This **The Essential Sophia Library Of Perennial Philosophy**, as one of the most in action sellers here will unquestionably be along with the best options to review.

God and Work Nov 16 2021 In the midst of the fast-paced modern world, this book addresses the question, how can work become a form of prayer? It is a compilation of the author's insightful essays dealing with the oft-neglected relationship between God and work, spirituality and art, as well as contemplation and action.

Men of a Single Book Jun 11 2021 In this groundbreaking work, award-winning Brazilian journalist Azevedo presents a frank and objective account of how the label of fundamentalism can be applied to religious and secular 'faiths' alike. In the 21st century, passionate and emotional attachment to a single point of view, and the rejection of all others, has become one of the main social, political, and religious issues, leading to conflicts around the globe.

Ye Shall Know the Truth May 22 2022 Contains essays on mysticism, prayer, sacred art, the relationship between Christianity and other religious."

The Divine Within Sep 02 2020 "A genius . . . a writer who spent his life decrying the onward march of the Machine." – The New Yorker Brave New World author Aldous Huxley on enlightenment and the "ultimate reality." In this anthology of twenty-six essays and other writings, Aldous Huxley discusses the nature of God, enlightenment, being, good and evil, religion, eternity, and the divine. Huxley consistently examined the spiritual basis of both the individual and human society, always seeking to reach an authentic and clearly defined experience of the divine. Featuring an introduction by renowned religious scholar Huston Smith, this celebration of "ultimate reality" proves relevant and prophetic in addressing the spiritual hunger so many feel today.

The Other Perennial Philosophy Apr 21 2022 The Other Perennial Philosophy: A Metaphysical Dialectic seeks to synthesize the many fields within science, philosophy, and religion to achieve the most comprehensive picture ever constructed to incorporate universally held beliefs about God, man, and the universe. This book attempts to accomplish several interrelated purposes: to describe the Perennial Philosophy in its depth; to analyze the critical elements contained within such a body of thought; to bring to light the vast literature of views which are oppositional, at least on some level, to those contained in the Perennial Philosophy; to synthesize these seemingly discordant thoughts into a new vision of the nature of reality; to dissect the implications of this new model; and lastly and perhaps most importantly, to demonstrate that intellect has no innate constraints. This book rigorously explores the connections to be made by weaving together the threads of philosophy, religious theology, mysticism, mythology, mathematics, physics, and biochemistry. In this study is both a critique and an homage to Perennial Philosophy. In evoking a new vision of reality, which is at the same time a modernized version of an old image, The Other Perennial Philosophy: A Metaphysical Dialectic seeks to entice readers to rethink their own views on a subject of crucial importance to all. This book will appeal to anyone interested in philosophy and religion.

Letters of Frithjof Schuon Mar 08 2021 This collection of letters by Frithjof Schuon, the foremost spokesman of the perennial philosophy, is the first to appear in English and contains nearly 200 letters from Schuon's youth to old age as written to friends, spiritual seekers, and scholars. These letters offer insights into Schuon's message of the perennial philosophy, as well as a glimpse into his life as messenger of that philosophy.

The Underlying Religion Aug 25 2022 This is an anthology of 25 essays by the leading exponents of the perennialist school of comparative religious thought. It aims to be the most accessible introduction yet to the perspective of the Perennial Philosophy.

The Spiritual Legacy of the American Indian Aug 01 2020 This new and updated edition of Joseph Epes Brown's *The Spiritual Legacy of the American Indian* contains previously unpublished letters that were written while Brown was living with Black Elk, providing new details and insights about Black Elk's relationship to the Catholic Church and to traditional Lakota spirituality. This commemorative edition includes: 9 previously unpublished photographs; a new introduction by Ake Hultkrantz; a new editors' preface by Marina Brown Weatherly, Elenita Brown, and Michael Oren Fitzgerald; an appendix of unpublished letters while living with Black Elk; a 4-page biography of Joseph Epes Brown; a complete bibliography of Brown's published works; and an index. Book jacket.

The Perennial Philosophy Nov 28 2022 In one of his most significant pieces of non-fiction, the mind behind Brave New World presents a thorough and articulate comparison of different forms of mysticism. Written for an audience presumed to be primarily familiar with Christianity, The Perennial Philosophy aims to extract greater theological truths from the common threads found across religions, and to explore how they can be used to judge mankind (and how it often fails to meet the standards set). It primarily consists of quotations taken from famous figures within each tradition, with short connecting passages written by Huxley. Random House of Canada is proud to bring you classic works of literature in ebook form, with the highest quality production values. Find more today and rediscover books you never knew you loved.

