When They Come for You Jun 24 2022 A revealing book about how government, law enforcement, and bureaucratic interests are seizing our property, our children, our savings, and our fundamental American rights—and how to fight back. Liberty and justice for all is the bedrock of American democracy, but has America betrayed our founders' vision for the nation? In *When They Come For*

You, New York Times bestselling author David Kirby exposes federal, state, and local violations of basic constitutional rights that should trouble every American, whether liberal, conservative, or libertarian. Free speech, privacy, protection from unreasonable search and seizure, due process, and equal protection under the law are rights that belong to every American citizen, but are being shredded at an alarming rate all across the country. Police and prosecutorial misconduct, overzealous bureaucrats with virtually unchecked power, unwarranted searches, SWAT-style raids on the homes of innocent Americans, crackdowns on a free press and the right to protest, removing children from their parents without cause, "debtors prisons," restricting freedom of health choice, seizing private assets for government profit, and much more demonstrate how deeply our rights and our national values are eroding. When They Come For You uses true stories of everyday citizens to reveal how our federal, state, and municipal governments, police, lawmakers, judges, revenue agents, unelected power brokers, and even government social workers are eviscerating our most fundamental liberties. And, it shows how people are fighting back—and winning.

Though They Come from the Ends of the Earth Nov 29 2022 This is the first book in the trilogy, *The Trojan Horse in the Belly of the Beast*, by Carl Douglass. The two young mental giants who dominate this trilogy could not have come from more different backgrounds if they had been born on separate planets. Though they come from the ends of the earth, the similarities between the two geniuses—math prodigies—are striking and of serious import to the deputy director of the defense intelligence agency of the United States. His task is to undermine and to interdict the secret Iranian project to build nuclear weapons of mass destruction--Project Jahannam Adur [Hell's Fire]. The effort to subvert the planned Iranian holocaust will eventually take more than a decade and a terrible amount of sacrifice, but it could avert a war with the potential to wreak more havoc and loss than WW I and II combined.

What Are You Going to Do When They Come for You? Mar 21 2022 What are you going to do when they come for you is a question that should be asked of every human being as they journey in this life time, because the majority of the human race will experience the introduction of oppression and depression. Some people will experience being in this state longer than others. What are you going to do when they come for you? Was the ultimate question after her experiences with several levels and episodes of oppression and depression. After experiencing healing and deliverance through revelation in the word of God, Minister Allen was commissioned by God to share this information with others. God wants us to be healed, delivered and set free from this disorder. He wants us to ultimately identify the true source of the matter and to walk in the liberation where Christ has already made us free. This is also the prayer of Minister Delores A. Allen for her generational lineage and for others as well. This book will minister to the temporal as well as the spiritual needs of Gods people. dallen838@msn.com

finest crime writers of any generation' DAILY MAIL On a stifling afternoon at Police HQ in Algiers, Superintendent Taleb, coasting towards retirement, with not even an air-conditioned office to show for his long years of service, is handed a ticking time bomb of a case which will take him deep into Algeria's troubled past and its fraught relationship with France. To his dismay, he is assigned to work with Agent Hidouchi, an intimidating representative of the country's feared secret service, who makes it clear she intends to call the shots. They are instructed to pursue a former agent, now on the run after twenty years in prison for his part in a high-level corruption scandal. But their search will lead them inexorably towards a greater mystery, surrounding a murder that took place in Paris more than fifty years ago. Uncovering the truth may be his responsibility, but Taleb is well aware that no-one in Algeria wants to be reminded of the dark deeds carried out in the struggle for independence - or in the violence that has racked the nation since. Before long, he will face a choice he has long sought to avoid, between self-preservation and doing the right thing. And, ultimately, the choice may not even be his to make.

They Come in All Colors Oct 16 2021 2019 First Novelist Award from the Black Caucus of the American Library Association An “urgent and heartrending novel about an America on the brink” (Matt Gallagher, author of *Youngblood*), *They Come in All Colors* follows a biracial teenage boy who finds his new life in the big city disrupted by childhood memories of the summer when racial tensions in his hometown reached a tipping point. It’s 1968 when fourteen-year-old Huey Fairchild begins high school at Claremont Prep, one of New York City’s most prestigious boys’ schools. His mother had uprooted her family from their small hometown of Akersburg, Georgia, leaving behind Huey’s white father and the racial unrest that ran deeper than the Chattahoochee River. But for our

sharp-tongued protagonist, forgetting the past is easier said than done. At Claremont, where the only other nonwhite person is the janitor, Huey quickly realizes that racism can lurk beneath even the nicest school uniform. After a momentary slip of his temper, Huey finds himself on academic probation and facing legal charges. With his promising school career in limbo, he begins to reflect on his memories of growing up in Akersburg during the Civil Rights Movement—and the chilling moments leading up to his and his mother’s flight north. With Huey’s head-shaking antics fueling this coming-of-age narrative, the novel triumphs as a tender and honest exploration of race, identity, family, and homeland, and a work that is “emotionally acute...eye-opening and rewarding for a wide range of readers” (Library Journal, starred review).

