**Preventing Child Trafficking** Aug 01 2020 Providing readers with advice geared toward better understanding trafficking's root causes, this revelatory book concludes by mapping out a "public health toolkit" that can be used by anyone who is interested in preventing child trafficking, from policymakers to professionals who work with children.

**Domestic Minor Sex Trafficking** Sep 26 2022 This text integrates knowledge on DMST from the scholarly literature with interviews with those working directly in the field. Interviews with survivors, social workers, psychologists, law enforcement professionals, and others help educate the reader as to why and how this crime occurs, how to fight it, and how to help survivors recover.

**Human Trafficking** Oct 03 2020 Trafficking of persons is a modern-day form of slavery, threatening the dignity and security of millions of people throughout the world. Virtually every country in the world and every state of India is affected by this crime as a place of origin, transit or destination for victims. This book is an attempt to discuss various issues of human trafficking, including perspectives of various stakeholders. The book argues that crime cannot be dealt with only by applying piecemeal tactics. Instead, it will require an organized professional, multi-disciplinary and multi-agency approach, calling for concerted, collaborative and participatory efforts of all stakeholders. All the essays included in this book are original works delving deeply into various forms of human trafficking. They are organized into different themes such as sexual exploitation, child trafficking, trafficking outside India, legal aspects, state experiences and case studies.

**Domestic Minor Sex Trafficking** Oct 27 2022 The domestic sex trafficking of minors is a problem of growing concern yet little critical

attention. This book analyzes the forces behind the sex-trafficking industry in the United States and provides a much-needed reference for practitioners. It adopts a holistic approach, pursuing a nuanced exploration of these young people's experiences, their treatment, and outside efforts to combat sex trafficking. The book features interviews with service providers and experts, and incorporates recent research, thereby mapping the complex factors associated with young people's involvement in trading sex and the social connections that facilitate their behavior. It considers the experiences of both those who "choose" sex work and those who are forced into it by circumstances or third parties, and it discusses the networks of friends and close acquaintances who introduce newcomers to the trade. In addition, it takes a hard look at how local and federal responses to trafficking increase young people's vulnerability to trading sex. Urging policymakers and practitioners to move beyond the simple framework of "rescuing" victims and "punishing" villains, this book calls for policies and programs that focus on the failure of social and cultural systems and respond better to the young people caught in this web.

**Domestic Minor Sex Trafficking** Sep 14 2021 Analyzes the forces behind the sex-trafficking industry in the United States and provides a much-needed reference for practitioners.

*In Our Own Backyard* Jul 20 2019

**Offender and Victim Networks in Human Trafficking** Nov 16 2021 Millions of pounds are spent every year trying to tackle human trafficking, modern slavery and child sexual exploitation. These are apparently threats perpetrated by 'criminal masterminds', spreading at a dizzying rate and approaching epidemic proportions - or so the story goes. Amid all the bold rhetoric and sweeping claims, there is very little robust research to help understand these problems and inform evidence-based policy and practice. In this book, readers are invited to delve inside the murky world of human trafficking. It focuses on the internal (domestic) trafficking of children for sexual

exploitation. It is based on far-reaching analysis of six of the earliest and largest such investigations in the United Kingdom (UK), including the infamous Derby and Rochdale cases that sparked nationwide concerns about 'street grooming' and 'Asian sex gangs'. Innovative methods, analytical rigour and truly extraordinary data underpin the research: a nuanced and sometimes unsettling exploration of the offender and victim networks, their characteristics, structure, activity and dynamics and the problems they pose for investigation and prosecution. The results paint a picture of a sprawling and dynamic system of grooming and abuse that is deeply embedded in complex webs of social relations and interactions. This book challenges accepted wisdom, debunks myths and introduces new and fundamentally different ways of thinking about trafficking and its prevention. An accessible and compelling read, this book is for academics, policymakers, practitioners and others interested in serious and organised crime.

*Child Sex Trafficking in the United States* Sep 02 2020 The editors of this book focus on domestic sex trafficking, including the prostitution of children. The exact number of child victims of sex trafficking in the United States is unknown because comprehensive research and scientific data are lacking. Sex trafficking of children appears to be fueled by a variety of environmental and situational variables ranging from poverty or the use of prostitution by runaway and "thrown-away" children to provide for their subsistence needs to the recruitment of children by organized crime units for prostitution. Experts agree that any efforts to reduce the prevalence of child sex trafficking, as well as other forms of trafficking, should address not only the supply, but also the demand. In this book, demand reduction strategies are considered, such as increasing public awareness and prevention, as well as bolstering investigations and prosecutions of those who buy illegal commercial sex.

