More Than It Hurts You May 13 2021 Read Darin Strauss's posts on the Penguin Blog Josh Goldin's happy yet unexamined existence is shattered one morning when his wife, Dori, rushes their eight-month- old son to the emergency room in severe distress. Dr. Darlene Stokes, an African-American physician and single mother, suspects Munchausen by proxy, a rarely diagnosed and controversial phenomenon where a mother intentionally harms her baby. As each of them is forced to confront a reality that has become a nightmare, Darlene, Dori, and Josh are pushed to their breaking points. Darin Strauss's extraordinary novel is set in a world turned upside down—where doctors try to save babies from their parents, police use the law to tear families apart, and the people you think you know best end up surprising you the most.

The Power of Coincidence Dec 20 2021 Meaningful coincidences and surprising connections occur all the time in our daily lives, yet we often fail to appreciate how they can guide us, warn us, and confirm us on our life's path. This book explores how meaningful coincidence operates in our daily lives, in our intimate relationships, and in our creative endeavors. The Power of Coincidence will help you to: interpret a series of similar happenings, open yourself to assisting forces around you, understand how your dreams can guide you through life events, use your creative imagination in life choices—and live in accord with your deepest needs and wishes, as revealed to you by meaningful coincidences. Originally published under the title Unexpected Miracles, the author has fully revised and updated the book for this edition.

[More Lives than One: A Biography of Hans Fallada](#) Aug 04 2020 Hans Fallada was a drug addict, womanizer, alcoholic, jailbird and thief. Yet he was also one of the most extraordinary storytellers of the twentieth century, whose novels, including *Alone in Berlin*, portrayed ordinary people in terrible times with a powerful humanity. This acclaimed biography, newly revised and completely updated, tells the remarkable story of Hans Fallada, whose real name was Rudolf Ditzen. Jenny Williams chronicles his turbulent life as a writer, husband and father, shadowed by mental torment and long periods in psychiatric care. She shows how Ditzen's decision to remain in Nazi Germany in 1939 led to his self-destruction, but also made him a unique witness to his country's turmoil. *More Lives Than One* unpicks the contradictory, flawed and fascinating life of a writer who saw the worst of humanity, yet maintained his belief in the decency of the 'little man'.

[More Room in a Broken Heart](#) Dec 08 2020 A love song to an American icon: the first full-length biography of Carly Simon, from an acclaimed music journalist who has known her for decades Carly Simon has won two Grammys and an Academy Award, and her albums have sold more than forty million copies. Her music has touched countless lives since her debut in the 1970s, yet her own life story has remained unpublished-until now. Tapping private archives, family interviews, and a forty-year friendship with the legend herself, Stephen Davis at last captures Carly Simon's extraordinary journey from shy teenager to superstar. *More Room in a Broken Heart* candidly covers everything her fans want to know, including: Growing up with her father, publishing mogul Richard Simon The Bob Dylan turning point that launched her career The real story behind "You're So Vain" Carly's severe stage fright (she's the only musical guest to preape an SNL segment) Romantic involvements with Mick Jagger, Warren Beatty, and Cat Stevens How Carly and James Taylor went from being pop music's reigning couple to independent souls living at opposite ends of Massachusetts Surviving breast cancer Her recent financial and spiritual crises Along the way, Davis vividly takes readers back to some of the most powerful eras in American music history and delivers a tribute worthy of the artist and her loyal fans, who know that nobody does it better than Carly Simon.

BUSN Oct 30 2022 4LTR Press solutions give students the option to choose the format that best suits their learning preferences. Lost Cat Oct 06 2020 What do our pets do when they're not with us? Caroline Paul and Wendy MacNaughton used GPS, cat cameras, psychics, and the web to track the adventures of their beloved cat Tibia.

The Bad Queen Jan 21 2022 The dizzying rise and horrific downfall of the last queen of France from the New York Times bestselling author of *Duchessina*. From the moment she was betrothed to the dauphin of France at age fourteen, perfection was demanded of Marie-Antoinette. Desperate for affection and subjected to constant scrutiny, this spirited young woman can't help but want to let loose with elaborate parties, scandalous fashions, and even a forbidden love affair. Meanwhile, the peasants of France are suffering from increasing poverty and becoming outraged. They want to make the queen pay for her reckless extravagance—with her life. Includes historical notes, an author's note, and bibliography "Historical-fiction fans will be swept up in the cruel fates of the monarchs and political forces, particularly as the drama escalates into horror." —Booklist "Beautifully written from the point of view of Marie-Antoinette, and then from the point of view of her daughter, this is fascinating book that fans of historical fiction will find captivating." —Through the Looking Glass Children's Book Reviews "This novel about the ill-fated queen covers her life from age 13 when, as an Austrian princess, she prepares to marry the French dauphin to her death by guillotine in 1793... Meyer writes in a lighthearted, casual style, vividly portraying the historical era and aptly defining unfamiliar vocabulary." —School Library Journal

