Fleece reverberate through our popular culture. This is the ideal introduction to Greek myth. The opening chapter is a detailed background to Greek culture and mythology. From then on, the book explores eleven well-known Greek myths, retelling them in modern English, and teasing out their meanings and cultural significance.

Greek Mythology Jun 29 2022 A hands-on traveler's guide to the enthralling tales of Greek mythology, organized around the cities and landscapes where the events are set The Greek myths have a universal appeal, beyond the geographical physical place in which they were created. But many are firmly rooted in specific landscapes: the city of Thebes and mountain range Cithaeron dominate the tale of Oedipus; the city of Mycenae broods over the fates of Agamemnon and Electra; while Knossos boasts the scene of Theseus' slaying of the Minotaur. Drawing on a wide range of classical sources, newly translated by the author, and illustrated with specially commissioned drawings, this book is both a practical guide for those visiting the sites and a fascinating imaginative journey for the armchair traveler. The itinerary includes twenty-two locations, from Mount Olympus to Homer's Hades, recounting the myths and history associated with each site and highlighting features that visitors can still see today. Scholarly text, supported by quotes from primary sources and contemporary research, as well as the enticing stories of gods and goddesses, heroes and villains, makes the reader's literal or simply literary experience of these sites, whose significance still resonates today.

Eternal Drama Aug 27 2019 A Jungian exploration of the figures of Greek mythology, revealing what the stories and their continued significance represent about our modern lives Zeus, Aphrodite, Apollo, Artemis, Athena—do the gods and goddesses of Greece have anything to say to us that we haven't already heard? In this book, based on a series of his lectures, the eminent Jungian analyst and writer Edward F. Edinger revisits all the major figures, myths, and legends of the ancient Greek religion to discover what they can still reveal—representing, as they do, one of the religious and mythic foundations of Western culture. Building on C. G. Jung's assertion that mythology is an expression of the deepest layers of mind and soul, Dr. Edinger follows the mythic images into their persistent manifestations in literature and on into our modern lives. He finds that the gods indeed continue to speak as we grow in our understanding and that the myths express the inner energies within all of us as much as ever. Heracles is eternally performing his labors, Perseus is still confronting Medusa, Theseus is forever stalking the Minotaur, and Persephone is forever carried off to life in a new realm.

Uncovering Greek Mythology Mar 27 2022 Get to know the Greek gods and goddesses, from the mighty Zeus, to the temperamental Poseidon, the beautiful Aphrodite, and every character from A to Z. Who were the Olympians and where did they come from? Why were the Titans overthrown? How did these and other mythology tales shape Greek culture and civilization? Scholars have long been fascinated by the Greeks, and even today we are entertained by stories of their mythology and pantheon. The Greeks developed an entire religion around powerful, vengeful gods, benevolent yet fierce goddesses, and bizarre couplings that created some of the strangest creatures in the world. Mythology. Who wouldn't want to hear about Zeus and his command of lightning, Hades and how he found his bride, the wisdom of Athena, and so many other stories that capture the imagination. These stories can do more than entertain; they can also inspire and teach us lessons that were penned by the Greeks themselves. Starting with the creation myth, this book will take you through the stories of the Titans, introduce the Olympians, bring in the gods, and sneak a peek at the monsters that made up the mythology. You'll learn who all the gods and goddesses were in relation to one another, mythological explanations for natural events, and why any of this still matters today. You'll discover: The names, powers, and significance of all the major Greek gods and goddesses Rich stories based around the Greek pantheon Moral lessons and cultural values important to the Greeks, preserved in their mythology Brief history of Greek civilization and how they worshipped their gods and goddesses Creatures of Greek mythology that still feature in modern tales today And so much more Greek history! Up on Mount Olympus, along the shores of the Mediterranean, and deep in the Underworld, gods, goddesses, demigods, and creatures linger in the mind and stories of an ancient culture. This culture gave us science, philosophy, and a rich mythology that never stops evolving. To appreciate the power of their stories for yourself and become absorbed in a world so like and yet unlike our own, click "add to cart."

Greek Myths Dec 04 2022 This collection contains more than 30 enthralling new retellings of favourite myths as well as some you might not have heard before! Including Theseus and the Minotaur, The Twelve Labours of Hercules, the escapades of Jason and the Argonauts, each myth is told in engaging modern language, which is easy for children to understand yet still retains the humour and intrigue of the original tales. Stunning illustrations by multi-award-winning artist Katie Ponder breathe new life into each classic story. Additional feature pages delve deeper into the mythical world, providing profiles of the gods. The reference section provides key background information, such as Ancient Greek storytelling and the incredible beasts of the myths, and a pronunciation guide. Greek Myths is the perfect gift, featuring foil on the cover and beautiful illustrations throughout. Children will love exploring the tales of themselves or as bedtime stories. It will be treasured forever.

Ingri and Edgar Parin D'Aulaire's Book of Greek Mythology Sep 28 2019 Text and illustrations by Caldecott winners Ingri and Edgar Parin d'Aulaire depict the gods, goddesses, and legendary figures of ancient Greece.
