Legal Communications Workbook for California Paralegals: Essential Legal Skills Oct 16 2021 This is a great paralegal workbook that will teach California paralegals the essential skills that they need to be successful. This workbook contains chapters that cover paralegal skills & codes, a step by step process of how to write business letters, the IRAC method of case summarization and much more. All chapters include educational exercises to give the paralegal actual experience drafting the documents discussed. This workbook is California specific and completion of the exercises will prepare paralegals for the many and varied jobs that paralegals perform in a law firm. An absolutely great teaching tool that every paralegal should work through!

Studying Law Aug 02 2020 Studying Law introduces students to the fundamental legal skills that they will need to successfully study the subject, such as case analysis, legislative interpretation, problem solving and essay writing, and to the core Law subjects themselves and the distinctions between them.

The Formation of Professional Identity Dec 26 2019 Becoming a lawyer is about much more than acquiring knowledge and technique. As law students learn the law and acquire some basic skills, they are also inevitably forming a deep sense of themselves in their new roles as lawyers. That sense of self – the student's nascent professional identity – needs to take a particular form if the students are to fulfil the public purposes of lawyers and find deep meaning and satisfaction in their work. In this book, Professors Patrick Longan, Daisy Floyd, and Timothy Floyd combine what they have learned in many years of teaching and research concerning the lawyer's professional identity with lessons derived from legal ethics, moral psychology, and moral philosophy. They describe in depth the six virtues that every lawyer needs as part of his or her professional identity, and they explore both the obstacles to acquiring and deploying those virtues and strategies for overcoming those impediments. The result is a straightforward guide for law students on how to cultivate a professional identity that will allow them to make a meaningful difference in the lives of others and to flourish as individuals.

Legal Method, Skills and Reasoning Feb 20 2022 Language skills, study skills, argument skills and legal knowledge are vital to every law student, professional lawyer and academic. Legal Method, Skills and Reasoning suggests a range of 'how-to' techniques for perfecting these academic and practical skills. It explains how to work with legal texts; how to read and write about the law; how to acquire effective disciplined study techniques; and how to construct legal arguments. Packed full of practical examples and diagrams across the range of legal skills from language and research skills to mooting and negotiation, this edition will be invaluable to law students seeking to acquire a deeper

understanding of how to apply each discreet legal skill effectively. This restructured third edition is now additionally supported by a Companion Website offering a wealth of additional resources for individual and group work for both students and lecturers. For students, the Companion Website offers: workbooks for each part, containing guided practical and reflective tasks a series of 'how-to' exercises, which help to provide real-life legal skills examples and practice guidance on answering legal problem and essay-style questions self-test quizzes to consolidate learning for each individual legal skill. For lecturers, the Companion Website hosts: a set of PowerPoint slides of the diagrams in the text specimen seminar plans, with supplementary notes to provide support and inspiration for teaching legal skills sample legal skills assessment, and accompanying answers.

*Learning Legal Skills and Reasoning* Aug 26 2022 Language skills, study skills, argument skills and the skills associated with dispute resolution are vital to every law student, professional lawyer and academic. The 5th edition of *Learning Legal Skills and Reasoning* draws on a range of areas of law to show how these key skills can be learnt and mastered, bridging the gap between substantive legal subjects and the skills required to become a successful law student. The book is split into four sections: Sources of law: Including domestic, European and international law. Working with the law: Featuring advice on how to find and understand the most appropriate legislation and cases. Applying your research: How to construct a legal argument, answer a problem question and present orally (mooting). Skills for solving disputes: From negotiation to mediation and beyond. Packed full of practical examples and diagrams to illustrate each legal skill, this new edition has been fully updated and now includes a new chapter on drafting. It will be an essential companion for any student wishing to acquire the legal skills necessary to become a successful law student.

