Leadership Mar 15 2021 Now with new coverage of authentic leadership and servant leadership, the Fifth Edition of Peter Northouse's Leadership remains the market-leading survey text for leadership courses across disciplines. The new edition combines an academically robust account of major theories, approaches, models, and themes of leadership with an accessible style and numerous practical exercises to allow students to apply what they learn about leadership both to themselves and to specific contexts and situations. Features and Benefits: - Breadth of theory coverage is substantial yet synthesized in such a way

as to leave room for specific application and greater discussion of discipline or program-specific issues. - Numerous, contemporary case studies supplement each major theory or topic to allow students to apply leadership concepts to specific scenarios. - Leadership instruments and questionnaires provide effective reflection opportunities and often add a significant and immediate reality check to the theory presented. - The chapter on Women and Leadership is expanded to broader diversity issues. - The enhanced Instructor's Resources CD offers more test items, new cases, and access to academic journal articles, organized by topic and/or discipline. - A new accompanying Study Site featuring additional topics, exercises, projects, cases, chapter summaries, video clips, and social networking tools encourages active participation and learning among groups inside or outside the classroom.

Leadership is Everyone's Business May 17 2021 Backed by over 20 years of original research, The Leadership Challenge Workshop is a unique and intense discovery process created by best-selling authors Jim Kouzes and Barry Posner. The Workshop demystifies the concept of leadership and approaches it as a learnable set of behaviors. In other words, forget about job titles, forget about position or rank or work experience. Leadership is about what you do. In this non-manager version of the Participant Workbook, Kouzes and Posner introduce individual contributors to The Five Practices of Exemplary Leadership. The one-day program is about how the "leadership is not the private reserve of a few charismatic men and women. It is a process ordinary people use when they are bringing forth the best from themselves and others." The authors' goal is to "liberate the leader in everyone" with this inspiring, results-oriented Workshop.

Marathon, Revised and Updated 5th Edition Oct 29 2019 Now completely updated and revised--a new edition of the long-running marathon training guide that has helped more than half a million people reach their goals. Marathon: The Ultimate Training Guide is among the bestselling running books of all time for many reasons, but above all others is this one: It works. Marathon running has changed in the seven years since the fourth edition--there are more runners than ever before, the popularity of half-marathons has grown immensely, and guidelines for best recovery and diet practices have changed. This revised fifth edition includes a new chapter on ultramarathons, along with material on recovery techniques, several new training programs, and advice on how to win a Boston qualifying race and improve your personal record. At its core remains Hal Higdon's clear and essential information on injury prevention, training, and nutrition. Marathon demystifies the marathon experience and allows each runner to achieve peak performance without anguish or pain, taking the guesswork out of marathon training, whether it's for your first or fiftieth. With Higdon's comprehensive approach and tried-and-tested methods, any runner will learn how to optimize their training and achieve their marathon goals.

Brannigan's Building Construction for the Fire Service Jul 19 2021 Brannigan's Building Construction for the Fire Service, Fourth Edition is a must read for fire fighters, prospective fire fighters, and fire science students. This edition continues the Brannigan tradition of using plain language to describe technical information about different building types and their unique hazards. This text ensures that critical fire fighting information is easy-to-understand and gives valuable experience to fire fighters before stepping onto the fireground. The first edition of Building Construction for the Fire Service was published in 1971. Frank Brannigan was compelled to write the most comprehensive building construction text for the fire service so that he could save fire fighters' lives. His passion for detail and extensive practical experience helped him to develop the most popular text on the market. His motto of: "Know your buildings," informs every aspect of this new edition of the text. Listen to a Podcast with Brannigan's Building Construction for the Fire Service, Fourth Edition co-author Glenn Corbett to learn more about this training program! Glenn discusses his relationship with the late Frank Brannigan, the dangers of heavy construction timber, occupancy specific hazards, and other areas of emphasis within the Fourth Edition.