Philosophia perennis Apr 28 2020 The study features the five most important and most efficacious themes of Western spirituality in their ancient historical origins and in their unfolding up to early modernity: Divine names, Microkosmos-Makrokosmos, theories of creation, the idea of spiritual spaces, and the concepts of eschatological history.

The Rhizome and the Flower Dec 25 2019 This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1980.

Light from the East Aug 13 2021 This is a collection of writings about the spiritual meeting of East and West in the modern world including articles by the Dalai Lama, Huston Smith, Frithjof Schuon, Thomas Merton, Titus Burckhardt, Ananda Coomaraswamy, Diana Eck, Gary Snyder and Aldous Huxley. Highlighting aspects of Hinduism, Buddhism, and Taoism that have proved most attractive to Western seekers, it explores the similarities and differences between Eastern and Western traditions while emphasizing respect amongst the adherents of different faiths.

Of the Land and the Spirit Feb 07 2021 Twenty-five years before Rachel Carson published her famous work *Silent Spring*, Lord Northbourne coined the phrase organic farming and helped to promote the importance of a holistic approach to the environment. His work, linking spirituality and ecology, has inspired a generation of writings from Wendell Berry to HRH Prince Charles. This book not only features Northbourne's previously unpublished writings, but also his private correspondence with Thomas Merton, highlighting the spiritual depth of his writings.

The Perennial Philosophy Sep 26 2022 The Perennial Philosophy is defined by its author as "The metaphysic that recognizes a divine Reality substantial to the world of things and lives and minds." With great wit and stunning intellect, Aldous Huxley examines the spiritual beliefs of various religious traditions and explains them in terms that are personally meaningful.

Roots of the Human Condition Nov 04 2020 Applies the principle of universal and perennial metaphysics to spiritual and moral life.

Some Philosophical Critiques and Appraisals Mar 28 2020 A wide range of data is compressed into one volume. The opening chapters adopt a critical attitude to movements and cults like Theosophy, Rajneeshism and Daim. Both Jung and Aleister Crowley are assessed as deficient psychologies. A stringent attitude is adopted towards the casual motto of perennial philosophy, which the author confronts in a more

historical spirit of inquiry than is usually the case. Richard Alpert and the Findhorn Foundation are implied as New Age aberrations, and the Grof/Wilber overlap is strongly contested. The middle chapters charter occurrences in Zen Buddhism, Taoism, NeoConfucianism, Hinduism and Christianity. The mood is analytical throughout. An in-depth assessment of Plotinus is one of the features supplied. The last chapters comprise a liberal treatment of Spinoza and Leibniz, followed by a strong critique of Nietzsche and Foucault. The book concludes with a basic rationale for citizen publishing, interposed in a sceptical angle on Popper's open society.

The Doors of Perception Nov 23 2019 Discover this profound account of Huxley's famous experimentation with mescaline that has influenced writers and artists for decades. 'Concise, evocative, wise and, above all, humane, *The Doors of Perception* is a masterpiece' Sunday Times In 1953, in the presence of an investigator, Aldous Huxley took four-tenths of a gram of mescaline, sat down and waited to see what would happen. When he opened his eyes everything, from the flowers in a vase to the creases in his trousers, was transformed. Huxley described his experience with breathtaking immediacy in *The Doors of Perception*. In its sequel *Heaven and Hell*, he goes on to explore the history and nature of mysticism. Still bristling with a sense of excitement and discovery, these illuminating and influential writings remain the most fascinating account of the visionary experience ever written. WITH A FOREWORD J.G. BALLARD