Physical Sciences for NGSS Sep 28 2022 Physical Sciences for NGSS has been specifically written to meet the requirements of the Next Generation Science Standards (NGSS) for High School Physical Sciences (HS-PS). It encompasses all three dimensions of the standards (science and engineering practices, crosscutting concepts, and disciplinary core ideas), addressing the program content through a wide range of engaging student-focused activities and investigations. Through completion of these activities, students build a sound understanding of science and engineering practices, recognize and understand the concepts that link all domains of science, and build the knowledge base required to integrate the three dimensions of the standards to meet the program's performance expectations.

More Than Numbers Aug 23 2019

[More Shapes Than One](#) Sep 24 2019 These thirteen tales are populated by an assortment of fictional as well as real characters, all of them vividly sketched and true-to-life: the botanist Linnaeus, the composer Offenbach, the poet Hart Crane, the visionary horror writer H. P. Lovecraft, a southern sheriff, a dealer in rare books, a country singer, an old maid (and her suitor), and a mathematician. Whether these stories are deemed disquieting, comic, prophetic, or tall in the telling, they show us worlds where the truth reveals itself in many shapes. Throughout the writings comprising *More Shapes Than One*, Fred Chappell's storytelling magic transforms the commonplace.

More Confessions of a Hostile Mar 11 2021 Planes travel fast; for airline crew, good gossip travels faster. In this sequel to bestselling "Confessions of a Hostie", international flight attendant Danielle Hugh entertains and shocks in equal measure with more turbulent tales of life in the sky. Intense shopping, jetlag, portergate passengers, mile-high-club contenders and sick bags all put in an appearance, as do Danielle's 'earthling' boyfriend, Dean, her best friend, Helen, and her promiscuous fellow hostie, Mary-go-round. So, fasten your seatbelts, ensure your seat is fully upright, your tray-table stowed and join Danielle on her (sometimes) glamorous journey through life and relationships high above the clouds.

Motherhood in the Twenty-First Century Jul 15 2021 Mothers in the twenty-first century confront us, both in clinical practice and in theory, with fascinating challenges that to some extent subvert the traditional maternal ideal: the motherhood of single women, motherhood in which the mother-child relationship seems minimal (in the case of very busy working mothers), teenage motherhood in which there is no true awareness of the maternal function, motherhood in couples of homosexual women, men who take upon themselves the maternal function (men-mothers), complex motherhood by virtue of the multiple variants that have nowadays become possible thanks to new reproductive techniques, shared motherhood, surrogate motherhood, sublimated motherhood, perverse motherhood. Psycho-history, the accumulation and variety of psychoanalytic theories of femininity and motherhood, the contribution of gender studies, cross-disciplinary research, and listening to what our patients have to say - all this has yielded, in the past few decades, much controversial data that challenges orthodox classical thinking with respect to the role and function of women as mothers.

More to Life Than This Jul 03 2020 ESCAPE WITH A FEEL-GOOD READ FROM THE MULTI-MILLION-COPY BESTSELLER Kate Lewis is thirty-five and feeling restless. She's fed up of worrying about the ironing and would like her husband Jeffrey to pay more attention to her than his golf clubs. There must be more to life than this! Kate enrolls herself on a Tai Chi course and takes best friend Sonia along for the ride. She's determined to 'find herself' but it's easier said than done, especially when she finds the distracting Ben Mahler first... YOUR FAVOURITE AUTHORS LOVE CAROLE MATTHEWS: 'A life-affirming story full of joy and hope' CATHY BRAMLEY 'A sun-filled, fun-filled wonderful escapist adventure' MILLY JOHNSON 'A wonderful setting where dark clouds part to reveal a happy ending' KATIE FORDE 'An irresistibly warm-hearted story' TRISHA ASHLEY 'Warm, witty and hopeful - I was charmed' SARAH MORGAN 'The queen of funny, feel-good fiction' MIKE GAYLE

More Like Her Sep 04 2020 'I'm not the girl men choose. I'm the girl who's charming and funny and then drives home alone wondering what she did wrong. I'm the girl who meets someone half-way decent and then fills in the gaps in his character with my own imagination, only to be shocked when he's not the man I thought he was. I'm the girl who hides who she really is...' Frannie has spent her life disguising who she really is for fear of falling short of other people's expectations. And when she meets her new boss, Frannie can't help but wish she was just a bit more like her. Because Emma has it all: the job, the lifestyle, the happy marriage... even the perfect dog. But everything is not as it seems. And Frannie's about to find out - in the hardest way possible - that chasing perfection isn't necessarily the route to the happy life that she's always imagined it to be.

