The Datsun Roadster Car Feb 08 2021 The Datsun Roadster was a lightweight automobile produced by Nissan in the 1930s. The series was a predecessor to the Fairlady sports cars, and was an example of the earliest passenger cars produced in Japan. We added some more road tests - many from foreign magazines - some more brochures, three 1960's vintage Datsun Service Bulletins, and a 20-page color spread from the from October 2007 "Z File - Fairlady and Fairlady Z History". We got permission to publish these pages courtesy of our "roadster friend in Japan" and D.R.F.C. member, Takeshi Izuka. Takeshi, by the way, is the proud owner of an "imported" LHD 1969 2000 that he has maintained in showroom condition.