The Perennial Philosophy and the Future of America Feb 25 2020 This mini-book is a chapter from my forthcoming book *Enlightenment 101: A Guide to God-Realization and Higher Human Culture*. The book looks at the experience of enlightenment for the individual and the race. This chapter begins: Perennial means always reappearing, like flowers which are planted once and then come up every spring. Philosophy, of course, means love of wisdom or, more generally, wisdom itself. So "the perennial philosophy" means wisdom which appears again and again. It has also been called the perennial wisdom and the ageless wisdom. It appears throughout history in all cultures, in all parts of the world. It is timeless and universal. It answers the most fundamental questions people have asked about existence. It speaks to their highest concerns, and has done so since humanity first developed a hunger for understanding ourselves and the meaning of existence. It has aspects of religion, metaphysics, philosophy, esoteric doctrines, occult teachings and hermetic mysteries, yet it transcends all of these specific traditions. It is, in the words of Ken Wilber, "the worldview that has been embraced by the vast majority of the world's greatest spiritual teachers, philosophers, thinkers, and even scientists...it's a testament to the universal nature of these truths, to the universal experience of a collective humanity that has everywhere agreed to certain profound truths about the human condition and about its access to the Divine." The perennial philosophy is, in short, the collective highest wisdom of humanity. It is the spiritual data base of human insight and understanding about ultimate matters. It has been accumulated from cultures around the world, from East and West, from seers and sages, from sacred paths and religious traditions, and from every endeavor by questing human beings to answer questions which are fundamental to human happiness.

The Heart of Plotinus Oct 03 2020 Drawing parallels with other traditions, U davins emphasizes that Plotinus' philosophy was not a purely mental or rational exercise, but a complete way of life incorporating the spiritual virtues. Plotinus is widely regarded as the founder of the school of Neo-Platonism and this book provides an introduction to his teachings and an informative commentary on the *Enneads*. Also included is a commentary by Plotinus' leading disciple, Porphyry (c. 233-305 A.D.), on an enigmatic passage from Homer's epic, the *Odyssey*.

The Betrayal of Tradition Aug 21 2019 This collection of essays by eminent traditionalists and contemporary thinkers throws into sharp relief many of the urgent problems of today.

Prayer Fashions Man Jan 06 2021 In this newly revised English translation from the French, including a comprehensive glossary, this volume surveys the enormous range of Schuon's writings on prayer and spiritual life.

Words of Wisdom Jan 26 2020 Like their predecessors throughout the late nineteenth and twentieth centuries, popes John Paul II and Benedict XVI have emphasized the importance of philosophy in the Catholic intellectual tradition. In his encyclical *Fides et ratio* (1998), John Paul II called on philosophers "to have the courage to recover, in the flow of an enduringly valid philosophical tradition, the range of authentic wisdom and truth." Where the late pope spoke of an "enduringly valid tradition," Jacques Maritain and other Thomists often have referred to the "perennial tradition" or to "perennial philosophy." *Words of Wisdom* responds to John Paul's call for the development of this tradition with a much-needed dictionary of terms. As a resource for students in colleges, universities, and seminaries, as well as for teachers of the perennial tradition and interested general readers, *Words of Wisdom* occupies a unique place. It offers precise, yet clear and understandable accounts of well over a thousand key philosophical terms, richly cross-referenced. It also explains significant terms from other philosophical movements with which Thomism (and the Catholic intellectual tradition more generally) has engaged—either through debate or through judicious and creative incorporation. Moreover, it identifies a number of theological and doctrinal expressions to which perennial philosophy has contributed. Finally, it provides a comprehensive bibliography of works by Aquinas in English, expositions and discussions of perennial themes, and representative examples from the writings of all philosophers and theologians mentioned in dictionary entries.

Frithjof Schuon Feb 19 2022 Offering the most comprehensive biography of Frithjof Schuon (1907–1998) yet published, Fitzgerald's work features quotations from Schuon's articles, books, memoirs, and correspondence, combined with a wealth of reliable information from people who knew Schuon well. With over 75 color and black-and-white photos and illustrations, readers will gain valuable insights into the life and work of the foremost representative of the Perennialist or Traditionalist school of comparative religious thought.

The Perennial Philosophy Oct 27 2022 The Perennial Philosophy is defined by its author as "The metaphysics that recognizes a divine Reality substantial to the world of things and lives and minds." With great wit and stunning intellect, Aldous Huxley examines the spiritual beliefs of various religious traditions and explains them in terms that are personally meaningful.

Traditionalism Dec 17 2021 "This book explains why no one engaged in religious and cultural studies can afford to disregard the urgent message of the traditionalists who have reminded a forgetful world – in a manner which can be ignored but not refuted – of those principles which everywhere and always remain true. It also demonstrates why any reassessment of contemporary values – now increasingly called into question – must take into account the profound traditionalist critique of the modern Western worldview."—BOOK JACKET.

