The Art of War Mar 12 2021 *The Art of War* is an enduring classic that holds a special place in the culture and history of East Asia. An ancient Chinese text on the philosophy and politics of warfare and military strategy, the treatise was written in 6th century B.C. by a warrior-philosopher now famous all over the world as Sun Tzu. Sun Tzu's teachings remain as relevant to leaders and strategists today as they were to rulers and military generals in ancient times. Divided into thirteen chapters and written succinctly, *The Art of War* is a must-read for anybody who works in a competitive environment.

[Zionism: The Real Enemy of the Jews, Volume 1](#) Jul 28 2022 *The False Messiah* is Volume 1 of a monumental history of the Israel-Palestine conflict, Zionism: *The Real Enemy of the Jews*, by a seasoned reporter with a vast first-hand knowledge of the Middle East. It is the first book to put the struggle for Palestine into its global context-to show how all the pieces of a complicated jigsaw puzzle fit together. It's also the first ever account of events to address the motives, needs, and dilemmas faced by all sides: diaspora Jews' real fear of Holocaust II; the Palestinian right to justice and self-determination; the legitimate anger of the Arab masses at American support for Zionism right or wrong; and the inevitable corruption and repression of the regimes of the existing Arab Order who, fearing harsher Israeli assaults, have tried to contain them. From the beginning, the conflict pitted a well-financed First World nation of European colonialists who held the upper hand in terms of military hardware, air power and capability against an essentially feudal Third World Arab nation. *The False Messiah* sheds new light on: · The early Zionist relations with UK, German and US governments. · Zionism's contribution to bringing the US into World War I. · Zionism's role (and that of domestic non-Zionist Jews) in the diversion of Jewish refugees, first from Russia, then from Germany, to Palestine rather than to the US, UK or elsewhere, sabotaging, inter alia, Truman's efforts to provide visas to the US for 100,000 Jewish immigrants. · Truman's belabored decision-making processes leading to his recognition of the State of Israel, against the advice of 3 US Secretaries of State and his Secretary of Defense who all asserted the US' best interest was alignment with the Arab world. · The expansion of the Israeli state beyond its UN-recognized borders immediately upon its creation, and how it was made possible by Israel's military superiority even from its pre-creation. At no point throughout its history, Hart contends, has Israel ever faced an "existential threat" to its existence. As a former BBC Panorama and ITN Middle East correspondent, Alan Hart knew and interviewed most of the main players in the Israel-Palestine conflict (Golda Meir, Moshe Dayan, Shimon Peres, Yasser Arafat and other PLO leaders, George Habash, Nasser, King Hussein of Jordan, King Feisal of Saudi Arabia, and many others). He also exhibits a wealth of research into a full spectrum of viewpoints.

[Zionism: The false Messiah](#) Mar 24 2022 This 3 volume work is a monumental history of the Israel-Palestine conflict by a seasoned reporter with a vast first-hand knowledge of the Middle East. It is the first book ever to put the struggle for Palestine into its global context to show how all the pieces of a complicated jigsaw puzzle fit together. It's also the first ever account of events to empathize with both sides: with the real fear of diaspora Jews of Holocaust II; and with the Palestinian right to justice and self-determination, and the anger of the Arab masses at American support for Zionism right or wrong that led to the corruption and repression of the regimes of the existing Arab Order who, fearing harsher Israeli assaults, tried to contain both. As a former BBC Panorama and ITN Middle East correspondent, Alan Hart knew and interviewed most of the main players in the Israel-Palestine conflict (Golda Meir, Moshe Dayan, Shimon Peres, Yasser Arafat

and other PLO leaders, George Habash, Nasser, King Hussein of Jordan, King Feisal of Saudi Arabia, and many others). He also displays a firm grasp of the written record, whether official documents and reports, the memoirs of politicians and officials, or the findings of key scholars, both mainstream and revisionist. He quotes from many anti-Zionist Jews including Jehoshafat Harkabi, the longest serving Director of Israeli Military Intelligence, Albert Lillenthal, Lenni Brenner, and Ralph Schoenman. Hart examines the key events that mark the history of Zionism in great detail the early Zionist relations with UK, German and US governments, the belabored process leading to Truman's recognition of the State of Israel, Kennedy's efforts to prevent Israeli nuclear development, and the Zionist crafting of the 1967 and Yom Kippur wars drawing on personal insights, interviews,

