Russia's Public Diplomacy Jan 19 2022 Russian public diplomacy attracts growing attention in the current global climate of tension and competition. However, it is often not understood or is misunderstood. Although some articles and book chapters exist, there are almost no books on Russian public diplomacy neither in Russian, nor in English. This edited collection is an in-depth and broad analysis of Russian public diplomacy in its conceptual understanding and its pragmatic aims and practice. Various aspects of Russian public diplomacy – from cultural to business practices – will interest professors, students and practitioners from various countries. Written by a diverse collection of the most prominent and capable scholars, from academia to international organizations, with a wealth of knowledge and objective experience, this book covers the vital topics and thoroughly analyzes the best practices and mistakes within the broad understanding of public diplomacy conducted by the Russian Federation.

The Good Glow Aug 26 2022 We praise those people who do things for others. But the symbolic power of giving means individuals can take advantage of the glow of 'goodness' that charity provides. This book analyses the reality of how charity operates in the social world; how the personal benefits of giving and volunteering are vital for getting charitable acts to happen; how the altruism associated with gifts isn't always what it seems; how charity misbehaviour or bad management gets overlooked; and how charity symbols are weaponised against those who don't participate. Drawing on original data and a novel application of the sociology of Bourdieu, this book examines a wide range of examples from culture, politics and society to provide an entertaining critique of how contemporary charity works.

Proceedings of the IWEMB 2019 Mar 09 2021 Internet and mobile technologies are drivers for innovation and growth. Entrepreneurs all over the world are using these technologies to develop new user-centered products and launch new business models. In this context, the International Workshop on Entrepreneurship in Electronic and Mobile Business (IWEMB) is a joint initiative of the Center of Advanced E-Business Studies (CAEBUS) at the RheinMain University of Applied Sciences in Wiesbaden, Germany, and the International College of the National Institute of Development and Administration (ICO NIDA) in Bangkok, Thailand. Relevant topics of the IWEMB workshop within the electronic and mobile business are studies on business model innovations, customer and user behavior, new concepts for entrepreneurship and leadership, user-centered design and lean startup methods, as well as the impact on existing market structures. Within this scope, the aim of IWEMB is to offer a platform for researchers in this emerging research field in order to generate relevant new insights and international exchange of ideas. The third workshop was held in Vestfold, Norway, as a two-days event in September 2019. The proceedings of this workshop cover a wide range of innovative scientific work in the fields of electronic and mobile business from young and experienced researchers from all over the world.

The Cryptocurrency and Digital Asset Fraud Casebook Jan 27 2020 Cryptocurrencies and digital assets have continued to gain widespread acceptance from both retail and institutional investors. With this rapid growth in both the crypto and digital asset spaces, there has also been an unfortunate steady drumbeat of fraudulent activity. It has been reported that in 2021 alone over \$14 billion in crypto was stolen from investors. Frauds have touched all aspects of the crypto universe ranging from outright Bitcoin theft, pig butchering, and wallet phishing to DeFi rug pulls, exchange hacks, mining scams and NFT fraud. The Cryptocurrency and Digital Asset Fraud Casebook will provide up to date information and analysis on fraudulent activity in the crypto space.