The Essential Frithjof Schuon Oct 15 2021 Collects the best essays by the religious philosopher on a variety of spiritual subjects.

Philosophy of Science in the Light of the Perennial Wisdom May 30 2020 Against the backdrop of the pervasive scientism of our time, this book is a daring attempt to offer an intellectual critique of the foundations of modern science by rigorously examining the limitations of rational thought and empirical investigation. Unique of its kind, it situates science in the context of the perennial wisdom of the world's religions, which for millennia have provided keys to true knowledge.

Perennial Philosophy Mar 20 2022 In this lucid explanation of perennial philosophy, Arthur Versluis reveals this tradition—so often described as esoteric and inaccessible—to be closer to our interests and experience than many of us have realized. Versluis has distilled an immense amount of scholarship into this small volume, but its brevity is deceiving. Like the culmination to any alchemical work, *Perennial Philosophy* is a powerful tincture that—once imbibed—transports receptive readers to a world in which they are part of a spiritual hierarchy that links heaven to earth. Arthur Versluis has distilled an immense amount of scholarship to produce a disarmingly accessible, lucid, and deeply penetrating study of the great philosophic traditions that underlie Western culture. Versluis concisely explains what perennial philosophy is and what it isn't. The clarity of his prose makes this deep book a pleasure to read. A remarkable achievement! —Gregory Shaw, author of *Theurgy and the Soul: The Neoplatonism of Iamblichus* ***** This brilliant little book, written with stunning clarity, offers an entirely new perspective on what "perennial philosophy" actually means and entails. This is a return to the real philosophical quest, almost entirely forgotten by the academic world: a going beyond the limited self, to experience our kinship with the greater world and the deepest levels of reality, which results in a transformation of the self and a realization of our human nature. For anyone interested in the roots of our philosophical tradition, or what a living philosophy could look like today and in the future—a philosophy that actually inspires and fertilizes culture, art, and human experience—this book is indispensable. —David Fideler, author of *Restoring the Soul of the World* and other books and essays.

The Timeless Relevance of Traditional Wisdom May 10 2021 More than ever, there is an urgent need to rediscover timeless and objective principles in order to confront the issues of our times. In this collection of thirty remarkable essays, Lakhani summons us to rediscover the sacred worldview of Tradition, governed by truth, virtue, and beauty, as he addresses some of the most pressing issues today, including fundamentalism, gender and sexuality, religious diversity and pluralism, faith and science, and the problem of evil.

The Perennial Scope of Philosophy Sep 21 2019 The text of six lectures in which Karl Jaspers redefines the position of philosophy in the world today, particularly in relation to science and theology, and defines and outlines his own philosophy.

Aldous Huxley and Alternative Spirituality Oct 23 2019 Aldous Huxley and Alternative Spirituality offers an analysis of Huxley's spiritual interests, spanning both mysticism and Western esotericism. With this methodology, Jake Poller generates new insights into Huxley's work and draws revealing parallels between Huxley's ideas and the New Age.

The Perennial Philosophy Dec 29 2022 An inspired gathering of religious writings that reveals the "divine reality" common to all faiths, collected by Aldous Huxley "The Perennial Philosophy," Aldous Huxley writes, "may be found among the traditional lore of peoples in every region of the world, and in its fully developed forms it has a place in every one of the higher religions." With great wit and stunning intellect—drawing on a diverse array of faiths, including Zen Buddhism, Hinduism, Taoism, Christian mysticism, and Islam—Huxley examines the spiritual beliefs of various religious traditions and explains how they are united by a common human yearning to experience the divine. The

Perennial Philosophy includes selections from Meister Eckhart, Rumi, and Lao Tzu, as well as the Bhagavad Gita, Tibetan Book of the Dead, Diamond Sutra, and Upanishads, among many others.

Frithjof Schuon and the Perennial Philosophy Jul 24 2022 This introduction to the writings of Frithjof Schuon (1907-1998), the pre-eminent spokesman of the Perennialist or Traditionalist school of comparative religious thought, is the first book to present a comprehensive study of his intellectual and spiritual message. In addition to a clear explanation of Schuon's message of metaphysics and the great religions, Oldmeadow includes an overview of Schuon's paintings and poetry, and insights on prayer and virtue in the spiritual life.