Increase student engagement and improve outcomes by incorporating one of our digital products into your course.

More Equal Than Others Feb 19 2022 During the past quarter century, free-market capitalism was recognized not merely as a successful system of wealth creation, but as the key determinant of the health of political and cultural democracy. Now, renowned British journalist and historian Godfrey Hodgson takes aim at this popular view in a book that promises to become one of the most important political histories of our time. *More Equal Than Others* looks back on twenty-five years of what Hodgson calls "the conservative ascendancy" in America, demonstrating how it has come to dominate American politics. Hodgson disputes the notion that the rise of conservatism has spread affluence and equality to the American people. Quite the contrary, he writes, the most distinctive feature of American society in the closing years of the twentieth century was its great and growing inequality. He argues that the combination of conservative ideology and corporate power and dominance by mass media obsessed with lifestyle and celebrity have caused America to abandon much of what was best in its past. In fact, he writes, income and wealth inequality have become so extreme that America now resembles the class-stratified societies of early twentieth-century Europe. *More Equal Than Others* addresses a broad range of issues, with chapters on politics, the new economy, immigration, technology, women, race, and foreign policy, among others. A fitting sequel to the author's critically acclaimed *America In Our Time*, *More Equal Than Others* is not only an outstanding synthesis of history, but a trenchant commentary on the state of the American Dream.

More Common Ground for International Competition Law? Feb 28 2020 This volume contains many excellent chapters on some of the most cutting edge topics in competition law today. Among the contributions are assessments of new approaches to competition law analysis, analyses of central and controversial topics in the relationship between competition law and intellectual property, and explorations of new transnational developments in China and elsewhere. The chapters range from studies of specific cases to broad interpretations of major trends. I found many of them to be highly insightful and very useful.' - David J. Gerber, Chicago-Kent College of Law, US 'This fresh collection of essays by scholars from around the world lives up to its title: it stakes out more common ground for the competition law systems of nations. The chapters result from the fourth annual conference of the Academic Society for Competition Law (ASCOLA). The essays cover major issues that reverberate around the world today, including: How should we think about the economic foundations of competition law in view of new research on behavioral economics and consumer choice? What is the future of the treatment of resale price maintenance? What is the proper fit of intellectual property with competition law? And how do we promote competition law and policy across borders? The collection offers insight from law, economics, political science, business strategy, and history.' - Eleanor Fox, New York University, US In recent years, an impressive proliferation of competition laws has been seen around the world. Whilst this development may lead to greater diversity of approaches, economic arguments may promote convergence. The contributions to this book look at a number of most topical issues by asking whether the competition world is turning more towards convergence or diversity. These issues include, among others, the changing role of economics in times of economic crises and political change, the introduction of criminal sanctions, resale-price maintenance, unilateral conduct and the application of competition law to intellectual property and state-owned enterprises. More Common Ground for International Competition Law will appeal to academics, PhD students, and postgraduate students law and economics, members of competition agencies, legal practice and international business.

Introduction to Psychology Dec 28 2019

More Forensics and Fiction Jun 13 2021 This compilation of medical and forensic science questions from crime writers around the world provides insight into medical and forensic science as well as a glimpse into the writer's creative mind. How do hallucinogenic drugs affect a blind person? Will snake venom injected into crime cause death? How would you perform CPR in a helicopter? What happens when someone swallows razor blades? How long does it take blood to dry? Can DNA be obtained from a half-eaten bagel? D. P. Lyle, MD, answers these and many more intriguing questions. The book is a useful and entertaining resource for writers and

screenwriters, helping them find the information they need to frame a situation and write a convincing description. TV viewers, readers who enjoy crime fiction, and those who want to know more about forensic science can keep up with the news and understand the science behind criminal investigation. From traumatic injuries to the coroner's office, the questions and answers are divided into five parts, making it a compendium of the incredible information that lies within the world of medicine and forensics.

The Secret Life of Water Oct 18 2021 From its arrival on earth to the vast areas it traverses before emptying into the sea, water holds all the knowledge and experience it has acquired. As phenomenal as it may seem, water carries its whole history, just as we carry ours. It carries secrets, too. In *The Secret Life of Water*, bestselling author Masaru Emoto guides us along water's remarkable journey through our planet and continues his work to reveal water's secret life to humankind. He shows how we can apply its wisdom to our own lives, and how, by learning to respect and appreciate water, we can better confront the challenges that face the twenty-first century—and rejuvenate the planet.