**The Historical Roots of Human Trafficking** Nov 04 2020 A public

health approach to human trafficking requires a nuanced understanding of its root causes. This textbook applies a historical lens to human trafficking from expert resources for the multidisciplinary public health learner and worker. The book challenges the anti-trafficking paradigm to meaningfully understand historical legacies of present-day root-causes of human trafficking. This textbook focuses on history's utility in public health. It describes history to contextualize and explain present times, and provides public health lessons in trafficking prevention and intervention. Public health recognizes the importance of multiple systems to solve big problems, so the chapters illustrate how current anti-trafficking efforts in markets and public systems connect with historical policies and data in the United States. Topics explored include: Capitalism, Colonialism, and Imperialism: Roots for Present-Day Trafficking Invisibility, Forced Labor, and Domestic Work Addressing Modern Slavery in Global Supply Chains: The Role of Businesses Immigration, Precarity, and Human Trafficking: Histories and Legacies of Asian American Racial Exclusion in the United States Systemic and Structural Roots of Child Sex Trafficking: The Role of Gender, Race, and Sexual Orientation in Disproportionate Victimization The Complexities of Complex Trauma: An Historical and Contemporary Review of Healing in the Aftermath of Commercialized Violence Historical Context Matters: Health Research, Health Care, and Bodies of Color in the United States Understanding linkages between contemporary manifestations of human trafficking with their respective historical roots offers meaningful insights into the roles of public policies, institutions, cultural beliefs, and socioeconomic norms in commercialized violence. The textbook identifies sustainable solutions to prevent human trafficking and improve the health of the Nation. The Historical Roots of Human Trafficking is essential reading for students of public health, health sciences, criminology, and social sciences; public health professionals; academics; anti-trafficking advocates, policy-makers, taskforces, funders, and organizations; legislators; and governmental agencies and administrators.

*The Sexual Trafficking in Children* Feb 19 2022 Examines child pornography, juvenile prostitution, and sex rings, includes interviews with victims and exploiters, and suggests legislative reforms

**Sex Trafficking of Children Online** Mar 20 2022 This book argues that forms of online child sexual exploitation equate to slavery-like practices under international law and that States have a responsibility to punish offenders as such, based on a careful review of relevant legal instruments and standards.

*Human Trafficking Is a Public Health Issue* May 30 2020 This clear-sighted reference examines the public health dimensions of labor and sex trafficking in the United States, the scope of the crisis, and possibilities for solutions. Its ecological lifespan approach globally traces risk and protective factors associated with this exploitation, laying a roadmap towards its prevention. Diverse experts, including survivors, describe support and care interventions across domains and disciplines, from the law enforcement and judicial sectors to community health systems and NGOs, with a robust model for