Enemy of All Mankind Dec 21 2021 "Thoroughly engrossing . . . a spirited, suspenseful, economically told tale whose significance is manifest and whose pace never flags." —*The Wall Street Journal* From *The New York Times*—bestselling author of *The Ghost Map* and *Extra Life*, the story of a pirate who changed the world Henry Every was the seventeenth century's most notorious pirate. The press published wildly popular—and wildly inaccurate—reports of his nefarious adventures. The British government offered enormous bounties for his capture, alive or (preferably) dead. But Steven Johnson argues that Every's most lasting legacy was his inadvertent triggering of a major shift in the global economy. *Enemy of All Mankind* focuses on one key event—the attack on an Indian treasure ship by Every and his crew—and its surprising repercussions across time and space. It's the gripping tale of one of the most lucrative crimes in history, the first international manhunt, and the trial of the seventeenth century. Johnson uses the extraordinary story of Henry Every and his crimes to explore the emergence of the East India Company, the British Empire, and the modern global marketplace: a densely interconnected planet ruled by nations and corporations. How did this unlikely pirate and his notorious crime end up playing a key role in the birth of multinational capitalism? In the same mode as Johnson's classic nonfiction historical thriller *The Ghost Map*, *Enemy of All Mankind* deftly traces the path from a single struck match to a global conflagration.

Trust God and Fight for Your Family Jan 22 2022 God specializes in the impossible (Luke 1:37). Please know that God still has an awesome plan for your life and for your family no matter what impossible state they appear to be in. For years, I wondered why marriage seems to be so difficult. Through prayer and God's Word, the Lord informed me of the identity of the true enemy of marriage and family, better still, that he is already defeated. The enemy of our souls knows the blessings for which God created marriage and the family unit to be. It is no coincidence that he attacks in these areas. This book shares truths of the victory and the effective weaponry God has given us by which the tactics of the enemy are rendered unsuccessful. We fight for careers, rights, advancement, and more; all of which, though necessary for a time, in the distant future we will lay down, for time catches up with us all. Therefore, we need to first fight for what matters most. Along with making certain our souls are right with God, we need to fight for our families, for it is our loved ones who will be there for us in the end and to whom we will leave a legacy. I pray this is a blessing to you and helps give you hope to fight for your family.

Enemy of the State Sep 05 2020 "In the world of black-op thrillers, Mitch Rapp continues to be among the best of the best" (Booklist, starred review), and he returns in the #1 New York Times bestselling series alone and targeted by a country that is supposed to be one of America's closest allies. After 9/11, the United States made one of the most secretive and dangerous deals in its history—the evidence against the powerful Saudis who coordinated the attack would be buried and in return, King Faisal would promise to keep the oil flowing and deal with the conspirators in his midst. But when the king's own nephew is discovered funding ISIS, the furious President gives Rapp his next mission: he must find out more about the high-level Saudis involved in the scheme and kill them. The catch? Rapp will get no support from the United States. Forced to make a decision that will change his life forever, Rapp quits the CIA and assembles a group of independent contractors to help him complete the mission. They've barely begun unraveling the connections between the Saudi government and ISIS when the brilliant new head of the intelligence directorate discovers their efforts. With Rapp getting too close, he threatens to go public with the details of the post-9/11 agreement between the two countries. Facing an international incident that could end his political career, the President orders America's intelligence agencies to join the Saudis' effort to hunt the former CIA man down. Rapp, supported only by a team of mercenaries with dubious allegiances, finds himself at the center of the most elaborate manhunt in history. With white-knuckled twists and turns leading to "an explosive climax" (Publishers Weekly), *Enemy of the State* is an unputdownable thrill ride that will keep you guessing until the final page.