More from the Gluten-free Gourmet Nov 06 2020 From the author of *The Gluten-free Gourmet*, the best selling cookbook for the millions who are gluten-intolerant or allergic to wheat, here are 267 tasty, gluten-free dishes Bette Hagman's second book offers more recipes for baked goods as well as a smorgasbord of recipes for international dishes in "safe" versions -- a lovely variety of meat, poultry, seafood, rice, bean and pasta dishes with a distinctive flair. For those who wonder how to achieve a flavorful, exotic and gluten-free meal, this book has all the answers, from curries to tempuras and from quiches to Mexican mole. Also, this book provides more recipes for some traditional dishes such as casseroles, vegetables, soups and tasty treats for celiac children and adults alike. With updated, expanded lists of suppliers and celiac organizations, this indispensable book also includes an introduction by Betty Bernard, M.D., associate professor of pediatrics at the University of Southern California, who says, "More from the Gluten-free Gourmet is a superb guidebook to fine dining and the best of health for gluten-sensitive individuals."

Mortal Kiss Mar 30 2020 How much would you sacrifice for just one kiss... When smouldering Finn and sexy Lucas arrive in Winter Mill, life starts to get very complicated for Faye McCarron. But two boys battling for her heart is just the start. Soon there's a dead body in the woods, a motorcycle gang on the prowl, and the snow just won't stop falling. Something evil is at work, and only Faye and best friend Liz can stop it. As Halloween draws near they must uncover the dark and sinister secret... before it's too late. Love paranormal romance, werewolves and ethereal spirits? Then this book is for you!

Contemporary Management Principles May 25 2022

Management Principles Apr 23 2022 This study details the results that successful managers at different levels of business must deliver within their organizations throughout Africa. It addresses current and near-future management issues through both classic and contemporary management thought. In addition to placing management in context, the book also explores the knowledge, skills, and dispositions required of managers to perform the management functions of planning, organizing, and leading in a volatile business world.

Streams to the River, River to the Sea Aug 16 2021 A young Indian woman, accompanied by her infant and her cruel husband, experiences joy and heartbreak when she joins the Lewis and Clark expedition seeking a way to the Pacific.

Morphology, Anatomy, Taxonomy, and Ecology Feb 07 2021 *Plant Parasitic Nematodes, Volume 1: Morphology, Anatomy, Taxonomy, and Ecology* is a masterful reference work in nematology that also includes information about ultrastructure, enzymology, and chemistry of body composition; culturing; virus transmission; biological races; and nature of plant resistance. This volume includes a discussion of the history and development of plant nematology, the status of research on this field, and information pertaining to professional societies and publications. It also discusses nematode morphology, anatomy, taxonomy, and ecology, including the origin of plant nematodes and population dynamics. It features drawing examples of free-living and animal parasitic nematodes. This treatise is written to provide an up-to-date reference source for students, lecturers, and research professionals in plant parasitology, specifically nematology, and related fields.

More Than Words: Stories of Hope May 01 2020 *More Than Words: Stories of Hope* Three bestselling authors Three real-life heroines Everyday women from all walks of life are making their communities, and this world, a better place through their caring hearts and unshakable commitment. Multiple-choice Questions for Introduction to Business Management Nov 30 2022

Morgan's Mercenaries: Heart of Stone Jun 01 2020 They had met before. Battled before. And Captain Maya Stevenson had never again wanted to lay eyes on Major Dane York—the man who had once tried to destroy her military career. But she was ready for him now. This time, they were on her turf—on her mission. Dane knew this assignment was his last chance to save his career. And Maya wasn't going to make it easy. Even though he sensed she knew she needed his expertise. And even though there was something happening behind the flash of her eyes that spelled wanting, and tenderness, and danger.

