**George R. R. Martin Starter Pack 4-Book Bundle** Oct 20 2021 The epic saga that inspired HBO's Game of Thrones made George R. R. Martin an international phenomenon, but there's much more to this versatile, prolific, and original author. In addition to the book that kicks off A Song of Ice and Fire, this eBook bundle includes Dreamsongs: Volume I, which showcases Martin's early writings; Fevre Dream, the acclaimed author's reinvention of the vampire novel; and The Armageddon Rag, a thrilling story of psychedelic—and apocalyptic—rock. Spanning genres of fantasy, science fiction, horror, and suspense, Martin's virtuosic talents will surprise and delight even his most devoted fans. A GAME OF THRONES "The only fantasy series I'd put on a level with J.R.R. Tolkien's The Lord of the Rings . . . It's a fantasy series for hip, smart people, even those who don't read fantasy."—Chicago Tribune In a land where summers can last decades and winters a lifetime, trouble is brewing. As sinister forces mass beyond the kingdom's protective Wall, the king's powers are failing—his most trusted adviser is dead and his enemies are emerging from the shadows of the throne. At the center of the conflict lie the Starks of Winterfell, a family as harsh and unyielding as the frozen land they were born to. Now Lord Eddard Stark is reluctantly summoned to serve as the king's new Hand, an appointment that threatens to sunder not only his family but the kingdom itself. DREAMSONGS: VOLUME I "The ideal way to discover . . . a master of science fiction, fantasy and horror. . . . Martin is a writer like no other."—The Guardian (U.K.) Gathered here are the very best of Martin's early works, including his Hugo, Nebula, and Bram Stoker award-winning stories, cool fan pieces, and the original novella The Ice Dragon, from which his New York Times bestselling children's book of the same title originated. With extensive author commentary, Dreamsongs: Volume I is a rare treat, offering fascinating insights into Martin's journey from young writer to award-winning master. FEVRE DREAM "An adventure into the heart of darkness that transcends even the most inventive vampire novels."—Los Angeles Herald Examiner Abner Marsh, a struggling riverboat captain, suspects that something's amiss when he is approached by a wealthy aristocrat with a lucrative offer. The hauntingly pale, steely-eyed Joshua York doesn't care that the icy winter of 1857 has wiped out all but one of Marsh's dilapidated fleet. Not until the maiden voyage of Fevre Dream does Marsh realize that he has joined a mission both more sinister, and perhaps more noble, than his most fantastic nightmare—and humankind's most impossible dream. THE ARMAGEDDON RAG "The best novel concerning the American pop music culture of the sixties I've ever read."—Stephen King Onetime underground journalist Sandy Blair has come a long way from his radical roots in the sixties—until he's drawn back by the bizarre and brutal murder of a rock promoter who made millions with a band called the Nazgûl. As Sandy investigates the crime, he finds himself drawn back into his own past. For a new messiah has resurrected the Nazgûl along with a requiem of demonism, mind control, and death, whose apocalyptic tune only Sandy may be able to change.

**Learning to Teach English in the Secondary School** Mar 01 2020 How do you approach teaching English in the modern classroom? What is expected of a would-be English teacher? This best-selling textbook combines theory and practice to present a broad introduction to the opportunities and challenges of teaching English in secondary school classrooms. Each chapter explains the background to debates about teaching the subject and provides tasks, practical teaching approaches and further reading to explore issues and ideas in relation to school experience. Already a major text for many university teacher education courses, this new edition has been thoroughly updated in the light of recent revisions to the National Curriculum for English, examination syllabuses and the Standards for Qualified Teacher Status. As well as containing critical explorations of the history and definitions of the subject and policies such as the Secondary National Strategy that are appropriate to Professional and Masters level PGCE study, other chapters present a broad range of effective, innovative approaches to teaching such crucial areas as: reading and writing, speaking and listening; drama; media studies and information and communications technology; grammar, poetry and language study; Shakespeare; post-16 English language and literature. Written particularly with the new and student teacher in mind, this book offers principles and practical examples of teaching and learning within a 21st Century context in which new notions of literacy compete with demands of national assessment. Taking these changing principles as a starting point, the text also addresses questions about the nature of initial teacher preparation and raises issues concerning standards-based teacher education, mentoring in schools and monitoring the development of a student teacher.