Sanathana Sarathi English Volume 07 (2012 - 2021) Jul 25 2022 Started in 1958, Sanathana Sarathi is a monthly magazine devoted to Sathya (Truth), Dharma (Righteousness), Shanti (Peace) and Prema (Love) - the four cardinal principles of Bhagawan Baba's philosophy. It is published from Prasanthi Nilayam (the Abode of Highest Peace) and acts as a mouthpiece of Baba's Ashram as it speaks of the important events that take place in His sacred Abode, besides carrying Divine Messages conveyed through Divine Discourses of Bhagawan Sri Sathya Sai Baba. The word meaning of Sanathana Sarathi is the 'Eternal Charioteer'. It signifies the presence of the Lord in every being as the atma guiding their lives like a charioteer. It implies that he who places his life, the body being likened to a chariot, in an attitude of surrender in the hands of the Lord, will be taken care of by the Lord even as a charioteer would take the occupant of his chariot safely to its destination. The magazine is an instrument to disseminate spiritual knowledge for the moral, physical and mental uplift of humanity without any discrimination as the subject matter discussed therein is always of common interest and of universal appeal. The fifteen Vahinis - streams of sacredness - known as the Vahini Series comprising annotation and interpretation of the Upanishads and other scriptures, Itihasas like the Ramayana, the Bhagavatha and the Mahabharata, and authentic explanations on Dhyana, Dharma, Prema, etc., have been serially published in this magazine as and when they emanated from the Divine pen of Bhagawan Baba. This magazine is published in almost all Indian languages, English and Telugu from Prasanthi Nilayam and others from respective regions. Every year Sanathana Sarathi comes out with a special issue in November commemorating the Divine Birthday. The English and Telugu magazines are posted on the 10th and 23rd respectively, of every month, from Prasanthi Nilayam. This magazine has wide, ever increasing circulation in India as well as abroad, as the study of it brings the reader closer to the philosophy of the Avatar in simple understandable language THUS SPAKE SAL... Discoursing during the launch of Sanathana Sarathi... From this day, our Sanathana Sarathi will lead to victory the cohorts of truth - the Vedas, the Sastras and similar scriptures of all faiths, against the forces of the ego such as injustice, falsehood, immorality and cruelty. This is the reason why it has emerged. This Sarathi will fight in order to establish world prosperity. It is bound to sound the paean of triumph when universal Ananda is achieved.

Competition Power February 2019 Monthly eBook (English Edition) Feb 20 2022 The February 2019 edition of Competition Power e-Magazine brings the highlights of the Current Affairs of January 2019 in detail under the name, "Newsmakers of the Month". Higher Education Accessibility Behind and Beyond Prison Walls Mar 21 2022 Numerous studies indicate that completing a college degree reduces an individual's likelihood of recidivating. However, there is little research available to inform best practices for running college programs inside jails or prisons or supporting returning citizens who want to complete a college degree. Higher Education Accessibility Behind and Beyond Prison Walls examines program development and pedagogical techniques in the area of higher education for students who are currently incarcerated or completing a degree post-incarceration. Drawing on the experiences of program administrators and professors from across the country, it offers best practices for (1) developing, running, and teaching in college programs offered inside jails and prisons and (2) providing adequate support to returning citizens who wish to complete a college degree. This book is intended to be a resource for college administrators, staff, and professors running or teaching in programs inside jails or prisons or supporting returning citizens on traditional college campuses.

Banking & SSC May 2021 eBook Apr 29 2020 Jagranjoshi's Banking & SSC e-book May 2021 eBook is a one-stop solution to help students preparing for the upcoming SSC JE & RBI Grade B 2021 Exams. Authoritative discussion covers Financial Accounting Standards Board (FASB) Accounting Standards Codification, which includes the standards originally issued in the Statements, Interpretations and Technical Bulletins; Accounting Principles Board Opinions, Accounting Research Bulletins, AICPA Statements of Position and FASB Emerging Issues Task Force statements relevant to the not-for-profit organization. The unique characteristics of the not-for-profit organization demand adherence to specific GAAP; auditors and preparers must understand these standards, stay up-to-date as they continue to evolve and know how to apply them in the course of real-world financial statement preparation. This book provides the guidance you need in a user-friendly format. Get up to date on the latest changes to GAAP affecting not-for-profit organizations Reference authoritative standards for measurement, presentation and disclosure Consult flowcharts, diagrams and charts to find answers at a glance Double-check disclosures against a checklist of GAAP requirements Accounting standards are constantly changing, and the special requirements targeting not-for-profits add an additional challenge to full compliance. Instead of wading through dozens of volumes of official pronouncements to locate relevant information, consult an all-in-one resource targeted specifically to not-for-profit GAAP — one that is updated annually to bring you the most current information available. Wiley Not-for-Profit GAAP 2018 provides clear answers and practical guidance to help you streamline GAAP implementation and ensure compliance.