collaboration. By focusing on the humanity of trafficked persons, a public health paradigm broadens our understanding of and ability to address trafficking while adding critical direction and resources to the criminal justice and human rights structures currently in place. Among the topics covered: Children at Risk: Foster Care and Human Trafficking LGBTQ Youth and Vulnerability to Sex Trafficking“/li> Physical Health of Human Trafficking Survivors: Unmet Essentials Research Informing Advocacy: An Anti-Human Trafficking Tool Caring for Survivors Using a Trauma-Informed Care Framework The Media and Human Trafficking: Discussion and Critique of the Dominant Narrative Human Trafficking Is a Public Health Issue is a sobering read; a powerful call to action for public health professionals, including social workers and health care practitioners providing direct services, as well as the larger anti-trafficking community of advocates, prosecutors, taskforce members, law enforcement agents, officers, funders, and administrators. “An extraordinary collection of knowledge by survivors, academics, clinicians, and advocates who are experts on human trafficking. Human Trafficking is a Public Health Issue is a comprehensive offering in educating readers on human trafficking through a multi-pronged public health lens.” Margeaux Gray: Survivor, Advocate, Artist, Public Speaker *Confronting Commercial Sexual Exploitation and Sex Trafficking of Minors in the United States* Jun 23 2022 Every day in the United States, children and adolescents are victims of commercial sexual exploitation and sex trafficking. Despite the serious and long-term consequences for victims as well as their families, communities, and society, efforts to prevent, identify, and respond to these crimes are largely under supported, inefficient, uncoordinated, and unevaluated. *Confronting Commercial Sexual Exploitation and Sex Trafficking of Minors in the United States* examines commercial sexual exploitation and sex trafficking of U.S. citizens and lawful permanent residents of the United States under age 18. According to this report, efforts to prevent, identify, and respond to these crimes require better collaborative approaches that build upon the capabilities of people and entities from a range of sectors. In addition, such efforts need to confront demand and the individuals who commit and benefit from these crimes. The report recommends increased awareness and understanding, strengthening of the law's response, strengthening of research to advance understanding and to support the development of prevention and intervention strategies, support for multi-sector and interagency collaboration, and creation of a digital information-sharing platform. A nation that is unaware of these problems or disengaged from solutions unwittingly contributes to the ongoing abuse of minors. If acted upon in a coordinated and comprehensive manner, the recommendations of *Confronting Commercial Sexual Exploitation and Sex Trafficking of Minors in the United States* can help advance and strengthen the nation's emerging efforts to prevent, identify, and respond to commercial sexual exploitation and sex trafficking of minors in the United States.

**Combating Human Trafficking** Oct 23 2019 A centuries-old crime, human trafficking occurs not only in undeveloped countries, but also

in some surprising locations. Right here in the United States, individuals are recruited, transported, and held by unlawful means—either through deception or under threat of violence. Approaching the topic from a law enforcement perspective, *Combating Human Trafficking: A Multidisciplinary Approach* provides an unprecedented look at the investigation of this phenomenon in America. Beginning with historical, sociological, and psychological perspectives, the book discusses how authorities can best conduct an investigation of trafficking. It reviews federal agencies responsible for confronting the problem, examines relevant laws and legal trends, and discusses law enforcement awareness and training. Individual chapters written by experts in law enforcement explore a host of topics, including: Border issues between Mexico and the U.S., including the trafficking of people, drugs, and firearms The role of the Internet in human trafficking Child victim recruitment into sex trafficking How sexually oriented businesses such as escort services, hostess bars, and massage parlors can be fronts for sex trafficking The prevalence of human trafficking among street gangs Forced labor aspects, especially with respect to illegal immigrants How victims are chosen Theoretical, practical, and ethical considerations in providing effective services to victims An ideal resource for police investigators, police training, and community outreach organizations, the book is also suitable as a college text for criminal justice courses. It is hoped that the awareness created through this text will provide the knowledge and tools needed to help to end this form of modern-day slavery.

**The Legacy of Racism for Children** Jul 24 2022 When children become entangled with the law, their lives can be disrupted irrevocably. When those children are underrepresented minorities, the potential for disruption is even greater. *The Legacy of Racism for Children: Psychology, Law, and Public Policy* examines issues that arise when minority children's lives are directly or indirectly influenced by law and public policy. Uniquely comprehensive in scope, this trailblazing volume offers cutting-edge chapters on the intersections of race/ethnicity within the context of child maltreatment, child dependency court, custody and adoption, familial incarceration, school discipline and the "school-to-prison pipeline," juvenile justice, police/youth interactions, and jurors' perceptions of child and adolescent victims and defendants. The book also includes chapters focused on troubling situations that are less commonly researched, but growing in importance, including the role of race and racism in child sex trafficking and US immigration law and policy. Thus, individual chapters explore myriad ways in which law and policy shape the lives of marginalized children and adolescents - racial and ethnic minorities - who historically and presently are at heightened risk for experiencing disadvantageous consequences of law and policy. In so doing, *The Legacy of Racism for Children* can help social scientists to understand and work to prevent the perpetuation of racial discrimination in American laws and public policies.

**Human Trafficking** Apr 28 2020 This book uses a multidisciplinary approach to trace human trafficking throughout history. Using global,

regional, and local case studies, the chapters analyze the complex causes and effects of human trafficking as well as the legal ramifications.

