**Makers of Modern India Dec 28 2019** *Modern India is the world's largest democracy, a sprawling, polyglot nation containing one-sixth of all humankind. The existence of such a complex and distinctive democratic regime qualifies as one of the world's bona fide political miracles. Furthermore, India's leading political thinkers have often served as its most influential political actors—think of Gandhi, whose collected works run to more than ninety volumes, or Ambedkar, or Nehru, who recorded their most eloquent theoretical reflections at the same time as they strove to set the delicate machinery of Indian democracy on a coherent and just path. Out of the*

speeches and writings of these thinker-activists, Ramachandra Guha has built the first major anthology of Indian social and political thought. *Makers of Modern India* collects the work of nineteen of India's foremost generators of political sentiment, from those whose names command instant global recognition to pioneering subaltern and feminist thinkers whose works have until now remained obscure and inaccessible. Ranging across manifold languages and cultures, and addressing every crucial theme of modern Indian history—race, religion, language, caste, gender, colonialism, nationalism, economic development, violence, and nonviolence—*Makers of Modern India* provides an invaluable roadmap to Indian political debate. An extensive introduction, biographical sketches of each figure, and guides to further reading make this work a rich resource for anyone interested in India and the ways its leading political minds have grappled with the problems that have increasingly come to define the modern world.

**India Since Independence Sep 16 2021** A thorough and incisive introduction to contemporary India The story of the forging of India, the world's largest democracy, is a rich and inspiring one. This volume, a sequel to the best-selling India's Struggle for Independence, analyses the challenges India has faced and the successes it has achieved, in the light of its colonial legacy and century-long struggle for freedom. The book describes how the Constitution was framed, as also how the Nehruvian political and economic agenda and basics of foreign policy were evolved and developed. It dwells on the consolidation of the nation, examining contentious issues like party politics in the Centre and the states, the Punjab problem, and anti-caste politics and untouchability. This revised edition offers a scathing analysis

of the growth of communalism in India and the use of state power in furthering its cause. It also documents the fall of the National Democratic Alliance in the 2004 General Elections, the United Progressive Alliance's subsequent rise to power and the Indo-US Nuclear Deal that served to unravel the political consensus at the centre. Apart from detailed analyses of Indian economic reforms since 1991 and wide-ranging land reforms and the Green Revolution, this new edition includes an overview of the Indian economy in the new millennium. These, along with objective assessments of Jawaharlal Nehru, Indira Gandhi, Jayaprakash Narayan, Lal Bahadur Shastri, Rajiv Gandhi, Vishwanath Pratap Singh, Atal Bihari Vajpayee and Manmohan Singh, constitute a remarkable overview of a nation on the move.