Genders, Sexualities, and Spiritualities in African Pentecostalism Nov 05 2020 This book examines the complex and multifaceted nature of African Pentecostal engagements with genders and sexualities. In the

last three decades, African Pentecostalism has emerged as one of the most visible and profound aspects of religious change on the continent, and is a social force that straddles cultural, economic, and political spheres. Its conventional and selective literal interpretations of the Bible with respect to gender and sexualities are increasingly perceived as exhibiting a strong influence on many aspects of social and public institutions and their moral orientations. This collection features articles which examine sexualities and genders in African Pentecostalism using interdisciplinary methodological and theoretical approaches grounded within traditional African thought systems, with the goal of enabling a broader understanding of Pentecostalism and sexualities in Africa.

Landing a Library Job Apr 22 2022 This book provides a practical approach to career development with an emphasis on finding, applying, and interviewing specifically for library-related jobs. The book is unique because it includes sparsely covered topics such as online job searching, dissecting a job description, managing your applications, and more.

Code of Federal Regulations Sep 22 2019 Special edition of the Federal Register, containing a codification of documents of general applicability and future effect ... with ancillaries.

Global Rinderpest Action Plan Nov 29 2022 The Food and Agriculture Organization of the United Nations (FAO) and the World Organisation for Animal Health (OIE) declared in 2011 the global eradication of rinderpest and resolved to implement follow-up measures to maintain world freedom from the disease. Rinderpest is the only animal disease that has been globally eradicated. The greatest risk for rinderpest (RP) re-emergence is the release, whether intentional or unintentional, of infectious material from a Rinderpest Holding Facility (RHF) among susceptible animal populations. The re-emergence of disease would be a global animal health emergency, leading to the loss of global disease freedom and threatening livelihoods, food security, international trade and national economies. The Global Rinderpest Action Plan (GRAP) aims to ensure continued global freedom from rinderpest by outlining the actions necessary to prepare for, respond to, and recover from a RP outbreak.

Tracking India's progress on addressing malnutrition and enhancing the use of data to improve programs Aug 14 2021 Data systems and their usage are of great significance in the process of tracking malnutrition and improving programs. The key elements of a data system for nutrition include (1) data sources such as survey and administrative data and implementation research, (2) systems and processes for data use, and (3) data stewardship across a data value chain. The nutrition data value chain includes the prioritization of indicators, data collection, curation, analysis, and translation to policy and program recommendations and evidence based decisions. Finding the right fit for nutrition information systems is important and must include neither too little nor too much data; finding the data system that is the right fit for multiple decision makers is a big challenge. Developed together with NITI Aayog, this document covers issues that need to be considered in the strengthening of efforts to improve the availability and use of data generated through the work of POSHAN Abhiyaan, India's National Nutrition Mission. The paper provides guidance for national-, state-, and district-level government officials and stakeholders regarding the use of data to track progress on nutrition interventions, immediate and underlying determinants, and outcomes. It examines the availability of data across a range of interventions in the POSHAN Abhiyaan framework, including population-based surveys and administrative data systems; it then makes recommendations for the improvement of data availability and use. To improve monitoring and data use, this document focuses on three questions: what types of indicators should be used; what types of data sources can be used; and with what frequency should progress on different indicator domains be assessed.

The Grants Register 2023 Jun 24 2022 The Grants Register 2023 is the most authoritative and comprehensive guide available of postgraduate and professional funding worldwide. It contains international coverage of grants in almost 60 countries, both English and non-English speaking; information on subject areas, level of study, eligibility and value of awards; and information on over 6,000 awards provided by over 1,300 awarding bodies. Awarding bodies are arranged alphabetically with a full list of awards to allow for comprehensive reading. The Register contains full contact details including telephone, fax, email and websites as well as details of application procedures and closing dates. It is updated annually to ensure accurate information.