Confronting Commercial Sexual Exploitation and Sex Trafficking of Minors in the United States Aug 25 2022 Every day in the United States, children and adolescents are victims of commercial sexual exploitation and sex trafficking. Despite the serious and long-term consequences for victims as well as their families, communities, and society, efforts to prevent, identify, and respond to these crimes are largely under supported, inefficient, uncoordinated, and unevaluated. Confronting Commercial Sexual Exploitation and Sex Trafficking of Minors in the United States examines commercial sexual exploitation and sex trafficking of U.S. citizens and lawful permanent residents of the United States under age 18. According to this report, efforts to prevent, identify, and respond to these crimes require better collaborative approaches that build upon the capabilities of people and entities from a range of sectors. In addition, such efforts need to confront demand and the individuals who commit and benefit from these crimes. The report recommends increased awareness and understanding, strengthening of the law's response, strengthening of research to advance understanding and to support the development of prevention and intervention strategies, support for multi-sector and interagency collaboration, and creation of a digital information-sharing platform. A nation that is unaware of these problems or disengaged from solutions unwittingly contributes to the ongoing abuse of minors. If acted upon in a coordinated and comprehensive manner, the recommendations of Confronting Commercial Sexual Exploitation and Sex Trafficking of Minors in the United States can help advance and strengthen the nation's emerging efforts to prevent, identify, and respond to commercial sexual exploitation and sex trafficking of minors in the United States.

Investigation of Missing and Exploited Children: The Gateway of Child Sex Trafficking Jan 18 2022 Investigation of Missing & Exploited Children: The Gateway of Child Sex Trafficking is designed to provide the essential knowledge needed to identify and understand the issues and solutions that effectively combat the evils of domestic child sex trafficking in the United States. It is both an instructional guide and a resource manual for both the citizen and the government manager. The approach is direct and concise, which facilitates comprehension by novices as well as experienced public servants. The purpose of this book is to fill the existing need within the field of public and private prevention/investigation of runaways for a precise, comprehensive manual detailing the elements necessary for the elimination of turning vulnerable children into sex slaves. There is a lack of professional resources on preventing child sex trafficking currently available. Investigation of Missing & Exploited Children: The Gateway of Child Sex Trafficking will help fill this void

Sex Trafficking Jun 18 2019 This Brief proposes best practices for assessment and intervention with sex trafficking survivors, rooted in the existing theory and practice literatures. Based in current research and clinical practice, these recommendations are embedded in the

context of cultural sensitivity. This volume provides a relevant, practical, and informative outline of sex trafficking, associated legal aspects, and best practices for mental health clinicians to aid in successful treatment of sex trafficking survivors.

**Invading the Darkness** Nov 23 2019

Prostitution, Trafficking, and Traumatic Stress Sep 21 2019

Prostitution, Trafficking, and Traumatic Stress offers the reader an analysis of prostitution and trafficking as organized interpersonal violence. Even in academia, law, and public health, prostitution is often misunderstood as "sex work." The book's 32 contributors offer clinical examples, analysis, and original research that counteract common myths about the harmlessness of prostitution. Prostitution, Trafficking, and Traumatic Stress extensively documents the violence that runs like a constant thread throughout all types of prostitution, including escort, brothel, trafficking, strip club, pornography, and street prostitution. Prostitutes are always subjected to verbal sexual harassment and often have a lengthy history of trauma, including childhood sexual abuse and emotional neglect, racism, economic discrimination, rape, and other physical and sexual violence. International in scope, the book contains cutting-edge contributions from clinical experts in traumatic stress, from attorneys and advocates who work with trafficked women, adolescents, and children and also prostituted women and men. A number of chapters address the complexity of treating the psychological symptoms resulting from prostitution and trafficking. Others address the survivor's need for social supports, substance abuse treatment, peer support, and culturally relevant services. To stay up-to-date on this powerful subject, visit the "Traffick Jamming" blog at

<http://www.prostitutionresearch.com/blog>. Prostitution, Trafficking, and Traumatic Stress examines: The connections between prostitution, incest, sexual harassment, rape, and domestic violence Clinical symptoms common among those in prostitution, including dissociation, posttraumatic stress disorder, depression, and substance abuse Peer support programs for women escaping prostitution Culturally relevant services for women escaping prostitution The connection between prostitution and trafficking, including trafficking from Mexico to the United States, and prostitution of adolescents in Cambodian brothels Online prostitution How gay male pornography harms gay men Accessing public assistance funds for survivors of prostitution Arguments against legalizing or decriminalizing prostitution From the editor's Preface: Prostitution is to the community what incest is to the family. Slavery, at its height, was normalized in the United States as unpleasant but inevitable, yet it is now considered to be an institution that violated human rights. Perhaps we will at some point in the future look back on prostitution/trafficking with a similar historical perspective. It is my hope that this book will assist the reader in understanding prostitution and trafficking and in how to help women and children escape it.

