Broom Broom Jun 25 2022 Nothing slips by Brecken Hancock's deft ear as she seductively plumbs the depths of the evolution of bathing, doppelgangers, the Kraken, and the minutiae of family with all its tragic misgivings. The poems in Broom Broom pervert the rational, safe parts of the world to extoll and absorb the sweep of human history. What I mean to say is, the evidence is always there. From where we stand, we confuse lampposts for ghosts. Brecken Hancock's poetry, essays, interviews, and reviews have appeared in several journals, including Event and Fiddlehead. She is reviews editor for Arc Poetry Magazine.

Altered By Fire Sep 16 2021 My life changed in an instant, altered by fire, irreparably damaged. Just like me. I'm a broken, damaged soul on the run from a very real sort of darkness. My father, a notorious mob boss, either wants me back or wants me dead. I find solace in the arms of his enemies. Five deliciously dark men that tempt me to do things I

shouldn't. Arsen, Colt, Weston, Mace, and Hawke. They're just as dangerous as the men they're hunting. So, will they save me, or burn me to ashes? Either way, in their arms, I catch fire. I burn. And I love every second of it. **NOTE: This book was originally published as Five Fathers by Kate Morgan. It has undergone a rewrite but the core story remains the same.**

Voices in the City Sep 28 2022 Voices in the City is based on the life of the middle class intellectuals of Calcutta. It is an unforgettable story of a Bohemian brother and his two sisters caught in the crosscurrents of changing social values. In many ways the story reflects a vivid picture of India's social transition - a phase in which the older elements are not altogether dead, and the emergent ones not fully evolved. The novel describes the bitter effects of the urban living upon an Indian family. Brought up in luxury and magnificence by an over indulgent mother, Nirode settles down in Calcutta and becomes engrossed in its bohemian life, while his elder sister, Monisha lives out a servile existence within the rigid and stiff confines of a traditional Hindu family. Amla sees the city as a monster, Nirode sacrifices everything for his career, and Monisha cannot bear her stifling existence in the household of a wealthy old Calcutta family.

Allison's Adventures in Underland Jun 13 2021 Um. Um. Um. Are you reading this? If you are, I need your help. I was at a party; I was running; I fell. And get this--this is the part you'll never believe--I fell down a rabbit hole. Like Alice in those old books. Except in those books, there wasn't blood everywhere. In those books, the characters weren't all male, attractive, and interested in me. Forget everything you know about the Mad Hatter, the White Rabbit, the March Hare ... This isn't Wonderland; this is Underland. Violence, sex, drugs, and magic ... that's all there is in this place. There's me, Allison, and

there are the men that want me, the enemies that hunt me, and the darkness that's quickly rolling in. And only I can stop it. So if you're reading this, will you help me? Please. I just want to escape this place and go ... home. *ALLISON'S ADVENTURES IN UNDERLAND* (Book 1 of 3 in the "Harem of Hearts" series) -- is a full-length reverse harem/new adult/dark romance novel, a gritty retelling of "Alice's Adventures in Wonderland". Don't expect a children's tale; these characters are nothing like their more innocent counterparts. This book contains: drugs, cursing, violence, sex ... and love found in the darkest shadows.

Elements of Mischief Jan 01 2023 WARNING: This is a sexy, steamy reverse harem paranormal romance (one girl, four guys) with loads of humor, plumber puns, and group sex. Read with a glass of wine and a smile! Four hunky, supernatural plumbers. One reluctant, slightly drunk human. A match made in heaven ... or in the bathroom, rather. My name is Arizona Smoke, and I'm the proud owner of a house haunted by my

dead Gram, best friend to a cocktail dress loving werewolf, and apparent soul mate to four plumbers who also happen to be elemental dragons. Besides rippling pectorals, tattoos, and ... uh, nice, long pipes, the guys also have control of the elements. Supernatural law (whoever heard of such a thing anyway?) dictates that since I stumbled upon the guys in their alternate forms, I have to marry them. All four of them. Oh, and apparently one lousy (okay, awesome) night of sex means that I'm an elemental, too-and no amount of magical penicillin can cure this disease. All I wanted was hot running water and toilets that flushed, but now I'm dealing with monsters lurking in the sewers, supernatural politics, and four penniless (but totally hot) plumbers living in my crumbling old Victorian. I'm Ari Smoke, wine aficionado, ex-barista, and a girl who is completely out of her element. Having four hot husbands is nice ... but the death threats, not so much.

The book includes contributions from Dacre Stoker, David J. Skal, Laura Helen Marks, Dodd Alley, Mitch Frye, Ian Holt, Robert Eighteen-Bisang, and J. Gordon Melton.

Teaming up with unlikely allies may be my only chance at survival or my biggest mistake. Only time will tell. They say things are darkest before the light, and that the storm gets worse before it clears. Trust me when I say platitudes don't do a damn bit of good when you're in the middle of it. I'm Kit Davenport, and my heart is breaking.

Light needs to be shone on the truth, but there's no one left to hold the torch. The line between life and death is blurred, and the players are all thoroughly

entrenched in the game. The question is: am I still one of them?

