Basketball Shooting Sep 21 2019 Describes the skills and strategies for effective basketball shooting, covering long-range three-pointers, jumpers, bank shots, and free throws, and includes tips, techniques, and drill exercises for individuals and teams.

*Basketball* Sep 26 2022 James Naismith was teaching physical education at the Young Men's Christian Association Training College in Springfield, Massachusetts, and felt discouraged because calisthenics and gymnastics didn't engage his students. What was needed was an indoor wintertime game that combined recreation and competition. One evening he worked out the fundamentals of a game that would quickly catch on. Two peach half-bushel baskets gave the name to the brand new sport in late 1891. *Basketball: Its Origin and Development* was written by the inventor himself, who was inspired purely by the joy of play. Naismith, born in northern Ontario in 1861, gave up the ministry to preach clean living through sport. He describes Duck on the Rock, a game from his Canadian childhood, the creative reasoning behind his basket game, the eventual refinement of rules and development of equipment, the spread of amateur and professional teams throughout the world, and the growth of women's basketball (at first banned to male spectators because the players wore bloomers). Naismith lived long enough to see basketball included in the Olympics in 1936. Three years later he died, after nearly forty years as head of the physical education department at the University of Kansas. This book, originally published in 1941, carries a new introduction by William J. Baker.

a professor of history at the University of Maine, Orono. He is the author of *Jesse Owens: An American Life and Sports in the Western World*.

**KG: A to Z** Sep 02 2020 NATIONAL BESTSELLER A unique, unfiltered memoir from the NBA champion and fifteen-time all-star ahead of his induction into the Hall of Fame. Kevin Garnett was one of the most dominant players the game of basketball has ever seen. He was also one of its most outspoken. Over the course of his illustrious twenty-one-year NBA career, he elevated trash talk to an art form and never shied away from sharing his thoughts on controversial subjects. In *KG A to Z*, published ahead of Garnett's induction into the Basketball Hall of Fame, he looks back on his life and career with the same raw candor. Garnett describes the adversity he faced growing up in South Carolina before ultimately relocating to Chicago, where he became one of the top prospects in the nation. He details his headline-making decision to skip college and become the first player in two decades to enter the draft directly from high school, starting a trend that would be followed by future superstars like Kobe Bryant and LeBron James. He shares stories of playing with and against Bryant, James, Michael Jordan, and other NBA greats, and he chronicles his professional ups and downs, including winning a championship with the Boston Celtics. He also speaks his mind on a range of topics beyond basketball, such as fame, family, racism, spirituality, and music. Garnett's draft decision wasn't the only way he'd forever change the game. His ability to play on the perimeter as a big man foreshadowed the winning strategy now universally adopted by the league. He applies this same innovative spirit here, organizing the contents alphabetically as an encyclopedia. If you thought Kevin Garnett was exciting, inspiring, and unfiltered on the court, just wait until you read what he has to say in these pages.

BESTSELLER • The NBA according to The Sports Guy—now updated with fresh takes on LeBron, the Celtics, and more!

Foreword by Malcom Gladwell • "The work of a true fan . . . it might just represent the next phase of sports commentary."—The Atlantic Bill Simmons, the wildly opinionated and thoroughly entertaining basketball addict known to millions as ESPN's The Sports Guy, has written the definitive book on the past, present, and future of the NBA. From the age-old question of who actually won the rivalry between Bill Russell and Wilt Chamberlain to the one about which team was truly the best of all time, Simmons opens—and then closes, once and for all—every major pro basketball debate. Then he takes it further by completely reevaluating not only how NBA Hall of Fame inductees should be chosen but how the institution must be reshaped from the ground up, the result being the Pyramid: Simmons's one-of-a-kind five-level shrine to the ninety-six greatest players in the history of pro basketball. And ultimately he takes fans to the heart of it all, as he uses a conversation with one NBA great to uncover that coveted thing: The Secret of Basketball. Comprehensive, authoritative, controversial, hilarious, and impossible to put down (even for Celtic-haters), *The Book of Basketball* offers every hardwood fan a courtside seat beside the game's finest, funniest, and fiercest chronicler.

