**Lippincott Q&A Review for NCLEX-RN** Dec 25 2019 Lippincott Q&A Review for NCLEX-RN, 12th edition is designed to help pre-licensure nursing students prepare to take the licensing examination. The title includes more than 6,000 questions reviewing the four major content areas of pre-licensure programs: obstetrics, pediatrics, medical-surgical, and mental health nursing. The textbook also includes six comprehensive examinations to provide students a realistic example of the NCLEX-RN test, in which items are randomized by subject area and difficulty. The questions align with the 2016 National Council of State Boards of Nursing (NCSBN) RN test plan and are written in the style used on the licensing examination. Other features include the use of all the types of alternate-format questions found on the licensing examination, detailed rationales for both correct and incorrect answers, information about the NCLEX-RN, study tips, and a "Content Mastery and Test-Taking Self Analysis" grid by which students can chart their own progress and modify study as needed.

*Community & Public Health Nursing* Mar 08 2021 Ensuring students meet the competencies outlined in the Quad Council of Public Health Nursing Organizations (ACHNE, 2011) and AACN's (2008) publication *Essentials of Baccalaureate Education for Professional Nursing Practice Community and Public Health Nursing*, the 3rd Edition of *Community & Public Health* is a primer to community, public, and population health nursing that develops students' abstract critical thinking skills and complex reasoning abilities through case studies, exercises, and examples throughout the highly illustrated text. Authors DeMarco & Healey-Walsh introduce public health concepts from an evidence-based perspective, allowing students to make connections between data and practice decisions. Because evidence-based practice guides quality performance improvements, the authors teach students to gather, assess, analyze, apply, and evaluate evidence— derived from epidemiology and other sources— for making public health practice decisions and for planning the care of individuals, families, and groups in the community. Examples assist students in interpreting and applying statistical data. The authors integrate timely topics (major challenges to nursing practice in the community, community and public health nursing specialties, cultural diversity, health disparities, globalism, epidemiology and basic biostatistics, and ethical considerations, Preventative immunizations, political proactiveness, advanced practice preparation, sustainable health goals, ebola, telehealth, opioid epidemic, veterans and LBGQ as a underserved populations, iPrepare, health literacy, health promotion conferences, and Healthy People 2020.) Special attention will be given to add additional features and ancillaries that allow students to actively learn. Healthy People 2020, and students will complete short active learning activities/questions will allow students apply the goals to real-life scenarios. NEW to this edition's ancillary package are unfolding case studies related to our new clinical replacement solution Lippincott Clinical Experiences: Community, Public, and Population Health. Our PowerPoints have been enhanced and are now heavily illustrated.

**Prepu for ACSM's Resources for the Personal Trainer** Jan 18 2022 Adaptive Learning Powered by PrepU provides students with the practice they want and need - at their own pace and based on their level of understanding. The adaptive nature of PrepU means that each student's experience is personalized and different - so their study time is more effective and efficient, and their retention of course material and success rates increase. Instructors will have a better window into their students' performance - at the individual and class level - so they can identify at-risk students earlier in the course and monitor each student's progress, strengths, and weaknesses. PrepU is a formative assessment, adaptive learning system - geared to help students learn and retain course material as they progress, It provides a way for students and instructors to adjust teaching and learning as they are happening.
