[Scenic Automation Handbook](#)Jul 11 2021 Scenic automation has earned a reputation of being complicated and cantankerous, a craft best left to the elite of our industry. Not sure of the difference between a VFD, PLC, or PID? If you have dreamed of choreographing scene changes with computerized machinery, but get lost in the technical jargon the Scenic Automation Handbook will guide you along the road to elegant automation. Adopting a pragmatic approach, this book breaks down any automation system into five points, known as the Pentagon of Power. Breaking down a dauntingly complex system into bite- size pieces makes it easy to understand how components function, connect, and communicate to form a complete system. Presenting the fundamental behaviors and functions of Machinery, Feedback Sensors, Amplifiers, Controls, and Operator Interfaces, the Scenic Automation Handbook demystifies automation, reinforcing each concept with practical examples that can be used for experimentation. Automation is accessible – come along and learn how!

[Gravel Roads](#)Oct 22 2019 The purpose of this manual is to provide clear and helpful information for maintaining gravel roads. Very little technical help is available to small agencies that are responsible for managing these roads. Gravel road maintenance has traditionally been "more of an art than a science" and very few formal standards exist. This manual contains guidelines to help answer the questions that arise concerning gravel road maintenance such as: What is enough surface crown? What is too much? What causes corrugation? The information is as nontechnical as possible without sacrificing clear guidelines and instructions on how to do the job right.

[Find Your Why](#)Jan 05 2021 Simon Sinek's recent video on 'The Millennial Question' went viral with over 180 million views. Find Your Why is the follow up to Start with Why, the global bestseller and the subject of the third most watched TED Talk of all time. With Start With Why, Simon Sinek inspired a movement to build a world in which the vast majority of us can feel safe while we are at work and fulfilled when we go home at night. Now, along with two of his colleagues, Peter Docker and David Mead, Sinek has created a guide to the most important step any business can take: finding your why. This easy-to-follow guide starts with the search for your personal why, and then expands to helping your colleagues find your organization's why. With detailed instructions on every stage in the process, the book also answer common concerns, such as: What if my why sounds like my competitor's? Can you have more than one why? And, if my work doesn't match my why, what do I do? Whether you're entry level or a CEO, whether your team is run by the founder or a recent hire, these simple steps will lead you on a path to a more fulfilling life and long-term success for you and your colleagues.
