Shadow Pawn Jan 02 2020 He'd spent his career hiding in shadows. Now they want to send him back into them. The question is, who are they? Is this job his saving grace or has he just made a deal with the devil? When the military makes Navy SEAL sniper Adam Nichols their sacrificial lamb just two years shy of his retirement, he has no more reason to follow their rules. So the offer the shadowy figure representing an undisclosed organization makes him looks pretty good. In exchange for more money than he ever made working for the command that betrayed him, Adam is to use any means necessary to free an American woman held hostage in China, without backup and without causing an international incident in the process. With the promise of possible redemption, in addition to his obsession with the intriguing damsel in distress who kicks his protective side into high gear, his choice is clear. But who is the tawny-skinned, sophisticated, captive beauty in the photo who rouses feelings he's long denied? The impeccably-dressed, ebony-haired stranger with the intelligent yet secretive golden-brown eyes who seems so completely opposite from his own beastly rough nature. He's to rescue her, and protect her, and nothing else. Easier said than done. And after he does free her, is he handing her over to the good guys, or the bad? Or, perhaps, she's the one he should be worried about. He only knows one thing for certain—a SEAL who's lost the ability to trust his gut instincts is, quite simply, lost.

Killers of the King Sep 02 2022 January, 1649. After seven years of fighting in the bloodiest war in Britain's history, Parliament had overpowered King Charles I and now faced a problem: what to do with a defeated king, a king who refused to surrender? Parliamentarians resolved to do the unthinkable, to disregard the Divine Right of Kings and hold Charles I to account for the appalling suffering and slaughter endured by his people. A tribunal of 135 men was hastily gathered in London, and although Charles refused to acknowledge the power of his subjects to try him, the death sentence was unanimously passed. On an icy winter's day on a scaffold outside Whitehall, in an event unique in English history, the King of England was executed. When the dead king's son, Charles II, was restored to the throne, he set about enacting a deadly wave of retribution against all those – the lawyers, the judges, the officers on the scaffold – responsible for his father's death. Some of the 'regicides' – the killers of the king – pleaded for mercy, while others stoically awaited their sentence. Many went into hiding in England, or fled to Europe or America. Those who were caught and condemned suffered agonising and degrading ends, while others saw out their days in hellish captivity. Bestselling historian Charles Spencer explores this violent clash of ideals through the individuals whose fates were determined by that one, momentous decision. A powerful tale of revenge from the dark heart of royal history and a fascinating insight into the dangers of political and religious allegiance in Stuart England, these are the shocking stories of the men who dared to kill a king.

When You're Mine Sep 29 2019 Take New York by storm and steer clear of serious relationships. That's the plan. That's the goal. It's easy too, now that my software company is making headlines. Nothing is getting in the way of that—not even my sexy personal trainer. I don't care how beautiful and intriguing she is. Mel Dawson keeps talking me into doing things, like watching the sunset and slowing down to enjoy life. When she trains me, and I watch her body, I'm constantly fantasizing about exploring every inch of it all night long, claiming her mouth every time she gives me a sassy reply. I don't even know who I am when I'm with her. I'm suddenly a completely different man. But, I like this version of myself better. Mel's smart, determined, and keeps me guessing. She's everything I need and want, but I've been burned before. I'm used to taking chances in the boardroom, just not in my personal life. How much am I willing to risk for a chance to make her mine?
