**The Power of Soft** Nov 03 2020 In *The Power of Soft*, Hilary Gallo Reveals a more effective way to get what you want—both in and out of the board room. Hilary spent years negotiating multi-million pound deals as a lawyer and began to notice that tough, bullying behaviour rarely got him or his clients the outcomes they were looking for. Over the years he began to develop a new way of approaching negotiations—the power of soft—and soon found his work and home life getting richer. In life and in business we often mask our inner vulnerability by adopting a hard, unwavering and ultimately ineffective approach. Instead, Gallo proves that our true power stems from drawing strength from our mental core and balancing that inner strength with a softer, more approachable front. He teaches us to see reality more clearly by looking past our judgments and preconceptions and to focus our energy on what we actually need to achieve. What started as a negotiation tactic soon became a philosophy for life. Whether closing a business deal or trying to get your kids to bed, *The Power of Soft* is an elegant, holistic and most of all effective method to get what you need and still be kind.

**The 48 Laws of Power** Feb 18 2022 Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. **Think Again** Nov 27 2022 Instant #1 New York Times Bestseller Listed as a Times Self-Help Book of the Year Discover the critical art of rethinking: how questioning your opinions can position you for excellence at work and wisdom in life Intelligence is usually seen as the ability to think and learn, but in a rapidly changing world, the most crucial skill may be the ability to rethink and unlearn. Recent global and political changes have forced many of us to re-evaluate our opinions and decisions. Yet we often still favour the comfort of conviction over the discomfort of doubt, and prefer opinions that make us feel good, instead of ideas that make us think hard. Intelligence is no cure, and can even be a curse. The brighter we are, the blinder we can become to our own limitations. Adam Grant - Wharton's top-rated professor and #1 bestselling author - offers bold ideas and rigorous evidence to show how we can embrace the joy of being wrong, encourage others to rethink topics as wide-ranging as abortion and climate change, and build schools, workplaces, and communities of lifelong learners. You'll learn how an international debate champion wins arguments, a Black musician persuades white supremacists to abandon hate, and how a vaccine whisperer convinces anti-vaxxers to immunize their children. Think Again is an

invitation to let go of stale opinions and prize mental flexibility, humility, and curiosity over foolish consistency. If knowledge is power, knowing what you don't know is wisdom.

New Power Apr 27 2020 NOW A NATIONAL BESTSELLER The definitive guide to spreading ideas, building movements, and leaping ahead in our chaotic, connected age. Get the book New York Times columnist David Brooks calls "the best window I've seen into this new world." Why do some leap ahead while others fall behind in our chaotic, connected age? In *New Power*, Jeremy Heimans and Henry Timms confront the biggest stories of our time--the rise of mega-platforms like Facebook and Uber; the out-of-nowhere victories of Obama and Trump; the unexpected emergence of movements like #MeToo--and reveal what's really behind them: the rise of "new power." For most of human history, the rules of power were clear: power was something to be seized and then jealously guarded. This "old power" was out of reach for the vast majority of people. But our ubiquitous connectivity makes possible a different kind of power. "New power" is made by many. It is open, participatory, and peer-driven. It works like a current, not a currency--and it is most forceful when it surges. The battle between old and new power is determining who governs us, how we work, and even how we think and feel. *New Power* shines fresh light on the cultural phenomena of our day, from #BlackLivesMatter to the Ice Bucket Challenge to Airbnb, uncovering the new power forces that made them huge. Drawing on examples from business, activism, and pop culture, as well as the study of organizations like Lego, NASA, Reddit, and TED, Heimans and Timms explain how to build new power and channel it successfully. They also explore the dark side of these forces: the way ISIS has co-opted new power to monstrous ends, and the rise of the alt-right's "intensity machine." In an era increasingly shaped by new power, this groundbreaking book offers us a new way to understand the world--and our role in it.