Commercial Dispute Resolution in China Feb 08 2021 2020 marked a remarkably unusual year for all, tough and impressive enough. Along with the prevalence of COVID-19 and the deepening of economic globalization, work and production in China were resumed in an orderly manner, bringing positive economic growth against the trend. In this context, commercial dispute resolutions in China were faced with new challenges, and endured new reforms while embracing new developments. The promulgation of new laws and regulations in 2020, including the Civil Code of the People's Republic of China and the Supplementary Arrangements on Mutual Implementation of Arbitral Awards in Mainland China and Hong Kong Special Administrative Region, has elevated the arbitration system to a higher level. Arbitration institutions such as the Beijing Arbitration Commission/Beijing International Arbitration Center (hereinafter referred to as "BAC/BIAC") carried out anti-pandemic measures in a timely manner to ensure the well-functioning of the arbitration procedures. Meanwhile, China's judicial supervision on arbitration and arbitration disclosure have undergone impressive developments. In 2020, the procedural standards of commercial mediation were further optimized, and commercial mediation institutions continued to expand and grow, while the number of mediation cases increased steadily. The "one-stop" diversified dispute resolution system was fully advanced, and the systems of litigation-mediation and arbitration-mediation have been constantly improved. Online mediation mechanism was rapidly developed in response to the new norms of pandemic prevention and control. Sino-foreign joint mediation mechanism has been gradually established, and international commercial mediation rules and systems are continuously refined. While rolling out countermeasures in full scale to mitigate impacts of pandemic, China achieved some eye-catching accomplishments in terms of legal system development and dispute resolution practices in 2020. In the area of construction engineering, new and old arbitration rules continue to coexist during the transition period of the Civil Code before it takes effect, while the arbitration and resolution of disputes over public-private-partnership (PPP) have made great breakthroughs. In the real estate sector, stricter regulatory policies were enacted and effectuated to ensure that "housing should be for living in, not for speculation". Hot topics such as real estate enterprise operations, real estate development modes, and regulation over long rental apartments attracted widespread social attention. In the energy sector, the transformation of energy structure was implemented on a large scale. The Energy Law has generally taken shape. Carbon-neutral efforts were intensified. The carbon credit trading market is prospering. Relevant regulatory rules thereof were established. In the financial sector, several new financial products gave rise to crises in 2020 but were promptly resolved. The rights-protection mechanism for stock investors was further perfected. The protection for personal financial information was strengthened, and the explorations over the system for individual bankruptcy have been accelerated. In the realm of investments, the pandemic directly affects investors' valuation of enterprises and expectation of profitability. Regulatory authorities and courts continued to enhance investment supervision and adjudication rules, all of which had far-reaching influences on the resolution of investment disputes. In terms of international trade, multiple statutes and regulatory rules were enacted in order to safeguard national security and to protect the interests of Chinese enterprises. Judicial authorities took the lead in exploring and identifying new transaction modes under the premise of adhering to international trade rules. In terms of intellectual property, the Patent Law and the Copyright Law were amended, and various judicial interpretations and guidelines were released intensively. Dispute resolution methods become more diversified, and arbitration and mediation played more important roles. In the area of civil aviation, several rules and regulations were formulated or amended. Phenomena restraining the development of the aviation industry occurred from time to time in 2020, including restrictions against traffic rights, export controls, and intellectual property rights discrimination. In the film and television entertainment industry, risks and opportunities existed side by side. The industry witnessed an increase of disputes over the performance of film and television contracts, disputes over the emerging live streaming business, and disputes over the types of works defined in copyright law. In the field of sports, the sanction mechanisms against doping violations were improved, and the protection for intellectual property rights of sports-related intangible assets were strengthened while the amount of sports-related disputes went up. To present an in-depth and systematic report on the 2020 practices and developments in the aforementioned fields, BAC/BIAC has called upon industry experts to contribute to the Annual Review and Preview of Commercial Dispute Resolution in China (2021) ("2021 Annual Review"), and released it in both Chinese and English to facilitate a better understanding of the status quo of China's commercial dispute resolutions among interested parties at home and abroad. The 2021 Annual Review is compiled based on the following principles: First, a focus on the state of the art. The 2021 Annual Review strives to showcase the latest developments in relevant industries and the leading trends in legal systems and judicial practices. It selected annual hot topics for in-depth analysis, aiming to deliver timely observations and cutting-edge contents while providing detailed information thereof. Second, a focus on the consistency and systematicness. By inheriting previous compilation rules, the 2021 Annual Review presents an annual overview of various industries, crucial laws and policies, typical cases, analyses of heated issues and prospects, such that the readers are able to grasp the practices and developments of key industries from a multi-angle, holistic perspective. Third, a focus on practicability. The 2021 Annual Review pays attention to the pragmatic value in order to help commercial entities improve their abilities of risk prevention and dispute resolution. The Editorial Committee is composed of seasoned professionals who deliver observations and opinions based on their rich experience on the industry's frontline, providing practical references for the readers. Fourth, a focus on international perspectives. The 2021 Annual Review is written in both Chinese and English, aiming to show the new developments in China's commercial dispute resolution to overseas readers, and to express the voice of China to the international community. Each report is written in both languages by the same team to ensure consistency and accuracy of contents.