*How the Law Works* Feb 26 2020 'How the Law Works is a gem of a book, for law students and for everyone else. It is a must read for anyone interested in how society is shaped and controlled via law.' Dr Steven Vaughan, solicitor, Senior Lecturer, Birmingham Law School 'How the Law Works is a comprehensive, witty and easy-to-read guide to the law. I thoroughly recommend it to non-lawyers who want to improve their knowledge of the legal system and to potential students as an introduction to the law of England and Wales.' HH Judge Lynn Tayton QC Reviews of the first edition: 'A friendly, readable and surprisingly entertaining overview of what can be a daunting and arcane subject to the outsider.' *The Law Teacher* 'An easy-to-read, fascinating book . . . brimful with curios, anecdote and explanation.' *The Times* *How the Law Works* is a refreshingly clear and reliable guide to today's legal system. Offering interesting and comprehensive coverage, it makes sense of all the curious features of the law in day to day life and in current affairs. Explaining the law and legal jargon in plain English, it provides an accessible entry point to the different types of law and legal techniques, as well as today's compensation culture and human rights law. In addition to explaining the role of judges, lawyers, juries and parliament, it clarifies the mechanisms behind criminal and civil law. *How the Law Works* is essential reading for anyone approaching law for the first time, or for anyone who is interested in an engaging introduction to the subject's bigger picture.

*Legal Skills* Dec 30 2022 'Legal Skills' encompasses all the academic and practical legal skills vital to a law degree in one manageable volume. It is an ideal text for the first year law student and a valuable resource for those studying law at any level.

*Interviewing and Investigating* Oct 24 2019 Because skills are to be mastered, not memorized, this comprehensive text uses realistic case scenarios, practical exercises, illustrations, and examples to teach the essential skills of interviewing and investigating. Led by an experienced practitioner and author, readers will make connections between law and fact, engage in critical analysis, and develop specific communication skills that will prove indispensable in practice.

*Lawyers' Skills* Apr 22 2022 Offering invaluable guidance on the key skills required on the LPC, *Lawyers' Skills* also features a number of tasks, examples and reflective exercises specifically designed to support students in developing, practising and refining the legal skills which are integral to the modern solicitors' practice.

*Asking the Law Question* Aug 14 2021 Essential reading for all those who wish to understand why legal theory is important to legal education, and for those who wish to extend their understanding of this dynamic academic discipline. A variety of perspectives are drawn together including social, literary, feminist and postmodernist theories.

*How to Think, Write and Cite* Sep 22 2019 Legal research and legal writing: Essential skills for success in the world of law The new edition of *How to think, write and cite* provides students who are new to law with clear and practical guidance on mastering essential skills which will be key to success in their assignments and examinations, and which will also be invaluable in the workplace after graduating. Key features \* Developed by experienced Irish academics and researchers specifically for Irish law students \* Easy-to-follow, practical advice \* Explanations of how to read legislation and court judgments \* Step-by-step instructions for accessing online legal databases \* Explains effective legal writing for exams and essays, including sample answers and essays \* Explains when and how to cite in essays \* Includes a detailed citation manual for Irish materials based on the internationally-accepted OSCOLA system New to the second edition \* Up-to-date information on how to use online databases \* Expanded section on use of software to automate and simplify referencing \* New section on completing assignments \* Discussion of expanding role of clinical legal education \* Detailed discussion of different research methods, including doctrinal, historical and socio-legal research \* Suggestions for further reading \* Second edition of OSCOLA Ireland The book is accompanied by a companion website, which will provide supplementary exercises and interactive quizzes which students can use to self-test at their own pace, or module coordinators can use to assess the work of students over the course of the module. (Please note that this website, while complementary to the book, is an independent endeavour by the authors. The book is sold as a stand-alone text.) The authors Jennifer Schweppe, School of Law, University of Limerick; Dr Ronan Kennedy, School of Law, National University

of Ireland, Galway; Lawrence Donnelly, School of Law, National University of Ireland, Galway

The Law of Privilege May 31 2020 Providing solutions to specific issues which regularly arise in practice, this practical guide gives detailed and up to date coverage of all key aspects of privilege including legal advice privilege, joint and common interest privilege, and the privilege against self-incrimination as they apply to litigation and non-litigation situations.

Academic Legal Discourse and Analysis Jul 13 2021 This book introduces international students to the characteristics of legal education in the United States and helps them develop the linguistic, analytical, and cultural skills to thrive at a U.S. law school. Part I focuses on the academic legal writing skills needed to write in law school. It guides students in reviewing their own writing skills and helps them to adapt to the conventions of academic legal writing at the whole text, paragraph, and sentence levels. It also gives students guidance in effectively presenting their ideas in writing so that a reader can quickly grasp their reasoning and meaning. Part II introduces students to common law and legal analysis. Following a brief introduction to the U.S. legal system, the book focuses on the skills required to read, discuss, and write about legal cases in a U.S. law class. Cases in torts and criminal procedure law provide an opportunity to apply these skills while also teaching high-frequency legal vocabulary. Throughout the book, students can read clear and concise explanations and practice the skills they are acquiring with detailed practice exercises. Professors and students will benefit from: Clear explanations of academic legal writing expected of law students on written assignments, such as exams and papers Straightforward definitions and explanations about how the common law system in the U.S. works Guidelines and practice in reading, discussing, and writing about legal cases Authentic tasks and exercises for all key concepts

