Secrets of Prosperity Mar 23 2022 What Is Prosperity? Prosperity is not only money--in your pocket, in the bank, in your stock portfolio and CDs. True prosperity is the sense of abundance--the sense that you have the right to live an abundant life. That you are a child of a wealthy Father and Mother who love you and want to give you all their riches. Prosperity is your true inheritance. It is health, wealth, happiness, joy, peace, faith, hope, wisdom, being in tune with the flow of the universe and able to accept the abundance of God. And now, as the golden age of Aquarius dawns, it is time to claim your own prosperity. Secrets of Prosperity succeeds when so many similar books fail. It teaches us why learning to manifest prosperity is part of our divine plan and key to our spiritual progress. In Secrets of Prosperity the seemingly contradictory goals of material wealth and spiritual growth come together. 7 Laws of True Prosperity Apr 23 2022 Countering the world's definitions of wealth and success, this engaging parable reveals

there's so much more to life than accumulating money and possessions. Christian businessman Cecil Kemp unveils 7 simple principles for attaining genuine happiness through the easy-to-follow life of Sam, the village woodcutter. Sam dreams of moving beyond the daily tediousness of barely getting by. Stepping out in faith, he leaves the familiar surroundings of "the way it's always been done" and realizes unexpected pleasure in doing his best for God. But Sam's journey isn't always a smooth ride. Encountering setbacks, he soon understands that wisdom doesn't always come from expected sources. From exploring the "law of motive" (work motivated by love brings satisfaction) to highlighting the "law of preparation" (being wise managers of the resources God provides leads to abundance in many areas), 7 Laws of True Prosperity shows people how following God's principles leads to more joy, more satisfaction, and more opportunities to make a difference.

Secrets of the Millionaire Mind Feb 19 2022 Secrets of the Millionaire Mind reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking *Secrets of the Millionaire Mind*, T. Harv Eker states: "Give me five minutes, and I can predict your financial future for the rest of your life!" Eker does this by identifying your "money and success blueprint." We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. *Secrets of the Millionaire Mind* is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and "revise" it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen "Wealth Files," which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

Big Money Energy Directly from God Aug 16 2021 You will realize that

money is energy Everything in our world consists of energy, because energy is everything that surrounds us. Everyone has heard about the energy of love, but does everyone know that the energy of money also exists? Money is also energy, but it functions according to its own laws. Money is a material representation of energy. In fact, God invented and created money. Some deify money, some take it easily, some try to save it, and some live one day at a time and spend every penny made. Everyone treats money differently, but you must admit that money plays some role in each person's life, sometimes the main one, and sometimes secondary. And the amount that each person considers enough for happiness differs from person to person. You will see that money is creation of God Money always existed and will exist forever. Because money was created by God. During our life, we always interact with each other. Two things in this are always true: nothing is free, and nothing goes unnoticed. If you go to the grocery store to buy some milk, you must pay some money. If money didn't exist, this simple transaction of buying milk would be very hard to solve. In that case you, would interact with many others like farmers who produced this milk, sellers who sell the milk, etc. You would need to do chores and help them in order to get some milk from them. How could you get a milk in this situation? That's why God created money as a universal solution where you can get what you need and keep going. Your income depends on how you treat money If you treat money as something negative, if you think that money is the root of all evil or that huge amounts of money will poison your life, you will not become rich. Life is a reflection of your mindset. And negative attitudes towards money stop you from running into a money flow from God. For example, can you become a good football player who earns tens of millions of dollars if you hate football? Fat chance. If, in your conscious mind, money is a negative, then subconsciously you will do everything you can to avoid contact with this negative energy You will learn how to interact with energy of money, and you will know Three main aspects of money The energy of money can be viewed as three main aspects. Just like a person, money can manifest itself on the physical, emotional, and mental levels. Money should be considered as an instrument. It should be considered as a tool, not a goal. But the vast majority of people do not understand this concept. For them, money is a measurement for pretty much everything. But money is a tool of life. The amount of money you have should be enough to achieve your goals, matching what you plan to do. Furthermore, in these pages, through plain English and inspiring stories, you'll discover:- The amount of money people have is always enough- Money is a tool, not a goal and you will know career advices from God- Energy is a cause, and money is an effect, a reflection of this energy.- 3 things for your business to be successful and how to gain willpower to always get your work done. Master the mindset of true wealth and experience the fulfillment you deserve today.
