The Successful Chinese Herbalist Nov 16 2021 This book is a distillation of over 20 years of knowledge from two well known American practitioners' of Chinese medicine. It is not a materia medica or a formula book. Rather it is a conversation in which the authors share both clinical and business knowledge and tips that can only be learned through years of running a practice. What is covered in this book?~ the essence of getting to the right pattern discrimination every time~how to write the best possible prescription for each patient~things to consider when deciding

dosages~how to avoid the phenomenon of habituation with your herbal patients~the main toxicity issues to consider when using Chinese herbal medicine~when it is appropriate to use pills and powder extracts~how to gain better compliance when using decocted formulas~why we should avoid using the term "patent" medicine~thoughts on running a successful clinic dispensary~a sample herb-instruction form for patients~why the harmonizing formulas are the most useful category of formulas for our patient population~how to work safely with patients who are taking Western drugs~a list of the most important treatment principles in Chinese medicine.

Chinese Self-massage Therapy May 22 2022 Chinese self-massage has many benefits and uses, ranging from maintaining health to treating acne, losing or gaining weight, and preventing wrinkles. This comprehensive overview of the theories and techniques of Chinese self-massage is for both professional practitioners of Chinese medicine and people who are interested in caring for their health. It includes self-massage procedures for treatment and prevention of many common complaints, such as colds and flus, insomnia, high blood pressure, constipation, diabetes, menstrual pain, tennis elbow, and fibrocystic breast disease, along with accompanying pictures showing how and where the technique should be done. This book also includes sections on self-massage for sexual dysfunction, beautification, weight loss, maintenance of teeth, prevention of balding, and the promotion of better breast health.

Herb Toxicities & Drug Interactions Oct 23 2019 Noting the need for clear and detailed information on Chinese herbal medicine, Jennes presents a volume (a reprint from 2004) for practitioners, students, pharmacologists, and researchers. He covers the potential for toxicity in general, types of interactions, and medicines that have been noted as harmful. The bulk of the book comprises 100 formula

Curing IBS Naturally with Chinese Medicine Dec 05 2020 Irritable bowel syndrome (IBS) is a disorder that affects one out of five Americans, with such symptoms as diarrhea, constipation, bloating, nausea, indigestion, and gas. This book is directed to those who suffer from IBS and provides a whole, holistic, and centuries-old theory about its cause and treatment. Based on this theory, this book provides free or low-cost therapies for relieving or even curing maladies through the wisdom of Chinese medicine. Emphasis on understanding acupuncture, moxibustion, and mind-body interactions in a positive light is refreshing for those who want to improve the quality of their lives naturally.

Test Prep Workbook for the NCCAOM Biomedicine Module Jun 11 2021 This book is designed as a guide for the practitioner interested in taking the Bio-medicine portion of the NCCAOM exam. The NCCAOM Bio-medicine module is made up of 50 questions divided into three sections and this book is modeled after this exam, containing questions from each of the three categories. The book is divided into five tests containing 50 questions each. Each test includes an answer sheet, answer key and detailed explanations for most questions. Practitioners not interested in taking the Bio-medicine portion of the NCCAOM exam may also find the information contained in this book useful in their everyday clinical practice.

A Handbook of TCM Patterns & Their Treatments Jan 26 2020 This book is the second, revised edition of a practical handbook of Chinese medical patterns with their disease causes and mechanisms, signs and symptoms, treatment principles, guiding formulas, main modifications, and acupuncture treatments. It is meant for both the student and the clinical practitioner. The authors have included numerous patterns previously not described in the English language literature as well as many complex patterns which are commonly seen in real-life practice in the West. It also includes a symptom-sign index and a formula index for easy reference. All medicinal names in this new edition conform to Bensky et al.'s Chinese Herbal Medicine: Materia Medica 3rd edition, and all Chinese medical terminology corresponds to Wiseman and

Feng's A Practical Dictionary of Chinese Medicine. Ingredients in Chinese medicinal formulas begin with their pinyin names and are listed down for easier reference. In addition, this new edition contains a number of case histories for use in problem-based learning (PBL) along with suggested answers, thus making it even more useful in the classroom.

A Compendium of Chinese Medical Menstrual Diseases Mar 08 2021

The book contains classical and standard contemporary acupuncture for emergency and rehabilitation use. Its covers such areas as: Running needle; Moxibustion; Electro-acupuncture; Magneto-therapy and herbal patches; Special protocols by famous contemporary practitioners; Treatments for body, scalp, ear, tongue, wrist-ankle and ocular acupuncture; and, the treatment of 23 post stroke sequelae. The final chapter of the book recounts the outcomes of scores of clinical trials proving acupuncture efficacy in the treatment of stroke.

