One Tribe at a Time Feb 25 2020 "Major Jim Gant, a man seen by many of us as the 'perfect insurgent,'--an inspiring, gifted, courageous leader... -- GENERAL DAVID H. PETRAEUS (U.S. Army, Ret.) THE PAPER THAT ROCKED OSAMA BIN LADEN Team members during the May 2, 2011 U.S. military raid that killed Osama Bin Laden seized piles of Al Qaeda intelligence. One piece of evidence found in Bin Laden's personal sleeping quarters was an English language copy of Jim Gant's *One Tribe at a Time*. It contained notes in the margins consistent with others identified as written by Osama Bin Laden. A directive from Osama Bin Laden to his intelligence chief was also discovered. It identified Jim Gant by name as an impediment to Al Qaeda's operational objectives for eastern Afghanistan. Bin Laden ordered that Gant be assassinated. "[One Tribe at a Time] was hugely important...at a time when I was looking for ideas on Afghanistan...[Gant] was the first to write it down, in a very coherent fashion, very readable, very encouraging frankly...and there is enormous power in that." --General David H. Petraeus (U.S. Army, Ret.) quoted in *American Spartan: The Promise, The Mission, and The Betrayal of Special Forces Major Jim Gant* by Ann Scott Tyson Washington Post reporter Ann Scott Tyson read "One Tribe at a Time," and - informed by her combat experience in Afghanistan and Iraq and her eight years as a reporter in China - she realized that Jim's paper made sense. She decided to write a story about Jim entitled, "Jim Gant, the Green Beret who could win the war in Afghanistan." After the article appeared in January 2010, as Jim was in Washington, D.C., attending Pashto language training, he met Ann and the two fell in love. She followed his mission in Afghanistan and wrote *AMERICAN SPARTAN: The Promise, the Mission, and the Betrayal of Special Forces Major Jim Gant*.

A Bachelor's Life in Antebellum Mississippi Aug 21 2019 "This is a splendid diary of a man and physician during the late antebellum years, sure to interest not only historians of medicine but also historians of gender, the South, and antebellum politics. . . . An exceptionally useful historical document as well as a good read." --Steven M. Stowe, Indiana University Elijah Millington Walker began to keep a diary midway through his medical apprenticeship in Oxford, Mississippi. He composed a lengthy preface to the diary, in which he remembered his life from the time of his family's arrival in north Mississippi in 1834, when he was ten years old, until late 1848, when the University of Mississippi opened and Walker's diary begins. On one level, the diary records the life of a bachelor, chronicling the difficulties of an ambitious young physician who would like to marry but is hampered by poverty and his professional aspirations. Walker details the qualities he desires in a wife and criticizes women who do not measure up; a loyal wife, in Walker's highly romanticized image, remains a true helpmeet even to the most debased drunkard. On another level, Walker describes various medical cases, giving readers an idea of the kinds of diseases prevalent in the lower South at mid-century, as well as their treatment by orthodox physicians. In this vivid chronicle of everyday life in antebellum Mississippi, Walker also finds space to comment on a wide range of topics that affected the state and the region, including pioneer life in north Mississippi, evangelical Protestantism, the new state university at Oxford, the threat of secession in 1849-50, Henry Clay's Compromise of 1850, foreign affairs, and local railroad development. A strong defender of the Union at mid-century, Walker nonetheless defended slavery and distinctively Southern institutions. *A Bachelor's Life in Antebellum Mississippi* brings to the public one of the few diaries of a very intelligent yet "ordinary" man, a non-elite member of a society dominated by a planter aristocracy. The author's frankness and flair for writing reflect a way of life not often seen; this volume will thus prove a valuable addition to the body of primary documents from the early republic. Lynette Boney Wrenn has taught history at Memphis State University and Southwestern College. She is the author of *Crisis and Commission Government in Memphis: Elite Rule in a Gilded Age City* and *Cinderella of the New South: A History of the Cottonseed Industry, 1855-1955*. Wrenn lives in Greensboro, North Carolina.

The Last Suppers Oct 03 2020 Set in 1950s Louisiana, Mandy Mikulencak's beautifully written and emotionally moving novel evokes both *The Help* and *Dead Man Walking* with the story of an unforgettable woman whose quest to provide meals for death row prisoners leads her into the secrets of her own past. Many children have grown up in the shadow of Louisiana's Greenmount State Penitentiary. Most of them—sons and daughters of corrections officers and staff—left as soon as they could. Yet Ginny Polk chose to come back to work as a prison cook. She knows the harsh reality of life within those walls—the cries of men being beaten, the lines of shuffling inmates chained together. Yet she has never seen them as monsters, not even those sentenced to execution. That's why Ginny has taken on a special responsibility: preparing their last meals. Pot roast or red beans and rice, coconut cake or pork neck stew . . . whatever the men ask for Ginny prepares, even meeting with their heartbroken relatives to get each recipe just right. The prison board frowns upon the ritual, as does Roscoe Simms, Greenmount's Warden. Her daddy's best friend before he was murdered, Roscoe has always watched out for Ginny, and their friendship has evolved into something deep and unexpected. But when Ginny stumbles upon information about the man executed for killing her father, it leads to a series of dark and painful revelations. Truth, justice, mercy—none of these are as simple as Ginny once believed. And the most shocking crimes may not be the ones committed out of anger or greed, but the sacrifices we make for love. "A haunting study of race relations, compassion, and mystery. A must read." —Library Journal (Starred Review) *Gradients in a Tropical Mountain Ecosystem of Ecuador* Dec 29 2022 A fascinating work that provides a wealth of information on one of the world's most biodiverse ecosystems. This is the result of investigations by almost 30 groups of researchers from various disciplines. They performed ecosystem analyses following two gradients: an altitudinal gradient and a gradient of land use intensity and ecosystem regeneration following human use. Based on these analyses, this volume discusses these findings in a huge variety of subject areas.
