Legal Aspects of Health Care Administration May 22 2022 One of the most trusted resources on health care law, Legal Aspects of Health Care Administration will be available in a new Fourteenth Edition this spring. An ideal introduction to the legal and ethical issues in the healthcare workplace, this authoritative guide explores a wide range of health care topics -- from tort reform and healthcare ethics to patient rights and managed care. Written in a comprehensible and engaging manner, this indispensable text will carefully guide your students through the complex maze of the legal system and will serve them throughout their professional lives. With over 40 years of experience as an administrator, consultant, and surveyor across 650 hospitals, author George D. Pozgar provides a uniquely accessible tool for grasping the legal complexities of health care through an array of real-life case studies, precedent-making court cases, and key statistical data.

Newspapers and the Journalistic Public in Republican China Dec 17 2021 Offering an entirely new approach to understanding China's journalism history, this book covers the Chinese periodical press in the first half of the twentieth century. By focusing on five cases, either occurring in or in relation to the year 1917, this book emphasizes the protean nature of the newspaper and seeks to challenge a press historiography which suggests modern Chinese newspapers were produced and consumed with clear agendas of popularizing enlightenment, modernist, and revolutionary concepts. Instead, this book contends that such a historiography, which is premised on the classification of newspapers along the lines of their functions, overlooks the opaqueness of the Chinese press in the early twentieth century. Analyzing modern Chinese history through the lens of the newspaper, this book presents an interdisciplinary and international approach to studying mass communications. As such, this book will be useful to students and scholars of Chinese history, journalism, and Asian Studies more generally.

The Law of Higher Education Mar 28 2020 Your must-have resource on the law of higher education Written by recognized experts in the field, the latest edition of The Law of Higher Education offers college administrators, legal counsel, and researchers with the most up-to-date, comprehensive coverage of the legal implications of administrative decision making. In the increasingly litigious environment of higher education, William A. Kaplin and Barbara A. Lee's clear, cogent, and contextualized legal guide proves more and more indispensable every year. Two new authors, Neal H. Hutchens and Jacob H. Rooksby, have joined the Kaplin and Lee team to provide additional coverage of important developments in higher education law. From hate speech to student suicide, from intellectual property developments to issues involving FERPA, this comprehensive resource helps ensure you're ready for anything that may come your way. Includes new material since publication of the previous edition Covers Title IX developments and intellectual property Explores new protections for gay and transgender students and employees Delves into free speech rights of faculty and students in public universities Expands the discussion of faculty academic freedom, student academic freedom, and institutional academic freedom If this book isn't on your shelf, it needs to be.

Drug Court Treatment Oct 27 2022 Best Results for clients, families and the criminal justice system can be achieved with this new technology for change for drug court clients and those wishing to stop drinking, drugging or smoking. Improving clinician attending skills and rapport is made easier using the techniques in this book. Recommended for those practitioners interested in "Adjunct Modalities of Treatment for Substance Abuse Counseling" that are new, different and transformative. Have you ever wondered why we don't get better results from treatment? Me too. So I concentrated on what was missing. System goals and conflicts, communication gaps and treatment planning were identified as problems areas. You can use the information in this book and these skills to enhance your Best Practices Evidence Based modalities of treatment. This is applied Cognitive Behavior Theory and brings the CB map to life. Will you spot the visual CBT pun? The foreword tells the story for the reader. It was written by the former Chief Judge and Drug Court Judge (and founder) in my community. If you use one new idea from this book you should get better next level (L+1) results whether you are in need of change, a client or clinician. What new ideas? You might find The Language of Recovery new and different. The Six Steps on The Trail to Transcendence as a stage of change model may be useful. The Treatment Miracle could be what you have been searching for. Being open minded about new ideas as well as practicing these skills will demonstrate the difference that makes the difference. Clients and clinicians state that this should be taught in the schools. You be the judge. B.E.M.T, Brief Eye Movement Therapy is introduced as a way to change painful or limiting beliefs.

