Classic Farm Tractors Jan 15 2021 DIVFrom iconic stalwarts to more eccentric entries into the ag industry, this colorful, fun, and fact-filled book profiles scores of farm tractor classics from the twentieth century. Veteran tractor author Robert Pripps tackles each model with aplomb, offering concise descriptions and histories along with informative specification charts that give the lowdown on all-important considerations like horsepower ratings, engine sizes, weights, fuel types, and more. Illustrated with color photography by Ralph Sanders and Andrew Morland, *Classic Farm Tractors* is arranged chronologically to give a better sense of farm tractor evolution and includes all of the usual suspects—from the likes of John Deere, Farmall, Fordson and Ford, Case, Allis-Chalmers, Minneapolis-Moline, Best, Caterpillar, Massey-Harris, Massey-Ferguson, Oliver, Rumely, and Hart-Parr—as well as lesser-known and forgotten marques manufactured throughout the United States and Canada. In addition, Pripps includes a generous selection of farm tractors from Europe, including models from Fiat, Lanz, Le Percheron, Renault, Deutz, and more. *Classic Farm Tractors* is an entertaining look at the tractors we all know and love as well as the

oddball tractors that fans find fascinating. With well over 200 photographs of more than 100 years of tractors from all over North America and Europe it's the perfect gift for tractor lovers. /div
Wheelchair Skills Assessment and Training Aug 29 2019 This book provides a wide spectrum of readers with comprehensive but easily understandable protocols for the assessment and training of wheelchair skills. The Wheelchair Research Team at Dalhousie University and the Capital District Health Authority in Halifax (lead by the author) have focused on wheelchair safety and performance for three decades, as exemplified through the Wheelchair Skills Program. This is considered the top such program in the world. This new book is largely based on this program which has been accessed and utilized by over 75,000 people in 177 countries since 2007.
