Superior Synergy Fantasy Deluxe Dec 23 2021 This version is for distribution. Superior Synergy: Fantasy PFRPG Edition brings the concept of game mechanic synergy back into Pathfinder. The idea that some game mechanics (such as skills) are innately compatible with other game mechanics in ways that can influence the game without choosing additional elements (such as feats) to permit their use makes a comeback in a greatly expanded and revised way. The book begins with the familiar (but altered, improved, and expanded) concept of skill synergy, but adds a lot more. Included are ways for feats to work together to create new effects, class abilities that share synergy effects, and even spell synergy. Also, you'll find ways to get all of these elements to come together in the form of craft synergy aspects you can add to certain items, making them special and unique. Find out what your Pathfinder game has been missing -- pick up Superior Synergy: Fantasy for the Pathfinder RPG.