23 Years CSAT General Studies IAS Prelims Topic-wise Solved Papers (1995-2017) 8th Edition Apr 10 2021 Disha's BESTSELLER "23 Years CSAT General Studies IAS Prelims & Mains Topic-wise Solved Papers (1995-2017)" consists of past years solved papers of the General Studies Paper 1 & 2 distributed into 8 Units and 52 Topics. Human Rights and Economic Inequalities Jan 07 2021 This interdisciplinary volume examines the potential of human rights to challenge economic inequalities and their adverse impacts on human wellbeing.

Law and Ethics for Paramedics May 11 2021 "Law and Ethics for Paramedics is the first book which really grapples with the application of law and ethics in the unique situations that paramedics and other prehospital professionals find themselves. The book is clear, concise and eminently readable, but most of all, useful to operational ambulance clinicians and their managers." Tim Kilner, Senior Lecturer in Paramedic Science, University of Worcester, UK Written by paramedics for paramedics, this resource provides you with all the key information you will need to know as you navigate your way through the, often tricky and, complicated area of law and ethics in paramedic practice. Eleven contributing authors, each with their own perspectives and clinical backgrounds, explain the essential principles and apply these across the whole of the UK. Chapters cover a range of topics including: Information governance Mental capacity Clinical negligence Paramedic use of social media Assessment and treatment of children Medicines management. Each topic is broken down into practical chunks with many chapters supported by case studies to help relate the content to paramedic practice. Sixteen case studies, on topics from resuscitation to consent, and useful top tips will help you develop, reflect on and consider your own ethical practice. The law and how it relates to your practice can be complex, but with the help of this handy guide you will quickly gain confidence and insight into the legislation surrounding this vital aspect of paramedic practice.

The Application of Contracts in Developing Offshore Oil and Gas Projects Feb 26 2020 This book provides a comprehensive overview of the key aspects and contracts involved in the process of developing oil and gas projects, with an emphasis on offshore developments. Project development in oil and gas carries with it numerous unique risks and challenges. By identifying and managing risk through the various contract stages, each stage of the project is seen in perspective and therefore gives readers a better understanding of how that stage was arrived at and what is expected to come later. To do this, the authors use illustrative international case studies from past and current projects, thereby deepening the reader's understanding and awareness of risk from practical experience, as well as suggesting answers for those who are involved in developing oil and gas projects. The Application of Contracts in Developing Offshore Oil and Gas Projects is intended for project owners, project managers, contractors, finance managers, commercial managers and lawyers who seek to understand the subject from a practical point of view.