More Than Make-Believe Oct 25 2019 [Siren Allure ManLove: Erotic Alternative Romance, M/M, manage elements not involving the heroes, sex toys, HEA] When you fall for a fantasy, how do you know it's more than make-believe? Travis Collins, a straight college student, finds himself in a financial bind. He'll do anything legal, including going gay for pay and spending a weekend as "Craig Rocks," with gay porn star Marston Cougar. Marston tells him to remember it's all fantasy for the camera even though it feels like more. Gary Carmeletti, also known as Marston Cougar, has a respectable day job. He started out making gay porn to pay for college. After getting his heart broken, he has a no-dating rule. Now paired with "virgin" Craig, he finds it hard to keep it make-believe when he's losing his heart. Gary's niece needs surgery, and he almost has enough money to quit for good. But now that he feels a true connection with his fantasy costar, will he be able to find a happily ever after when he feels it's more than make-believe? NOTE: This book was previously published with another publisher. ** A Siren Erotic Romance

Mother of My Heart, Daughter of My Dreams Jan 27 2020 This book chronicles the rise of goddess worship in the region of Bengal from the middle of the eighteenth century to the present. Focusing on the goddesses Kali and Uma, McDermott examines lyrical poems written by devotees from Ramprasad Sen (ca. 1718-1775) to Kazi Nazrul Islam (1899-1976).

Mobile Displays Nov 18 2021 The mobile display industry has witnessed rapid growth, in both volume and diversification, in recent years. This trend is expected to persist with continued consumer demand for mobile communications and computing applications. Mobile displays are now integral to a wide range of devices such as MP3 players, digital cameras, PDAs, GPS map readers, portable DVD players, and electronic books, as well as the ubiquitous mobile phone and laptop computers. This proliferation of products has fuelled a significant investment into the research and development of the mobile display, with key research laboratories across the display industry and academia producing many exciting technological advancements. With contributions from well-known experts, in both industry and academia, this book presents a comprehensive coverage of the mobile display in a single volume. Ranging from an in-depth analysis of the requirements that the displays must meet, through current devices, to emerging technologies, the text features: mobile environment and human-factor considerations for the display; advances in the incumbent active matrix liquid crystal display (AMLCD) technologies; backlighting and light manipulation techniques; mobile display driver electronics and interface technologies; emerging technologies including active matrix organic light emitting diode (AMOLED), electronic paper displays, and system-on-glass (SOG) developments; application developments in eyewear, mobile projector, and 3D displays. *Mobile Displays: Technology and Applications* presents, in addition to the fundamentals, a detailed update on state-of-the-art advancements. It is an invaluable resource for practicing electronics and display engineers working on the development of mobile displays and their applications. It is also an extensive reference for graduates taking special courses in display technologies. The Society for Information Display (SID) is an international society, which has the aim of encouraging the development of all aspects of the field of information display. Complementary to the aims of the society, the Wiley-SID series is intended to explain the latest developments in information display technology at a professional level. The broad scope of the series addresses all facets of information displays from technical aspects through systems and prototypes to standards and ergonomics

Applied Business Statistics Mar 23 2022 *Applied Business Statistics: Methods and Excel-based applications* (second edition) is an introductory Statistics text written specifically for Management students who require an understanding of the role of Statistics in analysing business data in fields such as Marketing, Finance, Human Resources, Production and Logistics. The primary focus of this text is to empower management students with statistical decision making skills so that they become active participants rather than passive observers in business situations where statistical findings are reported and discussed as part of a management decision making process. The text is divided into three major sections: exploratory data analysis, statistical inferences, and statistical modelling. Each section focuses on a different role of Statistics as a decision support tool.

Emphasis is therefore placed on: the data requirements for the various techniques and issues of data quality, identifying likely application areas through numerous illustrative examples, noting the limitations of techniques for decision analysis, and the valid management interpretation of statistical findings. A new feature of this edition of *Applied Business Statistics* is the use of computer software such as Excel to perform statistical analysis. Excel's statistical capabilities are illustrated through numerous worked examples found in the text. Students are given the opportunity to familiarize themselves with Excel's statistical capabilities by applying them to data sets of business problems, which are available on the accompanying CD. Students can monitor their learning with the help of the exercises at the end of every chapter. Each statistical technique is developed through business-related worked examples drawn from the author's diverse work experiences as a statistical consultant. In this way, a student can readily grasp the basic concept of the technique as well as see how it would be applied in practice. This combination of method and application should prove helpful to both student and lecturer. With a working knowledge of Excel, students can become managers who are able to design and conduct their own statistical analysis in the workplace. *Applied Business Statistics* is therefore accessible to all students, as only a basic level of mathematical ability is required to work through this book.

More Than Love Letters Apr 11 2021 When Richard Slater receives a letter of complaint from one of his constituents, a Margaret Hayton, he merely responds with his standard letter of empty promises. Clearly, this woman is insane and must be avoided at all costs. But she will not be dismissed so easily, and when Richard finally sets eyes on the twenty-something vision in stone-washed denim, with a cloud of dark ringlets and huge, serious eyes, he risks losing his heart, his head and quite possibly his political career.