Sticking to the Point: A rational methodology for the step by step formulation & administration of an acupuncture treatment Oct 27 2022 A new, revised edition of the first book for students and practitioners which explains how to do TCM style acupuncture. This book explains in depth how to do a complex, individualized TCM pattern discrimination, how to arrange and make sense of a welter of confusing signs and symptoms, and how to think using TCM terms and statement of fact. Western students and beginning practitioners will find this book an invaluable aid in honing their ability to understand and use TCM. Although specifically about acupuncture, the method presented in this book can be used to erect a TCM treatment plan using any Chinese modality Chinese herbs, Chinese dietary therapy, tui na or Chinese massage, or qi gong, Chinese energy exercises. Included in this book are the functions of the main points of acupuncture and the functions of the main two and three point combinations.

The Empty Vessel Apr 21 2022

Understanding the Difficult Patient Nov 04 2020 This well organised, easy to read book includes many detailed case histories of difficult patient interactions and suggestions for how to be most effective. Study/discussion questions can be found at the end of each chapter with one unresolved case for discussion. The author has interacted with thousands of patients. This book is an excellent teaching text.

A Handbook of Chinese Hematology Aug 25 2022

Wan's Clinical Application of Chinese Medicine Sep 26 2022 The ancient practices of Chinese medicine are often misconstrued by more modern Traditional Chinese Medicine in Westernised texts. This book expands our knowledge of the full potential of Chinese medical practices using an approach characterised by Grandmaster Wan as the 3E approach (easy, economical and efficient).

Seventy Essential TCM Formulas for Beginners Sep 14 2021 At TCM colleges in China, undergraduates learn a basic repertoire of between 50 and 100 herbal formulas. This includes one or two formulas from each of 21 major categories. By learning to modify this core group of formulas with additions and subtractions, one will have a basic repertoire of formulas for most clinical occasions. This book is not meant to replace or compete with Bensky & Barolet's Chinese Herbal Medicine: Formulas & Strategies. It is meant as an outline for prioritized study and use by under-graduates and new practitioners.

Dui Yao Jan 18 2022

The Divine Farmer's Materia Medica Aug 21 2019

Master Hua's Classic of the Central Viscera Mar 28 2020 Publication of the first English language translation of this Chinese medical text bearing the name of the most famous Chinese doctor of antiquity, Hua Tuo, gives Western practitioners access to what is, perhaps, the premier proto-Daoist medical classic. In particular, this book is a great source of information on pulse diagnosis and is the locus classicus of the theory of warm supplementation, containing numerous fascinating herbal and alchemical formulas for both internal and external usage.

Chinese Medical Obstetrics Oct 15 2021 This book is both a study text and clinical manual on the Chinese medical treatment of obstetric conditions, or diseases women may experience during pregnancy, childbirth and shortly thereafter. However, in addition to everything one would expect to find in such a book, this text, also, includes: abstracts of recent Chinese research for most chapters; case history examples of common clinical presentations throughout the book; clinical tips at the end of each chapter from the author's personal experience; special medicinal or important acupuncture points for specific conditions; cautions or danger signs that every practitioner of Chinese medical obstetrics needs to know; and protocols for five dozen Chinese gestational, birthing, and postpartum conditions.

Points for Profit Dec 17 2021 If you are starting a practice for the first time or your existing practice needs a kick-start, this is the book/CD Rom package you need. It covers everything you

need to know about the business of practicing acupuncture and Chinese medicine. Used by over 25 schools as a required text, the companion CD Rom alone is worth the price. * advice and stories from real practitioners all over the U.S. and Canada * scores of pages of downloadable forms, letters, work sheets, and templates on the CD Rom so you don't have to invent them yourself * a well-organized, easy-to-read, compact and humor-filled writing style * condensed "points to ponder" at the end of each chapter * hundreds of resources, websites, and tips to make your professional life easy * Many effective marketing ideas * New chapter on buying and selling a practice

Foundations for Integrative Musculoskeletal Medicine Jun 23 2022 This book, an authoritative text on musculoskeletal and physical medicine that integrates Eastern and Western approaches, covers every aspect of musculoskeletal medicine, starting with an in depth introduction to Traditional Chinese Medicine (TCM) principles as they relate to the subject. Author Alon Marcus surveys the science of pain from both modern biomedical and TCM perspectives, examines the foundations of integrative musculoskeletal medicine, explores biomedical and osteopathic clinical assessment, and outlines treatment options such as acupuncture, blood-letting, and meridian therapy. Other chapters analyze herbal medicine, integrative electrotherapeutics, manual therapy, and much more.

