**Lucy's Last Straw** Jan 14 2021 It was the toothpaste smeared around the sink that broke my marriage. As I rubbed it away AGAIN, I was reminded of everything else I've put up with these twenty-five years. My husband's obsession with his pension, his ability to charm me into every single one of his ideas, never being taken on a romantic date, let alone ravished on the patio (like the woman who lives next door)... small things, but the realisation was huge. Just when Lucy Jones thinks her marriage is about to screech to a halt over toothpaste, her husband, Leo, announces he wants to move to tumbledown (clapped-out) Rose Cottage, and Lucy knows she'll be the one managing the renovations. Then along comes gorgeous builder Will, ten years younger and the only person actually listening to Lucy. His twinkly eyes and blowtorch smile are causing Lucy to break out in a hot sweat - but is it love, lust or simply dodgy hormones that are causing her heart to flutter? Lucy loves her husband, but everyone knows that little things build up. And then they explode. Can Lucy keep it together, or will there be one last straw she might not be able to get over? A laugh-out-loud romp with an ending that will make you gasp! Perfect for fans of Tracy Bloom, Sophie Kinsella and Dawn French. What readers are saying about Lucy's Last Straw: 'My favourite book this year... had me literally LAUGHING OUT LOUD... This book had me laughing, crying and rooting for Lucy on all the way. The Cold Zone May 06 2020 "We may have won the Cold War, Mr. President, but we haven't won the peace, yet!" Republican Senator John Payne, Chairman of the National Security Committee, has just returned from Moscow and a tour of a Russian uranium enrichment plant, when an international scandal breaks in a tabloid newspaper. Its source is an ambitious American tabloid reporter and an indigent Russian nuclear security officer. In a matter of four brief days, Exacerbator,

reporter, Lucy Cannon, and Major Ivan Kuznets provoke an international crisis of such magnitude that the official hysteria generated by the possibility of a nuclear confrontation between the U.S. and Russia is only offset by the sometimes hilarious measures taken by the principals to head it off. To no avail. The outcome rides on a game of political brinkmanship between a Russian Defense Minister and an underworld freelancer who goes by the handle, "Cossack." Combining political satire, romantic comedy, thriller, suspense/intrigue, the sophisticated, complex, fast-paced plot flirts with the implausible, but remains convincing, cutting across partisan politics to address a serious issue of continuing international urgency: the security of stockpiled nuclear weapons in the former Soviet Union.

Jen Nakamura Taylor thought she left behind her awkward past of growing up half-Japanese, half-white in a small Southern town when she moved north to produce a popular Chicago television show. But when she gets word that her Southern Belle cousin is marrying Kevin Peterson, the very boy Jen loved-with-a-capital-L for years, she realizes she can't run from her past forever. Not only does the news conjure up sticky memories of growing up with a mixed heritage in the South (soy sauce on chicken fried steak, anyone?) but now the very single and very busy Jen has got to find a date for the wedding -- a grand affair that could put Scarlett O'Hara to shame. Wax off.... Riley -- Jen's cute British friend from work -- seems just the ticket; even his girlfriend thinks it's a good idea. But as Jen and Riley whistle on down to Dixie, sparks start to fly. Add to the fire the grown-up but still charming Kevin Peterson, who appears to have a soft spot for Jen, and, well, whoa. It's going to take everything Jen has (and a lot of help from the Karate Kid-wisdom of her pop culture hero Mr. Miyagi) to survive the meeting of past and present, and of North and Far East and South...where Jen finally learns to come to terms with her heritage, her love life, and herself.
