[Planting, Watering, Growing Feb 14 2021](#) As a response to the unique challenges facing the twenty-first-century American church, church planting has become a popular topic. In [Planting, Watering, Growing](#), the authors of this collection of essays weave together theological wisdom, personal experiences, and practical suggestions, guiding readers through the foundations and methods of planting confessional churches that uphold the Word of God.

[Institutes of the Christian Religion Mar 06 2020](#) Hendrickson offers a one-volume hardcover edition of one of Western Christianity's foundational works. Re-typeset into a clean and modern typeface, this edition is easy to read for the modern eye. This book will appeal to libraries, seminarians, pastors, and laypeople. "Institutes of the Christian Religion" by John Calvin is an introduction to the Bible and a vindication of Reformation principles by one of the Reformation's finest scholars. At the age of twenty-six, Calvin published several revisions of his "Institutes of the Christian Religion," a seminal work in Christian theology that altered the course of Western history and that is still read by theological students today. It was published in Latin in 1536 and in his native French in 1541, with the definitive editions appearing in 1559 (Latin) and in 1560 (French). The book was written as an introductory textbook on the Protestant faith for those with some learning already and covered a broad range of theological topics from the doctrines of church and sacraments to justification by faith alone. It vigorously attacked the teachings of those Calvin considered unorthodox, particularly Roman Catholicism, to which Calvin says he had been "strongly devoted" before his conversion to Protestantism. The over-arching theme of the book—and Calvin's greatest theological legacy—is the idea of God's total sovereignty, particularly in salvation and election.

Steps to Reconciliation Apr 06 2020 Both Reformed and Mennonite churches trace their beginnings back to Zurich, where Huldrych Zwingli and his friends Konrad Grebel and Felix Manz together discovered the liberating power of the Gospel that would renew both church and society. However, they quickly developed conflicting ideas about how to carry out this renewal. Their paths separated into dispute. Zurich became the "city of Zwingli" and banished the names of Felix Manz and Konrad Grebel from its memory. Still, the Anabaptist movement survived and never forgot its founding fathers. On June 26, 2004, Felix Manz returned to Zurich: a commemorative plaque on the banks of the Limmat reminds us of his execution during the time of the Reformation. This is a reference to an inheritance which Reformed and Anabaptist Christians have in common - and is likewise an encouragement to brotherly dialogue. "The story we have told for centuries of the birth of the Anabaptist Movement, and the persecution and execution of the radical reformers in Zurich now has a new ending. The new stone tablet along the Limmat River in Zurich bears witness to the acknowledgement and confession of the Reformed church, and gives the story a new twist." Contextuality in Reformed Europe Apr 18 2021 The scope of this volume is how churches experience themselves and their mission in their context. The discussions in this volume provide ample material to substantiate the claim that the church should not be an ecclesia incurvata in se ipsa, (a church curved into itself) but welcoming and directed not only to personal needs but to social needs as well—but not bound to what people often feel the needs are and delving deeper to the real roots of sin and selfishness, be it personal, social or national. Contextualization in itself is part of the mission of the churches, but it is on the edge: should the church adapt to its context and lose both its identity and witness or should it find a way between the Scylla of easy adaptation to the changing contexts of this world that is passing and the Charybdis of a preservation of forms and identities of bygone times that have lost the freshness of the message of liberation of bondage, conversion and freedom, freedom to be what the church is called to be, a sign of hope, peace, reconciliation, justice and love?