Legal Skills Jun 12 2021 The best-selling legal skills textbook in the market, *Legal Skills* is the essential guide for law students, encompassing all the academic and practical skills in one manageable volume. It is an ideal text for students new to law, helping them make the transition from secondary education and giving them the skills they need to succeed from the beginning of their degree, through exams and assessments and into their future career. The first part covers 'Sources of Law' and includes information on finding and using legislation, ensuring an understanding of where the law comes from and how to use it. The second part covers 'Academic Legal Skills' and provides advice on general study and writing skills. This part also includes a section on referencing and avoiding plagiarism amongst a number of other chapters designed to help students through the different stages of the law degree. The third and final part is dedicated to 'Practical Legal Skills'; a section designed to help develop transferable skills in areas such as presentations and negotiations that will be highly valued by future employers. The text contains many useful features designed to support a truly practical and self-reflective approach to legal skills including self-test questions, diagrams and practical activities. Students are given the opportunity to take a 'hands on' approach to tackling a variety of legal skills from using cases to negotiation. Each skill is firmly set in its wider academic and professional context to encourage an integrated approach to the learning of legal skills. Online resources -For lecturers, a bank of multiple choice questions and diagrams from the book -For students, answers to the self-test questions and practical exercises from the book and a glossary of all the keywords and terms used within the text. There is also an extensive range of videos with guidance on topics from what to expect from lectures and tutorials, how to research for essays and structure problem questions, to examples of good and bad practice in mooting and negotiations.

Problem Questions for Law Students Sep 03 2020 Law students rarely have experience answering problem questions before university, and lecturers concentrate on teaching content rather than the exam skills needed. This book bridges the gap on how to transpose knowledge and research into structured and coherent answers to problem questions while earning a law degree. Aimed at undergraduates, international students, and foundation and SQE candidates, the book gives a step-by-step study guide on how to navigate what a problem question is asking you to do. It deconstructs the process using examples from a range of different fields of law, providing essential guidance from research and critical thinking to style and tone. Including a range of examples to test yourself against, this is an indispensable resource for any law student who wants to tackle problem questions with confidence.

Legal Writing Skills Apr 29 2020

A Guide to Help Lawyers, Law Students, and Business Professionals Develop Cross-Cultural Competence Aug 22 2019 We live in a diverse world, and cross-cultural competence is important for everyone. This is especially true for lawyers and business professionals. A key part of being a lawyer or business professional is the ability to deal with others. Part of this ability is the recognition that the people you will deal with come from many different cultures and backgrounds. We are all human, but there is a great deal of variation among humans. This is why I have written this book. While cross-cultural competence has been an essential part of medical education and business for years, it is not usually part of legal education. However, it is essential to attorney competence, and it can give practitioners a competitive edge. Similarly, lack of cross-cultural competence can cause international business failure and ruin careers. "Cross-cultural competence" is the "ability to understand people from different cultures and engage with them effectively." It involves "the ability to function effectively in another culture", consisting of three interdependent dimensions: 1) an affective dimension (personality traits and attitudes), 2) a cognitive dimension (how individuals acquire and categorize cultural knowledge), and a communicative, behavioral dimension (being an effective communicator)."

Torts Jul 01 2020 *Torts: Principles, Skills & Application* introduces students to the legal concepts, key cases and contemporary issues surrounding the law of intentional and negligent torts and offers a practical guide to how tort principles are applied in legal practice. Discussion includes coverage of the statutory framework of the civil liability Acts

and other relevant legislation in each Australian jurisdiction, reflecting the growing centrality of statute, and statutory interpretation, in the suite of legal skills relevant to law studies and legal practice. Student-friendly features such as accessibly-written explanations, clear learning objectives, the inclusion of tables and diagrams scaffolding information, case summaries, and example answers to legal problems support effective learning. Chapters on tort law in practice and class actions provide context to the understanding of tort law principles. A specific and focused chapter on torts research assists in the development of foundational skills. Features *Real world*, student-friendly discussion provides context for the study of tort law *Relevant and current content aligns with current teaching in tort law* *Strong pedagogic structure supports learning* *Hands-on, practical approach underpins development of essential legal skills*

*Shackleton on the Law and Practice of Meetings* Oct 04 2020 This volume provides definitive guidance on the formulation and conduct of company, local authority and public meetings. It covers all sizes of meetings from AGMs and public meetings to specialised committees.