Recognizing the Real Enemy Nov 19 2021 Most believers know that the Bible says ". . . for we wrestle not against flesh and blood. . ." But, if we say that "we know this," then why are there so many believers, made of flesh and blood, blaming, resenting and fighting one another? Maybe it's because we are not realizing enough that those negative "thoughts and feelings" do not come "just from us. . ." but from living beings that are unseen. We are not realizing enough that unholy thoughts, feelings, desires and reasons did not originate "from us" or from what is said to be "our sinful nature. . ." just as holiness does not originate "from us." If our holiness comes from the Holy Spirit, would our un-holiness not also come from un-holyspirits? I submit that we do not understand enough "the sin that dwells in the flesh." It is alive, and does what we do not want to do. . . unless we recognize the real, spiritual enemies behind "the flesh." Miguel Demelli is a Spirit-filled believer who also embraces the Hebraic roots of the Messiah and the Whole House of Israel (Ezekiel 37:15-28). He's been searching for the "keys to victory" for 15 years. And just when he thought he was defeated forever, these simple truths were clarified to him and transformed his walk. . . forever. His desire is to see true unity and victory in the Body. But, as he found out for himself, this cannot happen as long as there is so much hidden, unrecognized enemy activity in and through us operating against ourselves and then against one another, resulting in much strife and even diseases. He presently splits his time as a translator in his local congregation, as Spanish Outreach Coordinator/Translator for the Messianic Israel Alliance in the US and Mexico, as an associate with wholeness ministries and with other personal ministry and translation opportunities. He currently resides in Orlando, Florida. Cover Illustration by Rosemary Burke (c) 2009

The Wrong Enemy May 26 2022 A journalist with deep knowledge of the region provides "an enthralling and largely firsthand account of the war in Afghanistan" (Financial Times). Few reporters know as much about Afghanistan as Carlotta Gall. She was there in the 1990s after the Russians were driven out. She witnessed the early flourishing of radical Islam, imported from abroad, which caused so much local suffering. She was there right after 9/11, when US special forces helped the Northern Alliance drive the Taliban out of the north and then the south, fighting pitched battles and causing their enemies to flee underground and into Pakistan. Gall knows just how much this war has cost the Afghan people—and just how much damage can be traced to Pakistan and its duplicitous government and intelligence forces. Combining searing personal accounts of battles and betrayals with moving portraits of the ordinary Afghans who were caught up in the conflict for more than a decade, *The Wrong Enemy* is a sweeping account of a war brought by American leaders against an enemy they barely understood and

could not truly engage.

The Enemy of My Enemy Jan 10 2021 Special agent James Cronley Jr. finds that fighting both ex-Nazis and the Soviet NKGB can lead to strange bedfellows, in the dramatic new Clandestine Operations novel about the birth of the CIA and the Cold War. A month ago, Cronley managed to capture two notorious Nazi war criminals, but not without leaving some dead bodies and outraged Austrian police in his wake. He's been lying low ever since, but that little vacation is about to end. Somebody--Odessa, the NKGB, the Hungarian Secret Police?--has broken the criminals out of jail, and he must track them down again. But there's more to it than that. Evidence has surfaced that in the war's last gasps, Heinrich Himmler had stashed away a fortune to build a secret religion, dedicated both to Himmler and to creating the Fourth Reich. That money is still out there in the hands of Odessa, and that infamous organization seems to have acquired a surprising--and troubling--ally. Cronley is fast finding out that the phrase "the enemy of my enemy is my friend" can mean a lot of different things, and that it is not always clear which people he can trust and which are out to kill him.

Zionism: David become Goliath Jun 14 2021 The Real Goliath, Volume II of Hart's multi-volume work, ZIONISM, THE REAL ENEMY OF THE JEWS, reveals in well-documented detail starting from 1948 how the assertion that Israel has lived in constant danger of annihilation, of the driving into the sea of its Jews, is little more than Zionist propaganda. What really was the case, after Israel unilaterally declared itself to be in existence, was that the Arab armies did not have the ability neither the numbers nor the weapons to defeat Israel's forces. Despite some stupid Arab rhetoric to the contrary propaganda gift for Zionism of which it has made extensive and ongoing use the Arab regimes had no intention of even trying to destroy Israel. They were quickly at one with Zionism and the major powers in wanting the Palestine file to remain closed after Israel's first victory on the battlefield. There was not supposed to have been a regeneration of Palestinian nationalism: for them, Arafat's real crime was making this happen. Here, too, is the riveting story of how Zionism, assisted by deluded British Prime Minister Eden and American hawks, conned the Western world into believing that Egypt's President Nasser was an enemy of the West when actually he was seeking an accommodation with Israel from almost his first days in power, and wanted more than anything else a relationship with America on equal terms with that of Israel. Hart also takes us inside the struggle of the first and last American president, Eisenhower, to attempt to contain Zionism, and President Kennedy's unsuccessful attempt to prevent the Zionist state acquiring an atom bomb (an acquisition still unadmitted by either the US or Israel, to this very day). But most importantly, Volume II records a turning point: the story of the defe