Buyology Mar 23 2022 NEW YORK TIMES BESTSELLER • "A fascinating look at how consumers perceive logos, ads, commercials, brands, and products."—Time How much do we know about why we buy? What truly influences our decisions in today's message-cluttered world? In Buyology, Martin Lindstrom presents the astonishing findings from his groundbreaking three-year, seven-million-dollar neuromarketing study—a cutting-edge experiment that peered inside the brains of 2,000 volunteers from all around the world as they encountered various ads, logos, commercials, brands, and products. His startling results shatter much of what we have long believed about what captures our interest—and drives us to buy. Among the questions he explores: • Does sex actually sell? • Does subliminal advertising still surround us? • Can "cool" brands trigger our mating instincts? • Can our other senses—smell, touch, and sound—be aroused when we see a product? Buyology is a fascinating and shocking journey into the mind of today's consumer that will captivate anyone who's been seduced—or

turned off—by marketers' relentless attempts to win our loyalty, our money, and our minds.

El Monstruo Mar 11 2021 John Ross has been living in the old colonial quarter of Mexico City for the last three decades, a rebel journalist covering Mexico and the region from the bottom up. He is filled with a gnawing sense that his beloved Mexico City's days as the most gargantuan, chaotic, crime-ridden, toxically contaminated urban stain in the western world are doomed, and the monster he has grown to know and love through a quarter century of reporting on its foibles and tragedies and blight will be globalized into one more McCity. *El Monstruo* is a defense of place and the history of that place. No one has told the gritty, vibrant histories of this city of 23 million faceless souls from the ground up, listened to the stories of those who have not been crushed, deconstructed the *Monstruo's* very monstrosity, and lived to tell its secrets. In *El Monstruo*, Ross now does.

Jeannie Out of the Bottle Jan 27 2020 A magical, heartwarming memoir from one of Hollywood's most beloved actresses, best known for her iconic role on *I Dream of Jeannie* The landmark NBC hit television series *I Dream of Jeannie* has delighted generations of audiences and inspired untold numbers of teenage crushes on its beautiful blond star, Barbara Eden, for decades. Part pristine Hollywood princess and part classic bombshell, with innocence, strength, and comedic talent to spare, Barbara finally lets Jeannie out of her bottle to tell her whole story. *Jeannie Out of the Bottle* takes us behind the scenes of *I Dream of Jeannie* as well as Barbara's dozens of other stage, movie, television, and live concert performances. We follow her from the hungry years when she was a struggling studio contract player at 20th Century Fox through difficult weeks trying to survive as a chorus girl at *Ciro's Sunset Strip* supper club, from a stint as *Johnny Carson's* sidekick on live TV to tangling on-screen and off with some of Hollywood's most desirable leading men, including *Elvis Presley*, *Clint Eastwood*, *Paul Newman*, and *Warren Beatty*. From the ups and downs of her relationship with her Jeannie co-star *Larry Hagman* to a touching meeting with an exquisite and vulnerable *Marilyn Monroe* at the twilight of her career, readers join Barbara on a thrilling journey through her five decades in Hollywood. But Barbara's story is also an

intimate and honest memoir of personal tragedy: a stillborn child with her first husband, Michael Ansara; a verbally abusive, drug-addicted second husband; the loss of her beloved mother; and the accidental heroin-induced death of her adult son, just months before his wedding. With candor and poignancy, Barbara reflects on the challenges she has faced, as well as the joys she has experienced and how she has maintained her humor, optimism, and inimitable Jeannie magic throughout the roller-coaster ride of a truly memorable life. Illustrated with sixteen pages of photographs, including candid family pictures and rare publicity stills, *Jeannie Out of the Bottle* is a must-have for every fan, old and new.

Go East, Young Man Oct 06 2020 Transference of orientalist images and identities to the American landscape and its inhabitants, especially in the West—in other words, portrayal of the West as the “Orient”—has been a common aspect of American cultural history. Place names, such as the Jordan River or Pyramid Lake, offer notable examples, but the imagery and its varied meanings are more widespread and significant. Understanding that range and significance, especially to the western part of the continent, means coming to terms with the complicated, nuanced ideas of the Orient and of the North American continent that European Americans brought to the West. Such complexity is what historical geographer Richard Francaviglia unravels in this book. Since the publication of Edward Said’s book, *Orientalism*, the term has come to signify something one-dimensionally negative. In essence, the orientalist vision was an ethnocentric characterization of the peoples of Asia (and Africa and the “Near East”) as exotic, primitive “others” subject to conquest by the nations of Europe. That now well-established point, which expresses a postcolonial perspective, is critical, but Francaviglia suggest that it overlooks much variation and complexity in the views of historical actors and writers, many of whom thought of western places in terms of an idealized and romanticized Orient. It likewise neglects positive images and interpretations to focus on those of a decadent and ostensibly inferior East. We cannot understand well or fully what the pervasive orientalism found in western cultural history meant, says Francaviglia, if we focus only on its role as an intellectual engine for European imperialism. It did play that role as well in the American West. One only need think about characterizations of American Indians as Bedouins of the Plains destined for displacement by a settled frontier. Other roles for orientalism, though, from romantic to commercial ones, were also widely in play. In *Go East, Young Man*, Francaviglia explores a broad range of orientalist images deployed in the context of European settlement of the American West, and he unfolds their multiple significances.