Sex Trafficking Apr 09 2021 Print+CourseSmart

**Child Exploitation and Trafficking** Dec 17 2021 This book covers the history and present-day realities of the epidemic of child sexual

exploitation and the law enforcement efforts to combat it. Written from the perspective of those who have spent their careers investigating, prosecuting, and adjudicating these cases, the authors provide fresh, practical thinking to this challenging legal area.

Global Report on Trafficking in Persons 2018 Mar 28 2020 This report, which comprises three booklets, provides a comprehensive analysis of the crime of trafficking in persons and how different countries are responding to this crisis. Countries worldwide have been detecting and reporting a larger number of victims and are also convicting more traffickers than ever before. This may well be the result of an increase in the capacity to identify victims over the last few years. While the number of reporting countries did not significantly increase, the number of victims reported in different countries did increase. The trend has unfortunately been growing over the past few years.

Human Trafficking Aug 13 2021 What is human trafficking? Despite legislative developments and national and international interventions, we still lack firm definitions, estimates of its full extent, effective responses to perpetrators and sound survivor care. This volume critically examines the competing discourses surrounding human trafficking, the conceptual basis of global responses and the impact of these horrific acts worldwide.

Criminal Investigation of Sex Trafficking in America May 22 2022

Human trafficking is the third largest business for organized crime worldwide, next to illegal weapons trading and drugs. Written by well-respected criminal justice scholars, this book examines the criminal investigation of sex trafficking. Providing a multidisciplinary exploration of this topic, the authors discuss: International and national perspectives and the history of sex trafficking in America Effective ways to train law enforcement in investigations Major federal and state laws most applicable in sex trafficking investigations The sexual exploitation of American children and those brought in from foreign countries Interrogation of sex-trafficking suspects Crime scene examination and physical evidence The role and responsibilities of prosecutors Effective ways to develop and maintain a multiagency task force

The Lucky One Dec 25 2019 "Jenni masterfully weaves steadfast truths into a story that shakes our world view, our theology and our ideas of what a human can bear." - Hettie Brittz, motivational speaker and author, *Fearless. Free. and (un)Natural Mom* "Whether you read this book to try to understand some of the darkness of sex trafficking, or to find healing for your own wounds, you will not be disappointed." - Adele Booyesen, D.Min. "The Lucky One is a disturbing and riveting entry into the world of sexual abuse, human trafficking, evil, and redemption. Your heart will be sensitized to a great evil, but far more you too will be invited to taste the goodness of God in the land of the living." - Dan B. Allender, Ph.D.; Professor of Counseling Psychology, Founding President; The Seattle School of Theology and Psychology "This book is heartbreaking. Not in the pain that it describes -which is horrific - but in the beauty that it calls out to in the midst of the pain." - Christa Foster Crawford, Anti-Trafficking Consultant, Trafficking Resource Connection, Adjunct Assistant Professor of Children at Risk,

Fuller Theological Seminary, School of Intercultural Studies She was only four years old when she was sold into the sex trade. White picket fences and steepled churches all guarded secrets that were not ever supposed to be told. In kindergarten, she began praying every night that Jesus would let her die. In second grade, she sat in church on a Sunday morning swinging her feet from a wooden pew behind the man who had paid to rape her the night before. Her perpetrators were from all walks of life. An engineer, a police officer, a bait shop owner, business men, farmers, younger men and old; different men all feeding the same lust. The only thing that they had in common was their brutal love for little girls. She shouldn't have survived it. If God had answered her prayers, she wouldn't have. Here is the true account of how she was brought out of captivity and into a life of freedom.