Psychology and the Perennial Philosophy Jan 18 2022 Modern psychology is at an impasse as it searches anxiously for new therapies to address the increasing occurrence of mental illness in contemporary society. In this groundbreaking anthology, leading authors from the perennialist school, including Huston Smith, Seyyed Hossein Nasr, and Frithjof Schuon, draw on the age-old insights of the world's wisdom traditions to argue that modern psychology—behaviorism, psychoanalysis, humanistic and transpersonal psychology—overlooks the specifically spiritual factors contributing to mental health and illness.

Eternal Wisdom: The Esoteric Gnosis of Perennial Philosophy Jun 23 2022 Eternal Wisdom explains the connection between art, mythology, spirituality, and religion through the language of symbols. These concepts are taken outside of the context of religious philosophy to explain how these ideas should be revised to achieve a positive cultural outlook for the increasingly bleak modern era. Archetypes and mystical experiences possess an inherent immortal existence in the collective human subconscious. They are eternally existent in artistic symbolism and spiritual traditions. Part earthly and part-other worldly, these hidden forces interact with humanity by providing a primordial source for the creative facets of human existence that are channeled into the diverse range of spiritual, mystical, and cultural experiences. This book examines the strands of esoteric thought and gnosis provided in the teachings of perennial philosophy - a topic that has been predominantly associated with prestigious authors such as Carl Jung, René Guénon, Frithjof Schuon, Ananda Coomaraswamy, Huston Smith, and Aldous Huxley. Eternal Wisdom aspires to expand on the existing corpus of teachings by advocating for the inclusion of polytheist cultural sources. Additionally, esoteric practices - including divination and the alchemy - are discussed within the context of perennial philosophy and the primordial tradition.

Remembering in a World of Forgetting Jul 12 2021 This book contains a wide-ranging selection of writings by perennialist author William Stoddart that expose the many false ideologies of postmodernism (forgetting) and call for a return to traditional religion, especially in its mystical dimensions (remembering).

Journeys East Apr 09 2021 Journeys East tells the story of the twentieth century's encounters between East and West by exploring the lives of many of the most fascinating scientists, intellectuals, artists, and spiritual seekers of our time.

Echoes of Perennial Wisdom Sep 14 2021 This is a collection of brief passages which focus on the spiritual life, including such simple and concrete aspects as the nature of faith and our relationship with God, the importance of prayer, the meaning of virtue, and the significance of beauty in our lives.

The Return of the Perennial Philosophy Jun 30 2020 Intelligent and perceptive, this examination of the universal truths inherent in all cultures and religions is a powerful, scholarly analysis of Western esotericism's deepest teachings. John Holman contends that the perennial philosophy is not only at the heart of all world religions, but also of all major schools of thought and writings by the great thinkers and philosophers—no matter how diverse the presentation of their perceived truths. In an accessible way, Holman sheds light on a number of esoteric topics including: The Absolute and the One, the Great Chain of Being, the Philosopher's Stone, the Seven Spirits, the evolution of consciousness and the Eternal Now—paying particular attention to the subject of time. This thought-provoking book helps us to develop a better understanding of the nature of reality and our potential for transcendence—and revolutionizes the debate on the perennial philosophy.

Science and the Myth of Progress Dec 05 2020 In the wake of the fall / Frithjof Schuon -- Sacred and profane science / René Guénon -- Traditional cosmology and the modern world / Titus Burckhardt -- Religion and science / Lord Northbourne -- Contemporary man, between the rim and the axis / Seyyed Hossein Nasr -- Christianity and the religious thought of C.G. Jung / Philip Sherrard -- On earth as it is in heaven / James S. Cutsinger -- The nature and extent of criticism of evolutionary theory / Osman Bakar -- Knowledge and knowledge / D.M. Matheson -- Knowledge and its counterfeits / Gai Eaton -- Ignorance / Wendell Berry -- The plague of scientific belief / Wolfgang Smith -- Scientism: the bedrock of the modern worldview / Huston Smith -- Life as non-historical reality / Giuseppe Sermonti -- Man, creation and the fossil record / Michael Robert Negus -- The act of creation: bridging transcendence and immanence / William A. Dembski.