Calvin's Company of Pastors Oct 05 2022 In Calvin's Company of Pastors, Scott Manetsch examines the pastoral theology and practical ministry activities of Geneva's reformed ministers from the time of Calvin's arrival in Geneva until the beginning of the seventeenth century. During these seven decades, more than 130 men were enrolled in Geneva's Venerable Company of Pastors (as it was called), including notable reformed leaders such as Pierre Viret, Theodore Beza, Simon Goulart, Lambert Daneau, and Jean Diodati. Aside from these better-known epigones, Geneva's pastors from this period remain hidden from view, cloaked in Calvin's long shadow, even though they played a strategic role in preserving and reshaping Calvin's pastoral legacy. Making extensive use of archival materials, published sermons, catechisms, prayer books, personal correspondence, and theological writings, Manetsch offers an engaging and vivid portrait of pastoral life in sixteenth- and early seventeenth-century Geneva, exploring the manner in which Geneva's ministers conceived of their pastoral office and performed their daily responsibilities of preaching, public worship, moral discipline, catechesis, administering the sacraments, and pastoral care. Manetsch demonstrates that Calvin and his colleagues were much more than ivory tower theologians or "quasi-agents of the state," concerned primarily with dispensing theological information to their congregations or enforcing magisterial authority. Rather, they saw themselves as spiritual shepherds of Christ's Church, and this self-understanding shaped to a significant degree their daily work as pastors and preachers.

Cross-Cultural Encounters Nov 25 2021 Doctors, nurses, teachers, and evangelists, the men and women of the Amoy Mission sowed the seeds of vibrant Christian community in China's Fujian Province. This book tells the stories of those remarkable missionaries whose legacy endures to this day.

From Mission to Church Feb 26 2022 In the nineteenth century the Scudders went to India with the avowed intention to confine their efforts to evangelistic preaching. By the time the Reformed Church mission became a part of the Church of South India, it was one of the most heavily institutionalized churches in the nation, supporting agricultural and industrial efforts, one of India's leading hospitals, and numerous educational institutions. This work by Eugene Heideman, himself a missionary to India, analyzes the causes for the shift in missionary emphasis in India, illuminating in the process an intriguing yet little-known component of the Reformed Church's witness.

Christian Worship in Reformed Churches Past and Present Apr 30 2022 Worship renewal is now on the agenda of many Reformed churches, as the need for adaptation and new approaches is acutely felt all over. How can the church faithfully worship God in the midst of rapidly changing situations? How can it constructively relate to widely differing cultural contexts? What is its place in the wider ecumenical scene? In preparing a sweeping survey of Reformed worship across time and place, this volume provides some help to those engaged with vital questions like these. Written by theologians and liturgical scholars from a wide range of churches and countries, these chapters explore the history of Reformed worship on every continent from the sixteenth century to the present. Surveying the most significant developments in the growth of Reformed worship, the book identifies the major "ingredients" that make the Reformed worship tradition distinctive and highlights those aspects of Reformed worship that are particularly relevant to present efforts at renewal. Indeed, an important component of this book is the inclusion of "A Common Reflection on Christian Worship in Reformed Churches Today," the result of a major consultation in January 2001 at the International Reformed Center John Knox. Revealing the rich variety of forms and diversity of perspectives that have made and do make up Reformed worship worldwide, this volume will be a valuable resource for church and worship leaders both in and outside the Reformed family. What Is a Reformed Church? Jun 01 2022 Pastors of Reformed churches are often asked, "What is a Reformed church?" or "What do you mean by Reformed?" Few booklet-length answers are available. Stephen Smallman, author of Understanding the Faith, has provided a booklet that pastors and churches will find eminently useful. While teaching inquires classes, Smallman writes, "I got a sense of the kind of issues that are in peoples' minds as they struggle to understand and appreciate the core doctrines and traditions of the church." In What Is a Reformed Church? he treats historical roots and the doctrines of Scripture, divine sovereignty, the covenant, the law, the church, and the kingdom.