Peptide Therapeutics Aug 02 2020 Peptide therapy has become a key strategy in innovative drug development, however, one of the potential barriers for the development of novel peptide drugs in the clinic is their deficiencies in clearly defined chemistry, manufacturing and controls (CMC) strategy from clinical development to commercialization. CMC can often become a rate-limiting step due to lack of knowledge and lack of a formal policy or guidelines on CMC for peptide-based drugs. Regulators use a risk-based approach, reviewing applications on a case-by-case basis. Peptide Therapeutics: Strategy and Tactics for Chemistry, Manufacturing, and Controls covers efficient manufacturing of peptide drug substances, a review of the process for submitting applications to the regulatory authority for drug approval, a holistic approach for quality attributes and quality control from a regulatory perspective, emerging analytical tools for the characterisation of impurities, and the assessment of stability. This book is an essential reference work for students and researchers, in both academia and industry, with an interest in learning about CMC, and facilitating development and manufacture of peptide-based drugs.

Reciprocity in Population Biobanks Sep 03 2020 Reciprocity in Population Biobanks: Relational Autonomy and the Duty to Inform in the Genomic Era begins by discussing how current judicial interpretation keeps standard of disclosure at the core of genomic research. The book then outlines multiple limitations individualistic autonomy faces in the context of gene and population biobanks, including an analysis of the complexities of benefit considerations in the research setting. Second, the book explores how individualistic autonomy fails to acknowledge the multilateral relationships implicated in genomic research, including those that affect the broader research community, research participants' families, and the general public. In carrying out this analysis, this book pays special attention to alternative approaches and ways researchers, public health officials, and judicial bodies might interact in years to come. In other words, implementing an understanding of relational autonomy that acknowledges and sustains the multilateral relationships found in genomic research without compromising the rights of participants. In short, this book proposes a reconceived duty to inform for researchers and a new standard of disclosure that is more meaningful and impactful for research participants and researchers. Examines the limitations individualistic autonomy faces in the context of gene and population biobanks Proposes a reconceived duty to inform for researchers and a new standard of disclosure more meaningful to genomic research participants Suggests ways researchers, public health officials, and judicial bodies might interact to drive genomic research while still protecting research participants

Accessible Communication: A Cross-country Journey Nov 17 2021 Easy-to-Understand (E2U) text practices enable and facilitate accessible communication. E2U refers both to Plain and to Easy Language. These two powerful methods of language and content comprehension enhancement are illustrated through several examples in English, starting from the seminal role of the Anglophone world in promoting plain and lucid style. Originally implemented in written texts, today the employment of these simplified language varieties should infiltrate new communication services that are more complex and multifaceted. Thanks to the EASIT project, the integration of E2U strategies into a selection of audiovisual services is being successfully researched. After advancing simplification proposals in the area of subtitling and audio description, Elisa Perego reports on the results of a cross-country survey conducted during the initial stages of the EASIT project: She pinpoints the background, activity, and training experience of those who currently work in the sector of E2U in Europe, and identifies the skills and the competences of, as well as a training path and materials for, future hybrid professionals.

Financial Crime and Corporate Misconduct Dec 26 2019 The Fraud Act 2006 presented a wholesale reform of the pre-existing deception offences under the Theft Act 1968 and Theft Act 1978. This edited collection offers a critical evaluation of fraud legislation and provides a review of the Fraud Act 2006 within the context of measures introduced within the previous decade to combat financial crime, fraud and white-collar offences. The edited collection brings together contributors from a range of unique perspectives including academics, practitioners and a former member of the judiciary. It covers several related themes and provides the reader with a unique and original commentary on how the Fraud Act 2006 has been applied by the courts, the type of prosecutions that have taken place, the effectiveness of the Act, and other legislation which is used to prosecute financial crime and corporate misconduct. It covers procedural and evidential aspects relating to fraud trials, namely consideration of the composition of the tribunal of fact in complex fraud trials, and good character directions in fraud trials. It will be of interest to those teaching and researching in Financial Crime, Corporate Law, Criminal Law, the Law of Evidence, Criminology, Criminal Procedure and Sentencing.

Principles of Integrated Marketing Communications: A Malaysia Casebook Jul 13 2021 This book is written primarily as an introductory textbook aimed for both undergraduate and postgraduate students of all institutions of higher learning in the areas of marketing communication, advertising and promotion.