Investigative journalist Jess Hill puts perpetrators – and the systems that enable them – in the spotlight. *See What You Made Me Do* is a deep dive into the abuse so many women and children experience – abuse that is often reinforced by the justice system they trust to protect them. 'A shattering book: clear-headed and meticulous, driving always at the truth'—Helen Garner 'One Australian a week is dying as a result of domestic abuse. If that was terrorism, we'd have armed guards on every corner.' —Jimmy Barnes 'Confronting in its honesty this book challenges you to keep reading no matter how uncomfortable it is to face the profound rawness of people's stories. Such a well written book and so well researched. *See What You Made Me Do* sheds new light on this complex issue that affects so many of us.'—Rosie Batty

**The Power of the Other** May 29 2020 An expert on the psychology of leadership and the bestselling author of *Integrity, Necessary Endings, and Boundaries For Leaders* identifies the critical ingredient for personal and professional wellbeing. Most leadership coaching focuses on helping leaders build their skills and knowledge and close performance gaps. These are necessary, but not sufficient. Using evidence from neuroscience and his work with leaders, Dr. Henry Cloud shows that the best performers draw on another vital resource: personal and professional relationships that fuel growth and help them surpass current limits. Popular wisdom suggests that we should not allow others to have power over us, but the reality is that they do, for better or for worse. Consider the boss who diminishes you through cutting remarks versus one who challenges you to get better. Or the colleague who always seeks the limelight versus the one who gives you the confidence to finish a difficult project. Or the spouse who is honest and supportive versus the one who resents your success. No matter how talented, intelligent, or experienced, the greatest leaders share one commonality: the power of the others in their lives. Combining engaging case studies, persuasive findings from cutting-edge brain research, and examples from his consulting practice, Dr. Cloud argues that whether you're a Navy SEAL or a corporate executive, outstanding performance depends on having the right kind of connections to fuel personal growth and minimize toxic associations and their effects. Presenting a dynamic model of the impact these different kinds of connections produce, Dr. Cloud shows readers how to get more from themselves by drawing on the strength and expertise of others. You don't have

a choice whether or not others have power in your life, but you can choose what kinds of relationships you want.

*The Power in You* Apr 20 2022 From Sunday Times bestselling author... 'Henry Fraser is one of the most remarkable people I've ever met' J.K. Rowling 'What a story of transformation, inner power and inspiration' Jonny Wilkinson Mouth artist, motivational speaker and author of the inspirational memoir *The Little Big Things*, Henry Fraser, explores the transformative power of acceptance in this motivational guide. If *The Little Big Things* was about Henry's past, *The Power in You* is about his present and his future. And through understanding his daily experience, Henry teaches us all how best we can live. This book is about right now, and it's about tomorrow. It's about recognising progress, it's about accepting our past to become free of it, it's about living in the now to avoid anxiety. It's future focused on the positive. Henry discusses acceptance, how to adapt and deal with our pasts, how to forgive ourselves, and how to forgive others. He will remind us to live in the present and just how empowering that can be, how to work through self-doubt, how to become aware of our progress, and how everything you need in life comes from within you. The power is in you.

**The Power of Good News** Sep 01 2020 The media's bias toward stories of conflict, violence, and division is bad for your health. Hal Urban shows how to find the positive and uplifting all around us. What we eat greatly impacts our physical health. Hal Urban says that we can nourish our minds just like we nourish our bodies by choosing what information we consume. Urban explains why, due to neuroscience as much as economics, the media—left, right, and center—focuses mostly on negative stories. And he describes the psychological toll this takes on our mental health. But he's not suggesting we ignore these stories, just that we vary our diets. We can find countless signs of progress and acts of kindness all around the world if we know where to look. And there are positive aspects in our own lives—family, friends, beauty, generosity, and progress—that we take for granted. Offering techniques he road tested as a teacher for thirty-six years, Urban helps readers become a conscious consumer of information, balancing sources like food groups. If, as the late Zig Ziglar put it, “you are what you are . . . because of what has gone into your mind,” then it's in our best interest to choose positive, healthy, and uplifting input whenever possible. Urban shows how to do this with open eyes and an open heart.