HOUNDED Atticus O'Sullivan, last of the Druids, lives peacefully in Tempe, Arizona, running an occult bookshop and shape-shifting in his spare time. A handsome, tattooed Irish dude, he looks like he's about twenty-one years old—actually, he's twenty-one centuries old and he wields a magical sword known as Fragarach, the Answerer. Unfortunately, a very angry Celtic god wants that sword, and now Atticus will need all his power—plus the help of a seductive goddess of death, his vampire and werewolf team of attorneys, and a sexy bartender possessed by a Hindu witch—to kick some Celtic arse and deliver himself from evil. HEXED Atticus doesn't care much for witches, but he's about to make nice with the local coven when suddenly the witch population in Tempe quadruples overnight. And the new girls are not just bad, they're badasses with a dark history on the German side of World War II. But with a fallen angel feasting on local students, a horde of Bacchantes blowing in from Vegas, and a dangerously sexy Celtic goddess of fire vying for his attention, Atticus is having trouble scheduling the witch hunt. HAMMERED Thor, the Norse god of thunder, is a blowhard and a bully, and Viking vampire Leif Helgarson has asked his friend Atticus for help taking down this Norse nightmare. As a rule, Atticus generally tries to stay away from the guy with the lightning bolts. Soon, though, Atticus and Leif are off to the plane of Asgard, where they team up with a werewolf, a sorcerer, and an army of frost giants for an epic showdown against vicious Valkyries, angry gods, and the hammer-wielding Thunder Thug himself.

**Librarian's Guide to Games and Gamers: From Collection Development to Advisory Services** Feb 09 2021 As games grow ever-more ubiquitous in our culture and communities, they have become popular staples in public library collections and are increasing in prominence in academic ones. This book provides the tools to help adult and youth services librarians to better understand the gaming landscape and better serve gamers in discovery of new games—whether they are new to gaming or seasoned players—through advisory services. This book maps all types of games—board, roleplaying, digital, and virtual reality—providing all the information needed to understand and appropriately recommend games to library users. Organized by game type, hundreds of descriptions offer not only bibliographic information (title, publication date, series, and format/platform), but genre classifications, target age ranges for players, notes on gameplay and user behavior type, and short descriptions of the game's basic premise and appeals.

**Starter Packs** May 27 2022 Despite repeated interventions by governments, donors and NGOs in recent years, food insecurity continues and developing countries are forced to rely on food aid again and again. The original idea of Starter Pack was to give a tiny bag of agricultural inputs - fertiliser and seed - to every smallholder farmer in Malawi. Although the programme did not work as originally intended, it was successful in achieving food security. The scaling down of the programme was a major contributor to the food crisis which hit Malawi (and other countries in Southern Africa) at the beginning of 2002. For once, we have a success story about how hunger can be tackled efficiently. This book assesses the case of the Starter Pack programme in Malawi, and whether it can be replicated elsewhere. It covers the practicalities of implementing such a large programme and the policy debates.

*How to Play Video Games* Aug 06 2020 Forty original contributions on games and gaming culture What does Pokémon Go tell us about globalization? What does Tetris teach us about rules? Is feminism boosted or bashed by Kim Kardashian: Hollywood? How does BioShock Infinite help us navigate world-building? From arcades to Atari, and phone apps to virtual reality headsets, video games have been at the epicenter of our ever-evolving technological reality. Unlike other media technologies, video games demand engagement like no other, which begs the question—what is the role that video games play in our lives, from our homes, to our phones, and on global culture writ large? How to Play Video Games brings together forty original essays from today's leading scholars on video game culture, writing about the games they know best and what they mean in broader social and cultural contexts. Read about avatars in Grand Theft Auto V, or music in The Legend of Zelda: Ocarina of Time. See how Age of Empires taught a generation about postcolonialism, and how Borderlands exposes the seedy underbelly of capitalism. These essays suggest that understanding video games in a critical context provides a new way to engage in contemporary culture. They are a must read for fans and students of the medium.