Women in Dada Sep 04 2020 This book is the first to make the case

that women's changing role in European and American society was critical to Dada. Debates about birth control and suffrage, a declining male population and expanding female workforce, the emergence of the New Woman, and Freudianism were among the forces that contributed to the dadaist enterprise. Among the female dadaists discussed are the German émigré Baroness Elsa von Freytag-Loringhoven; Berlin dadaist Hannah Höch; expatriate poet and artist Mina Loy; the "Queen of Greenwich Village," Clara Tice; Margaret Anderson and Jane Heap, the lesbian couple who ran the Little Review; and Beatrice Wood, who died in 1998 at the age of 105. The book also addresses issues of colonialist racism, cross-dressing and dandyism, and the gendering of the machine.

Cigarette Wars Feb 19 2022 We live in an age when the cigarette industry is under almost constant attack. Few weeks pass without yet another report on the hazards of smoking, or news of another anti-cigarette lawsuit, or more restrictions on cigarette sales, advertising, or use. It's somewhat surprising, then, that very little attention has been given to the fact that America has traveled down this road before. Until now, that is. As Cassandra Tate reports in this fascinating work of historical scholarship, between 1890 and 1930, fifteen states enacted laws to ban the sale, manufacture, possession, and/or use of cigarettes--and no fewer than twenty-two other states considered such legislation. In presenting the history of America's first conflicts with Big Tobacco, Tate draws on a wide range of newspapers, magazines, trade publications, rare pamphlets, and many other manuscripts culled from archives across the country. Her thorough and meticulously researched volume is also attractively illustrated with numerous photographs, posters, and cartoons from this bygone era. Readers will find in *Cigarette Wars* an engagingly written and well-told tale of the first anti-cigarette movement, dating from the Victorian Age to the Great Depression, when cigarettes were both legally restricted and socially stigmatized in America. Progressive reformers and religious fundamentalists came together to curb smoking, but their efforts collapsed during World War I, when millions of soldiers took up the habit and cigarettes began to be associated with freedom, modernity, and sophistication. Importantly, Tate also illustrates how supporters of the early anti-cigarette movement articulated virtually every issue that is still being debated about smoking today; theirs was not a failure of determination, she argues in these pages, but of timing. A compelling narrative about several clashing American traditions--old vs. young, rural vs. urban, and the late nineteenth vs. early twentieth centuries--this work will appeal to all who are interested in America's love-hate relationship with what Henry Ford once called "the little white slaver."

I want to keep kissing forever, tasting sultry Southern boy and good manners and a filthy f***** mouth, but I think he has other plans. "If you don't want this," he whispers as he grazes my ear with his white, white teeth. "Then you better tell me now because once I get started, I ain't gonna be able to stop." How unfair, I think because really, there is no way that I can speak with scalding kisses being pressed to the side of my neck and my shoulder. Instead, another sound escapes my lips, bursting out into the air like a sigh of relief. Finally, I think. After all these years of reading about bad boys and alpha males and delicious men with ridiculous names, it's my turn. Mine. Mine. Austin Sparks crushes me against the pool table with his hips, the roughness of his jeans rubbing against the smoothness of my thighs as he pushes up my skirt with his warm hands. "Get ready for this, beautiful." And then he's spinning me around, so suddenly that my mouth opens wide and my cheek (my unbruised one, thankfully) slams into the felt of the pool table.

Elements of Ruin Nov 30 2022 Six hunky, supernatural tradesmen. One sarcastic, caffeine addicted bride. A match made by fate ... or karma? My name is Arizona Smoke, and I have six husbands. Yup. Count 'em--six. Four sexy plumbers, one electric electrician ... and my last husband? Total prick. Our unconventional marriage is almost complete. All I need to do is reconcile with my first love, and rescue a man I've never met. Easy, right? As if marrying a bunch of supernatural

plumbers isn't hard enough, I also have to deal with the fact that my biological father and his six wives (yeah, I have six moms, too) are still hunting us, stalking us through sex parties hosted by demons and setting traps for us in the middle of underground supernatural raves. And you thought your family was dysfunctional! All I wanted was a moment to breathe, a chance to get to know my new husbands in a way that was more than sexual--although I'm not exactly complaining about our time in the bedroom. But between my maniacal mother-in-law, some kidnapped lady-elementals, and the rich asshole I'm supposed to welcome into my new harem ... when's a girl got time for dates? Let alone planning a seven-way ... wedding that is. I'm Ari Smoke, spirit elemental, supernatural bada**, and hot-as-f*ck dragon chick. Having six hot husbands is nice ... but being hunted by evil sex demons, not so much. *ELEMENTS OF RUIN* is a full-length comedic paranormal, reverse harem romance. This means our leading lady has six male love interests and doesn't have to choose between them. This book is full of steamy scenes, ridiculous plumbing puns, and heaps of action, intrigue, and ... well, more puns. This is book 2 of 3.