Enemy of the People Dec 09 2020 Shortly after assuming office in January 2017, President Donald Trump accused the press of being an "enemy of the American people." Attacks on the media had been a hallmark of Trump's presidential campaign, but this charge marked a dramatic turning point: language like this ventured into dangerous territory. Twentieth-century dictators—notably, Stalin, Hitler, and Mao—had all denounced their critics, especially the press, as "enemies of the people." Their goal was to delegitimize the work of the press as "fake news" and create confusion in the public mind about what's real and what isn't; what can be trusted and what can't be. That, it seems, is also Trump's goal. In Enemy of the People, Marvin Kalb, an award-winning American journalist with more than six decades of experience both as a journalist and media observer, writes with passion about why we should fear for the future of American democracy because of the unrelenting attacks by the Trump administration on the press. As his new book shows, the press has been a bulwark in the defense of democracy. Kalb writes about Edward R. Murrow's courageous reporting on Senator Joseph McCarthy's "red scare" theatrics in the early 1950s, which led to McCarthy's demise. He reminds us of Bob Woodward and Carl Bernstein's reporting in the early 1970s that led to President Richard Nixon's resignation. Today, because of revolutionary changes in journalism, no Murrow is ready at the battlements. Journalism has been severely weakened. Yet, without a virile, strong press, democracy is in peril. Kalb's book is a frightening indictment of President Trump's efforts to delegitimize the American press—and put the future of our democracy in question.

Congratulations! Your Goliath Has Arrived. Enemies often seem to get in the way of our plans, leaving us discouraged and disoriented. But what if these obstacles are a part of God's plans for us? Are you ready to reach your next goal in life? Do you want biblically-based wisdom to help defeat every enemy and move with confidence to your destiny? The Necessity of an Enemy will give you the tools to change your perspective – and find meaning and purpose in all of life's trials.

Your Biggest Enemy Is Yourself Feb 29 2020 If we could be one hundred percent honest and translucent with ourselves we would discover that the biggest avenger of our soul is ourselves. Becoming transparent with oneself is one of the most agonizing journey's known to mankind. No one wants to voluntarily gaze at themselves and see all of the internal blemishes, faults, failures, and mistakes they have accumulated over the years. When one looks at themselves in the spiritual mirror they are subject to see all the imperfections that the inner enemy has tricked them into accepting along the way. As a scheme to trick us the inner enemy has allowed us to create an illusion of ourselves so contrary to the way the Lord sees us. The inner enemy forms a scale over our eyes that leave us spiritually blinded. When we are spiritually blinded our vision of ourselves is diluted and we cannot see the purpose and vision that God has for us, therefore we look through a blinded eye that has been diseased with a blurry concept of who we really are. As human beings society; has fashioned us to concentrate on judging others to take the focus off of ourselves. We rarely turn the reflective mirror on ourselves to see the massive beam that is in our own blinded eye. Matthew 7:3-5 reminds us that we are to look at the beam in our own eye, and why beholdest the mote that is in thy brother's eye, but considerest not the beam that is in thine own eye? Thou hypocrite, first cast out the beam of thine own eye; and then shalt thou see clearly to cast out the mote out of thy brother's eye. The biggest enemy is within. We are inseparably connected to the enemy when we are disconnected from Christ. Matthew 6:24 affirms that no man can serve two masters; for either he will hate the one, and love the other, or else he will hold to the one, and despise the other. Ye cannot serve God and the devil.

Assault Hell with Gospel Demonstration Artillery Fire Jul 04 2020 YOUR real ENEMY is a spiritual entity, whose Headquarters is HELL! YOUR brother, sister, uncle, neighbor, former spouse, X boy friend or girl friend, who disappointed you ain't your real enemy!The current or former President ain't your real enemy!Heaven ain't your problem, Hell is! ASSAULT HELL, with HEAVEN, not Heaven with neither Hell nor Heaven!God ain't your enemy, Satan is!Hell is your arch enemy, not your fellow human opponent with a different option!The Democrats ain't your real enemy, neither are the Republicans your real foe.In every nation, on God's planet this day, believers in Christ must see beyond their physical opponents this day, and begin to demonstrate God's power above partisan bias advocacies, to the ASSAULTING of every Hell behind their political opponents, who may need to get saved before or after we defeated them via the political debate and the ballot, which we gotta win as unto the LORD, though some of our brothers and sisters in Christ, even they held a different opinion from our own.