Moral Theory May 30 2020 Mark Timmons introduces students to some of the aims and methods of evaluating a moral theory whilst the remaining chapters of this volume examine some of the most prevalent theories of both a religious and non-religious nature.

Advanced Case Law Methods: A Practical Course Oct 03 2020 This book, by the author of The American Common Law Method, is an excellent source of continuing judicial education for judges at all levels as well as an accessible teaching tool for the classroom. An opening section explains the basic principles of common law methods for creating and applying case law. Advanced Case Law Method then examines the methods used by appellate courts in four states to create case lines on distinct topics. After each case in each line, the author poses several questions concerning the court's performance as a creator and user of case law. For instance, one chapter traces the "at will" employment doctrine as developed by the New York Court of Appeals and subsequent efforts to create public policy exceptions to the rule. Another looks at the struggle of the appellate courts of Pennsylvania to limit the "intentional infliction of emotional distress" tort doctrine. The New Hampshire group of cases goes back to the mid-18th century and examines railroad liability issues, culminating in the 21st century with duties imposed on internet information providers when the buyer of information causes harm to the seller. The Texas cases treat the "spoliation" doctrine which penalizes a party responsible for causing key evidence to disappear. Following the questions raised by the examined cases, Advanced Case Law Methods includes the suggested responses. The text is then supplemented by a section intended to make the questions and suggested responses a springboard for discussion at seminars, conferences and even classrooms. Judges, therefore, won't have to worry about "doing homework" and getting wrong answers. Published under the Transnational Publishers imprint.

Rhetoric and the Law of Draco Jan 06 2021 Trials for murder and manslaughter in ancient Athens are preserved in a singularly full and revealing record. The earliest surviving speeches were written for such proceedings, and the laws governing such trials - laws that tradition ascribes to Draco himself - also survive in large part. These documents bear witness to the birth of the jury trial

and of democratic rhetoric. This book, the first study of its kind, offers a systematic interpretation of Draco's law and the legal reasoning that grew out of it. The author outlines the historical development (7th to 4th centuries BCE), and then analyses the surviving speeches to unravel the underlying issues and practical consequences.

Intentional Forgetting Sep 26 2022 Research on intentional forgetting has been conducted in various forms and under various names for at least 30 years, but until now no effort has been made to present these different perspectives in one place. Comprising both review chapters and new empirical studies, this book brings together the many research paradigms investigating intentional forgetting, thereby highlighting the commonalities that link these seemingly disparate areas of research. It serves as a "case study" of one phenomenon in memory--the intention to forget or to modify memory. Why is research on intentional forgetting important? It helps to increase the understanding of how memory functions, especially with regard to its updating. In William James' "booming, buzzing confusion," we frequently are unable to adequately process all of the information that we experience; on-line forgetting of some information is necessary. Moreover, we must often replace existing information with new information, as when someone we know relocates and acquires a new address and telephone number. Investigating this updating ability has been the main thrust of research on intentional forgetting, specifically those studies on the directed forgetting phenomenon. Cognitive experiments on directed forgetting have shown that we are able to deal more effectively with large amounts of information by following instructions to treat some of the information as "to be forgotten." In this way, interference is reduced and we are able to devote all of our resources to the remaining to-be-remembered information. The mechanisms that lead to this reduction continue to promote new experiments, but over a quarter century of research maintains that the directed forgetting effect is robust.

9th Circuit Update Jan 18 2022

Rickshaw Coolie Nov 23 2019 Between 1880 and 1940 colonial Singapore attracted tens of thousands of Chinese immigrant laborers, brought to serve its rapidly growing economy. This book chronicles the vast movement of coolies between China and the Nanyang, and their efforts to survive in colonial Singapore. Focusing on one particular occupation, of rickshaw coolie, this study unveils the devastating poverty of the Chinese sojourner in the colonial city, the disjunctions between colonial order and the reality of life on the streets. Drawing on a broad range of sources, including Coroner's records overlooked for many years, and making use of the technique of collective biography, this book brings to life the texture of experience, the ironies and often - the despair of the laborers of urban Singapore. In the years since its original publication in 1986, Rickshaw Coolie has become an inspiration to those seeking to come to grips with Singapore's past.