Basketball's Most Wanted<sup>™</sup> Dec 05 2020 All-American George Glamack was known as the "Blind Bomber" because his eyesight was so poor that he couldn't see the basket. Bobby Bailey once fouled out of a game in three minutes. The first professional basketball player, Fred Cooper, earned sixteen dollars per game. Swedish player Mats Wermelin scored all 272 points in a game. Boston Celtics coach Red Auerbach punched out the owner of the St. Louis Hawks prior to a game. Dennis Rodman dressed like a bride for his book signing. Wilt Chamberlain, who scored 100 points in an NBA game, claimed to have had 20,000 lovers. The 1936 Olympic basketball gold medal game was played on a muddy court during a driving rainstorm. Former vice president Al Gore played college basketball at Harvard. Basketball's Most Wanted<sup>™</sup> chronicles 700 of the most outlandish players, coaches, and fans in basketball history. Its seventy lists describe in humorous detail basketball's top-ten worst shooters, strangest plays, bizarre nicknames, politicians who played, little-known records, unlikely NBA teams, and more.

game, both mental and physical, that often go untaught today. This is a book coaches, players and fans can benefit from.

*Basketball's Wishbone Offense* Jan 18 2022

**Basketball on Paper** Dec 29 2022 Journey inside the numbers for an exceptional set of statistical tools and rules that can help explain the winning, or losing, ways of a basketball team. Basketball on Paper doesn't diagram plays or explain how players get in shape, but instead demonstrates how to interpret player and team performance. Dean Oliver highlights general strategies for teams when they're winning or losing and what aspects should be the focus in either situation. He describes and quantifies the jobs of team leaders and role players, then discusses the interactions between players and how to achieve the best fit. Oliver conceptualizes the meaning of teamwork and how to quantify the value of different types of players working together. He examines historically successful NBA teams and identifies what made them so successful: individual talent, a system of putting players together, or good coaching. Oliver then uses these statistical tools and case studies to evaluate the best players in history, such as Magic Johnson, Wilt Chamberlain, Bill Russell, and Charles Barkley and how they contributed to their teams' success. He does the same for some of the NBA's oddball players-Manute Bol, Muggsy Bogues, and Dennis Rodman and for the WNBA's top players. Basketball on Paper is unique in its incorporation of business and analytical concepts within the context of basketball to measure the value of players in a cooperative setting. Whether you're looking for strategies or new ideas to throw out while watching the ballgame at a sports bar, Dean Oliver's Basketball on Paper will give you amazing new insights into teamwork, coaching, and success."

3X3 Basketball Sep 14 2021 Since its formation in 2007, 3x3 basketball's popularity has skyrocketed, from being played casually as a pick-up game to debuting at the 2020 Summer Games. 3x3 Basketball is the first-ever book to cover multiple

aspects of this up-and-coming sport. In this book, author Luka Snój comprehensively presents the differences between traditional basketball and 3x3 basketball and outlines the fundamental tactics and game structure, theory, terminology, as well as principles for successful play. The author also details the history of 3x3 basketball - why and how it was formed as well as how the sport has evolved over the years. He also describes the competition system, including how the rules have changed, and what teams have been successful over the past decade. In this section, Snój weaves contemporary interviews with top players like Dusan Bulut - 3x3 basketball's GOAT (four-time world champion) - to round out the narrative on a sport whose popularity will only continue to grow. Finally, Snój provides both statistical and analytical analyses of the sport. With all its insights, tips, and knowledge, this book is a must-have for 3x3 basketball players, coaches, and fans all over the world!

**Basketball: Who Does What?** Aug 21 2019 Basketball is all about putting the ball in the hoop. To do that, though, players need to work together with their teammates. This book puts readers on the hardwood as they parse the different positions that make up a basketball team. From conducting the offense with the point guard to shooting jumpers with the shooting guard, readers get an in-depth study of James Naismith's famous game as they learn how to play with their friends. Whether setting up alley-oops on offense or blocking shots and causing turnovers on defense, this book gets readers ready to play any position on the court.

**SLAM Kicks** Nov 04 2020 The definitive primer on the world's most popular shoe: the basketball sneaker. Basketball shoes have a long and storied history both on and off the court. Back in the 1930s, a basketball sneaker was created for straight-up performance. Today, hoops footwear do double duty: they're designed for and by elite players, but to sneakerheads, how they look is nearly as important as how they perform. SLAM Kicks breaks down the path of the basketball sneaker, from the birth of the very first iconic shoe, the Converse Chuck Taylor All-Star, to the white-hot best-selling cultural-phenomenon Nike Air Jordan sneaker line. This book showcases the hottest basketball kicks over time, throwbacks and new shoes alike, covering each legendary sneaker and its design, the technical advancements found in the shoe, the athletes who made the shoe famous, and the cultural waves the footwear has made off the basketball court. Featured sneakers also include the Adidas Jabbar, the **Bookmark File**
