One of these metal hulks contains six human hands - all female, all right hands. The press has dubbed the unknown predator 'The Handyman'. Captain Patti O'Shay is a straight-arrow, by-the-book cop who is assigned to the case. But her tough, unflinching character is fractured when her husband and fellow police captain is found murdered. In August 2007 Patti, still grieving and disillusioned, gets a call from homicide: skeletal remains have been unearthed in City Park. The unknown victim - a female - is missing her right hand. But for Patti, this grave holds something even more shocking: beside the victim's bones is her husband's police badge. Patti is fearless, but so is the killer. As he stalks her she is forced to question all she believes in, to doubt the code she has lived by because she knows that if she doesn't find The Handyman first, she will become his last known victim. The Other Girl Dec 25 2021 From the New York Times bestselling author of *Justice for Sara* and *The First Wife* Erica Spindler comes *The Other Girl*, a chilling new thriller about a ritualistic murder of a college professor that sends a small town cop back into the trauma she thought she'd put behind her. "Explosive." —Publishers Weekly (starred review) "A fantastic thriller from one of the best in the genre!" —RT Reviews A horrific crime. One witness—a fifteen year old girl from the wrong side of the tracks, one known for lying and her own brushes with the law. Is it any surprise no one believed her? Officer Miranda Rader of the Harmony, Louisiana PD is known for her honesty, integrity, and steady hand in a crisis—but that wasn't always so. Miranda comes from the town of Jasper, a place about the size of a good spit on a hot day, and her side of the tracks was the wrong one. She's worked hard to earn the respect of her coworkers and the community. When Miranda and her partner are called to investigate the murder of one of the town's most beloved college professors, they're unprepared for the brutality of the scene. This murder is unlike any they've ever investigated, and just when Miranda thinks she's seen the worst of it, she finds a piece of evidence that chills her to the core: a faded newspaper clipping about that terrible night fifteen years ago. The night she'd buried, along with her past and the girl she'd been back then. Until now that grave had stayed sealed...except for those times, in the deepest part of the night, when the nightmares came: of a crime no one believed happened and the screams of the girl they believed didn't exist. Then another man turns up dead, this one a retired cop. Not just any cop—the one who took her statement that night. Two murders, two very different men, two killings that on the surface had nothing in common—except Miranda.