*Better Law for a Better World* Feb 08 2021 How as a society can we find ways of ensuring the people who are the most vulnerable or have little voice can avail themselves of the protection in law to improve their social, cultural, health and economic outcomes as befits civilised society? *Better Law for a Better World* answers this question by looking at innovative practices and developments emerging within law practice and education and shares the skills and techniques that could lead to confidence in the law and its ability to respond. Using recent research from Australia, practice initiatives and information, the book breaks down ways for law students, legal educators and law practitioners (including judicial officers, law administrators, legislators and policy makers) to enhance access to justice and improve outcomes through new approaches to lawyering. These can include: *Multi-Disciplinary Practice* (including health justice partnerships); *integrated justice practice*; *restorative practice*; *empowerment modes* (community & professional development and policy skills); *client-centred approaches and collaborative interdisciplinary practice informed by practical experience*. The book contains critical information on what such practice might look like and the elements that will be required in the development of the essential skills and criteria for such practice. It seeks to open up a dialogue about how we can make the law better. This includes making the community more central to the operation of the law and improving client-centred practice so that the Rule of Law can deliver on its claims to serve, protect and ensure equality before the law. It explores practical ways that emerging lawyers can be trained differently to ensure improved communication, collaboration, problem solving, partnership and interpersonal skills. The book explores the challenges of such work. It also gives suggestions on how to reduce professional barriers and variations in practice to effectively, humanely and efficiently make a difference in people's lives. The book builds essential skills and new approaches to lawyering for law students, legal educators, new lawyers and seasoned lawyers, judicial members and law administrators to equip them to better respond to community need. It looks at the law in context by also exploring the role of the law in improving the social determinants of health and socially just outcomes.

*Practical Legal Skills* Mar 09 2021 Guide to practical legal skills such as interviewing, advising, negotiating, letter writing, and advocacy for people involved in legal training, including graduates, undergraduates and practising lawyers. Designed for use in group learning contexts, and organized around a series of simulation exercises. Presents skills in an ethical context and focuses on understanding and retaining the competencies involved in legal practice. Includes a brief bibliography. The authors lecture in law at Monash University.

*Essential Legal English in Context* Jan 19 2022 An essential handbook for international lawyers and students Focusing on vocabulary, *Essential Legal English in Context* introduces the US legal system and its terminology. Designed especially for foreign-trained lawyers and students whose first language is not English, the book is a must-read for those who want to expand their US legal vocabulary and basic understanding of US government. Ross uses a unique approach by selecting legal terms that arise solely within the context of the levels and branches of US government, including terminology related to current political issues such as partisanship. Inspired by her students' questions over her years of teaching, she includes a vast collection of legal vocabulary, concepts, idioms, and phrasal verbs and unpacks concepts embedded in US case law, such as how the US constitutional separation of powers may affect a court's interpretation of the law. The handbook differentiates basic terms in civil and criminal cases and compares terms that may seem similar because of close spellings but in fact have different meanings. For instance, what is the distinction between "taking the stand" and "taking a stand?" What is the difference between "treaties" and "treatises"? Featuring illustrations and hands-on exercises, *Essential Legal English in Context* is a valuable self-study resource for those who want to improve their legal English terminology before entering a US law school, studying US law or government, or working as a seconded attorney to a US law firm. Instructors can use the handbook in an introductory US legal English course.

**LAW STUDENT SURVIVAL GUIDE.** Nov 17 2021

*The Education of a Lawyer* Sep 27 2022 Derived from the author's decades of experience as a lawyer and teacher, the book is filled with stories and telling anecdotes. Some are hilarious, some are cautionary, but nearly all contain a nugget of practical insight that readers can apply to their own practice. Decidedly original and consistently entertaining, this book will make readers laugh, think, and nod in recognition. And most importantly, it will help readers to become better lawyers."