If They Come for Us Feb 08 2021 “A debut poetry collection showcasing both a fierce and tender new voice.”—Booklist “Elegant and playful . . . The poet invents new forms and updates classic ones.”—Elle “[Fatimah] Asghar interrogates divisions along lines of nationality, age, and gender, illuminating the forces by which identity is fixed or flexible.”—The New Yorker NAMED ONE OF THE TOP TEN BOOKS OF THE YEAR BY THE NEW YORK PUBLIC LIBRARY • FINALIST FOR THE LAMBDA LITERARY AWARD an aunt teaches me how to tell an edible flower from a poisonous one. just in case, I hear her say, just in case. From a co-creator of the Emmy-nominated web series *Brown Girls* comes an imaginative, soulful debut poetry that collection captures the experiences of being a young Pakistani Muslim woman in contemporary America. Orphaned as a child, Fatimah Asghar grapples with coming of age and navigating questions of sexuality and race without the guidance of a mother or father. These poems at once bear anguish, joy, vulnerability, and compassion, while also exploring the many facets of violence: how it persists within us, how it is inherited across generations, and how it manifests itself in our relationships. In experimental forms and language

both lyrical and raw, Asghar seamlessly braids together marginalized people's histories with her own understanding of identity, place, and belonging. Praise for *If They Come for Us* "In forms both traditional . . . and unorthodox . . . Asghar interrogates divisions along lines of nationality, age, and gender, illuminating the forces by which identity is fixed or flexible. Most vivid and revelatory are pieces such as 'Boy,' whose perspicacious turns and irreverent idiom conjure the rich, jagged textures of a childhood shadowed by loss."—*The New Yorker* "[Asghar's] debut poetry collection cemented her status as one of the city's greatest present-day poets. . . . A stunning work of art that tackles place, race, sexuality and violence. These poems—both personal and historical, both celebratory and aggrieved—are unquestionably powerful in a way that would doubtless make both Gwendolyn Brooks and Harriet Monroe proud."—*Chicago Review of Books* "Taut lines, vivid language, and searing images range cover to cover. . . . Inventive, sad, gripping, and beautiful."—*Library Journal* (starred review)

Wicked as They Come Sep 22 2019 The first in a steampunk paranormal romance series in which a woman is transported to a world filled with vampires and magic. When nurse Tish Everett forced open the lovely locket she found at an estate sale, she had no idea she was answering the call of Criminy Stain, from the far off land of Sang. He'd cast a spell for her, but when she's transported right to him, she's not so sure she's ready to be under the spell of another man. If only Criminy wasn't so deliciously rakish... Half the inhabitants of Sang are Pinkies—human—and the other half are Blutmen, who in Tish's world would be called vampires. But they don't mess with any of the bat/coffin/no sunlight nonsense. They're rather like you and me, just more fabulous, long living, and mostly indestructible—they're also very good kissers. But when the evil Mayor of Manchester (formerly Blutchester) redoubles his efforts to rid Sang of the Blutmen once and for all, he steals

Tish's locket in hopes of traveling back to her world himself for reinforcements. Criminy and Tish must now battle ghosts, sea monsters, wayward submarines, a secret cabal, and thundering Bludmares to get the locket back and allow Tish to return home...but has she found love with Criminy? Could she stay in Sang forever?

Here They Come Feb 20 2022 "I can imagine both Jane Austen and Raymond Carver pouring over this masterly novel" of a girl's coming-of-age in 1970s New York (Frank McCourt). From the National Endowment for the Arts Award-winning author of the New York Times Notable Book, *The Sea of Trees*, comes the "shockingly funny" (Vanity Fair), "wholly un sentimental but peculiarly hopeful portrait of family love and growing up scarred but sturdy" (LA Weekly). Splitting time between her off-kilter family in a garbage-strewn apartment and a lonely hot dog vendor who trades

Hershey bars for questionable favors, the pragmatic and absolutely fearless thirteen-year-old Smitty stands firmly grounded in a city that is stifling, violent, unpredictable, and full of life. It's not easy to stay balanced. Not with two precocious sisters, a pothead brother, a depressed but steel-willed mother, an infirm grandmother, and an idler dad who's vanished with his appallingly stupid mistress. Now, with dark humor, deadpan resilience, and a quiet sense of the surreal, Smitty recounts a remarkable chain of events that will make this the most transcendent year of her young life. In *Here They Come*, the PEN New England Award-winning Yannick Murphy "flawlessly captures a child's-eye view of a battered society and a battered family" (Los Angeles Times), "creating a world as magical and harrowing as the struggle to come to grips with maturity" (Publishers Weekly, starred review).
