The Shadow Party Jan 08 2021 America is under attack. Its institutions and values are under daily assault. But the principal culprits are not foreign terrorists. They are influential and powerful Americans secretly stirring up disunion and disloyalty in the shifting shadows of the Democratic Party. Radical infiltrators have been quietly transforming America's societal, cultural, and political institutions for more than a generation. Now, backed by George Soros, they are ready to make their move. These "progressive" extremists have gained control over a once-respectable but now desperate and dangerous political party. From their perches in the Democratic hierarchy, they seek to undermine the war on terror, destabilize the nation, and effect radical "regime change" in America. With startling new evidence, New York Times best-selling authors David Horowitz and Richard Poe shine the light on the Shadow Party, exposing its methods, tactics, and ultimate agenda.

[Lone Wolf](#) Feb 18 2022 Readers of the Lone Wolf series were launched into an odyssey spanning 28 game books, 12 novels, and countless related works. The hero for most of that work was Lone Wolf, a Kai Lord and the readers' alternate identity when traveling through the complex and often lethal world of Magnamund. The last survivor of the Kai, it was his self-appointed duty to seek vengeance for the deaths of his brothers and sisters. Through it all, readers of the Lone Wolf game books followed along with every step, every sword blow, and every use of his incredible powers. This book is the definitive guide to the world of Magnamund and the many roleplaying possibilities it provides.. If you can imagine an adventure, it awaits you somewhere on the face (or in the dark caverns) of Magnamund. There is a gazetteer section with maps, images, and detailed descriptions of the many realms that make up Magnamund. Notes on cultures, monsters, and the inevitable dangers of the land will be at your fingertips. The gazetteer will also provide Games Masters with statistics for dozens of terrible beasts and vile henchmen to throw at those foolish enough to oppose the rise of the Darklords What you will not find in these pages are overly complicated or burdensome rules. The combat of Lone Wolf is quick and simple, with greater emphasis placed on the descriptions and action of titanic conflict rather than the dice rolls involved. The real battle should be against the Darklords, not the rules involved to doing so. The basic rules of Lone Wolf are just that- basic.