*Conflict of Laws and International Finance* Nov 05 2020 First published in 1945, *Glanville Williams: Learning the Law* has been introducing new and prospective law students to the foundation skills needed to study law effectively for more than sixty years. Presenting an overview of the English Legal System and covering the essential legal skills that students need to master if they want to succeed both in their legal studies and in their future careers, this is a must-have book for

all new law students!

Learning Legal Skills and Reasoning Jun 24 2022 Language skills, study skills, argument skills and the skills associated with dispute resolution are vital to every law student, professional lawyer and academic. The 5th edition of *Learning Legal Skills and Reasoning* draws on a range of areas of law to show how these key skills can be learnt and mastered, bridging the gap between substantive legal subjects and the skills required to become a successful law student. The book is split into four sections: Sources of law: Including domestic, European and international law. Working with the law: Featuring advice on how to find and understand the most appropriate legislation and cases. Applying your research: How to construct a legal argument, answer a problem question and present orally (mooting). Skills for solving disputes: From negotiation to mediation and beyond. Packed full of practical examples and diagrams to illustrate each legal skill, this new edition has been fully updated and now includes a new chapter on drafting. It will be an essential companion for any student wishing to acquire the legal skills necessary to become a successful law student.

Modernizing Legal Education Jan 07 2021 Discusses the skills required by future lawyers, and explores innovative and technology-driven approaches to modernising legal education.

Legal Data and Information in Practice Jan 27 2020 *Legal Data and Information in Practice* provides readers with an understanding of how to facilitate the acquisition, management, and use of legal data in organizations such as libraries, courts, governments, universities, and start-ups. Presenting a synthesis of information about legal data that will furnish readers with a thorough understanding of the topic, the book also explains why it is becoming crucial that data analysis be integrated into decision-making in the legal space. Legal organizations are looking at how to develop data-driven insights for a variety of purposes and it is, as Sutherland shows, vital that they have the necessary skills to facilitate this work. This book will assist in this endeavour by providing an international perspective on the issues affecting access to legal data and clearly describing methods of obtaining and evaluating it. Sutherland also incorporates advice about how to critically approach data analysis. *Legal Data and Information in Practice* will be essential reading for those in the law library community who are based in English-speaking countries with a common law tradition. The book will also be useful to those with a general interest in legal data, including students, academics engaged in the study of information science and law.

Lawyering Skills and the Legal Process May 11 2021 *Lawyering Skills and the Legal Process* bridges the gap between academic and practical law for students undertaking skills-based and clinical legal education courses at university. It develops oral and written communication, group working, problem solving and conflict resolution skills in a range of legal contexts: client interviewing, drafting, managing cases, legal negotiation and advocacy. The book is designed specifically to help students to practise and develop skills that will be essential in a range of occupations; develop a deeper understanding of the English legal process and the lawyer's role in that process; enhance their understanding of the relationship between legal skills and ethics; and understand how they learn and how they can make their learning more effective. This book provides a stimulating, accessible and challenging approach to understanding the problems and uncertainties of practising law that goes beyond the standard approaches to lawyers skills.

Researching and Writing in Law Dec 18 2021 Provides a comprehensive and in-depth analysis of labour law. The book features extensive case referencing and scholarly yet accessible discussion of the key areas of employment law, particularly pertaining to the law of individual contracts. This edition features analysis of recent significant developments.

Soft Skills for the Effective Lawyer Jul 25 2022 This book enables attorneys and law students to enhance their professional performance through the key soft skills of self-awareness, self-development, social proficiency, wisdom, leadership, and professionalism. It serves as both a map and a vehicle for developing the skills essential to self-knowledge and fulfillment, organizational respect and accomplishment, client satisfaction and appreciation, and professional improvement and distinction.

Essential Lawyering Skills Mar 21 2022 This up-to-date book includes recent research and scholarship in all four skills: interviewing, counseling, negotiation, and fact analysis. Drawing on years of teaching experience, The author show students how to organize, analyze, and marshal facts into powerfully persuasive arguments. This Highly-Effective Text Offers: a unique emphasis on fact analysis that shows students how to recognize, organize, and utilize the persuasive value of facts, with new charts, illustrating factual patterns and organization expert instruction in essential legal skills from a highly experienced author team, covering the basics of problem solving, interviewing, counseling, and negotiating a streamlined, example-driven presentation minimizing theoretical digressions, and instead, drawing students into real case situations and problem-solving scenarios consistent attention to ethical concerns, alerting students to issues of moral and professional conduct wherever appropriate This New Edition Also Features: three new chapters: Communication Skills, Cross-Cultural Issues, and Fact Investigation focus on professionalism that includes working with clients, problem-solving with adversaries, and reflecting on core issues and more examples from criminal law, The area of the law most familiar to first-year students thorough coverage of the skills involved in both adversarial and problem-solving negotiation