The Mystical Presence Jan 16 2021 The Mystical Presence (1846), John Williamson Nevin's magnum opus, was an attempt to combat the sectarianism and subjectivism of nineteenth-century American religion by recovering the robust sacramental and incarnational theology of the Protestant Reformation, enriched with the categories of German idealism. In it, he makes the historical case for the spiritual real presence as the authentic Reformed doctrine of the Eucharist, and explains the theological and philosophical context that render the doctrine intelligible. The 1850 article "The Doctrine of the Reformed Church on the Lord's Supper" represents his response to his arch critic, Charles Hodge of Princeton Seminary, providing what is still considered a definitive historical treatment of Reformed eucharistic theology. Both texts demonstrate Nevin's immense erudition and theological creativity, contributing to our understanding not only of Reformed theology, but also of the unique milieu of nineteenth-century American religion. The present critical edition carefully preserves the original text, while providing extensive introductions, annotations, and bibliography to orient the modern reader and facilitate further scholarship. The Mercersburg Theology Study Series is an attempt to make available for the first time--in attractive, readable, and scholarly modern editions--the key writings of the nineteenth-century movement known as the Mercersburg Theology. An ambitious multi-year project, this aims to make an important contribution to the academic community and to the broader reading public, who may at last be properly introduced to this unique blend of American and European, Reformed and Catholic theology.

One Ministry, Many Ministers Sep 23 2021 The heart of this book is the claim that the one church catholic comprises all who, on the ground of Christ's saving work, are

called and gathered by God the Holy Spirit into a fellowship whose only Head is Christ himself; and that all thus called are granted the high privilege of sharing in a variety of ways in the one ministry of Christ. This is the vision of the Reformed churches past and present. Alan Sell argues that far from being a parochial enquiry, the nature of the ministry and the work and education of all the ministers are issues as relevant to the life and practice of particular local churches as they are to ecumenical discussions between the several Christian world communions.

The Origin of the Reformed Church in Germany Aug 03 2022 Excerpt from *The Origin of the Reformed Church in Germany* The Reformed Church of Germany has a history. If so, it ought to be told to her English children in their own tongue. The history of the German Reformed Church is a history of persecutions and triumphs. She was a faithful witness to the truth in days of darkness and danger. She was not the least among the Reformed Churches of the sixteenth century, but was a leader in the sacramental host Of God's elect. The most interesting part of Reformed Church his tory is its beginning. To see the light first glimmering through the darkness, to see the struggles to find the truth, to watch her progress through persecution, and her on ward march to victory, is the most fascinating page of her church-life. We propose to take up the story of her origin in Germany, and to tell that story simply, but faithfully. Christ's Churches Purely Reformed Sep 11 2020 This sweeping and eminently readable book is the first synthetic history of Calvinism in almost fifty years. It tells the story of the Reformed tradition from its birth in the cities of Switzerland to the unraveling of orthodoxy amid the new intellectual currents of the seventeenth century. As befits a pan-European movement, Benedict's canvas stretches from the British Isles to Eastern Europe. The course and causes of Calvinism's remarkable expansion, the inner workings of the diverse national churches, and the theological debates that shaped Reformed doctrine all receive ample attention. The English Reformation is situated within the history of continental Protestantism in a way that reveals the international significance of English developments. A fresh examination of Calvinist worship, piety, and discipline permits an up-to-date assessment of the classic theories linking Calvinism to capitalism and democracy. Benedict not only paints a vivid picture of the greatest early spokesmen of the cause, Huldrych Zwingli and John Calvin, but also restores many lesser-known figures to their rightful place. Ambitious in conception, attentive to detail, this book offers a model of how to think about the history and significance of religious change across the long Reformation era.

Christianizing the World Aug 11 2020 This book is a critique of Abraham Kuyper's cultural theory of a common grace of God and of the grandiose mission of this grace, and of those who confess the theory and evidently intend to promote it so that it accomplishes the end Kuyper claimed. The book exposes Kuyper's biblical basis for his theory and its practical mission. The first and main part of the book is a much-expanded version of the public lecture given in Grand Rapids, Michigan, in 2014 under the auspices of the evangelism society of Southwest Protestant Reformed Church in Wyoming, Michigan. The second part of the book consists of questions raised by the audience at the conclusion of the lecture and of the answers by the speaker at the lecture.