A New American Acupuncture Jun 30 2020

Managing Menopause Naturally with Chinese Medicine Jul 12 2021 More than 40 million women in the United States are now experiencing menopause, and it is affecting their sex drive, energy level, and emotions. This book explains how Chinese medicine can aid in the diagnosis, treatment, and prevention of menopausal problems, restoring balance to a woman's body. Topics covered include Chinese self-care and home remedies and information on Chinese dietary therapy, exercise, and deep relaxation.

The Systematic Classic of Acupuncture & Moxibustion Apr 28 2020 The first clinical textbook of acumoxa therapy dating from the third century - and one of the four great Chinese acupuncture classics - this book is so authoritative that it has provided the framework and standard for all subsequent acupuncture textbooks in China. It contains all the most important passages of the Su Wen and Ling Shu, collated, edited, and arranged according to topic.

The Treatment of Disease in TCM: Diseases of the eyes, ears, nose & throat Sep 02 2020

Test Prep Workbook for Basic TCM Theory Dec 25 2019 This book is designed as a study guide for either students or practitioners needing additional information on basic TCM theory. It is also designed to be extremely helpful for those preparing for the basic TCM theory portion of the NCCAOM exam. The book is divided into seven tests containing 125 questions each. Each test includes an answer sheet and an answer key. Practitioners may also find the information contained in this book useful in their everyday clinical practice.

Li Dong-yuan's Treatise on the Spleen & Stomach Apr 09 2021 This is a translation and annotation of Li Dong-yuan's Pi Wei Lun; by Bob Flaws. With so much new research in China on the ideas and formulas of Li Dong-yuan, we feel this book is one of the most important pre-modern texts in Chinese medicine for 21st century clinicians. Bob has undertaken the task of a fresh translation of this book, this time including detailed commentary, relevant case histories and random clinical trail reports for each chapter.

Treating Pediatric Bed-wetting with Acupuncture & Chinese Medicine May 30 2020 This book is an excellent resource for Chinese Medical practitioners interested in including paediatrics in their practice. It is built around numerous Chinese studies on the treatment of enuresis, enabling the reader to view and treat the problem from various perspectives. How to put all this knowledge into practice is demonstrated in quite a few well-structured case histories. An introductory section on the Western view on pathology and treatment of bed-wetting offers the

most up-to-date information in an easily readable format. This book takes the integration of Western and Chinese medical approaches one step further. Through the use of some of the recommended treatments offered in this compassionate and thoughtful book, the practitioner will discover just how rapid and successful TCM can be in treating this difficult (for parents as well as the child) condition.

Golden Needle Wang Le-ting Dec 29 2022 Wang Le-ting was one of the architects of modern Chinese acupuncture. Wang created many new acupuncture treatment protocols useful in the treatment of chronic, difficult-to-treat conditions, including paralysis, and atrophy due to organic disease (MS, lupus, ALS, etc.), cerebrovascular accident, and traumatic injury to the spinal cord. This book is an account of his special acupuncture theories and contains his most effective treatment protocols, representative case histories, and Wang's analysis of point selection. It's also a mine of step-by-step acupuncture protocols you can use in your clinic.

The Medical I Ching Jan 06 2021 The first translation of this timeless classic of philosophy specifically for practitioners of the healing arts. Includes: diagnostic indications & prognosis for all 64 hexagrams & changing lines, discussions of casting methods, & case histories.

Controlling Diabetes Naturally with Chinese Medicine Nov 23 2019 Chinese medicine is the oldest continually practiced professional medicine in the world, and Chinese doctors have recognized diabetes as a distinct clinical condition for 2,000 years. Their research has yielded a wealth of low-cost, noninvasive, natural methods of treatment. Beginning with an overview of Chinese medical theory, this book explores the patterns of imbalance that are used to diagnose diabetes. Also discussed are professional methods of treatment, including acupuncture and herbal medicine, and traditional home remedies, such as Chinese teas and self-massage. Special attention is paid to the role of diet, exercise, and relaxation to the prevention and treatment of diabetes.

Acupuncture & IVF Oct 03 2020 Increase your success rate with in vitro fertilization (IVF) by as much as 60% The information in this book can increase your success rate with in vitro fertilization (IVF) and other assisted reproductive technologies (ART) by as much as 60%. Research has shown that acupuncture alone can increase the success rate of IVF by 35%. By also adding Chinese herbal medicine, it is Dr. Lifang Liang's experience that you can almost double that increase. In this book, Dr. Liang describes her extremely successful step-by-step protocols for combining acupuncture and Chinese herbal medicine with IVF. Whether you are a Western MD specializing in infertility, a Chinese medical practitioner, or a couple experiencing difficulties in conceiving, this book is sure to give you new hope and a new approach to dealing with this all too common and difficult condition.