Subversive Legal History Mar 29 2020 Provocative, audacious and challenging, this book rejuvenates not only the historical study of law and but also the role of Law Schools by asking which stories we tell and which stories we forget. It argues that a historical approach to law should be at the beating heart of the Law School curriculum. Far from being archaic, elitist and dull, historical perspectives on law are and should be subversive. Comparison with the past underscores: how the law and legal institutions are not fixed but are constructed; that every line drawn in the law and everything the law holds as sacred is arbitrary; and how the environment into which law students are socialised is a

historical construct. A subversive approach is needed to highlight, question, de-construct and re-construct the authored nature of the law, revealing that that legal change on a larger scale is possible. Subversive Legal History is not a type of Legal History but is a characteristic. It describes a legal method that should not be the preserve only of specialist legal historians but rather should be part of the toolkit of all law students, teachers and researchers. The book will be essential reading for all who work and study in Law Schools, proposing a radical new approach not only to the historical study of law but to the content, purpose and ambition of legal education. A subversive approach can revolutionise Law Schools providing a more ambitious legal education which is grounded in the socio-legal reality, helping to ensure that today's law students are better equipped to be the professionals and citizens of tomorrow.

**Academic Legal Discourse and Analysis** May 23 2022 This book introduces international students to the characteristics of legal education in the United States and helps them develop the linguistic, analytical, and cultural skills to thrive at a U.S. law school. Part I focuses on the academic legal writing skills needed to write in law school. It guides students in reviewing their own writing skills and helps them to adapt to the conventions of academic legal writing at the whole text, paragraph, and sentence levels. It also gives students guidance in effectively presenting their ideas in writing so that a reader can quickly grasp their reasoning and meaning. Part II introduces students to common law and legal analysis. Following a brief introduction to the U.S. legal system, the book focuses on the skills required to read, discuss, and write about legal cases in a U.S. law class. Cases in torts and criminal procedure law provide an opportunity to apply these skills while also teaching high-frequency legal vocabulary. Throughout the book, students can read clear and concise explanations and practice the skills they are acquiring with detailed practice exercises. Professors and students will benefit from: Clear explanations of academic legal writing expected of law students on written assignments, such as exams and papers Straightforward definitions and explanations about how the common law system in the U.S. works Guidelines and practice in reading, discussing, and writing about legal cases Authentic tasks and exercises for all key concepts

**Legal Skills** Nov 29 2022 A comprehensive and accessible guide to the academic and practical skills needed in the study of law, including essential techniques for legal research, reasoning, writing, advocacy, negotiation, interviewing and advising. Also features an extensive section on career development.

**Legal Systems & Skills** Oct 28 2022 This innovative text offers a combined approach, covering legal systems, skills, and employability to provide an academic and practical foundation for the study of law and life as a professional.

**Essential Soft Skills for Lawyers** Sep 15 2021 This Special Report offers a research-based view into the importance of soft skills for modern lawyers and how law firms develop essential soft skills - whether to comply with SRA rules, to lead productive teams, to provide the best service to clients or to grow their practice. This report is the guide to developing the skills needed to get ahead and stay ahead in your legal career.

**Law Dissertations** Dec 06 2020 *Law Dissertations: A Step-by-Step Guide* provides you with all the guidance and information you need to complete and succeed in your LLB, LLM or law-related dissertation. Written in a simple, clear format and with plenty of tools to help you to put the theory into practice, Laura Lammasniemi will show you how to make writing your law dissertation easy, without compromising intellectual rigour. As well as explaining the process of research and outlining the various legal methodologies, the book also provides practical, step-by-step guidance on how to formulate a proposal, research plan, and literature review. Unlike other law research skills books, it includes a section on empirical research methodology and ethics for the benefit of students who are studying for a law-related degree. Packed full of exercises, worked examples and tools for self-evaluation, this book is sure to become your essential guide, supporting you on every step of your journey in writing your law dissertation.