Business Law I Essentials Aug 01 2020 A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

Southern Reporter Jan 26 2020 Includes the decisions of the Supreme Courts of Alabama, Florida, Louisiana, and Mississippi, the Appellate Courts of Alabama and, Sept. 1928/Jan. 1929-Jan./Mar. 1941, the Courts of Appeal of Louisiana.

Acting Intentionally and Its Limits: Individuals, Groups, Institutions Dec 05 2020 The book presents the first comprehensive survey of limits of the intentional control of action from an interdisciplinary perspective. It brings together leading scholars from philosophy, psychology, and the law to elucidate this theoretically and practically important topic from a variety of theoretical and disciplinary approaches. It provides reflections on conceptual foundations as well as a wealth of empirical data and will be a valuable resource for students and researchers alike. Among the authors: Clancy Blair, Todd S. Braver, Michael W. Cole, Anika Fäsche, Maayan Davidov, Peter Gollwitzer, Kai Robin Grzyb, Tobias Heikamp, Gabriele Oettingen, Rachel McKinnon, Nachschon Meiran, Hans Christian Röhl, Michael Schmitz, John R. Searle, Gottfried Seebaß, Gisela Trommsdorff, Felix Thiede, J. Lukas Thürmer, Frank Wieber.

Perle and Williams on Publishing Law Sep 21 2019 This valuable handbook covers the relations between writer/publisher and publisher/public, including the latest approaches to clearing text for libel, privacy, and related legal exposure, contracts, negotiating royalties, advances, options, writer's warranty, subsidiary rights splits; intellectual property issues, including electronic publishing and software, trademark and copyright law, filing procedures; antitrust issues; with expert analysis on numerous other topics. By Mark A. Fischer, E. Gabriel Perle and John Taylor Williams. Perle, Williams and Fischer on Publishing Law, Fourth Edition describes contract and problem issues commonly encountered in negotiating royalties, advances, options, writer's warranty, subsidiary rights splits, and much more. You'll also find intellectual property issues as they affect publishing, including electronic publishing and software, trademark and copyright law, filing procedures, antitrust issues, and more, including: Extensive coverage of copyright issues including fair use, duration and ownership. International considerations in publishing including coverage of conventions and treaties. The authors also look at international issues involved in contract drafting. Complete coverage of moral rights, what they are and how they are treated both domestically and internationally. An overview of how antitrust laws in the US impact publishing rights. Publishing contracts are examined in depth. Given that the publishing landscape now includes eBooks, periodicals, traditional print and multimedia considerations, drafting an effective contract has become even more important. The authors explore this topic in great detail. And much more.

The Law of Higher Education. 2 Volume Set Jul 20 2019 Make sure you have a copy on your bookshelf. The Law of Higher Education, Fifth Edition, is the most up-to-date and comprehensive reference, research source, and practical legal guide for college and university administrators, campus attorneys, legal counsel, and institutional researchers, addressing all the major legal issues and regulatory developments in higher education. In the increasingly litigious environment of higher education, William A. Kaplin and Barbara A. Lee's clear, cogent, and contextualized legal guide proves more and more indispensable every year. Over 3,000 new cases related to higher education have been decided since the publication of the previous edition, and scores of changes to higher education law are made each year. Every section of the fifth edition contains new material, including those related to: Hate speech and free speech rights of faculty in public universities Sharing of research with international colleagues Intellectual property and peer-to-peer file sharing Student suicide Campus safety Police and administrators' right to search students' residence hall rooms Governmental support for religious institutions and religious autonomy rights of individual public institutions Collective bargaining and antidiscrimination laws Nondiscrimination and affirmative action in employment, admissions, and financial aid Family and Medical Leave Act and workers' compensation FERPA (Family Educational Rights and Privacy Act)
