Oculus Quest Users Guide Oct 10 2020 MASTER YOUR OCULUS QUEST IN 60 MINUTES!"BONUS" - Buy a paperback copy of this book and receive the Kindle version for FREE via Kindle Matchbook. Oculus Quest is Facebook's first standalone headset that offers 6DOF tracking on both the head and hands. Practically, that means that the headset has the same full tracking capabilities typically reserved for high-end VR headsets that are hooked up to a computer or game console. Because Quest has full 6DOF tracking, it opens the door to significantly more immersive and interactive content than on a headset like Oculus Go, which is only suitable for mostly static, seated experiences because it has more limited tracking abilities. Given that it's a standalone, Quest's biggest advantage is its low friction experience. When you put the headset on, you see a pass-through video view of the world around you which makes it easy to pick up your controllers. From there, setting up your Guardian-the boundary around you playspace-is as easy as pointing your controller at the ground and tracing an outline around the available space, and then you're good to go. If you have the Oculus Quest, this book will help you with a collection of ACTIONABLE tips and tricks. It contains specific step-by-step instructions that are well organized and easy to read. The dreams happened as described, although they are presented within the context of a fictionalized trek that is set on the slopes of New Hampshire's Mount Major. Alexander and his companions Verity and Futura eventually find refuge from the night's chill within Madame Leonedria's grotto. Therein, his dreams about the future, human nature, and reality are discussed in depth. Alexander felt both cursed and blessed by these remarkable events, for the gift that allowed him to find a metaphysical path to God's door slowly began consuming his mind. Indeed, the condition that sparked his visions degenerated Alexander's brain, and his memories are

now fading. However, the experiences were recorded long ago, and they leave a message that might change your life. This is far more than a book about spirituality or morality. This is a quest for purpose.
