**Grammaire française** Jun 28 2019 Written entirely in French, this text provides the intermediate or advanced French undergraduate with a solid foundation in French syntax, and the tools and practice to improve linguistic competence. GRAMMAIRE FRANCAISE teaches grammar, orthography, and vocabulary, simultaneously providing a solid foundation that is essential to a good understanding of French language.

Grammatical explanations are simple and concise, which avoids switching from English to French, and provides additional exposure to French. This text can be used for a systematic study of the French language, or as an occasional reference. All of the grammar structures of French and many lexical aspects are covered, providing a complete and systematic review of the language."

The FRBR Family of Conceptual Models Nov 25 2021 Since 1998 when FRBR (Functional Requirements for Bibliographic Records) was first published by IFLA, the effort to develop and apply FRBR has been extended in many innovative and experimental directions. Papers in this volume explain and expand upon the extended family of FRBR models including Functional Requirements for Authority Data (FRAD), Functional

Requirements for Subject Authority Data (FRSAD), and the object-oriented version of FRBR known as FRBRoo. Readers will learn about dialogues between the FRBR Family and other modeling technologies, specific implementations and extensions of FRBR in retrieval systems, catalog codes employing FRBR, a wide variety of research that uses the FRBR model, and approaches to using FRBR for the Semantic Web. Librarians of all stripes as well as library and information science students and researchers can use this volume to bring their knowledge of the FRBR model and its implementation up to date. This book was published as a special issue of *Cataloging & Classification Quarterly*.