**Slavery Inc.** Aug 21 2019 Illegal, inhuman, and impervious to recession, there is one trade that continues to thrive, just out of sight. The international sex trade criss-crosses the entire globe, a sinister network made up of criminal masterminds, local handlers, corrupt policemen, wilfully blind politicians, eager consumers, and countless exploited women and children. In this ground-breaking work of investigative reporting, the celebrated journalist Lydia Cacho follows the trail of the traffickers and their victims from Mexico to Turkey, Thailand to Iraq, Georgia to the UK, to expose the trade's hidden links with the tourist industry, internet pornography, drugs and arms smuggling, the selling of body organs, money laundering, and even terrorism. Shocking and sobering, *Slavery Inc.* is an exceptional book, both for the colossal scope of its enquiry, and for the tenacious bravery with which Cacho pursues the truth.

*The Trafficking of Persons* Jul 12 2021 Over 700,000 people are trafficked across international borders every year. Of those, the U.S. Department of State estimates that between 14,500 and 17,500 are trafficked into the United States. Today, the U.S. and other nations are beginning to recognize the magnitude of the problem and attempt to address the victimization caused by human trafficking. This book investigates the types of human trafficking, and discusses U.S. and international responses to combat and end all forms of this criminal activity. With discussion-provoking questions at the end of each chapter and specific examples of trafficking activity, this book is appropriate for criminology courses, classes dedicated to victims and/or child abuse, and classes focused around the themes of international crime and international law.

**Control and Protect** May 10 2021 Control and Protect explores the meaning and significance of efforts designed to combat sex trafficking in the United States. A striking case study of the new ways in which law enforcement agents, social service providers, and nongovernmental advocates have joined forces in this campaign, this book reveals how these collaborations consolidate state power and carceral control. This book examines how partnerships forged in the name of fighting domestic sex trafficking have blurred the boundaries between punishment and protection, victim and offender, and state and nonstate authority. Ê

[Domestic Minor Sex Trafficking](#) Jun 11 2021 Human trafficking is a

thriving business around the world. Although attention had been focused initially on those who were trafficked over international borders for sexual exploitation, awareness has slowly increased of the trafficking of US citizens within its own borders, including its children. However, due to the still-evolving research on this issue, and the subsequent reliance on mass media, there is a lack of accurate knowledge about this crime that this book seeks to address. Pulling together scholarly information from diverse fields including social work, psychology, and biology, Susan Mapp explores the particular risk factors (such as poverty, child maltreatment, and being a sexual minority) that place children at higher risk for being trafficked. The different methods of Domestic Minor Sex Trafficking (DMST)--pimp-controlled, gang-controlled, familial, and survival - are explained, including how children come to be involved in them and the mechanisms by which they occur. Assisting those being trafficked to leave the life is a difficult process, and this book explains why. It is important for everyone to act on what can be done to fight this crime; suggestions for professionals, as well as "everyday citizens," are offered, together with a list of resources.

*Human Trafficking* Feb 25 2020 Human trafficking is a global issue, and this volume provides the necessary global perspectives about it. Readers will first examine global trends, including learning about trafficking in Europe, the Philippines, Iceland, Bosnia, South Africa, and Israel. Over the remaining chapters, readers will evaluate factors that contribute to it, strategies to reduce it, and how we can aid victims of trafficking. Essay sources include the United Nations Office on Drugs and Crime, Integrated Regional Information Networks, Alasdair Fotheringham, Paidamoyo Muzulu, and Asumpta Lattus. *Fighting the U.S. Youth Sex Trade* Jan 26 2020 A history of activism against the commercial sexual exploitation of American youth from the 1970s to 2015.

[The Multi-Facets of Cyber-Sex Trafficking. A Call for Action and Reform from Society](#) Mar 08 2021 Master's Thesis from the year 2014 in the subject Law - Public Law / Constitutional Law / Basic Rights, New York University (Center for Global Affairs), course: Graduate Thesis, language: English, abstract: In the year 2014, human trafficking is still prevalent. Traffickers around the world abuse vulnerable individuals and rob them of their freedom to be safe from harm despite the international and national laws that are in place. In particular, sex trafficking, a subset of human trafficking is a form of discrimination in which people in power, typically men, take advantage of the vulnerabilities of women and children— though men are also victims—to exploit them for their services, whether for labor and/or sex. In addition, deception, fraud, force, and coercion are often used to recruit victims (UNODC 2000, Article 3(a)) although that should not be the main factor when investigating and prosecuting these crimes; for children proof of the threat or use of force or coercion is not required. Already a hidden crime due to the difficulty of identifying the traffickers and victims, the advances in internet technology have offered traffickers a new mechanism to escape detection from law enforcement. Internet offers affordability, accessibility, and anonymity

—the “Triple-A Engine Effect” (Manning 2006, 133). Shawn Henry, former Executive Assistant Director of the FBI informed the public that the Internet, despite its contribution to knowledge, has many setbacks. “At any given time, there are an estimated 750,000 child predators online — and they all have a key to your house via the Internet” (FBI News Video 2011, Shawn Henry). As a result, it is time for individuals to be more cognizant of the importance of internet safety in order to combat cyber-sex trafficking. In May 2013, the use of the Internet to facilitate sex trafficking came to the fore again with the case in the Philippines in which three girls were rescued from a ring forcing them to perform live sex shows via the Internet for customers. Often the customers-- mostly Americans and Europeans--paid \$56/minute for the girls to perform live sexual acts (web-cam sex) based on the customers’ typed requests transmitted via computers (de Leon 2013). In the case of the three girls, who were eight years old when the abuse started, U.S. agencies, the Philippine National Police and the non-profit Visayan Forum Foundation received tips on one of their frequent customers, Jeffrey Herschell from Washington, Pennsylvania with the help of the victims. This information helped law enforcement arrest and sentence the offender to 12 years in federal prison (Coorlim 2013).

**Child Sex Trafficking** Jan 06 2021 Human Trafficking A Need to Know: It is about selling our children for sex and force labor. It is the threats, use of force and other forms of coercion, abduction, fraud, deception-telling families and children - lies of a

**Walking Prey** Jun 30 2020 Today, two cultural forces are converging to make America's youth easy targets for sex traffickers. Younger and younger girls are engaging in adult sexual attitudes and practices, and the pressure to conform means thousands have little self-worth and are vulnerable to exploitation. At the same time, thanks to social media, texting, and chatting services, predators are able to ferret out their victims more easily than ever before. In *Walking Prey*, advocate and former victim Holly Austin Smith shows how middle class suburban communities are fast becoming the new epicenter of sex trafficking in America. Smith speaks from experience: Without consistent positive guidance or engagement, Holly was ripe for exploitation at age fourteen. A chance encounter with an older man led her to run away from home, and she soon found herself on the streets of Atlantic City. Her experience led her, two decades later, to become one of the foremost advocates for trafficking victims. Smith argues that these young women should be treated as victims by law enforcement, but that too often the criminal justice system lacks the resources and training to prevent the vicious cycle of prostitution. This is a clarion call to take a sharp look at one of the most striking human rights abuses, and one that is going on in our own backyard.

[Human Trafficking Around the World](#) Feb 07 2021 An overview of sex trafficking, forced labor, organ trafficking, and sex tourism across twenty-four nations, providing detailed accounts of the victims' experiences and discussing anti-trafficking measures and the conflicting policies that make trafficking so pervasive.

[Handbook of Sex Trafficking](#) Dec 05 2020 This definitive reference

assembles the current knowledge base on the scope and phenomena of sex trafficking as well as best practices for treatment of its survivors. A global feminist framework reflects a profound understanding of the entrenched social inequities and ongoing world events that fuel trafficking, including in its lesser-known forms. Empirically sound insights shed salient light on who buyers and traffickers are, why some survivors become victimizers, and the experiences of victim

subpopulations (men, boys, refugees, sexual minorities), as well as emerging trends in prevention and protection, resilience and rehabilitation. These powerful dispatches also challenge readers to consider complex questions found at the intersections of gender, race, socioeconomic status, and politics. A sampling of topics in the Handbook: · An organizational systems view of sex trafficking. · Vulnerability factors when women and girls are trafficked. · Men, boys, and LGBTQ: invisible victims of human trafficking. · Organized crime,

gangs, and trafficking. · Human trafficking prevention efforts for kids (NEST). · Treating victims of human trafficking: core therapeutic tasks. · From Trafficked to Safe House (C-SAFE). The Handbook of Sex Trafficking will interest a wide professional audience, particularly mental health workers, legal professionals, and researchers in these and related fields. Public health and law enforcement professionals will also find it an important resource.
